Papers will be considered for publication on all aspects of drug action, including chemotherapy.

Manuscripts (two copies) should be sent to Dr H.M. Adam, Department of Pharmacology, University of Edinburgh Medical School, 1 George Square, Edinburgh EH8 9JZ. Authors should consult the instruction inside the back cover.

The British Journal of Pharmacology is published monthly by Macmillan Journals Ltd, 4 Little Essex Street, London WC2R 3LF. Telephone: 01-836 6633. ISSN 0007-1188.

Annual subscription £36.00 (\$90 USA and Canada). (Orders must be accompanied by remittance. Prices applicable only to orders received before 31st December 1976.)

Cheques should be made payable to Macmillan Journals Limited: Subscription Department, Brunel Road, Basingstoke, Hampshire RG21 2XS, England.

Enquiries concerning advertising space and rates should be addressed to: Advertisement Department, Macmillan Journals Limited, 4 Little Essex Street, London WC2R 3LF. Telephone: 01-836 6633.

TOXICOLOGY

By **L.J. CASARETT** PhD.,

late Professor of Pharmacology at the University
of Hawaii School of Medicine, Honolulu

and **J. DOULL** M.D., PhD.,

Professor of Pharmacology and Toxicology,
University of Kansas School of Medicine,
Kansas City with 29 Contributors.

MAIN UNITS: —

- 1) **General Principles of Toxicology.**
- 2) **Systemic Toxicology**
- 3) **Toxic Agents**
- 4) **Applications of Toxicology**

This important new book will be of interest not only to toxicologists and pharmacologists, but also to those concerned with environmental problems, agricultural and food technology.

1975 • 768 pp 15 illus. • £14.50

Price is subject to change without notice.

British Journal of Pharmacology

INDEX
(1966–1973)

The eight year cumulative index
(1966–1973) to the British Journal of
Pharmacology is now available.

Price £10.45 (including postage)

Available from:

DEPARTMENT AS11,
MACMILLAN JOURNALS LTD.,
BRUNEL ROAD,
BASINGSTOKE, RG21 2XS,
HAMPSHIRE, ENGLAND.

Orders must be accompanied by remittance. Cheques should be made payable to Macmillan Journals Ltd. Payment may be made in any currency at the current exchange rate.

DRUGS AND CENTRAL SYNAPTIC TRANSMISSION

**Edited by P. B. Bradley
and B. N. Dhawan**

Macmillan Pharmacology Monographs

Even though drugs have been used as research tools in pharmacological, physiological and neurochemical studies for a long time, the symposium reported in this book was perhaps the first interdisciplinary meeting where this particular use of drugs was the main theme. Disciplines represented include electrophysiology, neurochemistry, biochemistry and behavioural sciences.

about £12.50

May 1976

For further details please write to **Anne Calcott**, The Macmillan Press, Little Essex Street, London WC2R 3LF.

INSTRUCTIONS TO AUTHORS

Papers will be considered for publication on all aspects of drug action, including chemotherapy. A recent issue of the Journal is a good guide to style.

Manuscripts (two copies) should be sent to Dr H.M. Adam, Department of Pharmacology, University of Edinburgh Medical School, 1 George Square, Edinburgh, EH8 9JZ, from whom copies of the full Instructions to Authors, published in *Br. J. Pharmac.*, **50**, 3-23, may also be obtained. Specific points to note are:

1. **Manuscript** should be typed in double spacing on one side of paper not larger than A4 (206 x 294 mm). There should be a separate title page giving the names and addresses of the authors in **alphabetical order**. A short title of not more than 50 letters should also be suggested.

2. **Statement** Papers are accepted only if accompanied by a statement that they have not been and will not be published in whole or in part in any other Journal.

3. **Summary** (2 copies) This should be a short summary of results and conclusions arranged in numbered paragraphs.

4. **Abstract** (2 copies) An abstract of about 100 words suitable for inclusion in an abstracting journal should be typed on a separate sheet, giving the author's name and address and the title of the paper.

5. **Figures** These should not be larger than A4 (206 x 294 mm) and may be in the form of original drawings, recorded tracings or high quality photographic prints made from them. Negative prints of kymograph tracings (black on white) should be provided, and both ordinates and abscissae should be calibrated. Lettering on figures should be inserted in pencil. Symbols which are to appear in figures or legends should be chosen from the following:

○ ● □ ■ △ ▲ ▽ ▼

Photographs and photomicrographs should be printed on glossy paper and should be larger than the size required for reproduction.

6. **Tables** These should not have more than 85 characters to a line (counting spaces between columns as 4 characters) and certainly not more than 110 characters to a line, unless absolutely unavoidable. **Figure legends** and **tables** should be typed on separate sheets of paper.

7. **References** These should be collected in alphabetical order at the end of the paper. They should include the authors' names, year of publication (in brackets), title of article, title of publication (abbreviated in accordance with the fourth edition of the *World List of Scientific Periodicals*), volume number and first and last page numbers. References to books should in addition, include the names of editors, the edition number, where appropriate, and the town of origin and name of publisher.

Two page proofs will be supplied, one of which may be retained by the authors. The other should be corrected immediately and returned to the Press Editor. Corrections should be kept to a minimum.

Twenty-five reprints will be supplied to the authors free of charge. Additional reprints can be purchased. A reprint order form, which should be returned promptly, will be sent out with the proofs. No reprints of abstracts are supplied.

Short Communications These may be accepted if they merit priority publication and do not require revision. They may contain up to 1,200 words of text and only one figure or table. The summary should be a single paragraph. An abstract and statement should be included.
