Systematic Pharmacology

- 373 BARRETT, A. M. and CARTER, J. Comparative chronotropic activity of β -adrenoceptive antagonists. (SP1, AP1, DM2)
382 SPILKER, B. Comparison of the inotropic response to glucagon, ouabain and noradrenaline. (SP1)
396 DOWNEY, J. A. and FREWIN, D. B. The effect of ethyl alcohol and chlorpromazine on the response of the hand blood vessels to cold. (SP1)
406 MOLENAAR, P. C. and POLAK, R. L. Stimulation by atropine of acetylcholine release and synthesis in cortical slices from rat brain. (SP2, AP1, DM1)

Autopharmacology

- 418 JOHNSON, G. E. and PUGSLEY, T. A. Effects of chronic metaraminol treatment on the sympathetic activity of intact and adrenal demedullated rats kept in warm or cold environments. (AP1, PK1)
426 HOOPER, PATRICIA A. and SCHNEIDER, R. The effects of "autonomic drugs" on villous movement in the small intestine of the pigeon. (AP1, SP3, DM2)
437 BOWERY, N. G., LEWIS, G. P. and MATTHEWS, J. The relationship between functional vasodilatation in adipose tissue and prostaglandin. (AP2, SP1)
446 LEWIS, G. P. and WINSEY, N. J. P. The action of pharmacologically active substances on the flow and composition of cat hind limb lymph. (AP2, SP1)

Pharmacokinetics

- 461 BARTHOLINI, G., KURUMA, I. and PLETSCHER, A. Distribution and metabolism of L-3-O-methyldopa in rats. (PK1, PK2, SP2)
468 ALABASTER, VALERIE A. and BAKHLE, Y. S. Removal of 5-hydroxytryptamine in the pulmonary circulation of rat isolated lungs. (PK2)

Drug Mechanisms

- 483 REID, W. D. Turnover rate of brain 5-hydroxytryptamine increased by D-amphetamine. (DM1, PK2)
492 BURGÉN, A. S. V. and SPERO, L. The effects of calcium and magnesium on the response of intestinal smooth muscle to drugs. (DM2)
501 ANTONIO, A., ROCHA E SILVA, M. and YASHUDA, Y. Influence of pH on the inhibitory action of local anaesthetics on smooth muscle contraction. (DM2)
508 CUTHBERT, A. W. and DUNANT, YVES. Diffusion of drugs through stationary water layers as the rate limiting process in their action at membrane receptors. (DM1, DM2)

SHORT COMMUNICATIONS

- 522 BOULLIN, D. J., McMAHON, E. M. and O'BRIEN, R. A. Uptake of dopamine by platelets *in vivo*. (PK3)

Contents-contd.

- 524 BURNS, J., HORLINGTON, M. and ROBSON, D. Positive correlation between initial pupil diameter and amplitude of miotic response to pilocarpine in rabbits and to carbachol in man. (AP1, PM)
- 526 BAIRD, J. R. C. and SPILKER, B. A. Inotropic effects of thyroxine and related compounds on guinea-pig left atria *in vivo*. (AP3, SP1)
- 528 IVERSEN, L. L. and SALT, P. J. Inhibition of catecholamine Uptake₂ by steroids in the isolated rat heart. (AP1, PK3, SP1)
- 531 EDGE, N. D. pP₂ of eserine and neostigmine on acetylcholine responses of isolated ileum. (DM2, PM)
- 534 ADAM, K. R., BOYLES, SUSAN and SCHOLFIELD, P. C. Cardio-selective β adrenoceptor blockade and the coronary circulation. (SP, AP, DM2)

Proceedings of the British Pharmacological Society, London, 9-11 September, 1970

Communications

- 537P METCALFE, J. C. and METCALFE, S. M. Metabolic inhibition in primary cell cultures by lipid-soluble molecules
- 538P CURRY, S. H., D'MELLO, A. and MOULD, G. P. Destruction of chlorpromazine during absorption by rat intestine *in vitro*
- 539P ROBSON, R. D. Reflex and other vascular changes in anaesthetized dogs after β -adrenoceptor antagonism with alprenolol, bunolol and propranolol
- 540P LEWIS, G. P. and WAWRETSCHKE, W. A. The kinin-forming system in rabbit hind limb lymph after thermal injury
- 541P MEYER, P., PAPADIMITRIOU, A. and WORCEL, M. Possible existence of different types of angiotensin II receptors
- 542P GODFRAIND, T. Angiotensin auto-potential
- 543P MEYER, P., PAPADIMITRIOU, A. and WORCEL, M. Blockade of the effects of valyl-5-angiotensinamide II, oxytocin, noradrenaline, 5-hydroxytryptamine and acetylcholine by guanicydine
- 544P BRASH, A. R. and CUTHBERT, A. W. The effects of saponins on the transporting epithelium of isolated frog skin
- 544P MICHAL, F. Platelet aggregation by very low intensity acoustical energy and its inhibition by drugs
- 545P SMITH, J. B. and WILLIS, A. L. Formation and release of prostaglandins by platelets in response to thrombin
- 547P PALMER, M. A., PIPER, PRISCILLA J. and VANE, J. R. Release of vaso-active substances from lungs by injection of particles
- 548P HODGES, J. R. and MITCHLEY, SUSAN. A comparison of the effects of betamethasone and tetracosactrin on hypothalamo-pituitary-adrenal activity in the rat
- 548P ODUMOSU, A. and WILSON, C. W. M. The relationship between ascorbic acid concentrations and cortisol production during the development of scurvy in the guinea-pig
