

## ANNOUNCEMENT

### INTERNATIONAL SYMPOSIUM ON CLINICAL AND BASIC ASPECTS OF ENZYME INDUCTION AND INHIBITION

Essen, Federal Republic of Germany, 5–6 July 1985

The symposium will be held at the Universitätsklinikum, Essen, and will cover the main basic and clinical aspects of enzyme induction and inhibition, particularly in relation to drug metabolism. There will be 23 invited lectures by international experts, as well as short oral presentations and posters.
