On page 2520, second column, there are subscripting errors in Equations 3, 4, 5, and 6. The correct equations should read:

$$[U] = [N_o] \exp^{-k_{\text{on}}[\text{Abf2p}]t} \quad (3)$$

$$[U] = [N_o](1 - \exp^{-k_{\text{off}}t}). \quad (4)$$

$$L(t) = (L - L_2) \exp^{-k_{\text{on}}[\text{Abf2p}]t} + L_2 \quad (5)$$

$$L(t) = (L - L_2)(1 - \exp^{-k_{\text{off}}t}) + L_2. \quad (6)$$
