LUCIO G. COSTA, BRADLEY W. SCHWAB and SHELDON D. MURPHY. Differential alterations of cholinergic muscarinic receptors during chronic and acute tolerance to organophosphorus insecticides.

The authors regret that the following error occurred in this paper:

Under the heading "Chronic experiments" in Table 3 (p. 3412), a line should be inserted between "Control" and "for 14 days". That part of the table should therefore read:

Chronic experiments	
Control	64.14 ± 0.98 (5)
Disulfoton (10 mg/kg/day for 14 days)	38.56 ± 3.27 (5)
