Corrigendum

Corrigendum to “Synthesis of a-factor peptide from *Saccharomyces cerevisiae* and photoactive analogues via Fmoc solid phase methodology” [Bioorg. Med. Chem. 15 (2007) 931–938]

The authors wish to acknowledge the generosity of Professor George Barany for allowing the use his peptide synthesizer, HPLC, reagents, and lyophilizer for a portion of the synthetic work described herein. The authors would also like to acknowledge the Department of Chemistry at the University of Minnesota for partial funding of the maintenance of that instrumentation.
