

# INDEX TO VOLUME 83

## AUTHOR INDEX

### A

- AHMED, F., FOSTER, R.W., SMALL, R.C. & WESTON, A.H. Some features of the spasmogenic actions of acetylcholine and histamine in guinea-pig isolated trachealis, 227
- ATTERWILL, C.K., KINGSBURY, A., NICHOLLS, J. & PRINCE, A. Development of markers for cholinergic neurones in re-aggregate cultures of foetal rat whole brain in serum-containing and serum-free media: effects of triiodothyronine ( $T_3$ ), 89

### B

- BARNETT, A., CHIU, P.J.S. & TETZLOFF, G. Effects of SCH 32651 on resting and stimulated acid secretion in guinea-pig fundic mucosa, 75
- BAUMANN, I., BAUMANN, J. & WURM, G. Interactions of inhibitors of the lipoxygenase pathways with a supplementary binding site on soybean lipoxygenase, 954
- BAUMANN, J. *see* BAUMANN, I., 954
- BERDEAUX, A., BONHENRY, C., DUHAZÉ, P., GUIDICELLI, J.F. & THUILLÉZ, C. Influence of heart rate on the effects of prenalterol on regional myocardial blood flow and function during coronary stenosis in dogs, 203
- BERRY, S.C., DAWKINS, S.L. & LODGE, D. Comparison of  $\sigma$ - and  $\kappa$ -opiate receptor ligands as excitatory amino acid antagonists, 179
- BLACK, A.K. *see* BRAIN, S.D., 313
- BONHENRY, C. *see* BERDEAUX, A., 203
- BOSCHCOV, P., PAIVA, A.C.M., PAIVA, T.B. & SHIMUTA, S.I. Further evidence for the existence of two receptor sites for bradykinin responsible for the biphasic effect in the rat isolated duodenum, 591
- BOWMER, C.J. & YATES, M.S. Pharmacokinetics and biliary excretion of bromosulphophthalein, [ $^3$ H]-ouabain and [ $^3$ H]-taurocholic acid in rats with glycerol-induced acute renal failure, 773
- BRADLEY, P.B. & BROOKES, A. A microiontophoretic study of the actions of  $\mu$ -,  $\delta$ -,  $\kappa$ -opiate receptor agonists in the rat brain, 763
- BRAIN, S.D., CAMP, R.D.R., CUNNINGHAM, F.M., DOWD, P.M., GREAVES, M.W. & KOBZA BLACK, A. Leukotriene  $B_4$ -like material in scale of psoriatic skin lesions, 313
- BRASWELL, L.M., MILLER, K.W. & SAUTER, J.-F. Pressure reversal of the action of octanol on postsynaptic membranes from *Torpedo*, 305
- BROOKES, A. *see* BRADLEY, P.B., 763
- BROWN, D.A. & SCHOLFIELD, C.N. Inhibition of GABA uptake potentiates the conductance increase produced by GABA-mimetic compounds on single neurones in isolated olfactory cortex slices of the guinea-pig, 195

- BROWN, M.H. & HARLAND, D. Evidence for a peripheral component in the sympatholytic effect of clonidine in rats, 657
- BURKA, J.F. & SAAD, M.H. Bronchodilator-mediated relaxation of normal and ovalbumin-sensitized guinea-pig airways: lack of correlation with lung adenylate cyclase activation, 645
- BYRNE, N.G. & LARGE, W.A. Comparison of the biphasic excitatory junction potential with membrane responses to adenosine triphosphate and noradrenaline in rat anococcygeus muscle, 751

### C

- CALLANAN, K.M. & KEENAN, A.K. Differential effects of D600, nifedipine and dantrolene sodium on excitation-secretion coupling and presynaptic  $\beta$ -adrenoceptor responses in rat atria, 841
- CALVETE, J.A., DONEGAN, J.L.M., HAYES, R.J., OATES, N.S. the late SLOAN, T.P. Genetic heterogeneity of histamine  $H_2$ -receptors in mouse vas deferens, 723
- CAMP, R.D.R. *see* BRAIN, S.D., 313
- CAPARROTTA, L., CILLO, F., FASSINA, G. & GAION, R.M. Dual effect of (-)-N<sup>6</sup>-phenylisopropyl adenosine on guinea-pig trachea, 23
- CERVONI, P., GOLDSTEIN, B.M., HERZLINGER, H., LAI, F.M. & QUIRK, G.J. Evidence for the lack of interaction between ( $\pm$ )-1-0-octadecyl-2-acetyl-glycerol-3-phosphoryl-choline and  $\alpha$ -adrenoceptors *in vivo* and *in vitro*, 511
- CHAND, N., DIAMANTIS, W., PILLAR, J. & SOFIA, R.D. Inhibition of allergic and non-allergic histamine secretion from rat peritoneal mast cells by calcium antagonists, 899
- CHAPAL, J., LOUBATIERES-MARIANI, M.M., ROYE, M. & ZERBIB, A. Effects of adenosine triphosphate and structural analogues on glucagon secretion from the perfused pancreas of rat *in vitro*, 927
- CHERUBINI, E., NORTH, R.A. & SUPRENANT, A. Quinine blocks a calcium-activated potassium conductance in mammalian enteric neurones, 3
- CHIU, P.J.S. *see* BARNETT, A., 75
- CHRISTENSEN, J. & PERCY, W.H. A pharmacological study of oesophageal muscularis mucosae from the cat, dog and American opossum (*Didelphis virginiana*), 329
- CLARKE, G. & WRIGHT, D.M. A comparison of analgesia and suppression of oxytocin release by opiates, 799
- CLARKE, P.B.S. Chronic central nicotinic blockade after a single administration of bisquaternary ganglion-blocking drug chlorisondamine, 527
- COCKS, T.M., JENKINSON, D.H. & KOLLER, K. Interactions between receptors that increase cytosolic calcium and cyclic AMP in guinea-pig liver cells, 281

- COHEN, S. & HABERMAN, F. The modal volumes of atropine and hyoscine in relation to their respective potencies, 807

# SUBJECT INDEX

## A

- Acetone phenylhydrazine**, affinity for catalytic and supplementary binding sites on soybean lipoxygenase, 959
- Acetylcholine**, effect of gallamine, gallopamil and nifedipine on response to, in taenia of the guinea-pig caecum, 145
- , effect of methylxanthines on release from electrically-stimulated rat brain slices, 69
  - , effect of normorphine or clonidine on responses of guinea-pig ileum, 326
  - , effect on constrictor response to noradrenaline in normal, diabetic, adrenalectomized and diabetic-adrenalectomized rats, 635
  - , effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
  - , effect on systemic blood pressure in cats, 347
  - , induction of bronchoconstriction in guinea-pig, effect of gallamine, 973
  - , induction of contractions, effect of nisoldipine in skinned or intact muscles in rabbit coronary arteries, 243
  - , induction of contractions in cat tracheal smooth muscle, effect of isoprenaline, 677
  - , induction of contractions in cat tracheal smooth muscle, role of stored calcium, 667
  - , induction of writhing response in mouse, effect of chronic morphine treatment and withdrawal, 863
  - , induction of writhing response in mouse, effect of morphine, 853
  - , inhibition by dopamine of release in rabbit isolated rectococcygeus muscle, 871
  - , responses of rat and cat spinal neurones, effect of benzomorphans, 179
  - , sensitivity of rat urinary bladder, effect of systemic capsaicin treatment, 935
  - , spasmogenic action in guinea-pig isolated trachea, 227
- Acetylcholine receptor antagonists**, effect on muscle vasodilatation obtained by electrical stimulation of rabbit hypothalamus, 577
- Acetylcholine receptors**, pressure reversal of effect of octanol on affinity of [ $^3$ H]-acetylcholine, 305
- , *see also* **Muscarinic receptors**
- Acetylsalicylic acid**, effect of pretreatment on prostanoid synthesis in aortic rings in human blood, 409
- Adenosine**, action on rat cerebral cortical neurones, potentiation by tricyclic antidepressants, 567
- , effect in isolated guinea-pig trachea preparations, antagonism by adenosine deaminase, 323
  - , effect on glucagon secretion from the perfused pancreas of rat *in vitro*, 927
  - , enhancement of tetrodotoxin-induced axonal blockade in frog sciatic nerve, 485
  - , production of vasodilatation in rabbit skeletal muscle, 577
- Adenosine analogues**, effect on antinociceptive action of morphine, 883
- , enhancement of tetrodotoxin-induced axonal blockade in frog sciatic nerve, 485
- Adenosine deaminase**, effect on responses to adenosine and non-adrenergic, non-cholinergic inhibitory nerve stimulation in isolated guinea-pig trachea preparations, 323
- Adenosine derivatives**, inhibitory effect on release of histamine and slow reacting substance of anaphylaxis in human lung fragments, 337
- Adenosine 3',5'-monophosphate**, cyclic, effects of adenosine and diazepam on levels in hybrid cells, 791
- , cyclic, effects of adrenoceptor agonists on levels in guinea-pig hepatocytes, 281
  - , cyclic, effects of papaverine or isoprenaline on production in dog basilar artery, 113
  - , cyclic, effects on calcium-evoked contraction of smooth muscle of cat trachea, 677
  - , cyclic, effects on release of arachidonic acid metabolites from resting and lipopolysaccharide-stimulated macrophages, 759
  - , dibutyl cyclic, effects of SCH 32651 on secretory responses of guinea-pig isolated fundic mucosa, 75
  - , dibutyl cyclic, effect on morphine antinociception in rats, 883
  - , dibutyl cyclic, enhancement of tetrodotoxin-induced axonal blockade in frog sciatic nerve, 485
- Adenosine receptors**, characterization in human lung fragments, 337
- Adenosine A<sub>2</sub> receptors**, displacement of [ $^3$ H]-adenosine by benzodiazepines in hybrid cells, 791
- Adenosine triphosphate**, effect of iontophoretic application to rat anococcygeus muscle, 751
- , effect of nisoldipine on metabolism of, in rat ischaemic heart, 943
  - , effect on glucagon secretion from the perfused pancreas of rat *in vitro*, 927
  - , effect on potassium permeability and cyclic AMP levels in guinea-pig hepatocytes, 281
  - , effect on systemic blood pressure and intravesicular pressure in cats, 347
  - , production of vasodilatation in rabbit skeletal muscle, 577
  - , stimulation of prostacyclin release in porcine pulmonary vasculature, mediation by purinoceptors, 457
- Adenosine triphosphatase**, H<sup>+</sup>/K<sup>+</sup>, inhibition by SCH 32651 in guinea-pig isolated fundic mucosa, 75
- Adenylate cyclase**, isoprenaline-sensitive, inhibition by ICI 118, 551 in rabbit lung, 821
- , mediation of normorphine effects by inhibition in guinea-pig isolated ileum, 326
  - , stimulation of activity by bronchodilator drugs in normal and ovalbumin-sensitized guinea-pig airways, effect of indomethacin, 645
- Adrenaline**, effect on spontaneous activity of cat urinary bladder, effect of  $\beta$ -adrenoceptor blocking drugs, 347
- , synergistic action with platelet activating factor inducing aggregation of human platelets, 625
- Adrenoceptor agonists**, effect on permeability and cyclic AMP levels of guinea-pig hepatocytes, 281

- $\alpha$ -Adrenoceptor agonists**, responses of rat vascular tissues, effect of calcium channel antagonists, 103
- $\alpha_2$ -Adrenoceptor agonists**, induction of contractions and of increased cyclic GMP levels in rat isolated aorta, 903
- , potentiation of responses of cat nictitating membrane mediated by  $\alpha_1$ -adrenoceptors, 463
- Adrenoceptor antagonists**, effect on muscle vasodilatation obtained by electrical stimulation of rabbit hypothalamus, 577
- $\alpha$ -Adrenoceptor antagonists**, electrophysiological effects in rabbit sino-atrial node, cardiac Purkinje cells and papillary muscle, 419
- , modulation of transmitter release in rabbit mesenteric artery in relation to electrical activity, 537
- $\alpha_1$ -Adrenoceptor antagonists**, rate of action on rat vas deferens and anococcygeus preparations stimulated by phenylephrine and methoxamine, 7
- Adrenoceptors**, distribution in oesophageal muscularis mucoosa from cat, dog and American opossum, 329
- $\alpha$ -Adrenoceptors**, evidence for lack of interaction with octadecyl-AGPC *in vivo* and *in vitro*, 511
- , pre- and postsynaptic, effects of raubasine stereoisomers in rat vas deferens, 505
- $\alpha_1$ -Adrenoceptors**, mediation of responses of cat nictitating membrane, potentiation by  $\alpha_2$ -adrenoceptor agonists, 463
- $\alpha_2$ -Adrenoceptors**, central, assessment of selectivity of RX 781094 analogues in rat cerebral cortex, 707
- , pre- and postjunctional, selectivity and potency of RX 781094 analogues in rat peripheral systems, 713
- , role in vasoconstrictor responses, dependence on extracellular calcium, 889
- , role of stimulation by clonidine on plasma catecholamine concentrations in rats, 657
- $\beta$ -Adrenoceptors**, effect of immunological sensitization to ovalbumin on activity in guinea-pig lung, 645
- , presynaptic, differential effects of D600, nifedipine and dantrolene sodium on responses in rat aorta, 841
- $\beta_2$ -Adrenoceptors**, in ciliary process epithelium, antagonism by ICI 118,551 in rabbits, 821
- Afferent fibres**, capsaicin-sensitive, mediation of the sensation of a full bladder, 935
- Airway reactivity**, to histamine, effect of maturation, 697
- Airway smooth muscle**, guinea-pig, lack of effect of leukotriene D<sub>4</sub>, 499
- Airways**, guinea-pig, bronchodilator-mediated relaxation of normal and ovalbumin-sensitized animals, 645
- Akuammigine**, effects on pre- and postsynaptic  $\alpha$ -adrenoceptors in rat vas deferens, 505
- Aliphatic alcohols**, effect on rate of decay of glutamate-activated currents at the crayfish neuromuscular junction, 393
- 1-Alkyl-2-acetyl-sn-glycero-3-phosphoryl-choline** *see* Platelet-activating factor
- 6-Allyl-2-amino-5,6,7,8-tetrahydro-4H-thiazolo [4,5-d] azepin dihydrochloride** *see* B-HT 920
- N-allylnormetazocine** *see* SKF 10,047
- Amidephrine**, effect on potassium permeability and cyclic AMP levels in guinea-pig hepatocytes, 281
- Amines**, changes in levels in carotid body in rats treated neonatally with capsaicin, 909
- 3-Amino-2-methyl-8-phenylmethoxyimidazo [1,2-a] pyrazine** *see* SCH 32651
- $\gamma$ -Aminobutyric acid**, release in isolated guinea-pig ileum by ethylenediamine, 169
- , responses of superior cervical ganglion *in vitro*, effect of benzodiazepine agonists, inverse agonists and Ro 15-1788, 57
- $\gamma$ -Aminobutyric acid agonists**, effect on neurones in isolated olfactory cortex slices of the guinea-pig, effect of GABA uptake inhibitors, 195
- $\gamma$ -Aminobutyric acid receptors**, mediation of effects in guinea-pig isolated ileum, 169
- 2-(2-aminoethyl)pyridine**, depressor responses of cat heart, effect of SK & F93319, 427
- Aminoglycoside antibiotics**, induction and inhibition of pinocytosis in *Amoeba proteus*, 615
- N-(6-aminoheptyl)-5-chloro-1-naphthalene-sulphonamide** *see* W-7
- Aminophylline**, effect on adenosine-, ATP-, and hypothalamic stimulation-induced vasodilatation in rabbit skeletal muscle, 577
- , effect on ACh release from electrically-stimulated rat brain slices, 69
- 3-Aminopropanesulphonic acid**, effect on potency of GABA in guinea-pig isolated olfactory cortex slices, 195
- $\delta$ -Aminovaleric acid**, effect on GABA<sub>B</sub>-mediated effects in guinea-pig isolated ileum, 169
- Amphetamine**, behavioural responses in rats, effect of chlorisondamine, 527
- Anaesthetics**, effects on acetylcholine binding in postsynaptic membranes from *Torpedo*, 305
- , local and general, effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
- Analgesia**, comparison of effects of opiate drugs with their ability to suppress oxytocin release, 799
- Angiotensin II**, effect on mesenteric blood flow in rats, 363
- , effect on potassium permeability and cyclic AMP levels in guinea-pig hepatocytes, 281
- , production of dose-dependent pressor responses and contraction of cat nictitating membrane, 463
- Anococcygeus muscle**, rat, comparison of biphasic excitatory junction potential with membrane responses to ATP and NA, 751
- , rat, desensitization to  $\alpha_1$ -adrenoceptor antagonists and atropine, 7
- Antazoline**, effect on ATP- and hypothalamic stimulation-induced vasodilatation in rabbit skeletal muscle, 577
- Anticoagulants**, effect on prostanoid synthesis by aortic rings in human blood, 409
- Antidepressant drugs**, effect on 5-HT-mediated head-twitch and 5-HT ligand-receptor binding in mice, 235
- , potentiation of action of adenosine on rat cerebral cortical neurones, 567
- Antigen**, induction of histamine release from rat peritoneal mast cells, antagonism by calcium channel blockers, 899
- Antinociception**, carbamazepine-induced, as related to bradykinin-induced trigeminal pain, site of action, 493
- , morphine-induced, purinergic involvement, 883
- , structure-activity studies in conscious mouse, 43
- Aorta**, rat isolated, endothelial mediated inhibition of contraction and increase in cyclic GMP levels evoked by B-HT 920, 903
- Aortic rings**, prostanoid synthesis in human blood, 409

- Apamin**, effect of, on potentiation of potassium loss from guinea-pig hepatocytes by adrenoceptor agonists, 281
- Apomorphine**, behavioural responses in rats, effect of chlorisondamine, 527
- AR-C239**, correlation of rate of action with that of atropine in rat vas deferens and anococcygeus preparations, 7
- Arachidonic acid**, induction of rhythmic contractions in guinea-pig bladder detrusor muscles, 965
- Arachidonic acid metabolites**, differential effects of prostaglandin E<sub>2</sub> and cyclic AMP on release from resting and lipopolysaccharide-stimulated macrophages, 759
- Arrhythmias**, ischaemia-induced, actions of verapamil, 373
- , ischaemia-induced, effects of calcium antagonists in anaesthetized rats, 299
- , protective effect of  $\alpha$ -adrenoceptor antagonists in rabbit, 419
- Aspirin**, effect on platelet aggregation factor and adrenaline-induced platelet aggregation, 625
- , inhibition of response to phentolamine and arachidonic acid in guinea-pig bladder detrusor muscle, 965
- Asthma**, effect of changes in properties of membrane receptors on remission at puberty, 697
- , possible use of calcium channel blockers in treatment, 499
- Ataxia**, nicotine-induced, blockade by chlorisondamine in rats, 527
- Atrial pacing**, effect on regional myocardial blood flow and segmental shortening in coronary stenosis in dogs, 203
- Atropine**, correlation of rate of action with that of AR-C239 in rat vas deferens and anococcygeus preparations, 7
- , effect on actions of nicotine and dimethyl-phenylpiperazinium in cat urinary bladder, 347
- , effect on fast excitatory junction potential and ATP-induced depolarization in rat anococcygeus muscle, 751
- , effect on Met-enkephalin-induced bradycardia and hypotension in anaesthetized rabbits, 783
- , effect on resting and stimulated acid secretion in guinea-pig isolated fundic mucosa, 75
- , effect on substance P-evoked responses of oesophageal muscularis mucosae, 329
- , effect on time course of decay of miniature endplate currents at frog neuromuscular junction, 477
- , modal volume in relation to potency, 807
- Axonal blockade**, tetrodotoxin-induced, enhancement by adenosine, its analogues, dibutyryl cyclic AMP and methylxanthines in frog sciatic nerve, 485

## B

- B-HT 920**, induction of contraction and increased cyclic GMP levels in rat isolated aorta in the presence and absence of endothelium, 903
- , responses of rat vascular tissues, effect of calcium channel antagonists, 103
- Barium**, alteration of fast excitatory post-synaptic current in voltage-clamped amphibian sympathetic ganglion cells, 31
- Basilar artery**, dog, lack of causal relationship between the vasodilator effect of papaverine and cyclic AMP production, 113
- Benoxaprofen**, affinity for supplementary binding site on soybean lipoxygenase, 959
- Benzodiazepine binding sites**, PK 11195 displacement of [<sup>3</sup>H]-Ro 5-4864 in mice, 471
- Benzodiazepine receptors**, mediation of FG 7142-kindling in mice, 951
- Benzodiazepines**, modulation of A<sub>2</sub> adenosine binding sites on 108CC15 neuroblastoma  $\times$  glioma hybrid cells, 791
- Benzomorphans**, effect on responses of cat or rat spinal neurones to amino acids and acetylcholine, 179
- Bepridil**, inhibitory activity on allergic and non-allergic histamine release from rat peritoneal mast cells, 899
- Betamethasone**, modification of the effects of bronchodilator drugs on cholinergic bronchoconstriction in rats, 607
- Bicuculline**, effect on carbamazepine injected into rat periaqueductal gray, 493
- , effect on GABA<sub>A</sub>-receptor mediated contraction in guinea-pig ileum, 169
- , effect on responses of rat superior cervical ganglion to GABA after treatment with benzodiazepines and their antagonists, 57
- Biliary excretion**, of bromsulphophthalein, ouabain and taurocholic acid in rats with glycerol-induced renal failure, 773
- Binding assay**, assessment of selectivity of enkephalin analogues as agonists and antagonists at the  $\gamma$ -receptor, 271
- Binding sites**, catalytic and supplementary, interactions of lipoxygenase and cyclo-oxygenase inhibitors on soybean lipoxygenase, 959
- Bioassays**, assessment of selectivity of enkephalin analogues as agonists and antagonists at the  $\delta$ -receptor, 271
- Biting-like response**, to bradykinin, effect of carbamazepine in rats, 493
- Bladder detrusor muscle**, guinea-pig, phentolamine-induced rhythmic contractions, 965
- Blood**, human, prostanoid synthesis by aortic rings, 409
- Blood flow**, effect of intravenous injection of angiotensin II and NA before and after administration of frusemide, 363
- Blood pressure**, arterial, effect of calcium antagonists in anaesthetized rats, 299
- , arterial, marked decrease characterizes sudden death induced by platelet activating factor in rabbits, 125
- , effect of ( $\pm$ )-1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine in cat and spontaneously hypertensive rat, 511
- , effect of RX 781094, on responses to clonidine in rats, 657
- , responses to  $\alpha_1$ -adrenoceptor agonists or angiotensin II, effect of  $\alpha_2$ -adrenoceptor agonists, 463
- Bombesin**, induction of smooth muscle contraction, effect of substance P antagonists in guinea-pig taenia-coli, 449
- Bradycardia**, Met-enkephalin-induced in anaesthetized rabbits, 783
- , methacholine-induced, effect of betamethasone in rats, 607
- , vagally-induced, effect of gallamine in guinea-pig, 973
- Bradykinin**, Des-Arg<sup>6</sup>-, production of a contractile response in rat isolated duodenum, 591
- , effect on colonic epithelia from essential fatty acid-deficient rats, 549

- , effect on constrictor responses of rat microvessels to noradrenaline, 635
- , induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- , induction of trigeminal pain, antinociceptive action of carbamazepine in rats, 493
- , production of biphasic effect in rat isolated duodenum, 591
- Bradykinin potentiating peptides**, effect on responses to bradykinin in rat isolated duodenum, 591
- Bradykinin receptors**, evidence for the existence of two sites responsible for the diphasic effect in the rat isolated duodenum, 591
- Brainstem**, rat, microionophoretic study of action of opiate receptor agonists, 763
- Bromosulphophthalein**, pharmacokinetics and biliary excretion in rats with glycerol-induced acute renal failure, 773
- Bronchoconstriction**, ACh-, histamine- or electrical stimulation-induced, effect of gallamine, 973
- , methacholine-induced, effect of betamethasone in rats, 607
- Bronchodilators**, mediation of relaxation of normal and ovalbumin-sensitized guinea-pig airways, 645
- Bronchus**, guinea-pig, effect of maturation on diphenhydramine antagonism of histamine-induced muscle contraction, 697
- Bulcapnine**, effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Buprenorphine** effect on reflex-milk ejection responses in anaesthetized rats, 799
- BW755C**, effect on the actions of (–)-N<sup>6</sup>-phenylisopropyl adenosine on guinea-pig trachea, 23

## C

- Caecum**, guinea-pig, effect of calcium channel blocking drugs on responses to ACh and carbachol in the taenia, 145
- Caffeine**, antagonism of the inhibitory effects of antidepressants on cortical neuronal firing, 567
- , effect on ACh release from electrically-stimulated rat brain slices, 69
- , effect on membrane and mechanical properties of smooth muscle cells of the cat trachea, 667
- , induction of contractions in smooth muscle of cat trachea, effect of isoprenaline, 677
- Calcium**, activation of potassium permeability of pancreatic islet  $\beta$ -cell membranes in mouse and rat, 831
- , effect of adrenoceptor agonists on efflux from guinea-pig liver cells, 281
- , effect of external concentrations on excitatory junction potential amplitude in narcotic tolerant mouse vas deferens, 853
- , effect of reduced concentrations on vasoconstrictor responses to NA in rat isolated tail artery, 889
- , effect on aminoglycoside-induced pinocytosis in *Amoeba proteus*, 615
- , induction of contractions in smooth muscle of cat trachea, effect of isoprenaline, 677
- , role in evoked release of [<sup>3</sup>H]-noradrenaline in rat atria, 841
- , role in photodynamic effects of erythrosine in smooth muscle cells of guinea-pig taenia coli, 555
- , stored, role in contractions of cat tracheal muscle produced by ACh, electrical stimulation and high potassium, 667
- , uptake in guinea-pig airway smooth muscle, effects of verapamil, 499
- Calcium antagonists**, effect on  $\alpha$ -adrenoceptor antagonist-induced responses in rat vascular tissues, 103
- , effect on calcium-induced contractions in guinea-pig taenia preparations, effect of salicylate, 211
- , effect on coronary artery occlusion-induced arrhythmias in anaesthetized rats, 299
- , effect on synaptic responses, L-glutamate-induced depolarizations and on potassium efflux in frog spinal cord, 813
- , effect on ischaemic arrhythmias in the rat, 373
- , effect on responses to ACh and carbachol in the taenia of guinea-pig caecum, 145
- Calcium channel blocker**, nisoldipine, effect on ATP catabolism in ischaemic rat heart, 943
- Calcium channels**, effect of salicylate in preparations of guinea-pig taenia, 211
- Calcium fluxes**, effect of ACh and histamine in guinea-pig isolated trachealis, 227
- Calcium-free medium**, inhibition by, of responses to phenolamine, prostaglandin F<sub>2a</sub>, arachidonic acid and potassium in guinea-pig bladder detrusor muscle, 965
- Capsaicin**, effect of neonatal treatment on changes in carotid body amine levels and effects of dopamine on respiration in rats, 90
- , systemic treatment impairs the micturition reflex in the rat, 935
- , effect on responses to bradykinin in rat isolated duodenum, 591
- Carbachol**, effect of gallamine, gallopamil and nifedipine on response in taenia of guinea-pig caecum, 145
- , induction of contractions, effect of dopamine in rabbit isolated rectococcygeus muscle, 871
- , induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- Carbamazepine**, antinociceptive action as related to bradykinin-induced trigeminal pain, 493
- $\beta$ -Carbolines**, effect on the responses of rat superior cervical ganglion to GABA *in vitro*, 57
- Carotid bodies**, rat, effects of neonatal capsaicin on dopamine levels, 909
- Carotid body chemoreceptors**, effects of MDL 72222 and ketanserin on responses to 5-HT in cats, 259
- Caroverine**, effect on synaptic responses, L-glutamate-induced depolarization and potassium efflux in frog spinal cord, 813
- Catalepsy**, haloperidol-induced, effect of dihomogamma-linolenic acid in rats, 733
- Catechol**, production of muscle response, characteristics of long-latency component, 83
- Caudate nucleus**, rat, microiontophoretic study of action of opiate receptor agonists, 763
- , bovine, solubilization of dopamine-D<sub>2</sub> receptors from synaptosomal membranes, 687
- Cerebral cortex**, rat, determination of antagonist potency and selectivity of RX 781094 analogues, 707
- CGS-13080**, protection against sudden death induced by platelet activating factor in rabbits, 125
- Chemokinetic activity**, leukotriene B<sub>4</sub>-like material in scale of

- psoriatic skin lesions, 313
- Chlordiazepoxide**, effect on responses of rat superior cervical ganglion to GABA, 57
- , effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
  - , effects of bradykinin on secretion in essential fatty acid-deficient rat colonic epithelia, 549
- Chlorimipramine**, potentiation of action of adenosine on cerebral neurones in rats, 567
- Chlorisondamine**, production of chronic central nicotinic blockade after a single administration in rats, 527
- 2-Chloroadenosine**, effect on glucagon secretion from rat perfused pancreas *in vitro*, 927
- , effect on morphine antinociception in rats, 833
- p-Chlorophenylalanine**, effect on 5-HT metabolism in areas of rat brain, changes induced by fasting, 357
- , effect on nitrazepam-induced sleep in mice, 943
- Chloroquine**, effect on responses of rat microvessels to bradykinin or histamine in rats, 635
- , inhibition of mitogen-induced lymphocyte activation, 293
- Cholecystokinin octapeptide**, effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
- , effect on release of somatostatin and substance P in guinea-pig small intestine during rest and peristalsis, 919
- Choline**, characteristics of uptake in foetal rat brain in serum-containing and serum-free media, 89
- Choline acetyltransferase**, effect of serum-containing and serum-free medium on development of activity in foetal rat brain, 89
- Cholinergic neurones**, development of markers in re-aggregate cultures of foetal rat whole brain in serum-containing and serum-free media, 89
- Cholinergic transmission**, modification, effect on catechol-induced jerks, 83
- Cholinceptors** *see* **Acetylcholine receptors; Muscarinic receptors**
- Ciliary process**, rabbit, ability of ICI 118, 551 or timolol to block activation of isoprenaline-stimulated adenylate cyclase activity, 821
- Cimetidine**, effect on resting and stimulated acid secretion in guinea-pig isolated fundic mucosa, 75
- , inhibition of histamine-mediated effects in nine inbred mouse strains, 723
- Cinnarizine**, effect on calcium-induced contractions of guinea-pig taenia preparations, actions of salicylate, 211
- , effects on coronary artery occlusion-induced arrhythmias in anaesthetized rats, 299
- Citalopram**, effect on nitrazepam-induced sleep in mice, 943
- Citrate**, effect of addition to platelet-rich plasma on the action of platelet-activating factor, 625
- , effect on 6-oxo-PGF<sub>1α</sub> synthesis by aortic rings in Hanks solution and in blood, 409
- Clonidine**, effect of pertussis toxin on inhibitory effects in guinea-pig isolated ileum, 326
- , effect on presynaptic adrenoceptors in rat vas deferens, blockade by raubasine stereoisomers, 505
  - , effect on responses mediated by  $\alpha_1$ -adrenoceptors in cat nictitating membrane, 463
  - , effect on the action of noradrenaline on responses of oesophageal muscularis mucosae to electrical stimulation, 329
  - , evidence for a peripheral component in the sympatholytic effect in rats, 657
- Clorgyline**, effect on release of endogenous dopamine from rat isolated striatum, 741
- Cobalt**, effect on changes in <sup>86</sup>rubidium efflux from pancreatic islets induced by alteration in extracellular potassium concentrations in rat and mouse, 831
- Cocaine**, effect on responsiveness of guinea-pig lung parenchymal strip to dopamine, 161
- , effect on transmitter overflow induced by nerve stimulation in rabbit mesenteric artery, 537
- Colon**, rat, effects of bradykinin on chloride secretion in essential fatty acid-deficient epithelia, 549
- Colonic transit**, role in prostaglandin-induced diarrhoea and its inhibition by prostacyclin, 157
- Contractions**, agonist-evoked, effect of isoprenaline in smooth muscle of cat trachea, 677
- , B-HT 920-evoked in rat isolated aorta, effect of endothelium, 903
  - , evoked in cat tracheal smooth muscle, role of stored calcium, 667
  - , induction in pig duodenal longitudinal muscles, 187
  - , leukotriene D<sub>4</sub>– and potassium chloride-induced, effect of verapamil, 499
  - , potassium-, ACh- or caffeine-induced, effect of nisoldipine in intact and skinned smooth muscles of rabbit coronary arteries, 243
  - , rhythmic, induction by phentolamine in bladder detrusor muscle of guinea-pig, 965
  - , spontaneous, effects of nicotine in cat urinary bladder *in situ*, 347
- Coronary arteries**, human, monkey and dog, responses to carbocyclic thromboxane A<sub>2</sub> and vasodilators, 399
- , rabbit, nisoldipine-induced relaxation, 243
- Coronary artery occlusion**, induction of arrhythmias, effect of intravenous verapamil in rats, 373
- Coronary stenosis**, influence of heart rate on effects of prenalterol in dogs, 203
- Cortical neurones**, potentiation of action of adenosine by tricyclic antidepressants in rats, 567
- Cortical slices**, rat, biphasic effect of methylxanthines on ACh release, 69
- Corticosterone**, inhibition of responses to phentolamine and arachidonic acid in guinea-pig bladder detrusor muscle, 965
- Creatine phosphokinase**, effect of sulphine-pyrazone on ischaemic and reperfused rat heart, 221
- Cyclohexyladenosine**, antagonism of inhibitory effect of caffeine on ACh release from electrically stimulated rat brain slices, 69
- Cyclo-oxygenase**, effect of inhibition on platelet aggregation induced by platelet-activating factor, 625
- Cyclo-oxygenase inhibitors**, effect on actions of bronchodilators in normal and ovalbumin sensitized airways, 645
- , interactions with a supplementary binding site on soybean lipooxygenase, 959
  - , cyproheptadine, effect on nitrazepam-induced sleep in mice, 943

## D

**D600** *see* **Methoxyverapamil**

- Dantrolene sodium**, effect on excitation-secretion coupling and presynaptic  $\beta$ -adrenoceptor responses in rat atria, 841
- Dazoxiben**, protection against sudden death induced by platelet activating factor in rabbits, 125
- 6,9-Deoxy-6,9-(phenylimino)- $\Delta^{6,8}$ -Prostaglandin  $I_1$**  *see* U-60, 257
- Defence reaction**, production by electrical stimulation of rabbit hypothalamus, 577
- 2'-Deoxyadenosine**, effect on morphine antinociception in rats, 883
- Depolarizations**, ATP and NA-induced in rat anococcygeus muscle, 751
- (-)-Deprenyl**, effect on release of endogenous dopamine from rat isolated striatum, 741
- Desipramine**, effect on head-twitch and numbers of 5-HT<sub>2</sub> binding sites in mouse frontal cortex, 235
- , potentiation of action of adenosine on cerebral neurones in rats, 567
- Detergents**, solubilization of dopamine-D<sub>2</sub> receptors from synaptosomal membranes of bovine caudate nucleus, 687
- Dexamethasone**, effect on responses of rat microvessels to bradykinin or histamine, 635
- , influence of protein-calorie malnutrition on pharmacokinetics, placental transfer and tissue localization in rats, 131
- , influence of streptozotocin-diabetes on pharmacokinetics, placental transfer and tissue localization in rats, 139
- Diabetes mellitus**, vascular reactivity, 635
- Diarrhoea**, prostaglandin-induced, role of colonic transport and its inhibition by prostacyclin, 157
- Diazepam**, effect at adenosine A<sub>2</sub> receptor on hybrid cells, 791
- , effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
- Dihomo- $\gamma$ -linolenic acid**, antidyskinetic action in the rodent, 733
- 3,4-Dihydroxyphenylglycol**, effect of  $\alpha$ -adrenoceptor antagonists on release from rabbit mesenteric activity in relation to electrical activity, 537
- Diltiazem**, effect on calcium-induced contractions of guinea-pig taenia preparations, actions of salicylate, 211
- , effect on synaptic responses, L-glutamate-induced depolarization and potassium efflux in frog spinal cord, 813
- , effect on vasoconstrictor responses to NA and sympathetic nerve stimulation in rat isolated tail artery, 889
- , inhibitory activities on histamine release from rat peritoneal mast cells, 899
- Dimaprit**, depressor responses of cat heart, effect of SK&F93319, 427
- , inhibition of mitogen-induced lymphocyte activation, 293
- Dimethylphenylpiperazinium**, effect on intravesicular pressure and spontaneous activity of cat urinary bladder, 347
- , effect on release of somatostatin and substance P in guinea-pig small intestine during rest and peristalsis, 919
- 2,4'-Dinitrophenol**, effect on [<sup>3</sup>H]-choline uptake in foetal rat brain, 89
- Diphenhydramine**, antagonism of histamine-induced tracheal and bronchial muscle contraction, effect of maturation, 697
- Diphloretin phosphate**, effect on responses of human, monkey and dog coronary arteries to carbocyclic thromboxane A<sub>2</sub>, prostaglandin F<sub>2 $\alpha$</sub>  and prostacyclin, 399
- Dipyridamole**, effect on the actions of methylxanthines on ACh release from electrically-stimulated brain slices, 69
- , effect on the inhibitory action of adenosine and 5'-N-ethylcarboxamideadenosine in human lung fragments, 337
- Disease models**, animal, 433
- Diuresis**, spontaneous and after water loading, effect of systemic capsaicin treatment in rats, 935
- Diuretics**, effect on vasoconstriction induced by angiotensin II or NA in rats, 363
- Domperidone**, effect on dopamine-induced respiratory depression in rats, 909
- Dopamine**, effect on guinea-pig lung parenchymal strip, 161
- , effect on respiration in rats treated neonatally with capsaicin, 909
- , induction of dyskinesias, effect of dihomogamma-linolenic acid in the rodent, 733
- , inhibition of twitch response to parasympathetic stimulation in rabbit isolated rectococcygeus muscle, 871
- Dopamine receptors**, prejunctional, modulation of twitch responses to parasympathetic nerve stimulation in the rabbit isolated rectococcygeus muscle, 871
- Dopamine D<sub>2</sub>-receptors**, role in respiratory depression induced by dopamine in rats, 909
- , solubilization from synaptosomal membranes of the bovine caudate nucleus, 687
- Drug desensitization**, rat vas deferens and anococcygeus, 7
- Duodenum**, pig, effect of potassium on circular and longitudinal muscles, 187
- , rat isolated, evidence for the existence of two receptor sites for bradykinin, responsible for biphasic effects, 591
- Dynorphin**, effect on neuronal activity in rat brain, 763
- , release from the vascularly perfused small intestine of guinea-pig during peristalsis, 919
- Dyskinesias**, dopamine and tetralin-induced, effect of dihomogamma-linolenic acid in the rodent, 733

## E

- E. coli endotoxin**, *in vivo* and *in vitro* studies of interactions with human erythrocyte membranes, 15
- , induction of septic shock, 433
- EGTA**, blockade of photodynamic effects of erythrosine on the smooth muscle cells of guinea-pig taenia coli, 55
- Eicosanoids**, effect of synthesis on kinin action on chloride secretion inessential in fatty acid-deficient rat epithelia, 549
- 5, 8, 11, 14-Eicosatetraynoic acid**, effect on B-HT 920-induced contractions and increase in cyclic GMP levels in the presence and absence of endothelium, 903
- Electrical stimulation**, effect of normorphine or clonidine on responses of guinea-pig ileum, 326
- , induction of contractions in cat tracheal smooth muscle, role of stored calcium, 667
- , induction of contractions in oesophageal muscularis mucosae, effect of noradrenaline, 329
- , of rabbit hypothalamus, analysis of purinergic component of active muscle vasodilatation, 577

- Electroconvulsive shock**, effect on 5HT-mediated head twitch and 5-HT ligand receptor binding in mice, 235
- Eledoisin**, induction of smooth muscle contraction, effect of substance P antagonists in guinea-pig taenia coli, 449
- Endothelial cells**, role of insulin in vascular reactivity in diabetes melitus, 635
- Endothelium**, mediation of inhibition of contraction and increase in cyclic GMP levels evoked by B-HT 920 in rat isolated aorta, 903
- Endotoxin shock**, canine model, 433
- , effect of volume expansion on cardiovascular response to naloxone in canine model, 443
- Enkephalin**, Met-, induction of hypotension and bradycardia in rabbits, effect of phentolamine, 783
- Enkephalin analogues**, assessment of selectivity for binding at  $\delta$ -binding site, 271
- Enteric neurones**, mammalian, effect of quinine on calcium-activated potassium conductance, 3
- Erythrocyte membranes**, human, effect of membrane-active agents on *E. coli* endotoxin binding, 15
- Erythrosine**, photodynamic effects on smooth muscle cells of guinea-pig taenia coli, 555
- Ethanol**, effect on time course of decay of miniature endplate currents at frog neuromuscular junction, 477
- 5'-N-ethylcarboxamide**, effect on morphine antinociception in rats, 883
- N-ethylcarboxamideadenosine**, antagonist of the inhibitory effect of caffeine on electrically-stimulated brain slices, 69
- Ethylenediamine**, action in the isolated ileum of the guinea-pig by release of endogenous GABA, 169
- Ethylketocyclazocine**, effect on responses of rat and cat spinal neurones, effects of benzomorphans, 179
- Evoked muscle response**, induced by catechol, characteristic of long-latency component, 83
- Excitation-contraction coupling**, effects of tetraethylammonium and procaine in cat tracheal muscle, 667
- Excitatory amino acids**, responses of rat and cat spinal neurones, effect of benzomorphans, 179
- Excitatory junction currents**, glutamate-activated, aliphatic alcohol increased decay rate at crayfish neuromuscular junction, 393
- , production by glutamate at the crayfish neuromuscular junction, 387
- , biphasic, production by field stimulation in rat anococcygeus muscle, 751
- , effect of external calcium concentrations on amplitude in mouse vas deferens during narcotic withdrawal, 863
- Excitatory junction potential**, in relation to transmitter release in rabbit mesenteric arteries after treatment with  $\alpha$ -adrenoceptor antagonists, 537
- Excitatory junction potential amplitude**, effect of external calcium concentrations in narcotic tolerant mouse vas deferens, 853

## F

- Fast excitatory post synaptic currents**, alteration by barium in voltage-clamped amphibian sympathetic ganglion cells, 31
- Fasting**, effect on 5-HT metabolism in brain regions of rats, 357

- Fatty acids**, effect of deficiency on actions of bradykinin on rat colonic epithelia, 549
- Fendiline**, effect on calcium-induced contractions in guinea-pig taenia preparations, actions of salicylate, 211
- Field stimulation**, effects on rat anococcygeus muscle, 751
- FG 7142**, acute and chronic effects in mice, 951
- Flunarizine**, effect on calcium-induced contractions in guinea-pig taenia preparations, action of salicylate, 211
- , effects on coronary artery occlusion-induced arrhythmias in anaesthetized rats, 299
- cis  $\alpha$ -Flupenthixol**, effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Fluphenazine**, effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Flurazepam**, effect on responses of rat superior cervical ganglion to GABA, 57
- Foetal localization**, of dexamethasone in rats, effect of malnutrition, 131
- , of dexamethasone in rats, effect of streptozotocin-diabetes, 139
- Food deprivation**, effect on 5-HT turnover in rat brain, 357
- Forskolin**, induction of relaxation of normal and ovalbumin-sensitized guinea-pig airways, 645
- Frontal cortex**, mouse, effect of anti-depressant drugs or electroconvulsive shock on 5-HT ligand-receptor binding, 235
- Frusemide**, effect on mesenteric blood flow and blood pressure in rat, 363

## G

- Gallamine**, effect on responses to ACh and carbachol in taenia of guinea-pig caecum, 145
- , potentiation of vagally mediated bronchospasm in guinea-pig, 973
- Gallopamil**, effect on responses to ACh and carbachol in taenia of guinea-pig caecum, 145
- Gastric acid**, effect of SCH 32651 on secretion in guinea-pig fundic mucosa, 75
- Gastrin** effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
- Genetic heterogeneity**, histamine  $H_2$ -receptors in mouse vas deferens, 723
- Gentamicin**, induction of pinocytosis in *Amoeba proteus*, 615
- Glaucoma**, possible use of ICI 118,551 for treatment, 821
- Glucagon**, effect of adenosine, ATP and structural analogues on secretion from the perfused pancreas of rat *in vitro*, 927
- Glutamate**, activation of currents at the crayfish neuromuscular junction, effect of aliphatic alcohols, 393
- , synaptic responses at crayfish neuromuscular junction, effect of some depressant drugs, 387
- L-Glutamate**, induction of depolarizations, effect of caroverine and diltiazem in frog spinal cord, 813
- Glycerol**, induction of acute renal failure, pharmacokinetics and biliary excretion of bromosulphophthalein, ouabain and taurocholic acid in rats, 773
- Gram-negative endotoxaemia**, use of (+)-propranolol in therapy, 15
- Guanethidine**, effect on actions of nicotine and dimethylphenylpiperazinium in cat urinary bladder, 347
- , effect on gallamine potentiation of vagally-mediated bronchoconstriction, 973

- , effect on transmitter release in the absence of stimulation of rabbit mesenteric artery, 537
- Guanosine 3',5'-monophosphate**, cyclic, inhibition of increased level in rat isolated aorta evoked by B-HT 920, 903

## H

- Haloperidol**, effect on actions of carbamazepine injected into rat periaqueductal gray, 493
- , effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Head-twitch**, 5-HT-mediated, effect of antidepressant drugs or electroconvulsive shocks in mice, 235
- Heart**, cat, effects of SK&F93319 at histamine  $H_1$ - and  $H_2$ -receptors, 427
- , rabbit, ability of ICI 118, 551 or timolol to block activation of isoprenaline-stimulated adenylate cyclase activity, 821
- , rabbit, electrophysiological effects of  $\alpha$ -adrenoceptor antagonists, 419
- , rat, effect of calcium antagonists in anaesthetized rats, 299
- , rat, effect of sulphinpyrazone in ischaemia and reperfusion, 221
- Heart rate**, effect of RX 781094 on responses to clonidine in rats, 657
- , effect on action of prenalterol on regional myocardial blood flow and function during coronary stenosis in dogs, 203
- Helium**, high pressure on effect of octanol on the affinity of [ $^3H$ ]-acetylcholine for its receptor in *Torpedo*, 305
- Hemicholinium**, effect on actions of nicotine and dimethylphenylpiperazinium in cat urinary bladder, 347
- , effect on [ $^3H$ ]-choline in foetal rat brain, 89
- Heparin**, effect of addition to platelet-rich plasma on the action of platelet-activating factor, 625
- Hexamethonium**, effect on ACh-induced electrical noise in guinea-pig trachealis, 227
- , effect on spontaneous activity in cat urinary bladder, 347
- Hexobendine**, effect on the inhibitory action of adenosine and 5'-N-ethylcarboxamideadenosine in human lung fragments, 337
- High performance liquid chromatography**, measurement of release of dopamine and dihydroxyphenylacetic acid from rat isolated striatum, 741
- Hippocampus**, rat, microiontophoretic study of action of opiate receptor agonists, 763
- Histamine**, ability of substance P antagonists to induce release in guinea-pig isolated taenia coli, 449
- , effect of calcium antagonists on secretion from rat peritoneal mast cells, 899
- , effect of SCH 32651 on secretory responses of guinea-pig isolated fundic mucosa, 75
- , effect on constrictor responses of rat microvessels to noradrenaline, 635
- , effect on mitogen-induced lymphocyte activation, 293
- , effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
- , induction of bronchoconstriction in guinea-pig, effect of gallamine, 973

- , induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- , induction of tracheal and bronchial muscle contraction in guinea-pig, effect of maturation on diphenhydramine antagonism, 697
- , inhibition of release in human lung fragments, characterization of responsible adenosine receptor, 337
- , responses of rabbit blood vessels, effect of neuropeptide Y, 519
- , spasmogenic action in guinea-pig isolated trachea, 227
- Histamine receptor antagonists**, effect on muscle vasodilatation obtained by electrical stimulation of rabbit hypothalamus, 577
- Histamine receptors**, cardiovascular studies on the effects of SK&F93319 in cats, 427
- Histamine  $H_2$ -receptors**, genetic heterogeneity in mouse vas deferens, 723
- Hybrid cells**, benzodiazepine modulation of  $A_2$  adenosine binding sites, 791
- Hydrostatic pressure**, modification of the action of octanol and atropine in frog endplate conductance, 477
- n-(3-Hydroxybenzyl)-N-methyl hydrazine** *see* NSD 1034
- 5-Hydroxyindoleacetic acid**, effect of fasting on concentrations in regions of rat brain, 357
- 5-Hydroxytryptamine**, effect on fasting on metabolism in brain regions of rats, 357
- , effect of MDL 72222 and ketanserin on responses of cat carotid body chemoreceptors, 259
- , induction of contractions in dog basilar arteries, effect of papaverine or isoprenaline, 113
- , induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- , responses of rabbit blood vessels, effect of neuropeptide Y, 519
- 5-Hydroxytryptamine<sub>2</sub> receptor**, effect of antidepressant drugs or electroconvulsive shock on [ $^3H$ ]-spiperone binding in mice, 235
- Hyperpolarization**, induction in pig duodenal circular muscles, 187
- Hypotension**, induction by Met-enkephalin in anaesthetized rabbits, 783
- , methacholine-induced, effect of betamethasone, 607
- Hyoscine**, modal volume in relation to potency, 807
- Hypoxia**, respiratory responses in capsaicin treated rats, 909

## I

- Ibuprofen**, protection against sudden death induced by platelet activating factor in rabbits, 125
- ICI 118,551**, selective  $\beta_2$ -adrenoceptor with minimal side effects, 821
- Idazoxan** *see* RX 781094
- Ileum**, guinea-pig, effect of pertussis toxin on normorphine-dependence and on acute inhibitory effects of normorphine and clonidine, 326
- , guinea-pig, selectivity of opioid peptide analogues as agonists and antagonists at the  $\delta$ -receptor, 271
- , guinea-pig isolated, release of endogenous GABA by ethylenediamine, 169
- Imipramine**, effect on transmitter overflow induced by nerve stimulation in rabbit mesenteric artery, 537

**Immunological sensitization**, effect on bronchodilator receptors and adenylate cyclase system of guinea-pig lungs, 645

**Impromidine**, depressor responses of cat heart, effect of SK&F93319, 427

**Indomethacin**, affinity for supplementary binding site on soybean lipoxygenase, 959

—, effect on actions of bronchodilators in normal and ovalbumin-sensitized guinea-pig airways, 645

—, effect on actions of (–)-N<sup>6</sup>-phenylisopropyl adenosine on guinea-pig trachea, 23

—, effect on responses of microvessels to bradykinin or histamine in rats, 635

—, inhibition of response to phentolamine and arachidonic acid in guinea-pig bladder detrusor muscle, 965

—, prevention of inhibitory effect of frusemide on response of rat to angiotensin II or NA, 363

**Insulin**, action on effects of diabetes on binding of dexamethasone to maternal or foetal serum proteins, 139

—, effect on capacity of mesenteric microvessels to respond to histamine or bradykinin, 635

**Intraluminal pressure**, effect of increase on neurotransmitter release from vascularly perfused small intestine of guinea-pig during peristalsis, 919

**Intraocular pressure**, dose-dependent effects of ICI 118, 551 or timolol in rabbits, 821

**Iodoacetate**, effect on [<sup>3</sup>H]-choline uptake in foetal rat brain, 89

**Ionophore 23187**, induction of histamine release from rat peritoneal mast cells, effect of calcium antagonists, 899

**Ipratropium bromide**, effect on cholinergic bronchoconstriction in rats, modification by betamethasone, 607

**Iprindole**, potentiation of action of adenosine on cerebral neurones in rats, 567

**Ischaemic arrhythmias**, antiarrhythmic actions of verapamil in the rat, 373

**Ischaemic heart**, rat, effect of nisoldipine on ATP catabolism, 943

**Isoguvacine**, effect on potency of GABA in guinea-pig isolated olfactory cortex slices, 195

**Isoprenaline**, effect on contraction-relaxation cycle in the cat trachea, 677

—, effect on cyclic AMP production in dog basilar artery, 113

—, effect on potassium permeability and cyclic AMP levels in guinea-pig hepatocytes, 281

—, effect on spontaneous activity of cat urinary bladder, effect of  $\beta$ -adrenoceptor blocking drugs, 347

—, effect on stimulation-evoked [<sup>3</sup>H]-noradrenaline release in rat atria, 841

—, induction of relaxation of normal and ovalbumin-sensitized guinea-pig airways, 645

## K

**Kanamycin**, induction of pinocytosis in *Amoeba proteus*, 615

**Ketamine**, effect on excitations evoked in rat and cat spinal neurones by amino acids and acetylcholine, 179

**Ketanserin**, effect on responses of cat carotid body chemoreceptors to 5-HT, 259

**Kidney**, rat, glycerol-induced failure, pharmacokinetics and biliary excretion of bromosulphophthalein, ouabain and taurocholic acid, 773

**Kindling**, FG 7142-induced in mice, 951

## L

**Labetalol**, electrophysiological effects in rabbit sino-atrial node, cardiac Purkinje cells and papillary muscles, 419

**Leukotriene B<sub>4</sub>**, presence in scale of psoriatic skin lesions, 313

**Leukotriene D<sub>4</sub>**, lack of effect on calcium-uptake in airway smooth muscle, 499

**Lipopolysaccharide**, stimulation of macrophages, differential effects of prostaglandin E<sub>2</sub> and cyclic AMP on release of arachidonic acid metabolites, 759

**Lipoxygenase inhibitors**, interactions with supplementary binding site on soybean lipoxygenase, 959

**Liver**, rat, changes in uptake of bromosulphophthalein, ouabain and taurocholic acid after glycerol-induced renal failure, 773

**Locomotor activity**, nicotine-induced, effect of chlorisondamine in rats, 527

**Lung**, guinea-pig, location of muscarinic inhibitory receptors in parasympathetic nerves, 973

—, human, effect of U-60,257 on release of prostaglandin D<sub>2</sub> and thromboxane B<sub>2</sub> after ionophore challenge, 603

—, rabbit, inhibition of isoprenaline-sensitive adenylate cyclase by ICI 118,551, 821

**Lung fragments**, human, characterization of adenosine receptor responsible for inhibition of release of histamine and slow reacting substance of anaphylaxis, 337

**Lung parenchymal strip**, guinea-pig, effect of dopamine, 161

**Lymphocytes**, inhibition of mitogen-induced activation by lysosomotropic agents, 293

**Lysosomotropic agents**, inhibition of mitogen-induced lymphocyte activation, 293

## M

**Macrophages**, resting and lipopolysaccharide-stimulated, differential effects of prostaglandin E<sub>2</sub> and cyclic AMP on release of arachidonic acid metabolites, 759

**Malnutrition**, influence on pharmacokinetics, placental transfer and tissue localization of dexamethasone in rats, 131

**Maturation**, effect on diphenhydramine antagonism of histamine-induced tracheal and bronchial muscle contraction in guinea-pig, 697

**MDL 72222**, effect on responses of cat carotid body chemoreceptors to 5-HT, 259

**Medroxalol**, electrophysiological effects in rabbit sino-atrial node, cardiac Purkinje cells and papillary muscles, 419

**Membrane activity**, effect of nisoldipine in rabbit coronary artery, 243

**Membrane depolarization**, role in efflux of <sup>86</sup>rubidium from rat and mouse pancreatic islets, 831

**Membrane potentials**, effect of papaverine or isoprenaline in dog basilar artery, 113

**Membrane resistance**, effect of papaverine or isoprenaline in dog basilar artery, 113

**Membrane responses**, to field stimulation, ATP and NA in rat anococcygeus muscle, 751

- Membranes**, effect of alcohols on polarizability or fluidity at crayfish neuromuscular junction, 393
- Mepacrine**, effect on actions of (–)-N<sup>6</sup>-phenylisopropyl adenosine on guinea-pig trachea, 23
- , effect on responses of rat micro-vessels to bradykinin or histamine, 635
- Meptazinol**, effect on reflex-milk ejection responses in anaesthetized rats, 799
- 3-Mercaptopropionic acid**, effect on release of endogenous GABA in guinea-pig isolated ileum, 169
- Mesaconitine**, effect on the actions of potassium on circular and longitudinal muscles of pig duodenum, 187
- Mesenteric artery**, rat, interactions of  $\alpha$ -adrenoceptor with (±)-1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine, 511
- Methacholine**, effect of SCH 32651 on secretory responses of guinea-pig isolated fundic mucosa, 75
- , induction of bronchoconstriction in rats, modification by betamethasone of the effects of bronchodilator drugs, 607
- Methoxamine**, effect on action of  $\alpha_1$ -adrenoceptor antagonists in rat vas deferens and anococcygeus preparations, 7
- Methoxyverapamil**, effect on excitation-secretion coupling and presynaptic  $\beta$ -adrenoceptor responses in rat atria, 841
- , effect on responses to  $\alpha$ -adrenoceptor agonists in vascular tissues from hypertensive and normotensive rats, 103
- N-methyl-aspartate**, responses of cat and rat spinal neurones, effect of benzomorphans, 179
- Methylamine**, inhibition of mitogen-induced lymphocyte activation, 293
- $\alpha$ ,  $\beta$ -Methylene adenosine triphosphate, effects on glucagon secretion from rat perfused pancreas *in vitro*, 927
- Methylene blue**, effect on B-HT 920-induced contractions and on cyclic GMP levels in rat aorta, in the presence of endothelium, 903
- Methylxanthines**, biphasic effects on ACh release from electrically-stimulated rat brain slices, 69
- , effect on contraction of guinea-pig trachea by (–)-N<sup>6</sup>-phenylisopropyl adenosine, 23
- , enhancement of tetrodotoxin-induced axonal blockade in frog sciatic nerve, 485
- Mianserin**, effect on head-twitch and numbers of 5-HT<sub>2</sub> binding sites in mouse frontal cortex, 235
- Microiontophoresis**, study of opiate receptor agonists in rat brain, 763
- Micturition reflex**, effect of systemic capsaicin treatment in the rat, 935
- Miniature endplate currents**, effects of octanol, ethanol and atropine at frog neuromuscular junction at normal and high pressure, 477
- Monoamine oxidase inhibition**, effect on release of endogenous dopamine from rat isolated striatum, 741
- Morphine**, effect on reflex-milk ejection responses in anaesthetized rats, 799
- , induction of antinociceptive effects, effects of adenosine derivatives in rats, 883
- Morphine tolerance**, role of external calcium concentrations on neurotransmitter secretion during development in mouse vas deferens, 853
- Morphine withdrawal**, dependence of excitatory junction potential amplitude on external calcium concentration in mouse vas deferens, 863
- Motor activity**, effect of nicotine self-administration in rats, 49
- Mouse strain**, effect on the ability of histamine to inhibit twitch response of isolated vas deferens, 723
- Muscarinic receptor antagonists**, effect on probability of occurrence of long latency component of evoked muscle responses to catechol, 83
- Muscarinic receptors**, affinity of atropine and hyoscine, 807
- , in parasympathetic nerves in the guinea-pig lung, 973
- , levels in cultures of foetal rat whole brain in serum-containing and serum-free media, 89
- , *see also* **Acetylcholine receptors**
- Muscimol**, effect on potency of GABA in guinea-pig isolated olfactory cortex slices, 195
- Muscles**, skinned and intact, nisoldipine-induced relaxation in rabbit coronary arteries, 243
- Mydriasis**, guanoxabenz-induced, effect of RX 781094 analogues in the rat, 707
- Myocardial ischaemia**, effects of prenalterol in dogs, 203

## N

- Naloxone**, antagonism of effects of opiate receptor agonists on neuronal activity in rat brain, 763
- , cardiovascular response in canine model of endotoxin shock, effect of intravascular volume expansion, 443
- , effect on antinociceptive actions of neurotensin, its analogues and its fragments, 43
- , lack of effect on GABA-induced responses in rat brain, 763
- Naloxone hydrochloride**, antagonism of Met-enkephalin-induced bradycardia and hypotension, 783
- Neomycin**, induction of pinocytosis in *Amoeba proteus*, 615
- Nephrectomy**, prevention of inhibitory effect of frusemide on responses of rat to angiotensin II or NA, 363
- Netilmicin**, induction of pinocytosis in *Amoeba proteus*, 615
- Neuromuscular junction**, crayfish, effect of aliphatic alcohols on the decay rate of glutamate-activated currents, 393
- , crayfish, effects of some depressant drugs on synaptic responses to glutamate, 387
- , development of tolerance to morphine in mouse vas deferens, 853
- , effect of morphine withdrawal after chronic treatment in mice, 863
- , frog, modification of action of atropine or octanol by hydrostatic pressure, 477
- Neuropeptide Y**, potentiation of vasoconstrictor agents on rabbit blood vessels, 519
- Neurotensin**, fragments and analogues, structure-antinociceptive activity studies in conscious mouse, 43
- Neurotransmitter release**, dependence on calcium concentration in adrenergic terminals of mice withdrawn from chronic morphine treatment, 863
- , from vascularly perfused small intestine of guinea-pig during peristalsis, 919
- Nicotine**, effect on locomotor activity in rats, blockade by chlorisondamine, 527
- , effect on spontaneous contractions of cat urinary bladder *in situ*, 347
- , self administration in rats, 49
- Nictitating membrane**, cat, interactions of (±)-1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine, 511

—, cat, potentiation by  $\alpha_2$ -adrenoceptor agonists of responses mediated by  $\alpha_1$ -adrenoceptors, 463

**Nifedipine**, effect on calcium-induced contractions of guinea-pig taenia preparations, actions of salicylate, 211

—, effect on excitation-secretion coupling and presynaptic  $\beta$ -adrenoceptor responses in rat atria, 841

—, effect on responses to ACh and carbachol in taenia of guinea-pig caecum, 145

—, inhibition of responses to phentolamine, prostaglandin  $F_{2\alpha}$ , arachidonic acid and potassium in guinea-pig bladder detrusor muscle, 965

—, inhibitory activities on histamine release from rat peritoneal mast cells, 899

**Nippecotic acid**, effect on potency of GABA in guinea-pig isolated olfactory cortex slices, 195

**Nisoldipine**, induction of relaxation in intact and skinned smooth muscles of rabbit coronary arteries, 243

—, prevents breakdown of ATP in rat ischaemic heart, 943

**Nitroglycerine**, effect on contractions in coronary artery strips pre-contracted with carbocyclic thromboxane  $A_2$ , 399

**Non-adrenergic, non-cholinergic inhibitory nerve stimulation**, antagonism in guinea-pig isolated trachea preparations by adenosine deaminase, 323

**Non-steroidal anti-inflammatory drugs**, effect on the action of lipoxygenase inhibitors on soybean lipoxygenase activity, 959

**Noradrenaline**, effect of  $\alpha$ -adrenoceptor antagonists on release from rabbit mesenteric activity in relation to electrical activity, 537

—, effect of iontophoretic application to rat anococcygeus muscle, 751

—, effect on mesenteric blood flow in rats, 363

—, effect on oesophageal muscularis of cat, dog, American opossum, 329

—, effect on postsynaptic adrenoceptors in rat vas deferens, antagonism by raubasine stereoisomers, 505

—, effect on potassium permeability and cyclic AMP levels in guinea-pig hepatocytes, 281

—, inhibition of pressure-induced release of substance P in guinea-pig small intestine, 919

—, plasma concentrations, effect of RX 781094 on clonidine-induced changes in rats, 657

—, production of contractions in cat nictitating membrane, effect of WY 26392, 463

—, responses at postjunctional  $\alpha_2$ -adrenoceptors, antagonism by RX 781094 in rat anococcygeus muscle, 713

—, responses in rabbit blood vessels, effect of neuropeptide Y, 519

—, responses of rat vascular tissues, effect of calcium channel antagonists, 103

—, vasoconstrictor responses in rat isolated tail artery, effect of calcium ion concentrations and diltiazem, 889

—, vasopressor effect in anaesthetized rabbits, effect of Met-enkephalin, 783

[ $^3H$ ]-**noradrenaline**, stimulation-evoked release, effect of methoxyverapamil, nifedipine and dantrolene sodium in rat atria, 841

**Nordihydroguaiaretic acid**, effect on the actions of (–)- $N^6$ -phenylisopropyl adenosine on guinea-pig trachea, 23

**Nordimaprit**, inhibition of mitogen-induced lymphocyte activation, 293

**Normorphine**, effect of pertussis toxin on dependence in guinea-pig, 326

**Nortriptyline**, potentiation of action of adenosine on cerebral neurones in rats, 567

**Nucleotides**, inhibitory effect on release of histamine and slow reacting substance of anaphylaxis in human lung fragments, 337

## O

( $\pm$ )-**1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine**, lack of interaction with  $\alpha$ -adrenoceptors *in vivo* and *in vitro*, 511

**Octanol**, action on postsynaptic membranes from *Torpedo*, effect of pressure reversal, 305

—, effects on time course of decay of miniature endplate currents at frog neuromuscular junction, 477

**Oesophageal muscularis mucosae**, cat, dog and American opossum, pharmacological study, 329

**OKY-046**, protection against sudden death induced by platelet activating factor in rabbits, 125

**OKY-1581**, effect on prostanoind synthesis in incubations of fresh and acetylsalicylic acid-treated aortic rings with fresh blood, 409

**Olfactory cortex**, guinea-pig, effect of GABA and GABA agonists, 195

**Omeprazole**, effect on resting and stimulated acid secretion in guinea-pig isolated fundic mucosa, 75

**Opiate drugs**, comparison of analgesic effects with suppression of oxytocin release, 799

**Opiate receptor agonists**, microiontophoretic study of actions in rat brain, 763

**Opiate receptors**, actions of benzomorphans on responses of spinal neurones to aminoacids and ACh in cats and rats, 179

$\delta$ -**Opioid agonists**, selectivity, 271

$\delta$ -**Opioid antagonists**, selectivity, 271

**Opioid drugs**, effects in rat brain, microiontophoretic study, 763

**Oubain**, effect on actions of potassium on circular and longitudinal muscles of pig duodenum, 187

—, effect on [ $^3H$ ]-choline uptake in foetal rat brain, 89

—, effect on relaxation responses induced by bradykinin or potassium in rat isolated duodenum, 591

—, pharmacokinetics and biliary excretion in rats with glycerol-induced renal failure, 773

**Oxygen**, effect on magnitude of photodynamic contractions induced by erythrosine in smooth muscle of guinea-pig taenia coli, 555

**Oxytocin release**, suppression of release in relation to the analgesic effects of opiate drugs in lactating rats, 799

## P

**Paf-acether** *see* Platelet activating factor

**Pancreas**, perfused rat, effect of adenosine, ATP and analogues on glucagon secretion *in vitro*, 927

**Pancreatic islets**, rat and mouse, role of membrane depolarization in efflux of  $^{86}Rb$ idium, 831

- Papaverine**, effect on cyclic AMP production in dog basilar artery, 113
- Papillary muscles**, rabbit heart, electrophysiological effects of  $\alpha$ -adrenoceptor antagonists, 419
- Parasympathetic nerves**, location for muscarinic inhibitory receptors in guinea-pig lung, 973
- Pentazocine**, effect on reflex-milk ejection responses in anaesthetized rats, 799
- Pentobarbitone**, effect on responses of rat superior cervical ganglion to GABA *in vitro*, 57
- , effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
- Pentylentetrazol**, convulsant activities, effect of PK 11195 in mice, 471
- , effect on calcium-induced contractions in guinea-pig taenia preparations, action of salicylate, 211
- Periaqueductal gray**, site of action of carbamazepine as related to bradykinin-induced trigeminal pain, 493
- Peripheral systems**, rat, selectivity and potency of 2-alkyl analogues of the  $\alpha$ -adrenoceptor antagonist RX 781904, 713
- Peristalsis**, measurement of release of dynorphin, somatostatin and substance P from vascularly perfused small intestine of guinea-pigs, 919
- Peritoneal mast cells**, rat, inhibition of release of histamine by calcium antagonists, 899
- Pertussis toxin**, effect on normorphine dependence and acute inhibitory effects of normorphine and clonidine in guinea-pig isolated ileum, 326
- Pethidine**, effect on reflex-milk ejection responses in anaesthetized rats, 799
- Pharmacogenetics**, actions of histamine on twitch response of isolated mouse vas deferens, 723
- Phenidone**, affinity for catalytic and supplementary binding sites on soybean lipoxygenase, 959
- Phenobarbitone**, effect on probability of occurrence of long-latency component of evoked muscle responses to catechol, 83
- , effect on responses of rat superior cervical ganglion to GABA *in vitro*, 57
- , effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
- Phenoxybenzamine**, effect on transmitter release in rabbit mesenteric artery in relation to electrical activity, 537
- Phentolamine**, abolition of effects of noradrenaline on responses of oesophageal muscularis mucosae to electrical stimulation, 329
- , antagonism of effects of phenylephrine on systemic blood pressure, 347
- , effect on actions of carbamazepine injected into rat periaqueductal gray, 493
- , effect on actions of nicotine and dimethyl-phenylpiperazinium in cat urinary bladder, 347
- , effect on actions of potassium on circular and longitudinal muscles of pig duodenum, 187
- , effect on hypotensive effects of methionine enkephalin in anaesthetized rabbits, 783
- , effect on responses of guinea-pig lung parenchymal strip to dopamine, 161
- , effect on responses in cat and rat to ( $\pm$ )-1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine, 511
- , effect on transmitter release in rabbit mesenteric artery in relation to electrical activity, 537
- , effect on twitch inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- , induction of rhythmic contractions in bladder detrusor muscle of guinea-pig, 965
- Phenylbutazone**, affinity for supplementary binding site on soybean lipoxygenase, 959
- Phenylephrine**, effect on activity of cat urinary bladder and systemic blood pressure, 347
- , effect on rate of action of  $\alpha_1$ -adrenoceptor antagonists in rat vas deferens and anococcygeus preparations, 7
- , production of dose-related pressor responses and contraction of cat nictitating membrane, 463
- , responses of rat vascular tissues, effect of calcium channel antagonists, 103
- (-)-N<sup>6</sup>-phenylisopropyl adenosine, effect on guinea-pig trachea, 23
- , effect on morphine antinociception in rats, 883
- 8-Phenyltheophylline**, effect on inhibitory action of 2',5' dideoxyadenosine in human lung fragments, 337
- , effect on relaxation of guinea-pig trachea by (-)-N<sup>6</sup>-phenylisopropyl adenosine, 23
- Photodynamic contractions**, erythrosine-induced in smooth muscle cells of guinea-pig taenia coli, 555
- Physalaemin**, induction of smooth muscle contraction, effect of substance P antagonists in guinea-pig taenia coli, 449
- Physostigmine**, effect on action of ACh on cat systemic blood pressure, 347
- , effect on action of nicotine and dimethyl-phenylpiperazinium in cat urinary bladder, 347
- Picrotoxin**, effect on GABA<sub>A</sub>-receptor mediated contraction in guinea-pig ileum, 169
- , interaction of subconvulsant doses with PK 11195 in mice, 471
- Pilocarpine**, inhibition of vagally-mediated bronchoconstriction in guinea-pig, 973
- Pimozide**, effect on calcium-induced contractions in guinea-pig taenia preparations, action of salicylate, 211
- Pinocytosis**, induction and inhibition by aminoglycoside antibiotics in *Amoeba proteus*, 615
- Piroxicam**, effect on short circuit response to bradykinin in essential fatty acid-deficient rat epithelia, 549
- PK 11195**, pro- and anti-convulsant properties, 471
- Placental transfer**, of dexamethasone in rats, effect of malnutrition, 131
- , of dexamethasone in rats, effect of streptozotocin-diabetes, 139
- Plasma acid phosphatase**, measurement of *in vivo* endotoxin toxicity, 15
- Platelet activating factor**, induction of cyclo-oxygenase-independent platelet aggregation, 625
- , pathophysiological mechanisms of sudden death, 125
- Platelet aggregation**, cyclo-oxygenase-independent, triggering by platelet activating factor and adrenaline, 625
- Potassium**, action of agonists which increase permeability of liver cells in guinea-pigs, 281
- , effect of altered extracellular concentrations on efflux of <sup>86</sup>Rb<sup>+</sup> efflux from rat and mouse pancreatic islets, 831
- , effect of caroverine and diltiazem on efflux in frog spinal cord, 813
- , effect of pre-incubation on responses of rat isolated duodenum to bradykinin and potassium, 591
- , effect of quinine on calcium-activated conductance in

- mammalian enteric neurones, 3
- , effect on circular and longitudinal muscles of pig duodenum, 187
- Potassium**, induction of contractions in cat tracheal smooth muscles by high levels, role of stored calcium, 667
- , induction of contractions in dog basilar arteries, effect of papaverine or isoprenaline, 113
- , induction of contractions in skinned or intact muscles in rabbit coronary arteries, effect of nisoldipine, 243
- , induction of rhythmic contractions in guinea-pig bladder detrusor muscle, 965
- , responses of rabbit blood vessels, effect of neuropeptide Y, 519
- Potassium chloride**, calcium-dependent effect on dopamine release in rat striatum, 741
- , induction of contractions, effects of verapamil in guinea-pig, 499
- Potassium permeability**, correlation with transmembrane potential in rat and mouse pancreatic islets, 831
- Pranolinum**, effect on endotoxin binding to human erythrocyte membranes, 15
- Prazosin**, effect on slow excitatory junction potential and NA-induced depolarization in rat anococcygeus muscle, 751
- , effect on transmitter release in rabbit mesenteric artery in relation to electrical activity, 537
- , effect on vasoconstrictor responses to NA and sympathetic nerve stimulation in rat isolated tail artery, 889
- , electrophysiological effects in rabbit sino-atrial node, cardiac Purkinje cells and papillary muscles, 419
- [<sup>3</sup>H]-prazosin binding**, affinity of RX 781094 analogues in rat cerebral cortex, 707
- Prenalterol**, effects on regional myocardial blood flow and function during coronary stenosis in fogs, 203
- Prenylamine**, effects on coronary artery occlusion-induced arrhythmias in anaesthetized rats, 299
- Pressure reversal**, effect on action of octanol on postsynaptic membranes from *Torpedo*, 305
- Probenecid**, effect on changes in 5-HIAA accumulation in areas of rat brain induced by fasting, 357
- Procaine**, effect on membrane and mechanical properties of smooth muscle cells of the cat trachea, 667
- , effect on synaptic responses to glutamate at the crayfish neuromuscular junction, 387
- Propranolol**, abolition of effects of noradrenaline on responses of oesophageal muscularis mucosae to electrical stimulation, 329
- , effect on actions of carbamazepine injected into rat periaqueductal gray, 493
- , effect on actions of catecholamines on spontaneous activity of cat urinary bladder, 347
- , effect on actions of nicotine and dimethyl-phenylpiperazinium in cat urinary bladder, 347
- , effect on endotoxin binding to human erythrocyte membranes, 15
- , effect on gallamine potentiation of vagally-mediated bronchoconstriction, 973
- , effect on responses of guinea-pig lung parenchymal strip to dopamine, 161
- (-)-**Propranolol**, blockade of isoprenaline facilitation of stimulation-evoked [<sup>3</sup>H]-noradrenaline release in rat atria, 841
- Prostacyclin**, effect of coagulation cascade on synthesis in aortic rings in human blood, 409
- , effect on coronary arteries of human, monkey and dog pre-contracted with prostacyclin or carbocyclic thromboxane A<sub>2</sub>, 399
- , inhibition of prostaglandin-induced diarrhoea, 157
- , stimulation of release by ATP on porcine pulmonary vasculature, mediation by purinoceptors, 457
- Prostaglandin D<sub>2</sub>**, effect of U-60,257 on release from ionophore challenged human dispersed lung cells, 603
- Prostaglandin E<sub>2</sub>**, effect of bradykinin on release in essential fatty acid-deficient rat epithelia, 549
- , E<sub>2</sub>, effects on release of arachidonic acid metabolites from resting and lipopolysaccharide-stimulated macrophages, 759
- , induction of relaxation of normal and ovalbumin-sensitized guinea-pig airways, 645
- Prostaglandin F<sub>1α</sub>**, 6-keto-, effect of bradykinin on release in essential fatty acid-deficient rat epithelia, 549
- , 6-keto, increased plasma concentrations in sudden death induced by platelet activating factor, 125
- Prostaglandin F<sub>2</sub>**, induction of rhythmic contractions in guinea-pig bladder detrusor muscles, 965
- , responses of human, monkey and dog coronary arteries, 399
- , responses of rabbit blood vessels, effect of neuropeptide Y, 519
- Prostaglandin I<sub>1</sub>**, 6,9-deepoxy-6,9- (phenylimino)-Δ<sup>6,8</sup>-, see U-60, 257
- Prostaglandin function**, role in antidyskinetic action of dihomo-γ-linolenic acid in rodents, 733
- Prostaglandins**, effects of frusemide on synthesis in rat kidney, 363
- , induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- , modulation of effects of (–) N<sup>6</sup>-phenylisopropyl adenosine on guinea-pig trachea, 23
- Prostanoids**, synthesis by aortic rings in human blood, 409
- Protein-calorie malnutrition**, influence on pharmacokinetics, placental transfer and tissue localization of dexamethasone in rats, 131
- Protein kinase**, cyclic AMP-dependent, effect on calcium-evoked contraction of smooth muscle of cat trachea, 677
- Psoriasis**, presence of leukotriene B<sub>4</sub>-like material in scale of skin lesions, 313
- Pulmonary thrombosis**, mechanisms of protection, 125
- Pulmonary vasculature**, pig, purinoceptor mediated stimulation of prostacyclin release, 457
- Purine nucleosides**, reduction of efflux of, from rat ischaemic heart by nisoldipine, 943
- Purinergic nerves**, release of ATP mediates muscle vasodilation produced by hypothalamic stimulation, 577
- Purines**, involvement in mediation of nicotine-induced increase in intravesicular pressure in cat urinary bladder, 347
- , production of by rat ischaemic heart, suppressed by nisoldipine, 943
- Purinoceptors**, mediation of stimulation of prostacyclin release in porcine pulmonary vasculature, 457
- P<sub>1</sub>-purinoceptors**, location on the pancreatic glucagon secretory cells, 927
- Purkinje cells**, rabbit heart, electrophysiological effects of α-adrenoceptor antagonists, 419
- (E)-3-[4-(3-pyridylmethyl) phenyl]-2-methacrylate see OKY-1581

## Q

- Quinidine**, actions against ischaemic arrhythmias in the rat, 373  
 —, effect on action of ATP on systemic blood pressure and intravesicular pressure in cats, 347  
**Quinine**, effect on calcium-activated potassium conductance in mammalian enteric neurones, 3  
 —, effect on changes in  $^{86}\text{Rb}$  efflux from pancreatic islets induced by alteration in extracellular potassium concentrations in rat and mouse, 831  
 $[^3\text{H}]$ -**quinuclidinyl benzilate**, measurement of binding in cultures of foetal rat whole brain, effect of serum-containing and serum-free media, 89

## R

- Raubasine**, effects on pre- and postsynaptic  $\alpha$ -adrenoceptors in rat vas deferens, 505  
**Rectococcygeus muscle**, rabbit isolated, dopamine inhibition of twitch responses to parasympathetic nerve stimulation, 871  
**Reflex milk-ejection responses**, effect of opiate drugs in rats, 799  
**Regional myocardial blood flow**, influence of heart rate on the effects of prenalterol during coronary stenosis in dogs, 203  
**Reinforcement**, nicotine-induced in rats, 49  
**Relaxation**, bronchodilator induced in normal and ovalbumin-sensitized guinea-pig airways, effect of indomethacin, 645  
 —, induction in pig duodenal circular muscles, 187  
**Reserpine**, effect on responses of guinea-pig lung parenchymal strip to dopamine, 161  
**Respiration**, effects of neonatally administered capsaicin in rats, 909  
**Ro 5-3663**, convulsant activities, effect of PK 11195 in mice, 471  
**Ro 5-4864**, induction of convulsions, effect of PK 11195 in mice, 471  
**Ro 15-1788**, effect on responses of rat superior cervical ganglion to GABA *in vitro*, 57  
 —, prevention of FG 7142-induced kindling in mice, 951  
**Rocha e Silva, M.**, obituary, 321  
**RX 781094**, effect on cardiovascular parameters and changes in plasma catecholamine levels induced by clonidine in rats, 657  
 —, effect on vasoconstrictor responses to NA and sympathetic nerve stimulation in rat isolated tail artery, 889  
 —, weak partial  $\alpha_1$ -adrenoceptor agonist properties, effect of RX781094 analogues in rat peripheral systems, 713  
**RX781094 analogues**, assessment of antagonist potency and selectivity at central  $\alpha_2$ -adrenoceptors in rats, 707  
 —, selectivity and antagonist potency in peripheral systems in rat, 713  
 $[^3\text{H}]$ -**RX 781094 binding**, affinity of RX781094 analogues in rat cerebral cortex, 707

## S

- Salicylate**, differentiation between sub-groups of calcium antagonists, 211

- Saline**, effect of intravenous infusion on inhibitory effects of frusemide on responses of rat to angiotensin II and NA, 363  
**SCH 32651**, effects on acid secretion in guinea-pig isolated fundic mucosa, 75  
**Sciatic nerve**, frog, enhancement of tetrodotoxin-induced axonal blockade by adenosine, its analogues, dibutyryl cyclic AMP and methylxanthines, 485  
**Segmental function**, effect of prenalterol during coronary stenosis in dogs, 203  
**Septic shock**, animal model, 433  
 —, effect of volume expansion on cardiovascular response to naloxone in canine model, 443  
**Serum factor**, mediation of selective increase of prostacyclin by aortic rings in human blood, 409  
**Short circuit current**, effect of bradykinin in essential fatty acid deficient rat epithelia, 549  
**Seizure thresholds**, to pentylene-tetrazol, effects of FG 7142 in mice, 951  
**Sino-atrial node**, rabbit, electrophysiological effects of  $\alpha$ -adrenoceptor antagonists, 419  
**SK&F93319**, effect at  $\text{H}_1$ - and  $\text{H}_2$ -receptors in cat heart, 427  
**SKF 10,047**, effect on excitations evoked in rat and cat spinal neurones by amino acids and acetylcholine, 179  
**Skin**, human, presence of leukotriene  $\text{B}_4$ -like material in scale from psoriasis patients, 313  
**Skinned muscles**, effects of isoprenaline on contractile properties of smooth muscle cells, 677  
 —, nisoldipine-induced relaxation in rabbit coronary arteries, 243  
**Slow reacting substance of anaphylaxis**, inhibition of release in human lung fragments, characterization of responsible adenosine receptor, 337  
**Small intestine**, guinea-pig, release of dynorphin, somatostatin and substance P during peristalsis, 919  
**Smooth muscle**, effect of erythrosine in guinea-pig taenia coli, 555  
**Smooth muscle cells**, effect of isoprenaline on contraction-relaxation cycle in cat trachea, 677  
 —, role of stored calcium in contractions of cat trachea produced by electrical stimulation, ACh and high potassium, 667  
**Smooth muscle contractions**, effect of substance P antagonists, 449  
**Sodium**, effect of reduced external concentrations on potency of GABA in guinea-pig isolated olfactory cortex slices, 195  
**Sodium**, effect on aminoglycoside-induced pinocytosis in *Amoeba proteus*, 615  
**Sodium cyanide**, respiratory responses in capsaicin-treated rats, 909  
**Solubilization**, of dopamine- $\text{D}_2$  receptors from synaptosomal membranes from bovine caudate nucleus, 687  
**Somatostatin**, release from the vascularly perfused small intestine of guinea-pig during peristalsis, 919  
**Soybean lipoxygenase**, interactions of a supplementary binding site with lipoxygenase inhibitors and cyclo-oxygenase inhibitors, 959  
**Spasmogenic activity**, of substance P antagonists in guinea-pig isolated taenia coli, 449  
**Spinal cord**, frog, effect of caroverine and diltiazem on synaptic responses, L-glutamate-induced depolarizations and potassium efflux, 813

- Spinal neurones**, rat and cat, effects of benzomorphans on responses to amino acids and ACh, 179
- Spino-bulbo spinal reflex**, role in long-latency component of catechol-induced muscle response, 83
- [<sup>3</sup>H]-spiperone**, effect of antidepressant drugs on binding to 5-HT<sub>2</sub> receptor in mouse frontal cortex, 235
- Stereotypy**, apomorphine-induced, effect of dihomono- $\gamma$ -linolenic acid in rats, 733
- Streptomycin**, induction of pinocytosis in *Amoeba proteus*, 615
- Streptozotocin-diabetes**, influence on the pharmacokinetics, placental transfer and tissue localization of dexamethasone in rats, 139
- Striatum**, rat isolated, effect of clorgyline and (-)-deprenyl on release of endogenous dopamine, 741
- Strychnine**, interaction of subconvulsant doses with PK 11195 in mice, 471
- Substance P**, effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
- , release from the vascularly perfused small intestine of guinea-pig during peristalsis, 919
- Substance P analogues**, biological evaluation, 449
- Sulphinpyrazone**, protective effect on ischaemic and reper-fused rat hearts, 221
- Sulpiride**, effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Superior cervical ganglion**, rat, effects of benzodiazepine agonists, inverse agonists and Ro 15-1788, 57
- Suxamethonium**, lack of effect on vagally mediated bronchospasm in guinea-pig, 973
- Sympathetic ganglion cells**, amphibian, alteration by barium of fast excitatory post synaptic currents, 31
- Sympathetic nerve stimulation**, vasoconstrictor responses in rat isolated tail artery, effect of calcium ion concentrations and of diltiazem, 889
- Synaptic activity**, effects of caroverine and diltiazem on frog spinal cord neurones, 813
- T**
- Taenia coli**, guinea-pig, photodynamic effects of erythrosine on smooth muscle cells, 555
- , guinea-pig isolated, effect of substance P analogues on contractile effects of substance P, 449
- Tail artery**, rat isolated, effects of reduced calcium ion concentration and of diltiazem on vasoconstrictor responses to NA and sympathetic nerve stimulation, 889
- Tail flick test**, assessment of analgesic effects of opiates in relation to the ability to suppress oxytocin release, 799
- , investigation of purinergic involvement in morphine antinociception, 883
- Taurocholic acid**, pharmacokinetics and biliary excretion in rats with glycerol-induced acute renal failure, 773
- Terbutaline**, effect on cholinergic broncho-constriction in rats, modification by betamethasone, 607
- Tetraethylammonium**, effect on calcium-activated potassium conductance in mammalian enteric neurones, 3
- , induction of action potentials, effect of papaverine or isoprenaline, 113
- Tetrahydroalstonine**, effects on pre- and postsynaptic  $\alpha$ -adrenoceptors in rat vas deferens, 505
- Tetralin**, induction of dyskinesias, effect of dihomono- $\gamma$ -linolenic acid in the rodent, 733
- Tetrodotoxin**, effect on ACh-induced electrical noise in guinea-pig trachealis, 227
- , effect on actions of potassium on circular and longitudinal muscles of pig duodenum, 187
- , effect on electrical membrane responses to field stimulation in rat anococcygeus muscle, 751
- , effect on substance P-evoked responses of oesophageal muscularis mucosae, 329
- , enhancement of axonal blockade in frog sciatic nerve, enhancement by adenosine, its analogues, dibutyryl cyclic AMP and methylxanthines, 485
- Theophylline**, effect on cholinergic bronchoconstriction in rats, modification by betamethasone, 607
- , effect on glucagon increase induced by adenosine, ATP and analogues in rat perfused pancreas *in vitro*, 927
- , effect on relaxation of guinea-pig trachea by (-)-N<sup>6</sup>-phenylisopropyl adenosine, 23
- 2-(2-Thiazolyl) ethylamine**, effect on tracheal tissues from mature and immature guinea-pig, 697
- Thioridazine**, effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871
- Thromboxane**, effect of prostaglandin E<sub>2</sub> on release in resting and lipopolysaccharide-stimulated macrophages, 759
- Thromboxane A<sub>2</sub>**, carbocyclic, responses of human, monkey and dog coronary arteries, 399
- , effect of coagulation cascade on synthesis in aortic rings in human blood, 409
- Thromboxane B<sub>2</sub>**, effect of U-60, 257 on release from ionophore challenged human dispersed lung cells, 603
- , plasma increases in sudden death induced by platelet activating factor, 125
- Thromboxane synthetase inhibitors**, protection against sudden death induced by platelet activating factor, 125
- Thymoxamine**, affinity constants on vas deferens and anococcygeus stimulated by phenylephrine and methoxamine, 7
- Thyrotropin releasing hormone**, effect on the antinociceptive actions of neurotensin, its analogues and its fragments, 43
- Timolol**, comparison of ocular and cardiac effects with ICI 118,551 in rabbits, 821
- TMB-8**, effect on 6-oxo-PGF<sub>1 $\alpha$</sub>  synthesis by aortic rings in Hanks solution, 409
- , inhibitory activities on histamine release from rat peritoneal mast cells, 899
- Tobramycin**, induction of pinocytosis in *Amoeba proteus*, 615
- Tolerance**, development to pro- and anti-convulsant actions of PK 11195 in mice, 471
- , to morphine, role of external calcium concentrations on neurotransmitter secretion during development in mouse vas deferens, 853
- Trachea**, cat, effect of isoprenaline on contraction-relaxation cycle in cat trachea, 677
- , cat, role of stored calcium in smooth muscle contractions evoked by electrical stimulation, ACh and high potassium concentrations, 667
- , guinea-pig, adenosine antagonism of inhibitory responses to adenosine and non-adrenergic, non-cholinergic inhibitory nerve stimulation, 323
- , guinea-pig, effect of maturation on diphenhydramine antagonism of histamine-induced muscle contraction, 697

- , guinea-pig, spasmogenic actions of ACh and histamine, 227
- , guinea-pig isolated, effect of (–)-N<sup>6</sup>-phenylisopropyl adenosine, 23
- Trigeminal pain**, bradykinin-induced, antinociceptive action of carbamazepine in rats, 493
- Triiodothyronine**, effect on development of markers for cholinergic neurones in re-aggregate cultures of foetal rat whole brain in serum-containing and serum-free media, 89
- (+)-**Tubocurarine**, lack of effect on vagally mediated bronchospasm in guinea-pig, 973

## U

- U-60,257**, effect on prostaglandin D<sub>2</sub> and thromboxane B<sub>2</sub> release from ionophore challenged human dispersed lung cells, 603
- UK 14304**, effect on responses mediated by  $\alpha_1$ -adrenoceptors in cat nictitating membrane, 463
- , peripheral responses, antagonism by RX 781094 analogues, 713
- Urinary bladder**, cat, effects of nicotine on spontaneous contractions, 347
- , rat, effect of capsaicin treatment on capacity, 935
- Urinary bladder-intravenous shunt**, effect on frusemide inhibition of responses of rat to angiotensin II and NA, 363

## V

- Vagal stimulation**, induction of bronchoconstriction in guinea-pig, effect of gallamine, 973
- Vas deferens**, mouse, dependence of excitatory junction potential amplitude on external calcium concentrations during development of tolerance to morphine, 853
- , mouse, dependence of excitatory junction potential amplitude on external calcium concentration during narcotic withdrawal, 863
- , mouse, genetic heterogeneity of histamine H<sub>2</sub>-receptors, 723
- , mouse, rabbit and rat, selectivity of opioid peptide agonists and antagonists at the  $\delta$ -receptor, 271
- , rat, desensitization to  $\alpha_1$ -adrenoceptor antagonists and atropine, 7
- , rat, effects of raubasine stereoisomers on pre- and postsynaptic  $\alpha$ -adrenoceptors, 505
- Vascular reactivity**, diabetes mellitus, 635
- Vasoactive intestinal polypeptide**, effect on oesophageal muscularis mucosae of cat, dog and American opossum, 329
- , induction of relaxation of normal and ovalbumin-sensitized guinea-pig airways, 645
- Vasoconstriction**, agonist-induced in rabbit blood vessels, effect of neuropeptide Y, 519
- , induced by angiotensin II or NA, effects of frusemide in rats, 363
- , inhibition by frusemide in rats, 363
- Vasodilatation**, induced in muscle by electrical stimulation of rabbit hypothalamus, analysis of purinergic component, 577
- , nisoldipine-induced in intact and skinned muscles of rabbit coronary arteries, 243

- , nisoldipine-induced in rat heart, 943
- , papavarine-induced in dog basilar artery, 113
- Vasopressin**, induction of smooth muscle contraction, effect of substance P in guinea-pig taenia coli, 449
- Verapamil**, antiarrhythmic actions against arrhythmias in the rat, 373
- , effect on calcium-induced contractions of guinea-pig taenia preparations, action of salicylate, 211
- , effect on contractions in coronary artery strips pre-contracted with carbocyclic thromboxane A<sub>2</sub>, 399
- , effect on coronary artery occlusion-induced arrhythmias in anaesthetized rats, 299
- , effects on leukotriene D<sub>4</sub> and potassium chloride-induced contractions and on calcium-uptake in guinea-pig airway smooth muscle, 499
- , inhibitory activities on histamine release from rat peritoneal mast cells, 899
- Volume expansion**, effect on cardiovascular response to naloxone in canine model of endotoxin shock, 443

## W

- W-7**, effect on calcium-induced contractions in guinea-pig taenia preparations, action of salicylate, 211
- WB 4101**, effect on potentiation of potassium loss from guinea-pig hepatocytes by adrenoceptor agonists, 281
- [<sup>3</sup>H]-**WB 4101**, effectiveness of (±)-1-O-octadecyl-2-acetyl-glycerol-3-phosphorylcholine in displacement in rat mesenteric artery, 511
- Writhing response**, to acetylcholine, effect of chronic morphine treatment and withdrawal in mice, 863
- , to acetylcholine, effect of morphine in mice, 853
- WY 263492**, reversal of  $\alpha_2$ -adrenoceptor potentiation of responses of cat nictitating membrane mediated by  $\alpha_1$ -adrenoceptors, 463

## X

- Xanthines**, inhibitory effect on release of histamine and slow reacting substance of anaphylaxis in human lung fragments, 337

## Y

- Yohimbine**, action on the effects of noradrenaline on responses of oesophageal muscularis mucosae to electrical stimulation, 329
- , blockade of effects of adrenaline with or without platelet-activating factor in platelet aggregation, 625
- , effect on transmitter release in rabbit mesenteric artery in relation to electrical activity, 537
- , effect on twitch-inhibitory action of dopamine in rabbit isolated rectococcygeus muscle, 871

## Z

- Zimeldine**, effect on head-twitch and 5-HT<sub>2</sub> binding sites in mouse frontal cortex, 235
