

Addition to Entropy-Driven One-Step Formation of Phi29 pRNA 3WJ from Three RNA Fragments

Daniel W. Binzel, Emil F. Khisamutdinov, and Peixuan Guo*

Biochemistry 2014, 53 (14), 2221–2231. DOI: 10.1021/bi4017022

Page 2221. This sentence should have appeared at the end of the abstract: Here entropy-driven is referring to a dominating entropic contribution to the increased stability of the 3WJ_{2'-F} and 3WJ_{RNA} compared to the 3WJ_{DNA}, instead of referring to the absolute role or total energy governing 3WJ folding.
