Editorial assistance is provided by the staff of Nature

Papers will be considered for publication on all aspects of drug action, including chemotherapy.

Manuscripts (two copies) should be sent to Professor R. S. Stacey, St. Thomas's Hospital Medical School, London S.E.1. Authors should consult the suggestions inside the back cover.

Subscriptions. Three volumes of the journal are published annually, each volume containing four numbers. The annual subscription rate is £15 15s. in the United Kingdom and Republic of Ireland; \$48.50 U.S.A.; \$52.50 Canada; £16 10s. all other overseas countries. Subscriptions should be sent to: Subscriptions Department, Macmillan (Journals) Ltd., Brunel Road, Basingstoke, Hampshire, England. Alternatively, the journal can be ordered through a subscription agent or bookseller.

Advertisements. Applications for advertising space and rates should be sent to: Advertisement Manager, *British Journal of Pharmacology*, T. G. Scott and Son Ltd., 1 Clement's Inn, London, W.C.2, England. Tel: 01-242 6264; 01-405 4743. Grams: Textualist London W.C.2.

BRITISH JOURNAL OF PHARMACOLOGY

The following are some of the manuscripts which will be published in future issues:

SADAVONGVIVAD, C.: Pharmacological significance of biogenic amines in the lungs: 5-hydroxytryptamine; histamine; noradrenaline and dopamine

HALL, G. H.: Effects of nicotine and tobacco smoke on the electrical activity of the cerebral cortex and olfactory bulb

FOGELMAN, F. and GRUNDY, H. F.: A comparison of the cardiovascular actions of AQ110 with those of isoprenaline and salbutamol

GODFRAIND, T. and LESNE, M.: The uptake of cardiac glycosides by intestinal smooth muscle of the guinea-pig in relation to digitalis receptors

BOWMAN, W. C. and HALL, MOIRA T.: Inhibition of rabbit intestine mediated by α - and β -adrenoceptors

ACEVES, J., ERLIJ, D. and MARTINEZ-MARANON, R.: The mechanism of the paralysing action of tetramisole on *Ascaris* somatic muscle

KHAN, I., QURESHI, Z. and HAQ, M.: Study of effects of progesterone therapy on the stilboestrol-induced sensitivity of isolated uteri of hypophysectomized rats

FLACK, J. D.: The actions of ethinyloestradiol on the pituitary-adrenal system of the rat

O'KEEFFE, RUTH, SHARMAN, D. F. and VOGT, MARTHE: Effect of drugs used in psychoses on cerebral dopamine metabolism

BUCKLEY, G. A. and JORDAN, O. C.: Temperature modulation of α - and β -adrenoceptors in the isolated frog heart

EDGE, N. D.: The effect of antiadrenaline compounds on acetylcholine responses of frog rectus abdominis muscle

CRANSTON, W. I. and ROSENDORFF, C.: Acute effects of a monoamine oxidase inhibitor, tranlycpromine, on thermoregulation in the conscious rabbit

HEIKEL, T. A. J. and LATHE, G. H.: The effect of oral contraceptive steroids on biosecretion and bilirubin Tm in rats

MCCURRACH, P. H., PARK, JUDITH K. and PERRY, W. L. M.: The effects of some drugs which induce agranulocytosis on the metabolism of separated human polymorphonuclear leucocytes and lymphocytes.

VOLUME 38, 1970

LONDON
MACMILLAN (JOURNALS) LIMITED
4 LITTLE ESSEX STREET, W.C.2.

Instructions to Authors

1. **Manuscripts** (2 copies) should be typed in double spacing on one side of paper not larger than foolscap (33×20.5 cm). There should be a separate title page giving the names and addresses of the authors in alphabetical order.
2. **A short summary of results and conclusions** (arranged in numbered paragraphs), **tables and legends to figures** should be typed on separate sheets of paper.
3. **References** should be collected at the end of the paper. They should include the authors' names, year of publication, title of article, title of publication (abbreviated in accordance with the fourth edition of the *World List of Scientific Periodicals*), volume number and first and last page numbers. References to books should, in addition, include the names of editors, the edition number, where appropriate, and the town of origin and name of publisher.
4. **Figures** should NOT BE LARGER THAN FOOLSCAP (33×20.5 cm) and may be in the form of original drawings, recorded tracings or high quality photographic prints made from them. Negative prints of kymograph tracings (black on white) should be provided and both ordinates and abscissae should be calibrated.
5. **Lettering** on figures should be inserted in PENCIL. Symbols which are to appear in figures or legends should be chosen from the following:
 \times $+$ \bullet \blacksquare \circ \square \triangle \blacktriangle ∇ \blacktriangledown \odot \ominus \diamond
6. **Photographs and photomicrographs** should be printed on glossy paper and should be larger than the size required for reproduction.
7. **Tables** ideally should not have more than 84 characters to a line (counting spaces between columns as 4 characters) and certainly not more than 130 characters to a line, unless absolutely unavoidable.
8. **An abstract** of about 100 words suitable for inclusion in *International Abstracts of Biological Sciences* should be typed on a separate sheet.

General remarks. A recent issue of the Journal is a good guide to style. Papers are accepted only if accompanied by a statement that they have not and will not be published in whole or in part in any other Journal.

Two page proofs will be supplied, one of which may be retained by the authors. The other should be corrected immediately and returned to the Press Editor. Corrections should be kept to a minimum.

Fifty reprints will be supplied to the authors free of charge. Additional reprints can be purchased. A reprint order form, which should be returned promptly, will be sent out with the proofs.
