The bioactivation of amodiaquine by human polymorphonuclear leucocytes *in vitro*: Chemical mechanisms and the effects of fluorine substitution

M. D. Tingle, H. Jewell, J. L. Maggs, P. M. O'Neill and B. K. Park

This paper should have been published as a full-length Research Paper instead of a Short Communication. The publisher regrets any inconvenience this error may have caused.

Subscribers should photocopy these corrections and insert the photocopies in the original article. Authors should introduce these corrections into reprints they distribute. Secondary (abstract) services should carry notice of corrections as prominently as they carry original abstracts.
