

Correction

Kotnik, Tadej, and Damijan Miklavčič. 2000. *Biophys. J.* 79:670–679.

On p. 672 Eq. 8 reads:

$$p(\varphi) = \frac{\int_0^\varphi \sqrt{R_1^2 \sin^2 \varphi + R_2^2 \cos^2 \varphi} d\varphi}{\int_0^{2\pi} \sqrt{R_1^2 \sin^2 \varphi + R_2^2 \cos^2 \varphi} d\varphi}. \quad (17)$$

The correct Eq. 8 is:

$$p(\varphi) = \frac{\int_0^{\arctan(R_1 \tan \varphi / R_2)} \sqrt{R_1^2 \sin^2 \varphi + R_2^2 \cos^2 \varphi} d\varphi}{\int_0^{2\pi} \sqrt{R_1^2 \sin^2 \varphi + R_2^2 \cos^2 \varphi} d\varphi}. \quad (17)$$

On p. 673 Fig. 3 is:

The correct Fig. 3 is:
