MARISHA

Boudoir photo shoots are suitable for all girls, especially for ordinary, non-professional models. After all, the main force of such filming is to raise self-esteem.

It was a photo shoot for a very modest girl, Marisha. She was afraid to be photographed, especially in the boudoir style, as she had a negative experience working with other photographers, even in ordinary photography. She did not know how to pose and was complex about her appearance and age. I convinced her to take part in a photo shoot to show that she is beautiful, to raise her self-esteem. And we did it. When she saw the result, her delight knew no bounds. Of course, this greatly increases self-esteem and pleasantly flatters any girl. And such an "adventure" is remembered for a long time, and beautiful photos now delight not only her, but also her husband. Boudoir photo shoots are for everyone.
