

Announcement

ENZYME ENGINEERING AWARD. This new award has been established by the Engineering Foundation to honor individuals for outstanding scientific, engineering, managerial, or service achievements of major importance in the area of enzyme engineering. The first award, consisting of a piece of engraved Steuben glassware and a certificate, is under the financial sponsorship of the Corning Glass Works. The presentation will be made at the 7th International Enzyme Engineering Conference in September 1983. Nomination instructions are available from the Enzyme Engineering Awards Committee, Engineering Foundation Conferences, 345 East 47th Street, New York, NY 10017, USA. The deadline for return of completed nomination materials is February 28, 1983. There are no restrictions as to age, country, or affiliation of nominees.
