

Publisher's Note

The Publisher regrets that the Society Officer information and the details on the next ISAR meeting as they appear in Antiviral Research, had not been updated by the last issue, and we trust that this did not cause any inconvenience. We are pleased to inform you now, though, that from this issue the lists of the Officers and the Board of Directors of the International Society for Antiviral Research have been corrected and details of the next conference, to be held in Montreal, Canada on April 13–17, 2008, are provided.
