

Corrections

Jian Zhong, Chunhui Yang, Wenfu Zheng, Lixin Huang, Yuankai Hong, Lijun Wang, and Yinlin Sha. 2009. Effects of lipid composition and phase on the membrane interaction of the prion peptide 106–126 amide. *Biophys. J.* 96:4610–4621.

Fig. 7 is incorrect. Here is the correct figure:

doi: 10.1016/j.bpj.2009.06.001

Charles H. Davis and Max L. Berkowitz. 2009. Interaction between amyloid- β (1–42) peptide and phospholipid bilayers: a molecular dynamics study. *Biophys. J.* 96: 785–797.

For all simulations performed in our work, the N-terminus was NH_3^+ and the C-terminus was COO^- , and not uncharged as was incorrectly stated in the Materials and Methods section.
