THE NEWSWEEKLY OF RADIO AND TV

Radio's rarin' in Baltimore!

... and the BIG BARGAIN buy is still W-I-T-H

143,000 radio sets sold last year; only 48,000 TV sets!

W-I-T-H's audience is bigger now than ever! And the rates are just the same.

Last year more than 143,000 radio sets were added in the Baltimore area. Now—more than ever—you get a lot for a little from W-I-T-H.

Baltimore is a tight, compact market. W-I-T-H covers all you need with top Nielson—at rates that make it possible to get the frequency of impact that produces sales.

Get your Forjoe man to give you the whole story about W-I-T-H and the Baltimore market.

ATTACKS of Hearst radio-tv columnists on CBS news commentators appear to have put chill on prospect that CBS-TV will affiliate with Hearst should newspaper succeed in procuring contested ch. 6 assignment at Whitefish Bay, in Milwaukee market area. Latest attack against CBS Inc. President Frank Stanton in New York *Journal-American* understood to have capped climax, with prospect now that CBS affiliation either will remain with uhf (current affiliate is WCAN-TV) or go to recently-merged ch. 12 group [WTVW (TV)]. CBS Radio is affiliated with WISN Milwaukee, Hearst-owned.

PROJECT to increase power limit of Class IV (local) stations from present 250 w to 1000 w is gaining momentum as means of improving local station service throughout country. Among those supporting move for horizontal increase: Merrill Lindsay, WSOY Decatur, Ill.; Robert T. Mason, WMRN Marion, Ohio, and F. Ernest (Dutch) Lackey, WHOP Hopkinsville, Ky. Former FCC Comr. T. A. M. Craven, of Craven, Lohnes & Culver, has been retained as engineering consultant.

★ ★ ★

FOUR stations of Westinghouse Broadcasting Co. expected to join Quality Radio Group, cooperative nighttime tape project, probably at Sept. 2 organization meeting in Chicago. Stations are KDKA Pittsburgh (I-A); WBZ-WBZA Boston-Springfield (I-B); KYW Philadelphia (I-B), and KEX Portland, Ore. (I-B), all 50 kw. These additions would bring list up to 21 stations, but number of others known to be awaiting approval of their boards before formally announcing affiliation. Ceiling is 36 stations, with hope of beginning service this fall [B•T, Aug. 23, 16].

SUBSTANTIAL progress is being made in RCA's David Sarnoff Laboratories, Princeton, N. J., on development of electronic color process as substitute for photo engravings. Inside report is that development may be forthcoming much sooner than originally anticipated and that it will be boon to graphic arts in cutting costs and in perfecting problems incident to color registration.

★ ★ ★

ALL ISN'T SERENE for Chairman John W. Bricker of Senate Interstate Commerce Committee in his home state of Ohio because of his full-dress investigation of radio and tv. It's reported that some of his most prominent newspaper backers, also in radio and tv broadcasting, are disturbed over his self-propelled project. Sen. Bricker's present term runs until Jan. 3, 1959. First outcropping of opposition may come in newspaper editorials challenging investigation as badly timed, of no useful purpose and of being steeped in politics.

★ ★ ★

DELIVERY of FCC's 1953 Christmas present to fm broadcasters—authorization of multiplex and simplex auxiliary services such as functional music—is predicted well before holiday season this year. Best guess: FCC will approve proposal over protests of non-broadcast services on ground operation is more like broadcasting than point-to-point, will bolster fm business.

★ ★ ★

MORE LIGHT on FCC's look into political libel at behest of Dept. of Justice [B•T, Aug. 16]: Legal staff is drafting proposed uniform statute for submission to FCC when it reconvenes with likelihood it will

go to Dept. of Justice for presentation to Council of State Attorney Generals, meeting in Washington in late September.

★ ★ ★

ELLIS MOORE, manager of radio-tv business publicity for NBC, reportedly in line for elevation to director of press department, under press and publicity vice president Sydney H. Eiges. Richard T. Connelly leaving directorship to return to Young & Rubicam, New York, as assistant manager of radio-tv department [B•T, Aug. 16].

★ ★ ★

H QUENTON COX, Portland broadcaster and former president of KGW, has decided to remain in Pacific Northwest and probably will acquire fm station. He rejected offer of NARTB administrative post made by President Harold E. Fellows because of current station negotiations. Mr. Fellows has altered his original plan with naming of Howard H. Bell as assistant to the president (story page 62).

★ ★ ★

ROBERT K. RICHARDS, whose tenure as administrative vice president of NARTB was to wind up Sept. 1, at which time he planned to enter private public relations practice, has agreed to remain another month at behest of President Harold E. Fellows. Mr. Fellows does not plan appointment of successor as No. 2 man.

What Makes a Radio Station Grate?

"Commercials." — J-hn Cr-sb-

• Now Read What these Other Folks Have to Say About WMT and WMT-TV

"I've been buying time on the radio for many a day, man and boy, and I never—no, never!—saw a letterhead like yours before! Or since."

—Time Buyer, Oelwein, Iowa

"Your 'Lights Out' Program gives me the creeps."

—Ch-s. Ad-ms

"Why don't you give us the right time?"

—Nicely Nicely Johnson

"Give us more programs like the Coronation."

—British listener

"Please send me a catalogue."

—Anon.

"I sure admire the art in your ads."

—Hutch

"The movie last night was terrific. But my popcorn didn't come. I been a good customer of your for many a day, man and boy, and I never—no, never! didn't get my popcorn before. What's television coming to?"

—Your friend Irma

"Last night your Weatherman promised me fair and warmer and today it rain. What the hell kind of station you run anyway?"

—Wet Hen

"You sure a bunch of good sports."

—Tait Cummins, WMT Sports Director

"But we sent you the order last week. Check the transom."

AT&T Rate Adjustments Favor Smaller Tv Users

NEW "package" rate for combination video and audio service furnished telecasters by AT&T, reducing minimum-hours requirement for audio and accompanied by corresponding reduction in station connection charges, filed by Bell System with FCC, to be effective Oct. 1.

Under present tariffs, telecasters (primarily networks) must contract for audio and video services separately and must pay for at least 16 hours per day for audio as against 8-hour minimum for video. Thus for eight consecutive hours per day, cost is \$35 per channel mile for video plus \$6 for audio, or total of \$41 per channel mile for both. New package rate for both services comes to \$39.50 per channel mile for eight consecutive hours.

"This offering gives the broadcasters a more favorable contracting arrangement" and was designed "to better meet the varying requirements of the television industry," company said. Chief beneficiaries of move, observers felt, would be ABC-TV and DuMont Tv, since they use network facilities fewer hours per day than do CBS-TV and NBC-TV.

Under scale established for new package rate, nine consecutive hours' audio-video service would cost \$41.75 per channel mile as against existing \$43 total; 10 hours, \$44 instead of \$45; 11 hours, \$46.25 instead of \$47; 12 hours, \$48.40 instead of \$49; 13 hours, \$50.55 instead of \$51; 14 hours, \$52.70 instead of \$53, and for 15 hours, \$54.85 instead of \$55. For 16 consecutive hours, new rate remains same as old: \$57.

Reduction in station connection charges would bring present \$575 monthly rate for eight-hour service down to \$555, with corresponding changes ranging up on hourly basis. For instance: at 15 hours, present rate of \$820 would be cut to \$817; for 16, \$855 to \$854.

Carnation Buys ABC-TV Grid Schedule Regionally

CARNATION Co., Los Angeles, has signed as first sponsor—on regional basis—of ABC-TV's 13-game NCAA fall football schedule, according to joint announcement today (Monday) by Carnation President E. H. Stuart and ABC Executive Vice President Robert H. O'Brien. Carnation will sponsor full schedule, starting with Sept. 18 California vs. Oklahoma at Berkeley, on ABC-TV Pacific Coast Regional Network. This is lineup of 14 stations in California, Oregon and Washington. Agency for Carnation is Erwin, Wasey, Los Angeles.

Reports circulated that negotiations for other regional sponsorships of games—which in any case are to be carried nationwide—were nearing completion. Earlier, with time for kickoff game approaching and no sponsor signed for full slate, ABC-TV at one point was offering sponsorship on "per game" basis.

Streibert Reports Progress

U. S. Information Agency is using every means at hand to fight international communism, Director Theodore C. Streibert said yesterday (Sun.) in second semi-annual report to Congress. Among accomplishments: distribution of tv films to 24 stations in 19 countries of Europe, Latin America, Far East and Africa.

LITTLE EFFECT

RULING that seller who grants advertising allowances to one dealer must pass that information along to all his dealers, issued Thursday by Federal Trade Commission, is expected to have no more than "infinitesimal" effect on broadcast advertising, BAB President Kevin Sweeney estimated Friday. He said that outside soft-line field, which was involved in FTC case, major co-op advertisers with few exceptions already follow uniform policy of making their co-op known to all their respective dealers. He also noted growth in share of co-op budgets devoted to radio.

DuMont Stations Plan For Promotion and Color

DuMONT o&o stations announced plans Friday for "aggressive merchandising," further network integration, "a composite film" for agency showing, and color telecasting after two-day sessions with DuMont Network officials.

Film will show "out-of-town" agencies what all three stations do in local programming. Decisions on color included: (1) WABD (TV) New York to originate color programs (from film) next month for New York area; (2) WDTV (TV) Pittsburgh to be equipped to transmit color programs "moved by any network." Ways were considered to permit WTTG (TV) Washington, third o&o, to telecast color.

ABC Sets McCarthy Shows

ABC Radio network scheduling three special newscasts daily to report highlights of Watkins Committee hearings on censure charges against Sen. McCarthy. With radio and tv barred from direct coverage, ABC said its radio reporters would review developments and give excerpts of testimony from stenographic transcript of proceedings. Broadcasts will be presented at 11:45 a.m.-noon, 3:45-4 p.m., and 4:45-5 p.m., all EDT, on days when hearings in session.

WINT (TV) Joins CBS-TV

WINT (TV) Waterloo (Fort Wayne), Ind. (ch. 15), signed by CBS-TV as primary affiliate, effective Sept. 26, CBS-TV station relations vice president Herbert V. Akerberg announced Friday. Station is owned by Tri-State Television, with Ben Baylor as general manager.

SECOND SETS

NEARLY HALF of tv families in Los Angeles plan to buy second tv sets, most of them in 1955, according to survey made for Admiral Corp., Chicago, by Woodbury College. Of 1,200 families interviewed, 37% indicated they would buy second set because of conflict between children's and adult shows, 32% wanted larger screens. Survey placed number of viewers in average household at 3.3, said large screen sets (21-in. and up) are owned by 40% of families.

BUSINESS BRIEFLY

BLOCK BUSTER • Block Drug Co., Jersey City, N. J., from Sept. 1 through December will promote its Amm-i-dent toothpaste with heaviest spot tv schedules ever put behind any dentifrice, George J. Abrams, vice president and advertising manager, announced Friday. Campaign was placed in 107 major markets with frequency as much as 25 times per week. Spot schedule is in addition to Amm-i-dent's sponsorship of *Danger* on CBS-TV, Tuesday nights.

CLAUDETTE'S TONI • Toni Co., Chicago, through Weiss & Geller, N. Y. and Chicago, will sponsor *Claudette Colbert Show* starting Oct. 30 in Saturday 8:30-9 p.m. period on NBC-TV. Pending start of Colbert show, advertiser will underwrite *The Duke*.

CROSLLEY ON NBC • Crosley Div., Avco Mfg. Corp., Cincinnati (tv sets), through BBDO, N. Y., will sponsor football *Game of the Week* Saturdays, 2:30 p.m. to conclusion, on full NBC Radio network. Wherever network cannot clear time on its own affiliated stations, advertiser plans to buy non-NBC stations.

COFFEE RECOUPING • Pan American Coffee Bureau planning institutional campaign in television starting early in October with participations on *Today* on NBC-TV and spot announcements placed in 22 markets where *Today* is not carried. Bureau will promote coffee-drinking to offset last season's high price for coffee and tea companies' inroads on coffee sales. Cunningham & Walsh, N. Y., is agency.

SPOTS FOR GULF • Gulf Oil Co. (gasoline), through Young & Rubicam, N. Y., placing radio spot announcement drive starting Sept. 15 for 13 weeks in about 50 markets.

WADE GOES EAST • Geoffrey Wade Adv., Chicago, announces opening of New York office at 10 E. 49th St., effective Sept. 15, with Forrest Owen Jr. as manager. Mr. Owen joined Wade in Chicago in 1944, transferred to Hollywood office in 1946 as radio-tv director.

'Reply' to Ike Set

OPENING GUN of Democratic "reply" to all-networks speech last Monday night by President Eisenhower probably will be talk by Sen. Albert Gore (D-Tenn.) on MBS Wednesday at 10:30-11 p.m. EDT. Democrats, promised time on ABC radio and tv and NBC radio and tv, plan to announce speakers and times early this week. Denied time by CBS and DuMont (see story, page 97), Democratic National Committee has heard nothing further from either, committee spokesman said.

Demos to Map Strategy

DEMOCRATIC National Committee meets Sept. 17-18 at Indianapolis' Claypool Hotel with staff people, party leaders and others, including representatives from Joseph Katz Co., committee's agency, to discuss strategy for fall election campaign. Party leader Adlai Stevenson will address fund-raising dinner Sept. 18 with "major speech," committee spokesman said, adding former President Harry Truman will attend if he's well enough.

A contract worth telling about!

We're right proud of a new contract one of our enterprising local salesmen obtained recently:

Delta-C&S, the nation's fifth largest airline, bought the CBS World News Round-Up, 8 to 8:15 a.m. Monday through Saturday, for 52 weeks starting June 28—312 broadcasts.

A significant side-light is that Delta-C&S is a hometown company. Its officials know the local

picture mighty well. So does their advertising agency, which also has headquarters in Atlanta. So, when it came to picking a station—they knew what they were doing!

To reach the most people, at the lowest cost, in the ever-growing Atlanta market—it will pay you to follow the lead of Delta-C&S Airline and choose WAGA.

Represented Nationally by
the KATZ AGENCY, Inc.

Stanton Says CBS to Sell Station Minorities By Jan. 1

CBS has target date of Jan. 1, 1955, for sale of its minority interests in WTOP-AM-FM-TV Washington and WCCO-AM-TV Minneapolis and is free to sell its holdings in KQV Pittsburgh (ch. 4 tv applicant) any time it wishes, President Frank Stanton testified Friday at St. Louis ch. 11 hearing before Examiner Thomas Donahoe (see story page 66). CBS is one of five applicants.

Dr. Stanton said network proposes to sell holdings in three outlets and has always intended to dispose of minority interests if necessary to permit full ownership of stations within FCC limitations.

(In statement issued Friday, Philip L. Graham, president of Washington Post Co., reiterated that Post company hoped to buy out CBS minority in WTOP-AM-TV and said "proposed sale of this minority will in no way affect the operating policies of WTOP-TV and WTOP Radio in view of the Washington Post Co.'s ownership of a controlling interest.")

Dr. Stanton testified sale formula, including price, is incorporated in KQV contract and network can dispose of its 45% interest without need of negotiations. He added he has requested audits of Washington and Minneapolis properties as of last July 31 to aid negotiations. "We're trying to sell," he testified, "before St. Louis case is decided and hope to be out of stations before that time." CBS owns 45% of WTOP properties and 47% of WCCO stations. He testified network has non-voting minority ownership in three cities.

His lengthy testimony dealt with network's need of owned stations to provide financial cushion needed for program and staff development. He said profits from networking are slim.

Under cross examination by counsel for 220 Television Inc., Mr. Stanton estimated 85% of revenue of o&o tv stations probably would come from three top markets, New York, Chicago and Los Angeles. Mr. Stanton was asked to supply data on CBS subsidiaries in programming, packaging and allied fields. Case resumes Wednesday.

Examiner Favors Cowles For Ch. 8, Des Moines

INITIAL decision proposing to grant ch. 8 facility in Des Moines to Cowles Broadcasting Co., operating KVTU (TV) Sioux City and KRNT-AM-FM Des Moines among its properties, announced by FCC Friday. Examiner Millard F. French favored Cowles over Murphy Broadcasting Co., competing applicant (operates KSO-AM-FM Des Moines).

Long hearing record involved heated competitive claims and charges, with unsuccessful attempts made by Murphy to introduce evidence designed to show Cowles purportedly mentioned White House and other political influences and made financial offers to induce withdrawal of Murphy application.

Examiner French conceded Murphy is to be preferred on issue of diversification of mass media and integration of ownership. He found, however, that Cowles was to be preferred for more meaningful local ownership, program proposals, business-civic experience, participation in community affairs and past performance.

SEVEREST CRITIC

NOT ALL program pioneering leads to successful network productions, CBS President Frank Stanton conceded Friday while testifying at St. Louis ch. 11 hearing before FCC Examiner Donahoe. "We've had clinkers in our time—last night for example," he said jocularly, referring to his own appearance in network editorializing role (story page 86).

Sales of WEAN, WTAC, KCSJ-AM-TV Put to FCC

THREE transfers of station properties, both radio and tv, filed with FCC Friday. Outlets involved are WEAN Providence, WTAC Flint, Mich., and KCSJ-AM-TV Pueblo, Colo.

• General Teleradio Inc. sells WEAN to Providence Journal Co. for \$260,000 cash plus \$18,200 real estate. *Journal* will surrender WPJB (5 kw on 1420 kc) upon acquiring WEAN (5 kw on 790 kc).

• WTAC is sold by Trendle-Campbell Broadcasting Corp. to Radio Hawaii Inc., operator KPOA Honolulu and subsidiary of Tele-Trip Policy Co., New York. Consideration: \$91,000 cash plus assumption of liabilities of about \$196,000 [B•T, Aug. 9]. WTAC earlier surrendered ch. 16 tv permit after suspending tv operation.

• KCSJ-AM-TV control is transferred from Douglas D. Kahle (67%) and Robert L. Clinton Jr. (33%) to Bankers Life & Casualty Co. (KGA Spokane) to settle loan of some \$300,000. Bankers Life agrees to advance additional funds to keep stations on air, will retain Mr. Kahle for five years at \$1,000 monthly plus 25% of net operating profit. Mr. Kahle also gets option to buy 25% at later date for \$12,500.

Balance sheets submitted with WEAN transfer bid for General Teleradio Inc. showed as of June 30 total assets (including MBS) of nearly \$11.8 million, earned surplus \$4 million. Current liabilities were \$3.6 million, long term debt \$3.5 million. Balance sheet for *Journal* as of same date gave total assets of nearly \$7.8 million, unsegregated surplus \$4.8 million, current liabilities \$1.2 million. Net income after federal taxes was \$750,505 for 1952, \$655,303 for 1953.

Other General Teleradio properties include: WNAC-AM-FM-TV Boston, WOR-AM-FM-TV New York, KHJ-AM-FM-TV Los Angeles, WHBQ-AM-TV Memphis, KFRC San Francisco and 55% interest in General Times Television Corp., operator WGTH-AM-TV Hartford.

UPCOMING

Aug. 31-Sept. 1: NBC-TV Affiliates meeting, Drake Hotel, Chicago.

Sept. 1-2: CBS Radio Affiliates meeting, Edgewater Beach Hotel, Chicago.

Sept. 2: Television Bureau of Advertising meeting, Blackstone Hotel, Chicago.

For other Upcomings see page 117.

PEOPLE

JOHN T. LORICK appointed director of advertising and sales promotion, Congoleum-Nairn, Kearny, N. J., replacing LAUREN K. HAGAMAN. Mr. Lorick formerly was sales promotion manager of concern's Gold Seal division.

LARRY LOWENSTEIN, acting head of publicity-promotion department, Benton & Bowles, N. Y., since last January, appointed director of department, HOLCOMBE PARKS, vice president and director of public relations, announced Friday.

ROBERT J. JONES appointed advertising director of Sterling Insurance Co., Chicago.

DAVID L. QUAID, freelance color photographer, joins Transfilm Inc. as chief cameraman, ROBERT KLAEGER, production vice president, announced Friday. HARRY YINGLING, associated with Mr. Quaid for three years, also joins Transfilm as assistant cameraman. Both will work on tv commercials and non-theatrical films.

DR. W. R. G. BAKER, General Electric Co., reappointed chairman of Television Committee of Radio-Electronics-Tv Mfrs. Assn.

McCullough, Clay to Head NARTB Convention Group

CO-CHAIRMEN of 1955 NARTB Convention Committee named Friday by President Harold E. Fellows. They are Henry B. Clay, KWKH Shreveport, La., chairman of association's Radio Board, and Clair R. McCullough, Steinman Stations, Tv Board chairman. Convention will be held week of May 22 in Washington.

Radio and tv subcommittees, having even division of responsibility so each medium gets fair share of convention programming, were named by Mr. Fellows. On radio group serving under Mr. McCullough are E. K. Hartenbower, KCMO Kansas City, vice chairman of Radio Board; James H. Moore, WSLS Roanoke, Va., board member for host District 4, and Ben Strouse, WWDC-AM-FM Washington.

On tv subcommittee under Mr. McCullough are Campbell Arnoux, WTAR-TV Norfolk, Va., vice chairman of Tv Board; Kenneth L. Carter, WAAM (TV) Baltimore, and Frank M. Russell, NBC.

Other members of full 10-man committee are Kenyon R. Brown, KWFT Wichita Falls, Tex., 1954 committee chairman, and John H. DeWitt Jr., WSM Nashville, who will be liaison for Ninth Annual Engineering Conference.

WPTZ (TV) Stands Firm

WPTZ (TV) Philadelphia has no intention to "soft pedal" or discontinue its weekly *Telesrama* news show, station program manager Stan Lee Broza said Friday following charges last week by attorney for burglary suspect that his client "was arrested, tried and convicted on a television program" before he was formally arraigned before magistrate on specific charges. Program showed suspect being questioned by police following his arrest.

KTFS Sold to Smith

SALE of KTFS Texarkana, Tex., by David M. Segal for \$102,500 to Tennessee broadcaster Arthur D. Smith Jr. reported Friday, subject to FCC approval. Mr. Smith owns WMTS Murfreesboro and WCDT Winchester, both Tenn. KTFS sale includes building. Mr. Segal owns KUDL Kansas City, KOSI Denver, KOKO Warrensburg, Mo., WGVM Greenville, Miss., and KDKD Clinton, Mo. Sales handled by Blackburn-Hamilton Co., station broker.

On the Washington scene...

They put him on a pedestal

Washingtonians look up to down-to-earth Claude Mahoney...hold him in such high regard that his daily news and "once-over-lightly" show on WTOP Radio has a higher rating than any other program at its time (7:30 a.m.). In fact, a higher rating than *any* news program, local or network, on *any* other Washington station at *any* time, day or night!

This top-of-the-column position is nothing new to Mahoney. He's been a top-drawer Washington news figure for 18 years. Served as White House correspondent for the Wall Street Journal... reported for a Washington newspaper and another station for a spell... graduated to WTOP Radio 10 years ago and has been featured in the same time period ever since. And *first* in that period for the past 5 years—month after month!

Why such popularity? Perhaps because listeners like the way farm-bred Mahoney calls a spade a spade. Or because his delivery of the news is livened with earthy humor and cracker-barrel philosophy. Whatever the reason, he has the appeal—and the audience—that'll put your product on top in the Washington area. If you want customers to look up to you, look up Claude Mahoney on Washington's only 50,000-watt radio station.

ANNOUNCING

NEW G-E 45 KW

G.E. marks another milestone in transmitter engineering! The pioneer in UHF high-power television proudly announces the new UHF TV transmitter—the 45 KW. The "bugs" are out, in fact, were out long ago, because G.E. incorporates in the 45 KW tested and proved components and design features that have been successful in 1 KW and 12 KW transmitters for UHF!

From the "45" you can get up to 1,000 KW of UHF power *this* year! With an antenna gain of 25 you can obtain a full megawatt of power allowing 11% line loss. G-E engineers reckoned with the

BLOCK DIAGRAM OF
45 KW UHF
TRANSMITTER

YOU CAN POSITION THE OVERALL 35' OF EQUIPMENT TO
BEST FIT SPACE REQUIREMENTS IN ANY TV OPERATION

UHF POWER IN 1954!

UHF TRANSMITTER

dollars you've already invested in present 1 KW and 12 KW transmitters throughout the country. As a result the new 45 KW utilizes a cubicle technique. Your present transmitter, whether it is 1 KW or G-E 12 KW for UHF, may be used in part to make up the ten cubicles of the new 45 KW.

The block diagram shows one suggested arrangement of cubicles and components. To save floor space and suit your individual transmitter layout, select from the others illustrated. Or, custom-tailor a cubicle layout to fit your specifications.

A FEW IMPORTANT FEATURES OF THE NEW G-E 45 KW FOR UHF TV:

- Standard quality-controlled production tubes and components—including General Electric's proved-in-service Klystron tube.
- In emergency, will operate at reduced power equal to the highest known output of current transmitters.

PHONE... WIRE... or WRITE US TODAY!

Act now if you want this installation in 1954! Your G-E district representative will furnish complete details on this important new transmitter... or help in planning your floor layout. Contact him today, or write: *General Electric Company, Section X284-30, Electronics Park, Syracuse, New York.* In Canada, write: *C.G.E. Electronics, 830 Lansdowne Avenue, Toronto.*

MORNING SHOW

Producers: Ted Felter and David Hellwell
 News Producer: Av Westin
 Director: Kirk Alexander and Peter Birch
 News Director: Vincent Walters
 Writers: Larry Markes, Sidney Reznick,
 Toot Pray and Jack Paar
 Announcer: Hal Simms
 Star: Jack Paar
 Singer: Betty Clooney
 Virtuoso Pianist: Jose Meles
 Pupi Campo, Bil and Cora Baird Puppets
 Newscasters: Charles Collingwood, Harry
 Marble, Margaret Arlen
 Sponsors: Lady Esther Ltd.; Monsanto
 Chemical Co.
 Agencies: Biow Co., N. Y. (for Lady Es-
 ther); Gardner Agency, Chicago (for
 Monsanto).

THE COMPANY now performing in the re-furnished *Morning Show* is pleasant to have around the house even at the inincident hours of its daily visit, but it is still an open question whether it has moved in to stay.

Jack Paar and associates have been at work from 7 to 9 a.m. only two weeks, but already they are reusing material which they presented recently on their Saturday night show, and Mr. Paar is repeating jokes within the same week. Plainly their tenure depends upon the invention of new bits and enough revision of the old ones to keep the audience from knowing the lines as well as the actors know them.

In adhering to his long standing policy of emphasizing talking sketches, Mr. Paar may be assigning himself an impossible job. Two hours a day take a lot of programming. His task would be easier and his show more fun if he let his singer, Betty Clooney, his pianist, Jose Meles, and other performers take on heavier loads. Miss Clooney's voice is agreeable, and Mr. Meles plays well. In addition, Mr. Paar has at his disposal the Bil and Cora Baird puppets and their wonderful impressions of popular songs, as well as Pupi Campo who is a poor man's Desi Arnaz but is capable of acceptable comedy.

The ingredients are present to create serious competition for the rival *Today* on NBC-TV, but they need better mixing.

TOAST OF THE TOWN

Network: CBS-TV

 Music Director: Ray Bloch
 Star: Ed Sullivan
 Announcer: Art Hannes
 Production Manager for Color: E. Carlton Winckler
 Engineer in Charge of Color: John Kou-shourin
 Lighting Supervisor for Color: Sal Bon-signore
 Assistant Production Manager for Color: Victor Allan
 Costume Coordinator: Mildred Trebor
 Set Designer: Nelson Baume
 On air: Sunday, Aug. 22, 8-9 p.m. EDT
 Origination: CBS Color Television Studio 72, Broadway at 81st St., New York
 Format: Variety Program; permanent cast, the "Toasteetes"—Rae MacGregor, Fran-ca Baldwin, Audrey Peters, Hazel Pat-terson, Cynthia Scott, Jayne Turner
 Guest Artists: Eartha Kitt, Janis Paige, John Raitt, Miss Malta & Company, the Andrea Dancers, the Bogdadis
 Sponsor: Lincoln-Mercury Dealers
 Agency: Kenyon & Eckhardt
 Jewels: By Harry Winston

FOR SOME PEOPLE, *Toast of the Town* (CBS-TV, Sun., 8-9 p.m.) is the acme of their viewing week. For others, that hour had better be spent playing parchesi. It is a pleasure to inform both groups that they need make no plans for changing their present tv habits,

come color. Provided, that is, that the program's first colorcast on Aug. 22 was a fair sample of what is to come.

Except for one dazzlingly beautiful dance routine on and around a gaily bedecked carousel, the program's producers seem to have forgotten that they had color to work with this time. The format offered by Ed Sullivan & Co. was identical with that of any other Sunday—three star performers, an animal act, some acrobats and the program's regular dancers, preceded, followed and interminably interlarded with Mr. Sullivan's commentary.

Of the stars of the show, Janis Paige's auburn locks were the best justification for turning on the color cameras. John Raitt, who currently is appearing with Miss Paige in the Broadway smash hit, "Pajama Game," has a fine, vibrant voice in either color or black-and-white and Eartha Kitt doesn't have to be seen at all to be appreciated, as the sale of her recordings amply proves.

The dancers, as we said, really gave the color set owners something for their money. And so did the commercials. The gleaming green Lincoln shown at the half-way point was the most attractive single feature of the whole 60 minutes, which may have been what the sponsor intended, with the Mercury shown at the program's windup a close second.

As for the rest of the show, one member of the group watching with this reviewer summed it up this way: "They spend \$10 million on color research and what do we get?—animal acts and acrobats."

PAUL STOYLE PATTERSON

on all accounts

THE Florida Citrus Commission, official state organization charged with the task of promoting the sale of Florida oranges and grapefruit in the nation's markets, will spend \$3,400,000 to that end for the season which began July 1.

The man who will be in charge of expending these funds is Paul Stoyle Patterson, the commission's director of advertising at Lakeland.

Mr. Patterson joined the citrus commission Feb. 1, 1953, as advertising manager and became advertising director in September 1953.

He was born at Mt. Vernon, Ohio, moving to Cleveland when he was 12. He was graduated from Western Reserve U. there, majoring in journalism and serving as editor of the college weekly. He later completed a night school course in advertising at the U. of Pittsburgh.

Mr. Patterson's first use of local spot radio was on his first advertising job with Buhl Optical Co., Pittsburgh. He spent the next 10 years as advertising manager of Rieck-McJunkin Dairy Co., Pittsburgh.

Rieck-McJunkin sponsored the first local telecasts of baseball on WDTV (TV) Pittsburgh in August 1952, Mr. Patterson says.

The commission's budget is divided among three agencies: J. Walter Thompson Co. (consumer advertising); Dudley, Anderson & Yutzy (food page publicity), and Noyes & Sproul (medical and professional).

Of this amount, radio and tv will get \$1.5 million—\$800,000 for the Tom Moore daytime radio show, *Florida Calling*, on Mutual and \$720,000 for the ABC-TV *20 Questions*.

He is a great believer in radio's ability to sell Florida oranges and grapefruit: "We believe that daytime radio is one of the most efficient media for reaching the housewife. With the radio show we have just bought, we expect to carry a three-minute message into a million or more homes five times a week. If only a small percentage of the housewives in these homes put more citrus products on their shopping lists, our program will be successful."

He also likes television: "We believe that television is a wonderful medium for citrus promotion because we can demonstrate new ways to use grapefruit and oranges and even show what these products can do."

Between trips to the New York agencies and visits to make talks to citrus grower organizations, Mr. Patterson spends time with his wife, Susan, a son, Jan, 11, and a daughter, Virginia, 12. Hobbies: a home workshop and fishing.

Jump

your sales in the vast Intermountain Market by using KSL-TV, the area station.

KSL-TV really reaches viewers in this billion dollar market, too! Over 80 percent of the average daytime audience and more than 55 percent of the average nighttime viewers are regularly tuned to KSL-TV.*

For more facts about a market that's growing by leaps and bounds, and for availabilities, call CBS-TV SPOT SALES or...

KSL-TV

SALT LAKE CITY

*Sources upon request

serving 39 counties in four states

11th in television potential

March, 1954 data from Television Magazine ranks American markets according to population in the coverage area of the most powerful television station in each market.

Charlotte stands 11th in line, outranking such markets as Baltimore, Minneapolis, Buffalo, Kansas City, Washington and Atlanta.

Only Charlotte and Atlanta among southern cities make the first 20, and Charlotte's rank is a move upward from 12th in 1953.

The signs of Charlotte are signs of a market far more important than city size indicates. Ranking only 72nd in the nation in city size, Charlotte is 55th in 1953 construction, 36th in wholesale sales and 4th in emplaned air passengers per capita.

Equally outstanding are Charlotte's great area stations, 50,000 watt WBT and top power WBTV, 100,000 watts on Channel 3, deserving the first appropriations of any advertiser doing business in the Carolinas.

EACH OF THESE

Even people who have come to take their sets for granted... the "sometimes" viewers, will behave as they did in the early days of television. Dates will be cancelled. Families will gather. Sets will be moved into the dining room. Or dinner will be finished in the living room.

And here's why.

On September 12, America will see a Premiere of Broadway calibre. A 90-minute, all "live" Musical, starring

wonderful, explosive Betty Hutton, in her TV debut! And thus will begin a series of super-shows master-minded by the originator and producer of "Your Show of Shows". Written and directed by the theatre's topmost talent. Performed by the illustrious stars below. And every show will be "LIVE".

Anyone within range of one of the thousands of color sets now in use, will have the extra thrill of brilliant RCA Compatible Color!

The NBC Spectaculars "MAX LIEBMAN PRESENTS", will be marveled at every fourth Sunday and every fourth Saturday... and talked about right through *The Year of Excitement on Television!*

OPEN MIKE

Fellows Concurs

EDITOR:

Occasionally I tell you verbally of good things which BROADCASTING • TELECASTING performs in behalf of the industry . . . too infrequently I take time to tell you on paper.

Your "Bryson Bill Threat" editorial in the Aug. 23 issue of B•T is "right down the alley." You've hit the nail on the head; the admonitions, the observations and the conclusions are correct and *important*.

*Harold E. Fellows
President,
NARTB Washington*

Pricing Practices

EDITOR:

I enjoyed reading the article on "Pitchmen" in the Aug. 9 issue of B•T; while the client and myself were flattered at your nice reference and quotation, there was one glaring inaccuracy.

To our knowledge, the Grant Tool [Gay Blade] has never been offered anywhere at 29¢. We do know, however, that from time to time the Grant Tool has been sold at retail at a cut price simply because store owners who bought Grant Tool did not realize that the item could not sell without demonstration . . . This time-honored technique of converting buying mistakes into cash has been used on many over-the-counter items.

The special point I would like to make is that, when all is said and done, there is no more spread in the price of our tv mail order items than you would find in many classifications of over-the-counter merchandise. Retail goods have to build into their price structure margins for company salesmen, brokers, wholesalers, retailers and advertising, while mail order uses all of this spread for promotion.

Too often this fact is overlooked when people discuss mail order pricing practices and I believe that it is unfair to beat this point in public print and leave a poor impression on station people who have to make the decision as to whether the stations will carry mail order.

*Sydney M. Cohn
Arthur Meyerhoff & Co.,
Chicago.*

The BBC Plaque

EDITOR:

I have been following, with interest, the suggestion that an American plaque be present to the BBC in memory of those stirring days when American broadcasters were using BBC's underground studio during the blitz to report to America. I was very glad to see BROADCASTING • TELECASTING take up, editorially, Dick Strout's suggestion that there should be such a plaque, and I am delighted now that Mr. Chernoff has started the ball rolling and that you have accepted the suggestion that you act as treasurer for a BBC Plaque Fund. I am sure the fund will soon be oversubscribed.

Please let me know if there is anything I can do to help when the time comes to present the plaque. I have been talking to Basil Thornton, North American representative of the BBC, about it and he also is very happy about the whole idea and more than willing to do anything he can to help with arrangements when the time comes.

Naturally, it could be arranged for the presentation to be made the next time one of the senior officials of the BBC is in the U. S., but it seems to me it would be much more ap-

propriate if the presentation of the plaque were made in London some time when it was possible for several representatives of American broadcasting to be there.

*Charles H. Campbell
Director,
British Information Services,
Washington, D. C.*

[EDITOR'S NOTE: Checks should be made payable to: B•T BBC Plaque Fund.]

Left to Right

EDITOR:

I found a mistake in the Aug. 16 B•T. On page 72 there is a picture of Ray Livesay, president of Daytime Broadcasters Assn., shak-

Left: Landon, not Livesay.

ing hands with Alf Landon, DBA vice president and 1936 GOP presidential nominee. Landon is the fellow on the left, not Livesay.

*Dale P. Bell
Dodge City, Kan.*

Broadcast Ban Protested

EDITOR:

The Radio-Television News Directors Assn. considers you among its best friends—as indeed you proved to be with your editorial, "For the Public: Ear Muffs & Blinders" [Aug. 16].

We are glad to have you aligned with us in protesting the ban on radio and television at the McCarthy censure hearings. We have already reminded the Senate committee members that the censure move is against the Senator, not radio and tv.

*Charles A. Roeder, Chmn.,
RTNDA Committee for
Freedom of Information,
WCBM Baltimore*

Information, Please

EDITOR:

I am engaged in television production work and at the same time working on a master's degree, specializing in television. In connection with the latter, I would like to call upon you for assistance in collecting data for a thesis which I am preparing. The topic which I have chosen deals with the history of color television, the technical difficulties, the problems of programming, the social significance, the potentialities of color television and what the future might hold for this field.

*Robert F. Crawford
WTHI-AM-TV
Terre Haute, Ind.*

[EDITOR'S NOTE: We have sent the following articles to Mr. Crawford: "Color Television, Its Introductory Year Begins," Jan. 4, 1954; "Color Tv Production," March 1, 1954; and "Living and Learning With Color Tv," Aug. 23, 1954.]

our respects

to JOHN SCOTT KECK

THE ROLLS of NBC are dotted with the names of prominent radio-tv personalities and advertising executives who once served as page boys.

But none would be inclined to regard this experience as more fortuitous than John Scott Keck, vice president and radio-television director of Henri, Hurst & McDonald, Chicago advertising agency. Conceivably, he might have channeled his energies into sports, dramatics, or even the Boy Scouts of America.

As vice president of HH & M, a medium-sized agency, Mr. Keck keeps active scouting the best availabilities for a host of midwestern and other advertisers. Many of these abide by Mr. Keck's belief that broadcast media can do an effective job for most any client.

Mr. Keck, elected a vice president just two and a half years after joining the agency, is responsible for such radio-tv accounts as International Shoe Co., Skelly Oil, Puffin Biscuits, Chuckles Candy, Thor Corp., John Oster Mfg. Co., Armour & Co., Perma Starch, Field Enterprises, Kroehler Mfg. Co., Cook Chemical Co., and Perfect Circle Piston Rings.

Some of these advertisers have been with Henri, Hurst & McDonald through all of Mr. Keck's tenure there, among them Skelly Oil, which recently renewed its Alex Dreier news show and *This Farming Business* on NBC Radio. The renewal marked the start of the 14th year for each program, reflecting an optimism in radio shared by Mr. Keck as well.

While firmly believing in tv's effectiveness Mr. Keck is quick to espouse radio, which he feels always will remain a strong sales medium.

Mr. Keck can sit and intelligently discuss television and radio for hours in all their phases. One of his pet observations—and one which has become basic tenet with him in scouting for his clients—concerns the subject of film shows.

"A show that goes well on the West or East Coast may not necessarily go well in the Midwest. This factor of community or market tastes is one to be always kept in mind by the agency when its client wants to buy a film product."

A penchant for selectivity and a thirst for knowledge of a variety of subjects—such as the cost of buying into color tv or what uhf satellite operation would mean to agency radio-tv executives—are just two of the attributes that characterize Mr. Keck and reflect his enthusiasm for the field.

John Scott Keck is a native of Greensburg, Pa., where he was born on Oct. 30, 1919. While at high school there with the class of 1937 he managed to land a "boy-of-all-work" job with WHJB Greensburg the last year at school.

"By the time I reached college," Scott Keck recalls, "I had decided I wanted to be a radio announcer, so my activities were concentrated in dramatics and speech, although I was assistant manager of the hockey team. I was a member of the Penn State Players and took part in every Players' production while I was in school. Since college I've acted in and directed various little theatre groups."

But none of these enterprises was successful in capturing the complete interest of Mr. Keck. After being graduated from Penn State (Class of 1942) with a B.A. in liberal arts (majoring in speech and minoring in commerce and finance), he had a chance to go to Hollywood (with new screen star Don Taylor, an old friend). He declined it and headed for New York.

Once on the page staff of NBC, Scotty Keck moved up to supervisor and later night secretary in the announcing division. In 1943, Mr. Keck joined WCAE Pittsburgh, working as an announcer and producer for two years.

In 1945 Mr. Keck had the opportunity to rejoin NBC, but this time in a more rewarding capacity. He was named field sales representative for NBC Recording Div. in New York, later (in 1946) shifting to Chicago, where he became manager of its central division recording office the following year.

Mr. Keck joined Henri, Hurst & McDonald as radio-tv director in January 1950. In the past four and a half years-plus, he has worked on and supervised a variety of network and local programs, spots and film shows all over the country. (Among the more notable programs for the agency's clients: *Howdy Doody*, *Pinky Lee*, *Alex Dreier*, *Today*, *John Cameron Swayze*, *Quick As a Flash*, *Movies for Kids*, the Indianapolis races, *Childcraft Show*, *Super Circus*, *Hail the Champ* and others.)

Aside from Skelly Oil, which sponsors Alex Dreier and *This Farming Business*, both on some 30 NBC radio outlets, International Shoe Co. emerges as one of his agency's larger accounts with its Poll Parrot and Weatherbird Shoes, though no figure is available for radio-tv allocations to programs aimed at the children's audience.

Mr. Keck belongs to Delta Tau Delta, Chicago's Merchants & Mfrs. Club and the Chicago Historical Society. He has a number of hobbies: he has raced sail-boats on Lake Michigan, flown aircraft, collected handguns, ridden horses, played golf, and likes photography. He also plays the ukelele and piano.

He married the former Sally Gallatin, from Greensburg, Pa., and they have two children, Scott Jr., 4, and Lizabeth, eight months. The Kecks maintain residence on north Chicago's Marine Drive.

In Jackson nearly everybody watches WJTV, Channel 25

13 out of the top fifteen once-a-week shows . . . that means that nighttime and daytime most folks in the rich Jackson, Mississippi, market watch WJTV, Channel 25. What do we mean by most folks? This is what we mean.

THE MOST RECENT PULSE SHOWS—

WJTV is No. 1 station 79% of the time, 6:00 P.M. to midnight

WJTV is No. 1 station 73% of the time, noon to 6:00 P.M.

WJTV delivers 64% more people than its nearest competitor

WJTV delivers 406% more people than the third station in the market

That's what we mean when we say most folks in this rich deep South market watch WJTV. You might say that metropolitan Jackson is a one-station audience in a three-station market.

Already pioneering in satellite operations . . . and soon to begin transmitting network color . . . WJTV will increase its power to 250,000 watts in a matter of weeks, and to 500,000 (yes, a half million) by January 1, 1955.

Yep, most folks in metropolitan Jackson watch WJTV, Channel 25. They're going to keep on, too . . . because "it's the Stars' Address." If you want to know more about WJTV's loyal audience, call your nearest Katz man. He'll be glad to deliver the details why—

24 RCA 50-KW "VHF'S"

Today, 24 television stations have received shipment of their RCA 50-KW transmitters. And, just like the station pictured here, (15) of these high power TV transmitters are already on-the-air and producing "saturation" coverage. These stations knew they could "plan ahead" for **BIG MARKET COVERAGE** with confidence. Now they are profiting—through RCA's ability to . . . design . . . manufacture . . . and **DELIVER** . . . high-power equipment.

Take advantage of RCA's 25 years experience in designing and building high-power equipment. You too can make your plans with assurance. Ask your RCA Broadcast Sales Representative to help you plan a completely-matched system—from the transmitter to antenna. In Canada, write RCA-Victor, Ltd., Montreal.

one of the fifteen "RCA's"
now on-air.

RADIO CORPORATION of AMERICA
ENGINEERING PRODUCTS DIVISION
CAMDEN, N. J.

DELIVERED

Here's why RCA 50-KW transmitters are the overwhelming choice:

RELIABLE

RCA 50-KW equipments are built to operate with "day-in day-out" reliability. (Ask the RCA-equipped 50-KW VHF stations already on air.)

CONSERVATIVE DESIGN

RCA 50-KW VHF's deliver a full 50 kilowatts of peak visual power—measured at the output of the sideband filter. You get full power output on both monochrome—AND COLOR, with power to spare!

SATURATION COVERAGE

An RCA 50-KW VHF, operated in conjunction with an RCA Superturnstile Antenna, is capable of "flooding" your service area with STRONG SIGNALS—close in and far out! With standard antennas, RCA 50 KW's can develop 316 KW ERP—with power to spare.

AIR-COOLED

RCA 50-KW VHF's are all air-cooled. You save on installation costs and maintenance. Visual and aural P.A.'s use conventional RCA power tetrodes (Type 6166).

MATCHED DESIGN

RCA 50-KW VHF's are "systems-matched" to deliver peak performance in combination with RCA 50-KW antenna systems.

COMPLETE SYSTEM

RCA supplies everything in system equipment to match the RCA "50-KW" precisely; antenna, transmission line, fittings, tower, r-f loads, diplexers—and all other components needed to put a 50-KW VHF signal on the air.

SERVICE

RCA TV transmitter operation is backed up by a nationally famous broadcast engineering service organization and an RCA replacement parts service.

RCA PIONEERED AND DEVELOPED

KWNO Backs Baseball

RADIOTHON to keep baseball alive in Winona, Minn., was staged recently by KWNO-AM-FM there. When the Winona Chiefs found themselves \$6,000 in debt and in danger of losing their franchise to another city, the station decided to see if the fans wanted to keep the semi-pro team enough to donate money. The result was \$5,300 raised—enough to turn the trick.

WNBC-WNBT (TV) Safety Messages

NBC'S WNBC-WNBT (TV) New York believe their safety messages should have the ring of authority. For safety messages aimed primarily at motorists, the stations are using New York City cops with "night-stick rings in their voices." For other messages, the stations are utilizing Coney Island lifeguards to broadcast warnings to bathers and doctors to caution against excessive exposure to the summer sun.

WCUE Raises \$4,000

WCUE Akron, Ohio, reports a total of \$4,289.07 raised from the station's annual Hole-In-One tournament, this year a benefit for the Summit County (Ohio) Rehabilitation Center. Contestants paid an entry fee of 50¢ and received four drives at a green 100 yards away. Prizes, valued at \$4,000, were donated by WCUE, Akron business firms and the Kosar Driving Range, scene of the event.

WSYR-AM-FM-TV Watermelon Party

WATERMELON PARTY for the residents of Onondaga County Home and Hospital, New York, was staged recently by WSYR-AM-FM-TV Syracuse. Station personalities Deacon Doubleday, Jim Deline, Dick Workman and June Bell visited and entertained the 600 old folks of the home while they enjoyed watermelon, hotdogs and pop. In addition, a two-hour open-air concert by the Syracuse Military Band was given.

Blood Appeal

WHEN a patient at the Grace-New Haven Community Hospital, New Haven, Conn., had required the entire supply of O-negative type blood on hand and still needed more, the hospital requested WAVZ there to appeal to listeners for donations. Within 25 minutes after the request had been made, 80 persons came to the emergency room to give. The hospital switchboard was flooded with hundreds more, some from New York City. WAVZ was the only medium used in the appeal.

WEVD Assists Blind

IN AN EFFORT to assist the public education program of The Associated Blind, WEVD New York is presenting a weekly musical presentation of the organization on Friday, 8:30-8:45 p.m. EDT. The program features blind musical entertainers and includes a "helpful suggestion" period, designed to give information on improving the daily relationship between the blind and the sighted.

Coast Guard Recruitment

MEL ALLEN, Martha Wright and the Page Cavanaugh Trio have taped 13 fifteen-minute shows for the U. S. Coast Guard which will be used to step up recruiting. These shows will be distributed to radio stations throughout the country in the fall as a public service.

...happy on all accounts!

Especially happy for these HPL accounts because The Housewives' Protective League draws *big* returns. Among the more than 250 current or recent users of HPL you'll find some of the biggest national and regional advertisers in the country. Many of them have been with HPL for years.

Happy, too, for HPL because these sponsors have shared in making this year—our Twentieth Anniversary—an important milestone. During the past twenty years, they've helped us grow from a half-hour, one-station show to a sales-making program service on thirteen of the nation's biggest stations. And over these years, they've stamped HPL as "*the most sales-effective participating program in all broadcasting!*"

To its many participating advertisers, The Housewives' Protective League wishes continued success and many more happy returns...measured in solid profits!

THE HOUSEWIVES' PROTECTIVE LEAGUE

FALL TV TIME SALES ARE UP; DAYTIME SHOWS MOST GAIN

With color tv extravaganzas knocking at the door, network billings for October are seen 20-25% greater than last year. National tv spot is reported running 25% ahead of 1953, topping radio spot for the first time. Advertisers are using \$6 million in tv time monthly.

AMERICAN advertisers this fall will be using tv time at the rate of better than \$6 million a month, according to B•T estimates of anticipated fall business.

That total, which does not include any program expenses, covers the cost of time at gross rates, before any discounts, for all classes of tv advertisers—national network, national and regional spot and local.

The preview of fall business comes at a time when color peeks around the corner, and the spectacular or extravaganza network productions are about to make their splash. Already, B•T's check list points to at least a 20 to 25% increase in tv network billings for October 1954 as compared to that month a year ago.

This percentage increase does not include an expected further boost in commercial time, particularly in daytime sales, between now and October, a period when a final push is placed on fall selling.

As the accompanying table shows, CBS-TV has picked up a number of clients for its daytime availabilities while NBC-TV's list, marking steady growth, indicates room for the quick daytime tv sale which has characterized selling in programs scheduled the early part of the day. For instance, NBC-TV's early morning program *Today*, its later *Home* and its evening *Tonight*, as well as CBS-TV's *Morning Show*, frequently has sold on short notice.

Spot tv activity, also buttressed by the new business look of tv's daytime appeal, can be expected to score a big checkmark in advertiser budgeting for the fall. Early B•T estimates indicate national spot's impact in tv this fall will run about 25% ahead of last autumn's spot time sales.

The outlook in spot, according to T. F. Flanagan, managing director of Station Representatives Assn., will be a milestone in tv: "For the first time in the history of broadcasting, national spot television this fall will pass national spot radio in time sales."

Comparisons of tv network advertising are itemized in the table starting on page 32 and summarized in the table on this page. These breakdowns and totals of time sold and individual advertiser budgeting of last fall are intended as a preview of what lies ahead in tv network billings.

The analysis does not contain network one-shots, including the World Series on NBC-TV. The tables are designed to serve as a guide, setting up a barometer for national tv business this fall season.

The score in evening time on the networks ranges from stability to an upward climb. Over-

all, evening time sold as of Aug. 15, 1954, already is running a few percentage points above the commercial time actually on the air last October.

In daytime hours, the increase is much greater—probably as much as 30%. Here, CBS-TV is the leader with a boost of about 63% in time already sold for this fall compared to its daytime commercial hours on the air last October.

In total time sold as of Aug. 15 compared to commercial time on the air last October, ABC-TV shows a gain; CBS-TV a noticeable jump; DuMont is slightly under but keeping pace with its record as of Aug. 15, 1953. Also, DuMont again will be relying heavily, as it has in the past, on co-op sponsorship of football on a regional basis. Again, all comparisons are due for a shot-in-the-arm between now and October 1954.

In unison, the sales heads of the tv networks, in statements prepared for B•T, hail the outlook for fall tv network business.

As ABC-TV's Charles R. Abry, national director of the Network Sales Department, views it:

"The 1954 evening fall program schedule shows that ABC-TV has achieved parity with the two top television networks in only the second year of its five-year plan for television network leadership. The success of ABC-TV for this second season since the FCC approved

the American Broadcasting-Paramount Theatres Inc. merger last year, gives rise to growing optimism that our five-year objectives may be realized in only four years.

"A careful examination of the 'blue chip' roster of national advertisers who have renewed their contracts with ABC-TV this season and the growing list of new advertisers who have been attracted to 'The Growth Network' shows the tremendous progress ABC-TV has made in this past year.

"Securing such a stellar roster of national advertisers with a program schedule of the finest of television shows is gratifying indeed. This new season will bring ABC-TV a long way toward the goals we have set for ourselves.

'Untried and Untapped'

"There is yet, we feel, a great untried and untapped potential among national advertisers of important stature to whom television is still an unknown quantity. It is our hope that, through the successes we have scored with our present group of advertisers on ABC-TV, we will be able to attract these potential advertisers to our network family, sponsoring programs that the ABC-TV network has diligently and carefully evaluated in terms of entertainment and audience appeal, which we feel each of these new ABC-TV properties is certain to secure.

"This year again as it was in 1953, ABC-TV's fall program schedule dramatically emphasizes the progress and achievements at 'The Growth Network.'"

For CBS-TV, fall signals a strengthening. William H. Hyman, vice president in charge of network sales, CBS-TV, stated:

"CBS Television's schedule for the fall-winter season has been greatly strengthened by the addition of many programs. Business outlook is excellent.

"During the coming year of regular color broadcasting, CBS Television is undertaking an ambitious schedule of color programs originating from both the huge new color studio in New York and Television City in Hollywood."

Gerry Martin, sales director of the DuMont Television Network, said:

"We expect that the 1954-55 season will be the best that DuMont has ever enjoyed.

"Business already in hand indicates that our billings for 1954-1955 will run 25 to 30% ahead of last year, when we grossed about \$12,500,000. In fact, in the last two weeks, the following clients have purchased five and one-half hours per week of network time:

"Lentheric Inc.; Miles Laboratories Inc.; General Tire; Schick; H. J. Heinz; Johnson Candy Co.; Hamm Beer; Consolidated Cosmetics; Atlantic Refining; Ford Dealers; MGM; Vitamin Corp. of America; Drewys Brewing Co.; Miller Beer; Plymouth; Electric Companies Advertising Program.

"Our football schedule is the most comprehensive in television from the standpoint of the number of games to be covered. Moreover, we (Text continued on page 35. Detailed tables of network advertisers overleaf.)

REPRESENTED STATION

heads the NBC-TV affiliates group.

The meeting will be capped by a Thursday luncheon at which Dr. Stanton will deliver one of his first recent speeches devoted to radio.

A meeting of the 12-man board of directors of CBS Radio affiliates is to be held tomorrow to elect successors to Kenyon Brown, KWFT Wichita Falls, as chairman of the affiliates board and Hulbert Taft Jr., WKRC Cincinnati, as secretary-treasurer.

CBS Radio's agenda similarly calls for network officials to present their plans for 1954-55 programming, sales, advertising and promotion, and observers deem it almost certain that CBS Radio's plan to cut evening time charges back to "approximately premium day costs" and reduce nighttime compensation to affiliates by 20% will be brought into the discussion, even though the plan already has been ratified by affiliates.

The affiliates also will see a special preview of "Tune in Tomorrow," new motion picture film produced by CBS Radio to show the part advertising and radio can play in the next five years' growth of the U. S. economy. It is the third animated film produced by the network for showing to advertising, business and broadcasting industry groups. "Tune in Tomorrow" will be shown regularly beginning about mid-September.

CBS Radio Meets Wednesday

The CBS Radio meeting will open at 2 p.m. Wednesday. The afternoon session on 1954-55 plans will be followed by a banquet featuring CBS Radio talent. Two sessions are set for Thursday morning, one for station owners and managers and one for promotion people.

Following a closed meeting among themselves Tuesday morning, the NBC-TV affiliates will be joined by network officials at a luncheon to be highlighted by a speech by Gen. Sarnoff, who will be introduced by Mr. Damm. The Tuesday afternoon session will hear plans outlined by George Frey, vice president in charge of tv network sales; Thomas A. M. Avity, programs vice president; Sidney H. Eiges, vice president in charge of press and publicity; Jacob A. Evans, director of participating programs dept., with Executive Vice President Sarnoff then giving a status report on color tv and President Weaver outlining long-range objectives. A question-and-answer period will follow.

Wednesday morning, optional (non-basic) affiliates will hold a closed meeting at 9 o'clock and a similar meeting of all affiliates will convene at 11. After lunch there will be a 2:30 meeting between the optional affiliates and network officials, and the two-day sessions are slated to close with an affiliates' executive meeting at 4 p.m.

84 NBC-TV Stations Sending Representatives

WALTER J. DAMM, vice president and general manager of WTMJ-TV Milwaukee and chairman of the NBC-TV affiliates group, reported that as of Thursday noon he had received acceptances from about 64 stations, divided equally between NBC-TV "basics" and so-called optional stations. He stressed, however, that he had not received notices of acceptance from many others, including multiple-ownership outlets. Actual number of broadcasters definitely indicating acceptance at that time was 84.

Mr. Damm predicted that all basic stations (46) would be represented at this week's meeting. Acceptances had been received Thursday noon from 32 of some 75-plus optional or

"actual" affiliates. Additionally, responses were expected from 30 or 40 "interim" outlets which take other network programs.

At least 17 of the 64 stations accepting at that time have indicated they plan to send two or more representatives to the two-day sessions at Chicago's Drake Hotel.

Mr. Damm had "no comment" when asked whether he felt the conclave would produce any "fireworks" on such facets as fall programming, promotion and selling patterns.

Alluding to representation at the meetings, Mr. Damm noted that West Coast and optional stations of NBC-TV had already held sessions in recent weeks and indicated his belief that some broadcasters from far-distance points might pass them up in Chicago.

The list of basic outlets which, as of Thursday noon, had accepted invitations, according to Mr. Damm, were:

KRON-TV San Francisco; KOA-TV Denver; WDEL-TV Wilmington, Del.; WOC-TV Davenport, Iowa; WAVE-TV Louisville, Ky.; WDSU-TV New Orleans; WBAL-TV Baltimore; WBZ-TV Boston; WWJ-TV Detroit; WOOD-TV Grand Rapids, Mich.; KSTP-TV Minneapolis; WDAF-TV Kansas City, Mo.; KSD-TV St. Louis; WOW-TV Omaha, Neb.; WGR-TV Buffalo, N. Y.; WHAM-TV Rochester, N. Y.; WRGB (TV) Schenectady, N. Y.; WSYR-TV Syracuse, N. Y.; WKY-TV Oklahoma City; WGA-TV Lancaster, Pa.; WPTZ (TV) Philadelphia; WJAR-TV Providence, R. I.; WSM-TV Nashville, Tenn.; WFAA-TV Dallas; WBAP-TV Fort Worth; KPRC-TV Houston; WOAI-TV San Antonio, Tex.; KTVT (TV) Salt Lake City; WVEC-TV Norfolk, Va.; KOMO-TV Seattle, Wash.; WSAZ-TV Huntington, W. Va., and WTMJ-TV Milwaukee.

Optional stations which have indicated they plan to attend, according to Mr. Damm, are:

KOMU-TV Columbia, Mo.; KOB-TV Albuquerque; WKNY-TV Kingston, N. Y.; WSJS-TV Winston-Salem, N. C.; WLEV-TV Bethlehem, Pa.; KELO-TV Sioux Falls, S. D.; KCBF-TV Lubbock, Tex.; WLSL-TV Roanoke, Va.; WTRF-TV Wheeling, W. Va.; WALA-TV Mobile, Ala.; KERO-TV Bakersfield, Calif.; WJNO-TV West Palm Beach, Fla.; WFLA-TV Tampa, Fla.; WDAK-TV Columbus, Ga.; WEEK-TV Peoria, Ill.; WGEM-TV Quincy, Ill.; WTTV (TV) Bloomington, Ind.; WKJG-TV Fort Wayne, Ind.; KOAM-TV Pittsburg, Kan.; WCSH-TV Portland, Me.; WNEM-TV Bay City, Mich.; KROC-TV Rochester, Minn.; WLBT (TV) Jackson, Miss.; KXLF-TV Butte, Mont.; WECT (TV) Elmira, N. Y.; WISE-TV Asheville, N. C.; KFYR-TV Bismarck, N. D.; WBRE-TV Wilkes-Barre, Pa.; WATE (TV) Knoxville, Tenn.; KFDX-TV Wichita Falls, Tex.; KHQ-TV Spokane, Wash., and WKBT (TV) La Crosse, Wis.

Stations which indicated they plan to send two or more executives were: WOC-TV, WAVE-TV, WDSU-TV, KSD-TV, WHAM-TV, WKY-TV, WJAR-TV, WSM-TV, WTMJ-TV, WALA-TV, WGEM-TV, WTTV (TV), WCSH-TV, KOMU-TV, WBRE-TV and KELO-TV.

300 CBS Radio Affiliate Executives Expected

SOME 300 executives of CBS Radio affiliated stations and of the network were expected to be on hand for the two-day meeting which opens in Chicago Wednesday. Below are listed those whose registration fees had been received by officials of the affiliates body, followed by a partial list—the most complete available late last week—of others known to be planning to attend.

C. F. Phillips and R. Q. Soule, WFBL Syracuse; Mr. & Mrs. O. J. Keller and Mr. & Mrs. O. J. Keller Jr., WTAX Springfield, Ill.; Guy B. Farnsworth, KGVO Missoula; Robert R. Brown and Willard S. Jackson, WJLS Beckley, W. Va.; Mr. & Mrs. Jimmy Gismondi and Mr. & Mrs. Fred David, WMBS Uniontown, Pa.; B. G. Robertson, KTHS Little Rock; Charles Crutchfield, WBT Charlotte, N. C.

G. O. Wiig, J. F. Murray, O. S. Simon and J. D. Gibbs, KQV Pittsburg; Harvey J. Struthers and John T. Curry, WEEL Boston; Larry Haeg and Clayton Kaufman, WCCO Minneapolis; Phil LaLonde, CKAC Montreal; Arthur L. Higbee, KSUB Cedar City, Utah; Arthur Hull Hayes and Evelyne Clark, KCBS San Francisco; Joe Petranka, WCOV Montgomery, Ala.; Wm. D. Shaw, KNX

Los Angeles; Frank Conwell, WKRG Mobile; L. S. Mitchell, WDAE Tampa; R. H. Moody, WHIO Dayton.

Kenyon Brown, A. L. Pierce and Norman Phillips, KWFT Wichita Falls, Tex.; Arnold F. Schoen Jr., WPRO Providence; J. Archie Morton or Saul Haas, KIRO Seattle; Robert N. Pryor, WCAU Philadelphia; Campbell Arnoux, WTAR Norfolk; J. Arthur Dupont, CJAD Montreal; W. W. Carter Jr., WTRY Troy; Mr. & Mrs. Leo Borin, KOTA-KOZY Rapid City, S. D.; Mr. & Mrs. Frank V. Webb, KFH Wichita; Hoyt B. Wooten, WREC Memphis; Harry Burke and Don Shoemaker, KFAB Omaha; Gene Wilkey, KMOX St. Louis; F. E. Lackey, WHOP Hopkinsville, Ky.; Mr. & Mrs. John R. Atkinson, WBBU Anderson, Ind.; Mr. & Mrs. F. C. Sowell and Jerry Glaser, WLAC Nashville.

Edgar T. Bell and Miss Montez Tjaden, KOMA Oklahoma City; Charles C. Caley and Marvin H. Hult, WMBD Peoria; Mr. & Mrs. Wm. B. Quorton and Leo F. Cole, WMT Cedar Rapids; Joseph K. Close and Frank Estes, WKNE Keene, N. H.; Walter J. Brown and Jane Dalton, WSPA Spartanburg; Mr. & Mrs. Merrill Lindsay, WSOY Decatur; Arthur Mensen, KFMB San Diego; Mr. & Mrs. Frank Reardon, WBOV Butte; C. T. Lucy, WRVA Richmond.

Mr. & Mrs. Miller N. Babcock, WGBS Miami; Mr. & Mrs. C. Robert Thomson and Mr. & Mrs. Frank W. Kelly, WBEN Buffalo; Mr. & Mrs. John W. Boler, KCJB Minot; Mr. & Mrs. Gordon Thomson and two others, KFYO Lubbock; Hugh B. Terry, KLZ Denver; H. L. Krueger, WTAG Worcester; John W. Harkrader, WDJB Roanoke; Mr. & Mrs. Walter Rothschild and Mr. & Mrs. Merritt Milligan, WTAD Quincy; Foster H. Brown Jr., KMOX St. Louis; Mr. & Mrs. Dalton Lemaurier and Mr. & Mrs. Odin S. Ramsland, KDAL-TV Duluth.

Mr. & Mrs. W. H. Summerville and daughter, WWL New Orleans; Harold P. Danforth, WDBO Orlando; Mr. & Mrs. Larry Stewart, WDWS Champaign; John F. Patt, Worth Kramer, Sibley Moore and Elmer Wayne, WJR Detroit; Carl S. Ward, WCBS New York; Harper L. Clark, KLOU Lake Charles; Eugene Carr and G. F. Boyd, WPAV Portsmouth, Ohio.

James F. McDonough, WAKE Greenville, S. C.; Fred Watkins, Jim Briggs and Robert Brown, KWKH Shreveport; J. E. Fetzer, C. E. Lee and Martin Gialmo, Fetzter Broadcasting Co., Kalama-zoo; John M. Rivers, WCSB Charleston; Cecily Vaison, CFRB Toronto, Canada; Mr. & Mrs. C. Pearson Ward, KTTSS Springfield, Mo.; R. B. McConnell, Radio Ft. Wayne Inc., Fort Wayne; Mr. & Mrs. Lloyd Loers, Mr. & Mrs. Donald Harter and Mr. & Mrs. Herbert R. Ohrt, KGLO Mason City; Mr. & Mrs. Wm. C. Fowler, Mr. & Mrs. John Ramp and Mr. & Mrs. John R. Browne Jr., WBAT Marion.

H. L. Atlas, E. H. Shomo, N. T. Schwin, W. F. Miller, C. W. Doebler and D. R. Ansel, WBBM Chicago; Mr. & Mrs. Clyde W. Rembert, KRLD Dallas; Howard W. Meagle and Paul J. Miller, WWVA Wheeling; Maurice Corken, WHBF Rock Island; Lloyd W. Dennis, WTOP Washington; Robert N. Pryor, WCAU Philadelphia; Mr. & Mrs. Chuck Gay, WHIO Dayton; Murray Gross, WCBS New York; Mr. & Mrs. J. Pattison Williams and Alex Buchan, WCMJ Ashland, Ky.; Cecil B. Hoskins, WWNC Asheville, N. C.; Hugh Bader, KGVO Missoula; Neal B. Welch, WSBT South Bend; Mr. & Mrs. V. A. Sholis, WHAS Louisville.

The following from CBS Radio, New York:

Adrian Murphy, president; George Bristol; George Crandall; Louis Dorfman; Lester Gottlieb; Norman Frank; Edward Hall; Elsie Kubala; Charles Oppenheim; Murry Salberg; William Schudt; Edward De Gray; Ole Morby; Harry Feeny; Sid Garfield; H. Cordic & Co

OPENS TO SRO HOUSE ON

KDKA

The guy's great! So good he's sold-out before he begins his show on Labor Day. His name's Rege Cordic—and KDKA's got him—warming the heart and tickling the funny bone of 108 counties!

Here's what happens on a typical morning in and around Pittsburgh—all because of Cordic! Father, (who hadn't laughed till noon in years!) rolls out of bed with a smile! In fact, alarm clocks clang in happy harmony all through the house—for everyone has a great awakening with Cordic! And what ever happened to the harried motorist in the midst of a morning tie-up? You'll find him chortling along with Cordic, too!

Because Rege Cordic, with his fabulous Company, has created a wonderful world of zanies who fit about the show with all the appeal of favorite radio and comic strip characters combined. They're informal, breezy, easy to take as a honey tonic.

They're figments of the imagination, of course—mostly the imagination of the head of the "Company." The only straight lines on the show are the weather, time and news—and even they get a treatment now and again.

That's how it is these days. Great things are going on at KDKA. It's bigger and better every day! Top talent, complete coverage, mass audience, potent power, starring shows . . . everything you expect—and *more*—and always the highly localized, audience-action-provoking approach of WBC!

That's the WBC approach, too—top talent, top coverage, top audience, top power, top shows. And that about covers it except for the number to call to discuss availabilities. Here it is—PLaza 1-2700 will get you Eldon Campbell, WBC National Sales Manager in New York. In Pittsburgh call Sales Manager John Stilli, GRant 1-4200.

PREVIEW

Exquisite Bra solves touchy tv ad problem

THE PROBLEM of advertising products customarily, if coyly, called "intimate" is always tough, particularly when the medium to be used is tv, which reaches family groups of both sexes and all ages together and an even slightly wrong approach could easily be embarrassing to the viewers and disastrous to the advertiser.

But the advantages of using such a successful sales medium make it a problem to be faced, not avoided.

So, after a great deal of hard thinking, matched by \$25,000 in hard cash (said to be the largest sum ever expended on a tv commercial), Exquisite Form Brassiere's debut into network television Sept. 7 as alternate-week sponsor of *Stop the Music* on ABC-TV will feature a commercial that the sponsor and its agency, Grey Advertising, are convinced contains maximum sales impact with no damage to dignity or decorum.

"We believe that for the first time we have managed to blend good brassiere merchandising, displaying and demonstrating the sales features of brassieres in the home, in the presence of the entire family, with good taste," Robert E. Heyn, Exquisite Form's vice president in charge of sales, stated.

Putting it even more strongly, Arthur C.

Fatt, executive vice president of Grey, declared: "We feel very confident that the daring approach of Exquisite Form on television will produce the largest retail traffic ever created by the national advertising of a brassiere manufacturer. Heretofore, commercials have been a serious problem for bra manufacturers and most networks have refused to approve live models wearing bras.

To prepare their sales message for presentation via the most modern form of communication, the producers utilized the world's oldest means of symbolizing sentiment—the dance, the chorus from the dramas of ancient Greece and the fairy sprite of medieval folklore, placed in a modern stylized setting. Real people and animated sketches join in depicting the action as it is expounded by the unseen chorus.

The story of the commercial is that of a young lady's acceptance of a date, her discovery she has nothing fit to wear and her visit to a dress shop where she flits from gown to gown, always returning to a certain one, as the chorus sighs: "That's for me . . . so soft . . . so clinging. But will my figure let me wear it?"

As she turns away dejectedly, she hears the sound of a wand tapping on the window pane and sees the fluttering sprite beckoning her to come back. "Exquisite Form will let you wear it . . . Exquisite Form for a perfect figure . . . Exquisite Form Floating Action Bra," sings the chorus, as the sprite points out the merits of the bra on the model in the window.

Dressed in the new gown, the girl admires herself while the chorus chants: "Now you're lovely as can be, in your Exquisite Form Floating Action Bra." Then, suddenly she looks worried. "How much does it cost?" asks the chorus, answering immediately, "Less than you think . . . only \$2.50, only \$2.50, to make you look lovelier than ever before. . . ."

As our heroine reacts happily to this price mention, a scarf appears from infinity through a background of cloud and mist. As it reaches front center, the scarf is whipped away, revealing the bra, while the chorus gives the final instruction to "see the Exquisite Form Floating Action Bra . . . and other styles for daytime and evening wear . . . at your favorite store . . . now."

Sponsor: Exquisite Form Brassiere Inc.
Agency: Grey Advertising, New York.
Film Production: Film Creations, New York, and Grey's radio-tv department.
Animation: Ed Donnelly.
Dancers: Above: Marsha Reynolds; at left: Margo Meier.

To be shown on *Stop the Music* on ABC-TV alternate Tuesdays, 10:30-11 p.m., starting Sept. 7.

NINE FIRMS SET SPOT CAMPAIGNS

Park & Tilford leads the group with its 11th annual fall radio spot schedule, on 300 stations, daytime only.

PARK & TILFORD, New York (Tintex), for the 11th consecutive year is preparing its annual fall radio spot announcement campaign, leading at least eight other advertisers in radio-tv spot schedules.

The eight spot advertisers placing campaigns are Blue Bonnet margarine, Royal pudding, Bon Ami, Wildroot Co., Chunky chocolates, Sterling Drug, Chase & Sanborn coffee, and the Ohio Oil Co.

Park & Tilford, through its agency, Storm & Klein, New York, will launch its fall campaign on Sept. 13, to run through early December on nearly 300 stations. The company, which has expanded its market list this year, uses an annual spring and fall campaign. It is buying one-minutes and participations, daytime only.

Standard Brands, New York, for Blue Bonnet margarine and Royal pudding, is preparing two separate campaigns using 20-second announcements in the evening on 60 television stations. Contract starts Sept. 26 and will run through the end of the year. Ted Bates Inc., New York, is the agency.

Bon Ami, New York, through BBDO, also New York, will start a radio spot announcement campaign on Sept. 13 in about 10 scattered markets, continuing for 13 weeks.

Wildroot Expanding

Wildroot Co., Buffalo, through BBDO, New York, is understood to be considering an expansion of its radio and television spot campaign, with definite decision expected to be made early this week.

Chunky chocolates, New York, through Peck Adv., New York, is planning to carry a limited list of markets effective early in October, using both radio and tv. Schedule is still in the tentative stage but definite action is expected within a fortnight.

Sterling Drug (Fizrin), through Compton Adv., New York, is placing a 26-week radio and television spot announcement campaign in a number of scattered markets effective Sept. 12.

Another Standard Brands product, Chase & Sanborn coffee (regular and instant), through Compton Adv., New York, is placing a television spot campaign for each type of coffee in about 75 markets, effective Sept. 19 for 52 weeks. A radio campaign also will be used in about 30 markets for both types of coffee, effective mid-September.

Standard Brands also is now working over budgets and research with the possibility of a radio-tv campaign to break sometime in November for Tender Leaf tea.

The Marathon marketing division of the Ohio Oil Co. will sponsor *Secret File, U. S.*, a new tv series starring Robert Alda as an American major assigned to intelligence activities, in 12 major markets. Official Films is the distributor of the series, which the oil company has scheduled to run for 26 weeks in Columbus, Dayton, Toledo, South Bend, Indianapolis, Bloomington, Grand Rapids, Champaign (Ill.), Evansville, Fort Wayne, Louisville and Kalamazoo. N. W. Ayer & Son, Philadelphia, is the agency.

A Remarkable Faculty

WNBQ's remarkable faculty for enrolling the largest and loyalest TV audiences in the midwest, has made it the favorite Institution of Higher Earning for Chicago's smartest advertisers.

In other parts of the country WNBQ's programming technique is known as "the Chicago school of televisio
"Chicago-style TV" and "The most creative local programming in television". But in Chicago most people
dial Channel 5 because the programs are local, "live" and livelier . . . and built around local personalities.

This is the formula that developed such WNBQ graduates as Garroway at Large,
Kukla, Fran & Ollie, Zoo Parade and Ding Dong School. It's the reason why in Chicago WNBQ is the most
imitated station, and the *only* TV station to have won the Variety Showmanagement Award.
Little wonder that WNBQ is used by more advertisers than any other Chicago television station!

You, too, are most likely to succeed on **WNBQ** a service of 

 IN CHICAGO represented by NBC Spot Sales

TONI, HAZEL BISHOP IN COURT BATTLE

In \$3 million suit Hazel Bishop Inc. charges Gillette Co. (Toni Division) dickered to buy former's lipstick formula and trade secrets and got them. Injunction asked on Toni lipstick sales, advertising.

A BRUSH between two heavy radio-tv advertising lipstick firms has landed up in the courts with both sides crying "smear."

Hazel Bishop Inc. has filed a \$3 million suit against its lipstick competitor, Gillette Co. (Toni lipstick) in the U. S. District Court for the Southern District of New York.

The plaintiff charges Gillette and more particularly, its Toni Division, with entering into the lipstick trade and competing with Hazel Bishop after having negotiated in good faith with Hazel Bishop for purchase of the latter's know-how, merchandising, promotion, advertising, production methods, etc.

The Hazel Bishop complaint stated that the company at first refused to divulge its trade secrets as desired by Toni, but later changed its mind after receiving assurances that Toni would not enter into competition with Hazel Bishop should the negotiated purchase fall through.

The complaint asks that Gillette be enjoined and restrained from the lipstick-making business pending the court's determination of the suit. It also asks that Gillette be forbidden to sell, advertise, promote or merchandise its lipstick.

Gillette's president, J. P. Spang Jr., in denying the charges, asserted them "completely false and without any basis in fact." The firm has 20 days to answer the suit.

Purchase Plans

Raymond Spector, head of the advertising agency in New York which bears his name, is principal stockholder and board chairman of Hazel Bishop. Mr. Spector pointed out that the Gillette board of directors already had approved the purchase of Hazel Bishop formulas but that negotiations had been carried through with an understanding that Gillette-Toni would not reveal the trade secrets of packaging and advertising among other things. He said so long as Toni continues to put out its lipstick, "damages will mount" and the suit soon will exceed the \$3 million figure.

Mr. Spector took a dim view of Mr. Spang's statement that the charges were unfounded. "Perhaps Mr. Spang," Mr. Spector commented, "forgets that the Toni president and other officials of the company had an understanding with our company. These very matters were subjects of conferences of the Gillette board of directors. Negotiations were in process for two years and in June 1953 Gillette's board ratified an offer of \$6 million and in April 1954, the offer was substantially better. We had thought the days of the robber baron were over."

In its complaint, Hazel Bishop revealed that for the fiscal year ending next Oct. 31 the company will spend an estimated \$4.5 million on radio, tv and national publication advertising. Since 1949, Hazel Bishop said it had spent more than \$10 million for such advertising.

Attorneys for Hazel Bishop are Gordon, Brady, Caffrey & Keller, New York.

In Chicago there was no immediate indication as to when Toni's attorneys would file a response to the Hazel Bishop suit late Thurs-

day. But spokesmen for the law firm of Crowell & Leibman, Toni's legal representative, said it would be within the next fortnight—before the 20-day deadline set from the time the suit was filed. The reply is now "in the process of being prepared," it was explained.

It was understood that the Toni Division of Gillette would file "definitive answers" to charges lodged by Hazel Bishop Inc., answering each allegation in turn. It likewise was understood that Toni's Chicago attorneys would brand the charges as "unfounded," along the tack taken by Gillette President Spang.

The Toni case is being handled in Chicago by Morris Leibman, partner in Crowell & Leibman, and who presently is vacationing. Toni's public relations there are handled by Dan Edelman & Assoc., with offices in the Merchandise Mart. It was reported that Mr. Leibman would confer with Gillette officials in New York before drafting Toni's reply. Identity of Gillette's eastern attorneys could not be immediately ascertained.

HEAVY SCHEDULE of tv news has been added to the radio-tv budget of Peoples Drug Stores. Clayton R. Sanders, advertising manager of the eastern chain, signs for a 52-week contract on WMAL-TV Washington, using 20 newscasts weekly. Standing (l to r): Ted McDowell, WMAL-TV salesman; Neal J. Edwards, WMAL-TV sales manager, and William D. Murdock, president of William D. Murdock Adv. Agency, Washington.

Extensive Pro-College Grid Slate Planned by Standard

AN AMBITIOUS schedule of college and pro football radio broadcasts, including provision for a regional 16-station network in one instance, has been set by Standard Oil Co. of Indiana for this fall.

The schedule, comprising 52 midwestern games, was to be announced over this past weekend by Wesley I. Nunn, Standard advertising manager. It covers 12 regular season games of the National Football League's Chicago Bears and two pre-season contests, marking the ninth year Standard has bought Bears games on radio.

Standard also will sponsor college football broadcasts on KLZ Denver (10 U. of Colorado games), WHO Des Moines (nine U. of Iowa games), WTMJ Milwaukee (nine U. of Wisconsin games) and KFAB Omaha (10 U. of Nebraska games).

D'Arcy Adv., Chicago, has started handling

the Standard Oil account, which was resigned earlier this summer by McCann-Erickson.

The Bears games will be originated by WGN Chicago, with Jack Brickhouse handling play-by-play starting Sept. 12. Other stations in the network are:

WDZ Decatur, Ill., WMAV Springfield, Ill., WKID Urbana, Ill., WGEM Quincy, Ill., WSIV Pekin, Ill., WGIL Galesburg, Ill., WQUA Moline, Ill., WASK Lafayette, Ind., WNAM Neenah, Wis., KCRI Cedar Rapids, Iowa, KKIC Iowa City, Iowa, KOKX Keokuk, Iowa, KRES St. Joseph, Mo., KFSB Joplin, Mo., and KISD Sioux Falls, S. D.

d-Con to Put 85% Of Ads Into Radio-Tv

A \$450,000-plus advertising campaign covering 10 weeks, with about 85% of the appropriations tabbed for broadcast media, was announced last Monday by The d-Con Co., Chicago (insecticides).

The schedule includes 250 radio and 73 tv stations, starting Sept. 6, according to Alvin Eicoff, d-Con vice president in charge of advertising. He gave this breakdown: radio 45%, television 40%, newspapers 10% and national magazines 5%. Radio and tv thus will derive over \$380,000.

Mr. Eicoff said the expenditure was the largest ever set by d-Con or any other rodent-killer manufacturer for a single selling season. He also told B•T Tuesday that d-Con will continue its practice of seeking the best possible advertising rates from stations without regard to agency or representative commissions. News, weather and sports programs and 20-second spot availabilities are being sought [B•T, June 28].

The d-Con agency is Arthur Meyerhoff & Co., Chicago.

ABC, KABC-TV Host Agency in New York

AGENCY executives and timebuyers were guests in New York's Ambassador Hotel last week of KABC-TV Los Angeles, owned and operated by ABC, and of ABC itself.

Elton Rule, KABC-TV's general sales manager, and Don Quinn, assistant sales manager, presided at the sessions highlighted by a 30-minute sound movie especially prepared for the sales campaign. The film, which is about the station, the network and its Television City in Hollywood, as well as KABC-TV's personalities, features Art Baker (m.c. of KABC-TV's *You Asked for It* program). Most of the film was made up of kinescopes from top tv live programs, locally produced by KABC-TV.

The presentation will be repeated for agency executives and timebuyers in Chicago. Earl T. Hudson, vice president in charge of ABC's western division, supervised the film's preparation. Hunt Stromberg Jr. was executive producer.

EW Completes L.A. Expansion

ERWIN, WASEY & Co., Los Angeles, has completed its expansion of offices at 5045 Wilshire Blvd. Among the facilities are a complete projection room, sound recording studio and air-conditioned conference room. Agency's six years in Los Angeles represent a growth of from 12 people to nearly 100, from 1,500 square feet of working space to 16,919 square feet and from a "handful" of accounts to 21, according to Emmett C. McGaughey, executive vice president in charge of West Coast operations.

September 1, 1954

A wonderful show for entertainment.

Kitchen Kar

Famous Entertainers

Fun-loving Ad Weinert, one of Baltimore's outstanding television personalities, teams up with the "Clark Gable of television", Jack Redfern and the lovable clown, "Kay-Kay" to add that extra zest to this fast moving, spirited show.

Constant In-Store Action

In each store, shelf position is improved... special product identification and displays are arranged. Cooperating dealers receive free plugs on the air. Arrangements are made for Kitchen Carnival of Fun products to be advertised in dealer's hand bills and or newspaper ads.

Wonderful Entertainment

Each day 150 ladies from women's clubs, church and civic groups get their tickets months in advance to meet in the studio for a wonderful half hour. The new, unique contests and games include the home viewers by use of the telephone... so everyone has fun.

It's exciting! It's colorful! It's colossal! And it actually puts an added sales force to work for you. Kitchen Carnival of Fun seen on television every Monday thru Friday at 12 to 12:30 PM combines carnival spirit, fun, games and stunts plus strong product merchandising.

Adapting the carnival motif, the sets for this popular show are individual carnival booths. Each advertiser has his product spotlighted in a separate booth featuring an eye-catching mass display with the sponsor's name which provides continual identification throughout the show.

MONDAY THRU FRIDAY
12:00 TO 12:30 p. m.

A wonderful show for merchandising

Kitchen Carnival of Fun

Prizes for audiences and dealers

Among the many fabulous prizes are the Wonder Bags . . . shopping bags chockfull of advertised products. These bags are given away at the rate of 15 a day. What could be a better way to have your product actually sampled by consumers?

Complete Merchandising

WBAL-TV's special merchandising staff makes weekly calls on a selected list of outstanding grocers, chain and super markets—checking stocks of advertised products, urging dealers to buy where stocks are lacking, reporting stock supplies to brokers and sales reps.

The all inclusive Rainbow Contest

This contest includes your product, grocers and consumers. It gives added incentives to housewives to buy your product, and provides powerful incentives for dealers to stock and push your product. In the course of each week 25 stores, 5 daily, participate on this multiple-impact sales promotion plan. It's the closest thing to "forced distribution" you've ever seen.

During the past four years Kitchen Carnival has been a highly successful and extremely popular radio show at WBAL. The Kitchen Carnival of Fun is the television adaptation. Backed by stronger sales promotion, more complete merchandising, the Kitchen Carnival of Fun now offers even greater sales impact to your advertising campaign.

Kitchen Carnival of Fun combines a complete package of a highly entertaining television show with sales promotion and continual merchandising to make an irresistible vehicle. It makes everyone happy . . . the audience . . . the consumer . . . the grocer . . . his salesmen . . . and you, the advertisers.

Get on the band wagon, now. Get the full details about Kitchen Carnival of Fun and get ready to start counting up the profits.

'Film-for-Time' Acceptances Reported by Thompson-Koch

AT LEAST 28 stations have already accepted the films-for-time offer made by Thompson-Koch Co., New York, advertising agency for Sterling Drugs [CLOSED CIRCUIT, Aug. 23], R. A. McNell, agency president, told B•T last week.

Mr. McNell predicted that at least 30 more would accept. He said that only two or three stations had turned the offer down. About 150 letters were sent to stations across the country offering the half-hour film series of 57 shows of *Inspector Mark Saber* "at what you might expect to pay any film distributor for a good half hour film," in return for which the agency says it will "buy an equal dollar amount of announcements on your station."

Maubert St. Georges Forms New Ad Agency

MAUBERT ST. GEORGES, formerly president of St. Georges & Keyes, New York, for 14 years, has established a new advertising agency, Maubert St. Georges Inc., in New York. The company will engage in general advertising, product publicity, market research and merchandising campaigns.

George Gale, vice president, will be responsible for merchandising, sales analysis and distribution planning.

Other members of the newly-formed agency are: Harold Weinberger, former advertising manager of Reading Tube Corp., as copy chief; C. T. N. Jaeger, Fisher & Porter, as research director; I. S. Kogan, as director of publicity; Ernest M. Olsen, as art director; Alice Rich, Esmond Assoc., will handle media contacts, and Aileen Paul is in charge of general office operations.

MR. ST. GEORGES

More Buy 'Morning Show'

SIGNING of contracts for three new sponsorships and a fourth supplemental order for CBS-TV's *The Morning Show* (Mon.-Fri., 7-9 a.m. EDT) have been announced by William H. Hylan, CBS-TV vice president in charge of network sales. The orders call for a total of 289 participations on the show.

New sponsors are the Crane Co., Chicago, through Leo Burnett, Chicago, for 13 participations from Aug. 17 through Nov. 9; Lady Esther, div. of Zonite Corp., New York, through the Biow Co., New York, for 260 participations over a year's period, starting Sept. 8, and Swift & Co., Chicago (Swift premium turkeys), through McCann-Erickson, Chicago, for six participations for a Thanksgiving promotion, starting Nov. 11. The supplemental order is by the Monsanto Chemical Co., plastics div., Springfield, Mass., through Gardner Adv., New York, for 10 participations in addition to current order now in progress for 104 participations in 43 weeks.

De Jova Names Becker

V. S. BECKER Advertising Service of New York has been appointed U. S. associate agency for Antonio R. de Jova & Assoc., Philippine advertising agency, Viola S. Becker, general manager of Becker Advertising, has announced.

DISCUSSING Prudential Insurance Co.'s co-sponsorship of the U. of Minnesota 1954 football games over WCCO Minneapolis are (l to r): Orville E. Beall, vice president in charge of Prudential North Central home office; Larry Haeg, WCCO general manager; George O. Ludcke, Calkins & Holden, agency, and Henry Arnsdorf, Prudential director of public relations and advertising. The nine-game schedule starts Sept. 25 and will be co-sponsored by the Bongard Creamery Assn.

BBDO Elects Three

ELECTION of three new vice presidents of BBDO, New York, was announced last week by Ben Duffy, president of the agency. The three are Leroy H. Dreher, account executive in the New York office and with the agency since 1929; Arthur J. Bellaire, in charge of television and radio copy in the New York office and with the firm for ten years; Burton E. Vaughan, account executive in the San Francisco office, who joined the agency in 1947.

NETWORK NEW BUSINESS

Murine Co., Chicago, buys six 8-8:15 a.m. segments of Don McNeill's *Breakfast Club* on ABC Radio during first half of September. Murine is taking Sept. 3, 6, 8, 13, 15 and 17. Agency: BBDO, Chicago.

General Tire & Rubber Co., Akron, to sponsor *General Sports Time*, weekly filmed sports program, on 103 DuMont Tv stations starting late this month. Program will be seen Saturday or Sunday. Agency: D'Arcy Adv. Co., Cleveland.

Lever Bros. Co. (Lifebuoy soap, Good Luck margarine, Pepsodent toothpaste), N. Y., purchases *Uncle Johnny Coons* on 15 CBS-TV stations (Sat., 12:30 p.m. CDT) starting Sept. 4. Agency: McCann-Erickson Inc., N. Y.

NETWORK RENEWALS

Nestle Co., N. Y., renews alternate-week sponsorship of *Space Patrol* on ABC Radio, Sat., 10:30-11 a.m. EST, effective Oct. 2 for 52 weeks. Agency: Cecil & Presbrey, N. Y.

P. Lorillard Co. (Old Gold cigarettes), N. Y., renews *Truth or Consequences* (NBC-TV, Tues., 10-10:30 p.m. EDT) effective Sept. 28. Agency: Lennen & Newell, same city.

AGENCY APPOINTMENTS

Henry S. Lammers, Terre Haute, Ind. (promoter of 100-mile AAA National Championship Auto Race at Las Vegas, Nev., Jockey Club); *Flying Sportsmen Lodge*, Loreto, Baja California, and *Mardi Gras Room, Park Wilshire Hotel*,

L. A., all appoint Vignolle and Powell, L. A. Radio and tv will be used.

Charles Keeshin Poultry Co. (frozen chicken products), Chicago, appoint M. M. Fisher Assoc., same city.

Para Labs, N. Y. (Queen Helene beauty products), names Huber Hoge & Sons, N. Y., to handle fall advertising campaign. Radio, tv motion picture, women's magazines, Sunday supplements will carry the advertising.

A Network Man in the Agency Backfield

IN A MOVE designed to effect closer relationship between an advertising agency and a medium, Hicks & Greist Inc., New York, made arrangements for an NBC-TV account executive to set up shop in the agency's office for several days so that he could be on tap to provide first-hand information to Hicks & Greist sales and copy personnel.

Ted Grunewald, Hicks & Greist's radio-tv director, made arrangements for this cooperative effort with John B. Lanigan, NBC eastern tv sales manager, who assigned Lewis Marcy, NBC-TV account executive, to the agency's New York headquarters for several days. There Mr. Marcy was peppered with questions brought to the agency from clients, covering program availabilities, how much their tv budgets

would buy, what competitive advertisers were purchasing, how merchandising support could be utilized, program formats and kinds of audience appeals to help key their commercials for maximum effectiveness.

John Drake, vice president of Hicks & Greist, described the experiment as "a great convenience," adding "it has helped our account men get accurate and up-to-date answers to specific client problems." Mr. Grunewald commented: "I feel this experiment has resulted in a stimulation of interest in additional network activity. Of course, the great gains were chalked up for those clients presently not using tv advertising, but it certainly has been a tremendous time-saver for our radio and tv staff."

POINTING OUT the answers to agency and client questions are Lewis Marcy (with pencil), NBC-TV account executive, and (at his shoulder) John B. Lanigan, NBC's eastern tv sales manager. Questioners (l to r): Harry L. Hicks, account executive; Ted Grunewald, director of radio-tv, and Donald Stone, copy supervisor, all of H&G.

ing and commercial film activities; **Herb Fisher**, Leo Burnett Co., that city, to agency as director of research; **Jory Graham**, Needham, Louis & Brorby Inc., same city, to creative division.

John F. MacKay, copy chief, Anderson & Cairns, N. Y., promoted to creative director.

Lee Friend returned to Friend-Reiss-McGlone, N. Y., after six-month leave of absence. Name of agency shortened to Friend-Reiss Adv.

Adele V. Mattson, media director, Foote, Cone & Belding International, N. Y., resigns.

John R. Gilman, vice president, Roy S. Durstine Inc., N. Y., resigns to enter business for himself as business consultant.

Jack W. Nides, account executive, Martin R. Klitten Co., L. A., forms J. W. Nides Co. at 951 N. LaCienega Blvd., same city; telephone: Bradshaw 2-4816.

Harry Johnson, formerly with L. W. Ramsey Co., to Campbell-Mithum, Chicago, as account executive.

James S. Ennis, Lennen & Newell, N. Y., to Dancer-Fitzgerald-Sample Inc., N. Y., as account executive.

Shirmer Mueller, assistant sales manager, southwest div., and **Robert McDonald**, Pacific Coast advertising representative, Falstaff Brewing Co., to firm's new Rocky Mountain div., as sales and advertising managers, respectively.

Robert P. Palmer appointed advertising manager and head of public relations dept., Lumbermen's Mutual Casualty Co. **Clive R. Bishop** and **Earle F. Heffley** named assistant advertising managers.

J. R. Smolenske appointed advertising manager, western div., Colorado Fuel and Iron Corp., Denver.

Ralph W. Klapperich, G. Heileman Brewing Co., La Crosse, Wis., promoted to advertising manager.

IF YOU KNOW...

The Northern California market (and KPIX)...

THIS'LL BE A CINCH!

But is it?

Let's give you a hint. In the 23-county coverage area of KPIX, Channel 5, San Francisco, there are:

4,161,500 people
1,369,400 family units
982,070 TV homes

Ready for the question? How many impressions per average week are currently delivered by KPIX? Which is the correct figure?

123,456,275
197,453,227
240,905,270
225,284,352

If you said "240,905,270" you'd be correct... the largest number of weekly impressions delivered by any Northern California TV station.

This should give you one impression of KPIX superiority in the San Francisco market. For more information, see your Katz man.

ABC FILM GOES INTO DALLAS, ATLANTA

New York national sales conference sees initial screening of new film property, 'Mandrake the Magician.'

ANNOUNCEMENT of plans to open new sales offices in Dallas and Atlanta, and the first screening of the new *Mandrake the Magician* film series were highlights of a national sales conference conducted by ABC Film Syndication in New York last Wednesday, Thursday and Friday.

George T. Shupert, president of ABC Film Syndication, attributed the opening of the new offices to increased business and said that effective this week G. Joseph Porter, formerly southeastern representative for World Broadcasting System, will head the Atlanta office, covering Georgia, Florida, Tennessee, the Carolinas and Mississippi, while Howard Anderson, former southwestern account executive for MPTV, will manage the Dallas office, covering Texas, Oklahoma, Louisiana and Arkansas.

Others at Screening

In addition to the ABC Film Syndication executives and sales staff, those on hand on the Thursday morning screen of *Mandrake*, now in production in Bermuda and slated for syndication to stations for Oct. 1 broadcast, were Leonard H. Goldensen, president of American Broadcasting-Paramount Theatres, the syndication firm's parent company; AB-PT Vice President and General Counsel Walter Gross; producers John Gibbs and Robert Mann, and co-producer John Allen.

Plans for an extensive advertising, promotion and merchandising campaign to coincide with the launching of the *Mandrake* series also were outlined.

Passport to Danger, another new property of ABC Film Syndication and slated to become available for broadcasting Oct. 30, was discussed in the Thursday afternoon session, with

producer Hal Roach Jr. explaining his plan to introduce "entertainment gimmicks" into each show to give it an individual trademark. A promotion and merchandising campaign also will be conducted in behalf of *Passport*.

In Wednesday and Friday sessions Don L. Kearney, vice president in charge of sales, reviewed the sale situation of current properties, *Racket Squad*, *The Playhouse* and *John Kieran's Kaleidoscope*, and heard reports from the field. Individual conferences and distribution of prospect lists of advertisers interested in buying film properties for late fall programming wound up the three-day meeting Friday afternoon.

The manager of the new Dallas office, Mr. Anderson, has been employed as a film consultant to a number of stations, assisting managers concurrently with his employment with MPTV and also during his previous employment as film director of WFAA-TV Dallas.

Mr. Porter, head of the new Atlanta office, was sales manager of WINA Charlottesville; general manager of WMTR Morristown, N. J., which he helped put on the air; retail sales manager of WJZ and on the sales staff of WOR, both in New York, prior to his association with World Broadcasting.

Eddy Arnold to Produce Film Series in Chicago

IN WHAT was described as perhaps the first major tv film series to be produced in Chicago, spokesmen announced last week that singer Eddy Arnold had organized a firm to produce a half-hour film show, *Eddy Arnold Time*, starting Oct. 15 for Jan. 1 release to stations.

The first series will consist of 26 programs, featuring Mr. Arnold and probably also a girl singer and a male vocal group. Joe Csida of Csida-Grean Assoc., which handles Mr. Arnold's management, will be executive producer for the series, and Ben Park, with NBC in Chicago, will be producer, director and writer but also will continue his NBC duties. Syndication will be handled by Walter Schwimmer Productions, Chicago.

Preiss Lists Availabilities

CURRENTLY 3,283 theatrical motion pictures are available to tv stations, according to listing released by Al Preiss & Assoc., Hollywood tv research firm. They date from 1917 ("Mark of Cain," with Sally Gray and Eric Portman) to 1953 ("Hannah Lee," with John Ireland, Joanne Dru and Ward Bond).

Reportedly the first such compilation made, information in Preiss' *Feature Films for Tv* was gathered from feature film distributors and film buyers. List is broken down into titles, leading stars, theatrical release date, running time and present distributor. Sale copies are available from Preiss office, 1680 N. Vine St., Hollywood 28.

Tv Co-op Film Sales Expands

EXPANDING its film sales and service operations into Canada, Tv Cooperative Film Sales Co. announced last week that it will now be known as International Tv Film Services Ltd., with main offices in New York and branches in Los Angeles, Toronto and Montreal. Firm is headed by Marcel Leduc, for the past year, owner and director of Tv Cooperative Film Sales and vice president of Mark Hawley Assoc.

The Real Thing

THE HERO of a tv filmed series currently is portraying himself in a real life drama. Robert Fabian, former superintendent of Scotland Yard, currently in retirement, has been summoned to Canada and presently is working on an eight-month-old mystery surrounding the disappearance of a 17-year-old girl. Mr. Fabian is hailed as "the world's greatest detective," and 39 case histories of crimes he helped solve while with the Yard have been filmed and are being distributed by Telefilm Enterprises, New York, under the title of *Fabian of Scotland Yard*.

ZIV INTERNATIONAL SALES PROMPT ADDED EXPORTS

Film firm puts 'I Led Three Lives' on list being distributed in Latin America.

ZIV International is increasing its Spanish versions of Ziv Tv programs for consumption in Latin America as a result of noted successes in sales south of the border, according to Edward J. Stern, Ziv International president.

Latest expansion will be to add *I Led Three Lives*, Ziv's top show in the U. S., to the Spanish market in January. Mr. District Attorney was added last month. For Latin consumers, Ziv shows having Spanish language sound tracks now total six.

Mr. Stern reported Mr. District Attorney, offered in Spanish only last month, already is sold out in Mexico, Venezuela, Colombia and Puerto Rico. Mr. Stern also said Goodrich Tire & Rubber, Procter & Gamble, Westinghouse, General Electric, America Tobacco and Nescafe are among recent advertisers signed for the filmed tv series in Latin America.

At the same time, M. J. Rifkin, vice president in charge of sales for Ziv Television Programs, announced 11 new sales made for *Meet Corliss Archer*, Ziv's newest tv film series. The number of markets now sold for *Archer* total 81, Mr. Rifkin said.

Among new markets: Detroit (co-sponsors, Standard Federal Bank, Bernor's ginger ale), Cleveland (sponsor, Heckman Biscuit Co.), Atlanta (WLWA (TV) is purchaser), Huntington, W. Va. (sponsor, Broughton's Farm Dairies). Nash Coffee, which had purchased *Archer* in three markets, has added two, to bring its total to five.

According to Mr. Rifkin, sales gains for the family series are greatest with food and beverage advertisers, although banks and gas and oil companies are potential *Archer* sponsors.

New Film Distribution Firm In N.Y. Formed by Eliot Hyman

FORMATION of Associated Artists Productions Inc. has been announced by Eliot Hyman, president and veteran film executive. Ken Hyman and Don Klauber have been appointed vice presidents and a sales staff will be selected within two weeks.

Presentations of the new distribution firm include 12 *Sherlock Holmes* features, 89 *Candid Camera* half hours, 39 *Johnny Jupiter* half hours, 37 westerns and three serials starring Boris Karloff, Tom Tyler and Rin Tin Tin. Twenty-six new features are being assembled and will be announced soon, Mr. Hyman said. Office is at 345 Madison Ave., New York.

WAFB-TV Baton Rouge, La., signs Santa Maria Dairy and Wolf's Bakery to alternate-week sponsorship of the new *Meet Corliss Archer* series, effective Sept. 26. l to r: seated, Bill Gillis, advertising manager of Wolf's; Lee Herzberg Jr., H. S. Benjamin Assoc., agency handling the program; Van Carter, Santa Maria advertising manager; standing, Mervyn Rhys, WAFB-TV, and O. J. Reiss, Ziv Productions, producer of the series.

ARRANGEMENTS for Eastman Kodak Co.'s sponsorship of a new weekly tv series, *Norby*, are worked out by (l to r): David Wayne, the series' star; Donald McMaster, company vice president and general manager; Thomas J. Hargrave, chairman of the board, and Dr. Albert K. Chapman, president.

EASTMAN SPONSORS COLOR FILM SERIES

EASTMAN KODAK Co., Rochester, will sponsor a weekly half-hour television comedy drama titled *Norby*, starring David Wayne, starting in January [B•T, Aug. 16], W. B. Potter, director of advertising, announced last week.

The network and the specific starting date will be announced shortly. The program will be the first network television series to be filmed entirely in color, authorities said.

The commercials will be devoted to information on obtaining best results with home movies and snapshots. Continued progress in picture making will be emphasized in all phases of the photographic company's first venture with regular television programming.

Mr. Wayne, who is currently starring in "Teahouse of the August Moon" on Broadway, will take a leave of absence from the play to launch the tv series. David Swift will produce and write the program.

E. P. Genock, former editor-in-chief of Telenews Productions, who recently joined Eastman Kodak, has been assigned as manager of television programming to act as liaison with the advertising agency, J. Walter Thompson Co., in arrangements for the program production.

FILM SALES

KETX (TV) Tyler, Tex., has acquired two-run rights to 52 westerns, over one-year period, and 26 feature films, over six-month period, from **Louis Weiss & Co., L. A.** **WNBK (TV)** Cleveland has leased unlimited-run rights to 15 animated cartoons from Weiss firm's library to cover one-year period.

Nic-L-Silver Battery Co., Santa Ana, started *Triangle L Theatre* on **KNBH (TV)** Hollywood for 26 weeks. Hour-and-a-half long westerns, based on stories by **Zane Grey**, are distributed by **Unity Television Corp.** Agency is **Stodel Adv. Co.,** Hollywood.

Officials Films Inc., N. Y., reports sales of *My Hero* series in over 120 markets with sponsors in more than 75 areas. Firm also announced completion of arrangements with **Jack Chertok** for distribution of *Private Secretary* series in

Canada and with **Roland Reed** for Canadian distribution of *Trouble With Father*.

United Television Programs Inc., Chicago, reports almost 100% renewal for an additional 13 weeks of *Waterfront*, filmed by **Roland Reed Productions.** New sales for UTP product in recent weeks include: *Waterfront*, 14 markets; *Old American Barn Dance*, 12; *Lone Wolf*, *Rocky Jones and Space Ranger*, 8 each; *Heart of the City*, *Ruggles*, *Royal Playhouse*, 4; *Curtain Call* and *Counterpoint*, 3.

FILM DISTRIBUTION

Advertisers' Television Program Service Inc., 9100 Sunset Blvd., Hollywood, formed to handle distribution of *57 Mr. and Mrs. North* half-hour films, produced and owned by **John W. Loveton** and co-starring **Barbara Britton** and **Richard Denning.** **Maurice H. Gresham**, formerly West Coast sales manager, Motion Pictures For Television Inc., N. Y., appointed vice president; **Charles C. Alsup**, an account executive, MPTV, is western sales manager. Series was telecast over NBC-TV last season.

FILM PEOPLE

Bernard Weitzman, formerly with CBS-TV Business Affairs, Hollywood, to **Desilu Productions Inc.,** that city, as executive assistant to **Martin Leeds**, executive vice president.

John Fulton, formerly with **William Morris Agency**, Beverly Hills, to **Hal Roach Jr. Productions**, Culver City, as assistant to Mr. Roach in agency and sponsor relations. **Edith Udell**, secretary to the producer, promoted to executive assistant.

Wilbur F. Mosher signed by **Gross-Krasne Inc.,** Hollywood, as film editor of NBC-TV *Big Town.* **Dick Dixon**, assistant director, signed by firm to term contract for that series and *Lone Wolf.*

Tholen Gladden to **Guild Films Inc.,** Hollywood, as film editor on *Frankie Laine* syndicated tv series.

Eliot Alter, independent representative for film distributors, to **Standard Television**, Beverly Hills, Calif., as representative in New England, New York and Pennsylvania.

Ziv Co. Adds Five In Radio Expansion

EXPANDING radio sales by **Frederic W. Ziv Co.** have prompted the addition of five members to the field staff of Ziv radio, **Alvin E. Unger**, sales vice president, announced last week. The five:

Harry Colson, formerly with the **KRLD** Dallas sales department, who will operate in the Southwest with headquarters in Dallas; **Howard Girouard**, who will work in southern Ohio; **Stan Levy**, formerly on the sales staff of **WBBM** Chicago, who will handle special sales assignments; **Lawrence Austin**, previously with **Claypool Assoc.**, advertising and sales organization, who will work in northern Ohio with headquarters in Cleveland, and **Jack Frolich**, who is leaving the appliance distribution field to serve the Ziv organization in Southern California from headquarters in Los Angeles.

World's School Package

A BACK-TO-SCHOOL transcription package that includes a variety of jingles, a safety program and program signatures, all designed to appeal to local advertisers, is now available to radio stations, **Pierre Weis**, general manager of **World Broadcasting System**, announced last week. He also reported that World now supplies specialized sales aids and attention-getters for more than 150 local advertiser classifications. Meanwhile, Mr. Weis said, first discs of **WBS' World ComET** plan have gone out to World's 427 station affiliates for Sept. 15 release. **ComET** features hour-long, five-days-a-week, open-end transcription programs starring **Harry James** and **Betty Grable** and costing World subscribers only a dollar a day to help cover manufacturing cost.

Adams & Davis Organized

ADAMS & DAVIS Radio and Television Productions, N. Y., has been formed by **Robert K. Adams** and **Don A. Davis**, partners, with offices at 20 E. 50th St., New York 22, N. Y. Telephone: Plaza 9-7979. The firm will specialize in radio and tv packages and will serve as sales agent for other properties.

PROGRAM SERVICES PEOPLE

Forrest Price, Northeast and Middle Atlantic regional sales manager, **Columbia Records Inc.,** Bridgeport, Conn., promoted to general sales manager.

MR. PRICE

Jean Roxi Mason, assistant program manager, **WSYR-AM-FM-TV** Syracuse, N. Y., to **Alexander Film Co.,** Colorado Springs, Colo., as model.

Al Preiss, director of education, **American Telecasting Corp.,** Hollywood, and managing editor, *Videofilm* magazine, same city, resigns to form tv research organization, **Al Preiss & Assoc.**, with offices at 1680 N. Vine St.; telephone: Hollywood 3-2576.

NARTB DISTRICT MEETS SET AGENDAS

Management, business considerations will feature this fall's 17 district meetings.

STATION management and business themes head the programs of NARTB's annual series of district meetings opening Sept. 9 with the New England area meeting in Boston [B•T, Aug. 16]. Additional details of the programs were made available last week by district directors.

Radio and tv "guest speakers," in each case a radio or tv station operator from another district, will attend each of the meetings. A tv guest attended each of the meetings last year but the association board decided in June to have a radio guest as well.

Each district director will preside over a "Business Huddle," an informal discussion in which John F. Meagher, NARTB radio vice president, will participate as discussion leader. These huddles will include such topics as extension of remote transmitter control, broadcast sales management, programming, wage-hour problems and government relations. Mr. Meagher will speak at each meeting on the topic, "Sound Is the Word for Radio."

NARTB President Harold E. Fellows will head the headquarters group that will make the 17-meeting circuit. Accompanying him will be Ralph W. Hardy, government relations vice president who will speak on the topic, "Staying in Business," and Charles H. Tower, manager of employe-employer relations, whose subject will be "Saving in Business."

Krueger Heads Dist. 1

Herbert L. Krueger, WTAG Worcester, Mass., will be in charge of next week's opening meeting at the Somerset Hotel, Boston, presiding as director of District 1 (New England). A feature of this program will be an address by Mr. Fellows before a joint luncheon of the Radio & Tv Advertising Executives Club of New England and the NARTB delegates. He will speak on the topic, "Profit With Honor in Your Home Town." The NARTB president is a Bostonian, having served a score of years as manager of WEEL.

Guest radio speaker at Boston will be E. R. Vadeboncoeur, WSYR Syracuse, NARTB District 2 director and member of the NARTB Freedom of Information Committee. Guest tv speaker will be Clair R. McCollough, WGAL-TV Lancaster, Pa., chairman of the NARTB Tv Board. He will lead a discussion on "How to Run a Profitable Tv Station."

Gov. Christian J. Herter of Massachusetts will officially welcome the New England delegates, and Mayor John Hynes of Boston will attend the opening luncheon.

As District 2 director, Mr. Vadeboncoeur will preside at the Dist. 2 (N.Y., N. J.) meeting to be held Sept. 13-14 at Lake Placid Club, Lake Placid, N. Y. Radio guest will be Worth Kramer, WJR Detroit. Harold Essex, WSJS Winston-Salem, N. C., will be tv guest. His topic will be "Seeing Is Believing." FCC Comr. John C. Doerfer will speak at the dinner. Mr. Vadeboncoeur has arranged a Freedom of Information panel discussion. Participants will be Jack Gould, CBS information adviser; Rudolph Halley, New York attorney and counsel of the Kefauver crime committee, and Mr. Hardy.

George H. Clinton, WPAR Parkersburg, W. Va., director of District 3 (Pa., Del., Md., W. Va.), will direct proceedings Sept. 16-17 at the William Penn Hotel, Pittsburgh. Mr. Essex will be tv guest and James L. Howe, WCTC New Brunswick, N. J., will be radio

guest, discussing "The Challenge to Radio Broadcasters." Mr. Fellows will address a joint meeting of the Pittsburgh Radio-Tv Club and district delegates. Mr. Essex will moderate a tv panel. Participants will include Mr. McCollough and L. H. Rogers, WSAZ-TV Huntington, W. Va.

District 4 (D. C., Va., N. C., S. C.) will meet Sept. 20-21 at the Cavalier Hotel, Virginia Beach, Va., with Director James H. Moore, WLSL Roanoke, Va., presiding. Robert Tincher, KVTV Sioux City, Iowa, will be tv guest and lead a tv panel comprising Carleton Smith, WNBW (TV) Washington; Charles Baskerville, WNAO-TV Raleigh, N. C.; Tom Chisman, WVEC-TV Norfolk-Hampton, Va., and B. T. Whitmire, WFBC-TV Greenville, S. C. Radio guest will be Robert Feldman, WHBC Canton, Ohio.

FCC Comr. Robert E. Lee will speak at the second-day luncheon at Virginia Beach.

District 5 (Ala., Fla., Ga., P. R.) meets Sept. 23-24 at Daytona Plaza Hotel, Daytona Beach, Fla., with Mike Layman, WSFC Somersets, Ky., as radio guest and Mr. Tincher as tv guest. John Fulton, WQXI Atlanta, is district director.

From the Eastern Seaboard the meetings move to Little Rock, Ark., where District 6 (Ark., La., Miss., Tenn.) meets Sept. 27-28. Allen Woodall, WDAK Columbus, Ga., will be radio guest and Mr. Tincher will make his third appearance as tv guest. Henry B. Clay, KWKH Shreveport, La., chairman of the NARTB Radio Board, is district director. President Fellows will address a combined Kiwanis-NARTB luncheon on the second day.

District 7 (Ky., Ohio) convenes Sept. 30 at Louisville, with F. E. Lackey, WHOP Hopkinsville, Ky., presiding as district director. Mr. McCollough will be tv guest, with Merrill Lindsay, WSOY Decatur, Ill., as radio guest.

From Louisville the meetings move to Detroit, Omaha, Wisconsin and on to the West Coast and Southwest. (See UPCOMING, page 117).

Four NARTB Committee Memberships Set Up

NARTB's Committee structure for the 1954-55 year started to take shape last week as President Harold E. Fellows announced membership of four standing committees.

George J. (Coach) Higgins, KMBC Kansas City, was named chairman of the Sports Committee; Gilmore N. Nunn, WLAP Lexington, Ky., chairman of the Insurance Committee; Ward L. Quaal, WLWT (TV) Cincinnati, chairman of the By-Laws Committee and Edgar Kobak, WTTA Thomson, Ga., chairman of the Freedom of Information Committee.

Named to serve with Mr. Higgins on the Sports Committee were: Wesley Fesler, WDGW Minneapolis; Robert B. Hanna Jr., WRGB-TV Schenectady, N. Y.; William B. McGrath, WHDH Boston; D. L. Provost, WBAL-TV Baltimore; Robert O. Reynolds, KMPC Hollywood; Lawrence H. Rogers, WSAZ-TV Huntington, W. Va.; Ben Strouse, WWDC Washington; Don Searle, KOA-TV Denver; Robert R. Tincher, KVTV (TV) Sioux City, Iowa, and Gene Trace, WBBW, Youngstown, Ohio.

Membership of the Insurance Committee, in addition to Mr. Nunn, are: Carl J. Burkland, WAVY Portsmouth, Va.; Roger W. Clipp, WFIL Philadelphia; Robert W. Ferguson, WTRF-TV Wheeling, W. Va.; C. T. Lucy, WRVA Richmond, Va., and Robert T. Mason, WMRN Marion, Ohio.

Serving with Mr. Kobak on the Freedom of Information Committee are: Joseph L. Brechner, WGAY Silver Spring, Md.; Joseph K. Close, WKNE Keene, N. H.; Victor C. Diehm, WAZL Hazleton, Pa.; Harold Essex, WSJS-TV Winston-Salem, N. C.; Frank Fogarty, WOW-TV Omaha;

Merrill Lindsay, WSOY Decatur, Ill.; John M. Outler, WSB-TV Atlanta; John F. Patt, WJR Detroit; Paul Raibourn, KTLA (TV) Los Angeles; Victor A. Sholls, WHAS-TV Louisville; P. A. Sugg, WKY-TV Oklahoma City; E. R. Vadeboncoeur, WSYR Syracuse, N. Y.

By-Laws Committee includes, besides Mr. Quaal, Hugh K. Boice Jr., WEMP Milwaukee; George H. Clinton, WPAR Parkersburg, W. Va.; Harold Hough, WBAP-TV Fort Worth; Robert B. McConnell, WISH Indianapolis; W. D. Rogers, KDUB-TV Lubbock, Tex.

NARTB NAMES BELL ASST. TO FELLOWS

In other personnel changes two new members join NARTB: Hulbert becomes assistant to Tower and Carlisle joins the Station Relations Dept.

HOWARD H. BELL, with NARTB three years as assistant to Thad H. Brown Jr., tv vice president-general counsel, last week was named assistant to President Harold E. Fellows in a series of headquarters personnel changes.

The new position was created following the resignation of Robert K. Richards, administrative vice president who becomes a consultant to NARTB as he opens his own public relations office at 1735 DeSales St. N.W., Washington. Mr. Richards has entered station operation as half-owner of WHAR Clarksburg, W. Va., and WKYR Keyser, W. Va.

Two new members are joining the NARTB

MR. BELL

MR. CARLISLE

headquarters staff—James H. Hulbert, who becomes assistant to Charles H. Tower, manager of the Employe-Employer Relations Dept., and William Carlisle, who joins the Station Relations Dept. as field representative under William K. Treynor, department manager. Robert J. Gormley, NARTB labor economist, has resigned.

Mr. Bell had been sales promotion manager of WMAL-AM-TV Washington before joining NARTB Dec. 1, 1951. He was active in setting up procedures for the NARTB Television Code and the Television Bureau of Advertising Inc. He worked on NARTB Television Information Committee projects and wrote the association's first tv station film manual.

Mr. Hulbert entered the NBC executive training program in 1952, participating in contract negotiations. For a time he was a member of the White House editorial staff. He reports to Mr. Tower in his NARTB duties.

Mr. Carlisle entered radio in 1946 as a continuity writer and later program director of WKBR Manchester, N. H., extending his duties to the entire Granite State Broadcasting Co. group. For the past year he toured 40 states as broadcast sales manager of Rust Industrial Co., manufacturer of remote control transmitter gear. He will attend some of the NARTB district meetings. At NARTB he reports to Mr. Treynor.

Radio, Tv Can Co-Exist, Meagher Tells Georgians

RADIO AND TV can live successfully, side by side, in the competitive media world as the public learns to appreciate what each does best, John F. Meagher, NARTB radio vice president, said Tuesday in an address to the Georgia Assn. of Broadcasters, meeting at St. Simon's Island.

"It is reasonable to expect," Mr. Meagher said, "that television viewers in time will become as selective about which programs they watch as radio listeners are to which programs they listen. In time all of them will look to radio for those things which radio does best, and to television for those things television does best, just as they open their daily papers for those items best handled by the press."

Reviewing the history of radio through depression, war and tv competition, Mr. Meagher said radio can only damage itself if it worries unduly over its competition. "It will always have its own job to do," he declared.

Showing radio's strong competitive place in the media and education-entertainment world, he said, "The radio broadcaster's flexible talents have been applied to the development of new concepts relating to the special functions and areas in which radio broadcasting can operate most effectively and efficiently. What is happening now—and it may go on for several years—is a fundamental reorganization of American radio. And the more competent observers say there is reason to believe that the ultimate consequence of this change may well be better radio."

Mr. Meagher reminded that "people continue to buy more radios." Even though tv sets occupy a spot in the living rooms of a great percentage of the homes in the country where radios formerly stood, "the radio has moved all over the house," he said. "Proper recognition is finally being given to one of radio's basic and unique advantages—you can listen to radio while doing something else. The average home today has from two to three receivers—four out of five located outside the living room. The programs attracting the largest audiences are those which can be appreciated outside the living room."

Continuing his comparison of radio and tv, he said, "The chief effect of television (upon radio)—and this is the all-important factor—has been upon network radio in evening hours. It has been the network, rather than the individual station, which has borne the brunt of television competition . . . Some of the new concepts will certainly alter the operations of radio networks as we have known them in the past . . . Some observers have thought it of some significance that the radio network which appears to be doing the best job of 'holding its own' is the one network not engaged in television."

TRADE ASSNS. PEOPLE

Paul Kruming, president, National Export Adv. Service, N. Y., elected president, Assn. of International Adv. Agencies. Other officers are **Richard W. Battan**, Robert Otto & Co., N. Y., vice president; **H. I. Orwig**, Buchen Co., Chicago, western vice president, and **Rose R. Lowe**, Quinn-Lowe Inc., N. Y., secretary-treasurer.

Helen Staniland Quam, distributor-sales manager, Quam-Nichols Co., Chicago, elected treasurer, Assn. of Electronic Parts & Equipment Mfrs., for 18th consecutive term.

NSI TO USE 6,000 RECORDIMETERS

They will be installed in sample radio-tv homes by A. C. Nielsen Co. to launch NSI in six or seven markets, says Vice President Rahmel.

PLANS for the use of some 6,000 Recordimeters in sample radio-tv homes in conjunction with its much-anticipated local Nielsen Station Index reports were announced last week by A. C. Nielsen Co., market research firm.

Contracts for the first batch of the audience measurement devices will be delivered early this fall, according to H. A. Rahmel, vice president of the company. He said installations would commence in October. Their placement will enable A. C. Nielsen to launch its NSI system locally in six or seven markets, it was reported.

A number of prominent advertisers, like Borden Co., and agencies, like Young & Rubicam and Dancer-Fitzgerald-Sample, as well as stations like WFIL-TV Philadelphia, have subscribed to the reports in recent weeks. There was no immediate inkling how many subscribers in all Nielsen has in line.

Local Audience Study

The NSI mechanical-electronic system covers computations of sets in homes and automobiles, with reports showing a four-week cumulative audience plus per program figures. It is a local audience study that combines diary reports and precision-recording equipment, with reports to be issued based on fall-winter measurements.

Technically speaking, the service combines Audimeter and Recordimeter-Controlled Audiolog data. The latter is a new type of diary.

Mr. Rahmel said 200 pilot models of the device, which the Nielsen firm designed and constructed in its own labs, already have been field-tested since early this year, particularly during the past 26 weeks, in some NSI-designated homes. Nielsen has invested well over \$250,000 in such electronic equipment, it was added. Additional devices will be ordered at a pace at which Nielsen field staffers can install them.

Referring to the Recordimeters, Mr. Rahmel said they assure "virtually fool-proof performance plus field data of high accuracy resulting

Car Dealer Budgets

NEW CAR dealers spend an average of \$36.39 per new car for local advertising, including radio and tv, according to the National Automobile Dealers Assn. Total expenditures of new car firms for local advertising were over \$99 million for the first six months of 1954, according to NADA.

These advertising figures do not include sums spent for factory cooperative advertising or national tv shows. The NADA business management department found that the average dealer's advertising budget for the first half of 1954 was \$2,481. This covers only sums spent for local advertising on radio-tv stations, hometown newspapers, handbills and signs.

from this latest Nielsen automatic aid to radio and tv audience research." He added that both the Audimeter and Recordimeter instruments "are essential in providing local radio and tv information of the accuracy and usefulness the industry associates with Nielsen standards."

'People Are Funny' First In Nielsen Radio Ratings

CBS Radio's *People Are Funny* ranks number one in the evening once-a-week division of the current Nielsen ratings. NBC's *News of the World* leads the evening multi-weekly group. The complete listings:

Viewers Surveyed on Reaction To Summertime Repeats on Tv

APPROXIMATELY 30% of tv viewers favor the repeating of past programs provided they are "good" enough to bear repeating, and 50% disapprove of the practice, according to a survey by Advertest Research, New Brunswick, N. J.

The study, which conducted personal interviews with New York adult viewers in 751 tv homes during July, showed that 75% are aware they have seen summer repeat programs. Of these, 45% said the major reason for watching repeats was that they "enjoy seeing good programs more than once," and 30% said "usually nothing better is on."

The respondents who most strongly disapproved of repeats said it was a "cheap trick," and they "just don't like to watch a program over."

Some viewers indicated the greatest advantage to them of repeat programs was that it gave them the "opportunity to see programs missed the first time." The biggest disadvantage, according to this group, was that the programs are "boring, monotonous and tiring."

The expense of producing tv programs and

the limited summer audience were mentioned by respondents as the chief reasons they thought stations and advertisers put on repeat showings.

Six programs featuring repeat showings of the previous season's programs were analyzed by the study: *Dragnet*, *Groucho Marx*, *Four Star Playhouse*, *Our Miss Brooks*, *Burns and Allen* and *Private Secretary*. An average of two out of three viewers continued to watch the same series they had seen during the past season. Of the six, *Dragnet* was the most popular among the respondents who had watched during the summer, while *Burns and Allen* gained the largest number of new viewers.

2.3 Million Radio Sets Shipped in First Half

FACTORY shipments of broadcast receivers rose sharply from May to June, bringing total shipments for the first half of the year to 2,323,774 radios, according to Radio-Electronics-Tv Mfrs. Assn. The figures do not include auto sets, which for the most part do not move through retail outlets.

June radio set shipments totaled 548,235 sets compared to 406,382 sets in May, according to RETMA. Shipments in the first six months of 1953 totaled 3,214,024 sets.

Radio set shipments shipped to dealers during the first half of 1954 follow:

State	Total	State	Total
Alabama	24,803	Nevada	2,429
Arizona	12,131	New Hampshire	5,799
Arkansas	16,621	New Jersey	118,421
California	178,989	New Mexico	6,503
Colorado	14,994	New York	397,025
Connecticut	43,751	North Carolina	39,866
Delaware	5,013	North Dakota	7,675
Dist. of Columbia	23,013	Ohio	135,338
Florida	54,215	Oklahoma	19,951
Georgia	37,329	Oregon	14,960

Timing of Tv Commercials Analyzed in Starch Newsletter

OPENING commercials on tv programs appearing after teasers do as well as commercials during the program proper, according to August *Starch Newsletter on Tv Commercials* which analyzes best way to use commercial time. In general, the only spot to avoid is after the viewer feels a program has ended, as the "commercial appearing after that drops 50% or more in viewing compared to others on program."

Newspaper Advertising Up

NATIONAL advertising in newspapers reached a record total in the first half of 1954, with lineage up 0.4% from the previous record set in 1950 and 3% ahead of the first six months of last year, according to the American Newspaper Publishers Assn.'s Bureau of Advertising. Heavier use of newspapers by national advertisers "in every major classification" was reported. Radio and tv stations' and networks' use of newspapers increased more than 1.5 million lines, or 25.1%.

FCC STILL HAS A LONG ROW TO HOE IN CLEARING UP TV HEARING CASES

Though 82 of nearly 150 such cases have been handled, only 20 final decisions were of the fight-to-the-finish variety. Practically all of the remaining cases involve competitive applications.

STUDY of television hearing statistics shows that FCC as of last week still is short of the half-way mark in its fight-to-the-finish hearing load even though final decisions have been issued in 82 out of a total of nearly 150 cases designated since lifting of the freeze in 1952.

Of these 82 final decisions, only 20 represent cases in which competitive applicants fought to the finish and were either granted or denied. In the other 62 cases, competitive applicants dropped out or merged before the hearing was concluded.

Of 44 cases in various stages before FCC hearing examiners and on their way to initial decisions, 41 are competitive fights and the other three involve sole applicants.

There are 21 cases now before the Commission for final decision and in which initial rulings are outstanding. Of these, 16 are competitive cases and the other five involve survival applicants whose competitors withdrew. These 21 initial decisions, plus the 82 earlier initial rulings now made final, comprise a total of 103 initial decisions since lifting of the tv freeze.

FCC has reversed the recommendations of its examiners in only three cases, two of which were competitive proceedings.

One was the Beaumont, Tex., ch. 6 case in which the examiner chose KTRM over KFDM and KRIC. FCC's final decision picked KFDM instead. The other was the Flint, Mich., ch. 12 case where the examiner preferred WFDF Flint over WJR Detroit and Butterfield Theatres Inc. FCC's final ruling picked WJR.

Reversal of an examiner in the non-competitive case involved the application of Orangebelt Telecasters Inc. for ch. 30 at San Bernardino, Calif. The examiner proposed to grant the bid for the low budget, home-built and operated outlet but the Commission in its final ruling denied the permit and found the applicant financially not qualified. Orangebelt has petitioned for reconsideration, asking in the alternative an experimental grant.

The 21 initial decisions now before the Commission for final ruling include the following cases (date of initial ruling in parentheses):

Biloxi, Miss., ch. 13 (7-7-54), examiner preferred WVMJ over WLOX; Binghamton, N. Y., ch. 40 (8-25-54), WINR preferred over WENE Endicott, N. Y.; Chattanooga, Tenn., ch. 3 (7-9-54), WAPO preferred over WDOD; Corpus Christi,

Tex., ch. 6 (6-18-54), KRIS preferred over KWBU; Detroit ch. 50 (8-4-54), WJLB sole applicant.

Fort Wayne, Ind., ch. 69 (10-28-53), Anthony Wayne Broadcasting favored over WANE; Fort Worth, Tex., ch. 11 (8-23-54), KFJZ is sole applicant after dismissal by Fort Worth Television Co.; Grand Rapids, Mich., ch. 23 (8-2-54), Peninsular Broadcasting Co. sole applicant after drop-out of WGRD; Huntington, W. Va., ch. 13 (8-3-54), WHTN survival applicant after dismissals by WPLH there and WCMI Ashland, Ky.

Las Vegas, Nev., ch. 13 (8-3-54), proposed denial of Desert Television Co. (KRAM) on financial grounds; Madison, Wis., ch. 3 (8-3-54), Badger Television Co. favored over WISC; Mobile, Ala., ch. 5 (2-12-54), Mobile Television Corp. favored over WKRG-TV Inc.; Petersburg, Va., ch. 8 (5-26-54), WSSV preferred over Petersburg Television Corp.

Portland, Ore., ch. 8 (6-22-54), North Pacific Television Inc. preferred over KEX, Portland Television Inc. and Cascade Television Co.; Sacramento, Calif., ch. 3 (6-7-54), KCRFA favored over KXOA; Sacramento, Calif., ch. 10 (11-10-53), KFBK preferred over Sacramento Telecasters Inc.; Savannah, Ga., ch. 3 (4-5-54), WSAV favored over WJTV.

Shreveport, La., ch. 3 (6-16-54), KTBS preferred over KWKH; Shreveport, La., ch. 12 (6-18-54), Shreveport Television Co. favored over KRMD and Southland Television Co.; Tampa-St. Petersburg, Fla., ch. 13 (12-2-53), WDAE favored over Orange Television Broadcasting Co. and Tampa Television Co.; Wichita, Kan., ch. 3 (8-17-54); Wichita Television Corp. favored over KFH and KANS.

Lamb Asks Delay On WICU (TV) Case

EDWARD LAMB petitioned FCC last week to defer the license renewal hearing on his WICU (TV) Erie, Pa., now set Sept. 15, and asked for a "more definite and detailed statement of the charges" in the case.

He contended the Broadcast Bureau's earlier "resume of basic allegations" is improper and insufficient [B•T, Aug. 9].

Renewal hearing for WICU was ordered on issues which include charges that Mr. Lamb falsely informed FCC he never had communist ties, which associations he continues to deny.

Earlier, Mr. Lamb protested to FCC Chairman Rosel H. Hyde and Sen. John W. Bricker (R-Ohio), chairman of the Senate Interstate & Foreign Commerce Committee, that the resume of allegations was improper and not as urged by the Senate committee nor as directed by the Commission itself to the Broadcast Bureau [B•T, Aug. 16].

In essence, Mr. Lamb charges the resume fails to cite names of FCC witnesses or to identify organizations, times and places in which the allegations associate Mr. Lamb with Communists. The pleading contends failure to provide such a bill of particulars violates normal legal rights and procedures.

The petition contended that to require WICU and Mr. Lamb "to defend themselves against unspecified charges by disproving the testimony of witnesses whose identities will be disclosed to them for the first time when they are called to the stand at the hearing, is patently unfair and violative of every canon of equity and good conscience.

"The basic issue in the instant proceeding is one of credibility—the credibility of Edward Lamb vis-a-vis that of the Commission's wit-

The Vicksburg Booster

CITING its large investment in uhf and competition from two local vhf stations, ch. 25 WJTV (TV) Jackson, Miss., asked FCC last week to give it authority to operate on a regular commercial basis the experimental booster outlet built by RCA at Vicksburg, Miss. Booster was reported to successfully fill in WJTV's shadowed service in Vicksburg [B•T, Aug. 2, April 26]. Booster amplifies WJTV's signal on the same channel as the mother station. WJTV said the booster would be purchased from RCA and operated all the time WJTV is on the air, controlled by a time clock. RCA's technical report accompanied the request.

This message is the seventh of a series

Why jet power for tankers and transports?

The trend to jets in military aviation since World War II has been so dominant that this era in aviation is often termed the jet age.

All bombers now in production are jets, and the Strategic Air Command is rapidly replacing propeller-driven bombers with jets. Its Second Air Force has already completed the transition to Boeing B-47 six-jet medium bombers. Meantime, the Air Force has ordered the larger eight-jet Boeing B-52 into expanded production.

In designing and producing the B-52 and more than 600 B-47s, Boeing has gained much experience with big, multi-jet airplanes, including 21,000 hours of wind-tunnel research, and more than 5,000 hours of flight-test time.

Boeing has now projected this experience to the next category of aircraft — military tanker-transport and commercial airliners. It firmly believes that jet-powered performance applied to these categories offers the same advances that jet-powered bombers have demonstrated.

Advantages of the jet engine

Jet engines are more simple than piston engines. They develop far greater power for a given weight. Because they are essentially simple, they are easier to maintain.

The jet engines' simplicity reduces the number of controls and instruments required. Boeing's new jet tanker-transport has 75 instruments on its cockpit panel; a comparable propeller-driven craft has 126. It has only 45 switches instead of 204, and 24 warning lights instead of 114.

Freedom from vibration is inherent in the jet engine. This offers a strong passenger appeal and a welcome "plus" to the crews of both commercial and military aircraft.

Jet tanker benefits

Slower piston-powered tankers precede the jet craft they are to refuel and rendezvous with them at a predetermined point. Jet tankers can accompany the jet bombers or fighters, matching their altitude and speed, and refuel them in flight. Such tankers will add range and offer increased mobility to our strategic air arm.

The new jet

The new Boeing jet, now undergoing flight tests in Seattle, was designed to meet the needs of a military tanker, of a troop-cargo transport, and of a commercial airliner. By building this prototype model, Boeing has gained manufacturing and tooling experience with jet tanker-transport. This, along with flight test data, will make it possible to turn out a better production model — and many months sooner than would be possible without prototype experience.

The new jet is a swept-wing airplane that cruises in the 550-m.p.h. range and operates at altitudes between 30,000 and 40,000 feet. It represents an investment of more than \$15,000,000 of company funds.

Boeing made this investment without the assurance of an order, just as, years earlier, it had invested heavily in a revolutionary new 4-engine bomber design. This design became the B-17 Flying Fortress, which was ready when needed by the nation.

Boeing's investment in a revolutionary new jet thus has a precedent in the company's history. As Boeing's president, William M. Allen, summed it up: "We felt strongly that it was high time *some* American manufacturer took the plunge, got a jet transport off of paper and into the air. We felt our own national welfare demanded it, both from the military and the commercial standpoint."

BOEING AIRPLANE COMPANY

SEATTLE, WASHINGTON; WICHITA, KANSAS

nesses on certain points. It involves the characters and backgrounds of the witnesses themselves. And how can this Commission truthfully say that it has accorded applicant its rightful, fair and impartial hearing when, by withholding the identities of the accusers and the details of their accusations, it has denied applicant an opportunity to prepare its defense?"

Film Newsmen Protest McCarthy Hearing Ban

A LAST DITCH foray by a group of television film and newsreel newsmen—in an effort to break down a Senate special committee's resolve that no camera shall record its activities—has been repulsed.

(Frank Stanton, CBS president, broadcast a 15-minute editorial urging the Senate committee to admit radio and tv. See page 86.)

The newsmen, all Washington managers of firms which supply news film to television or the motion pictures, last week called on Sen. Arthur V. Watkins (R-Utah), chairman of a six-man special Senate committee which will hold hearings on a resolution to censure Sen. Joseph R. McCarthy (R-Wis.).

The newsmen's group's efforts were similar to earlier ones made to lift the ban on microphones and cameras imposed by the senators [B•T, Aug. 23, 16]. Like earlier efforts, they failed. (Also see stories pages 86 and 88.)

The newsmen included Robert Denton, Paramount News; Charles E. Shutt, Telenews-Hearst Metrotone News Inc.; George Dorsey, Warner-Pathe News; James Lyons, Universal News, and Anthony Muto, United Press-Fox Movietone News.

Calling on Sen. Watkins at his office last Monday, the camera newsmen laid before him their reasons why they felt the Senate group should relent on its camera ban.

Although Sen. Watkins turned them down politely, he said the newsmen would be permitted to take motion pictures of principals in the hearing room (Senate Caucus Room, Senate Office Building) for about five minutes before hearings start tomorrow (Tuesday).

Like MacArthur Hearings

One newsman predicted the McCarthy censure hearings would resemble the hearings on testimony by Gen. Douglas MacArthur in the spring of 1951, when television cameras were excluded. Newsmen at that time trained their cameras on the door and when a participant appeared, shot their pictures and "got our information from him a la buttonhole."

The group last week assured the Utah senator they could operate without additional lights in the committee room. Their cameras are only mirrors; they don't create, they just show, Sen. Watkins was told.

One newsman spoke bitterly of an exchange during the discussion in Sen. Watkins' office. The senator had told the newsmen that representatives of their firms would be allowed to attend the hearings, but could not bring cameras.

Sen. Watkins then was told that cameras "are tools of our trade." Whereupon, the senator answered that if cameras should be admitted as "tools," then members of the press also should be allowed to bring their own tools, i.e., printing presses, into the hearing room.

PERJURY CHARGED IN PORTLAND CASE

Losers Columbia Empire Telecasters Inc., in petition asking for FCC review, alleges principals of winner Oregon Television Inc. testified falsely.

CONTENDING it will produce evidence to show in rehearing that Oregon Television Inc. principals falsely testified in the Portland, Ore., ch. 12 case about the "resignation and disappearance" of their key witness, Walter J. Stiles Jr., Columbia Empire Telecasters Inc. petitioned FCC late Thursday to stay its final grant to Oregon and reopen the proceeding [B•T, Aug. 2].

Columbia Empire, partly owned by the Oregon Journal-KPOJ interests, charged it has "new and material evidence" concerning the Stiles incident and bearing on the qualifications of Oregon Television, headed by industrialist Henry A. White and Julius L. Meier Jr., whose family interest is the Meier & Frank Dept. Store. Columbia Empire said Mr. Stiles wishes to clear the record and is willing to testify.

Columbia Empire also includes as part owner Wesley I. Dumm, operator of KSFO San Francisco and former chief owner of KPIX (TV) there, purchased by Westinghouse Electric Corp. for \$6 million [B•T, July 5].

Bearing affidavits of West Coast attorney Joseph Brenner and others relative to investigation of the Stiles incident as well as the substance of purported talks with Mr. Stiles, the Columbia Empire petition said that if FCC sets the case for further hearing it will adduce evidence to show that "principals of Oregon gave false and perjured testimony concerning Stiles, the circumstances surrounding his alleged resignation, his whereabouts during the hearing, the role he would play in the proposed station."

Other allegations which Columbia Empire told FCC it would seek to prove in further hearing included these charges:

(a) Despite the testimony of Messrs. Meier and White to the contrary, Stiles did not voluntarily resign from Oregon "for personal reasons." On the contrary, Stiles' resignation and disappearance were connived in by Oregon's principals in a deliberate, planned attempt to keep him off the stand, following a disagreement with him over the policies, tactics and procedures of Oregon. Specifically, it will be shown that the purported resignation was arrived at by mutual consent, following Stiles' refusal to undertake various actions on behalf of Oregon which he felt to be improper and unwarranted.

(b) The reasons attributed by Julius Meier for the resignation of Stiles, i.e., that Meier was forced to accept the resignation of Stiles upon learning of the circumstances of his leaving KPHO Phoenix, Ariz., which facts Meier had ascertained immediately prior to his testimony, were not true or correct. In fact, Meier and others connected with Oregon knew for a long time prior to October 22, 1952 (the date of Meier's testimony) the true facts surrounding Stiles' leaving KPHO and this had nothing to do with Stiles' resignation from Oregon.

(c) It is not true and correct, as represented in the record, that Stiles left Washington immediately before Meier's testimony concerning his resignation, and that his whereabouts were unknown to Meier. Actually, Stiles remained in Washington throughout the hearing, except for a relatively short period of time, less than a full day in length, and that this was known to Meier. In fact, on Oct. 24, 1952, two days after the testimony of Meier concerning the resignation, Stiles executed a document in the nature of a general release to Oregon before a Notary Public in Washington, D. C., in the presence of, and in cooperation with the principals of Oregon.

(d) Contrary to the testimony given on the record, Stiles' connection with Oregon was not severed. Instead there was a definite understanding that if Oregon was successful herein, Stiles would rejoin the staff of the proposed station.

The petition continued, "obviously if the foregoing facts are established, there would be no question but that the actions of Oregon stemmed from circumstances other than 'honest mistakes of judgment,'" as cited in FCC's final decision. "On the contrary, these facts would so adversely reflect upon the character quali-

fications of the principals of Oregon as to totally disqualify them to be broadcast licensees. For these reasons, as well as to protect the integrity of the Commission's hearing procedure, the Commission's decision should be vacated and the case set for further hearing on issues designed to develop the true facts surrounding the 'Stiles incident'."

Because the ch. 12 case had been in hearing since October 1952 [B•T, Nov. 3, Oct. 27, 1952], Columbia Empire urged the Commission to act promptly "while the whereabouts of Mr. Stiles is known and while he is ready and willing to testify concerning the facts which are exclusively within his knowledge."

Third contestant in the ch. 12 case was Northwest Television and Broadcasting Co., also denied by the Commission. Northwest is headed by John D. Keating, 25% owner of KONA (TV) Honolulu and 50% owner of KYA San Francisco.

Claims FCC Whitewash

The Columbia Empire petition charged FCC's final ruling in the ch. 12 case also whitewashed Oregon Television with respect to conflicting testimony about its transmitter site, alleged perjury of one of its employes as to his bankruptcy and contacts by Messrs. Meier and White with the president of a local bank concerning its policy as to bank officials who invest in competitive ventures. One bank officer, Russell M. Colwell, is stockholder in Columbia Empire.

The petition requested FCC to reconsider the financial qualifications of Oregon Television. It charged that the final decision improperly assumed a bank loan still would be available to Oregon Television after the death of Huntington Malarkey, a principal whose net worth was described as nearly half the combined net worth of the other directors. The petition argued financial qualification is a statutory requirement and the finding should not be made on inference alone.

St. Louis Amusement Co. Asks FCC Reverse Examiner

ST. LOUIS Amusement Co., the tv applicant which walked out on the St. Louis ch. 11 fight a fortnight ago when the hearing examiner refused to defer the case pending court litigation over CBS' status in the case [B•T, Aug. 23], petitioned FCC last week to overrule the examiner and stay the proceeding until an appeal is heard by the U. S. Supreme Court.

If CBS (KMOX) is allowed to continue in the case, no one else has a chance to win, the firm said. Gist of its argument is that CBS should not be allowed to compete since it already has interest in five tv stations. The applicant contends FCC improperly waived its multiple ownership rules to permit CBS to remain, on condition it would give up one of its other interests if it won out.

St. Louis Amusement appealed to the U. S. Court of Appeals for D. C. on this issue, but the court, at FCC's behest, threw the complaint out on the ground it could not consider the issue until after the proceeding before FCC.

In its request to FCC last week for a stay of the ch. 11 hearing, St. Louis Amusement acknowledged that the management and operation experience of CBS, as well as program potential, is far greater than any of the other applicants in the case, hence the proceeding is a waste of time and money since CBS "will and should" be the winner.

Other ch. 11 applicants: St. Louis Telecast Inc., 220 Television Inc. and Broadcast House. Latter is permittee of suspended ch. 36 KSTM-TV.

Bonus from Mt. Washington TV
\$1,000 Pair of Irish Wolfhounds

Use America's only "3-state one station TV network" and save . . . in just 4 weeks of a ½ hour weekly program . . . the cost of a pair of Irish Wolfhounds worth \$1,000.

COVERS ALL THREE

Mt. Washington's more-than-a-mile high transmitter beams a perfect signal over most of Maine, New Hampshire and Vermont. WMTW's three state coverage area is unequalled by any other television station in the country. 229,884 TV sets. RETMA—July 2.

Because of WMTW's tremendous coverage we can offer unbelievably low rates. Average time costs run 54% less than the cost of a combination of the 3 TV stations giving next best coverage.

CARRIES MORE WEIGHT

WMTW serves a market with retail sales of over one and a half billion dollars . . . offers primary coverage of 445,000 U. S. families, many of whom have never received television before. Provides the national or regional advertiser with coverage that can't be equalled in northern New England's 3 states.

John H. Norton, Jr., Vice Pres. and General Manager

REPRESENTED NATIONALLY BY HARRINGTON, RIGHTER & PARSONS, Inc.

WTOV-TV PROTESTS RULE-MAKING DELAY

WTOV-TV Norfolk, Va., last week complained to FCC about the Commission's treatment of its petition to allocate ch. 13 to nearby Princess Anne, Va. The protest also requested a stay of the contest for ch. 10 at Norfolk.

WTOV-TV, operating on ch. 27, petitioned FCC last March to allocate a new vhf channel in the Norfolk market by assigning ch. 13 to Princess Anne, a county seat southeast of Norfolk [B•T, April 5].

The WTOV-TV complaint noted that other petitions subsequently filed with the FCC were acted upon and held that the failure of the Commission to consider its rule-making petition to assign the ch. 13 facility violates the Administrative Procedure Act and FCC's own rules.

The complaint requested that until the Commission acts upon its ch. 13 petition, FCC should delay action in the ch. 10 contest "until the Commission reappraises its policy with respect to the problems confronting uhf stations in so-called 'mixed markets' and consistent with the apparent policy of the Commission not to change the status quo in the Norfolk-Portsmouth-Newport News market."

The WTOV-TV complaint said FCC had adopted a policy to maintain the status quo in deference to the Senate Commerce Committee investigation of the uhf situation. In support of the contention WTOV-TV submitted a letter from the Commission which read in part:

The Commission has temporarily deferred action on the petition of Commonwealth Broadcasting Corp. [WTOV-TV] and all other petitions requesting rule making for the allocation of additional vhf channels in deference to the Senate committee currently investigating the over-all uhf situation. As you know, one of the uhf problems under investigation by the committee is the impact of vhf stations on uhf stations. Until the Senate committee has reported on its investigation of the problems confronting uhf broadcasters, the Commission is of the opinion that the public interest will best be served and the Senate committee's investigation furthered by maintaining the status quo with respect to the assignment of vhf channels. Action on the petitions filed in the rule-making proceedings to which you refer in your letter was not withheld because the allocations requested concerned only uhf channels.

The Norfolk area now has two vhf channels assigned. WTAR-TV is operating on ch. 4. Ch. 10 is in contest between WAVY Portsmouth and Beachview Broadcasting Co. and awaits initial decision by FCC Examiner Charles J. Frederick. Other uhf stations there besides ch. 27 WTOV-TV are ch. 33 WACH-TV and ch. 15 WVEC-TV.

Beacom Asks Regulation Of Community Tv Systems

REGULATION of community antenna television systems in the same manner as tv stations is sought in a petition filed with FCC last week by J. Patrick Beacom's ch. 35 WJPB-TV Fairmont, W. Va., where Mr. Beacom also owns WVVW. He fears economic injury to tv stations will ensue unless FCC controls the community distribution systems.

The petition indicated concern "with the ever increasing spread of community television distribution systems across the nation, many in direct competition to television stations authorized by the Commission," and which systems were described as "now operating without regulation, control or restraint of the federal or state governments."

The petition contended "many community television distribution systems are in effect act-

ing as communications common carriers, for the purpose of providing off-the-air pickups and relay of television broadcast signals from distant television stations to subscribers for profit.

"In some areas the community television distribution systems are now inserting commercial advertisements in network programs, picked up off the air with or without the consent of the stations. In other areas community television distribution systems are preparing to telecast live, local advertiser sponsored programs over their closed circuits, which will constitute a serious economic threat to allocated and established television stations in the areas served by these community television distributing systems."

Meanwhile, E. Stratford Smith, executive secretary and counsel for National Community Television Assn., which claims to represent the major and some 150 of the estimated 300 total firms in the community tv field, sharply contested the charge that community tv systems are inserting commercial messages in local distribution of network programs. Mr. Smith said the association has investigated every rumor of any such practice, among both members and non-members, and has not found the rumors true.

Mr. Smith said in three cases community systems put on local live programs such as talks or forums but do not interrupt broadcast programs for local commercials. He explained, however, that one operator is negotiating with the station which it picks up, looking toward using local commercials from firms handling products advertised on the tv station.

Porter Plans to Resign Telecommunications Post

WILLIAM A. PORTER, assistant director of the Office of Defense Mobilization in charge of telecommunications, last week said he will resign that office this fall to return to private law practice.

MR. PORTER

Mr. Porter will take up practice again with the Washington law firm of which he is a member, Bingham, Collins, Porter & Kistler. He was appointed to the telecommunications post by the President a year ago

[B•T, Sept. 14, Aug. 24, 1953] at which time he agreed to serve a year.

The Washington radio-tv attorney said he had been asked to stay on in the ODM position and that he probably will continue in a consulting capacity. He said he did not know who will be named to succeed him.

In the ODM post, Mr. Porter was charged with setting policy on the allocation of radio spectrum to government use.

KSD Opposes New Daytimer

KSD St. Louis, 5 kw on 550 kc, directional night, petitioned FCC last week to reconsider the grant of a new 1 kw daytime station there on 1600 kc, awarded St. Louis Broadcasting Co. in mid-July [B•T, July 26]. KSD charged that the new daytime station is only three-quarters of a mile from the KSD four-element directional array and the close proximity of the new tower will distort KSD's directional pattern substantially. St. Louis Broadcasting is owned by Sam Johns, restaurant owner in Blytheville, Ark.

KFJZ, WINR Win Bids For Initial Decisions

INITIAL DECISIONS proposing the grant of new tv stations on ch. 11 to KFJZ Fort Worth, Tex., and ch. 40 to WINR Binghamton, N. Y., were issued by FCC examiners last week.

• The initial decision by FCC Examiner Annie Neal Huntting to grant ch. 11 to KFJZ was made possible by the withdrawal a fortnight ago of the competing application of Fort Worth Television Co. [B•T, Aug. 16]. KFJZ has agreed to reimburse Fort Worth Television \$41,145 for all expenses incurred in processing its bid.

• In the Binghamton case, FCC Examiner William G. Butts proposed to issue ch. 40 there to WINR and to deny the competing bid of WENE Endicott, N. Y. The ch. 40 facility is available for use at Endicott as well as at Binghamton.

The examiner concluded that neither applicant should be preferred on the basis of integration of ownership and management, business background and experience, civic activities, past radio performance or proposed studios and staffs.

The decision concluded that preference should be given to WINR on the ground of greater diversification of control of mass media of communication.

The examiner noted that WENE principal officers, directors and stockholders have interests in corporations owning or operating three radio stations and four newspapers. Those interests are WENE; WDOS Oneonta, N. Y.; WVPO Stroudsburg, Pa.; *Endicott Daily Bulletin*; *Plattsburg (N.Y.) Press-Republican*; *Oneonta Star*, and *Stroudsburg Daily Record*.

Three-Mile Visibility Cited by Tower Study

STUDY of new ways of marking and lighting broadcast towers has been recommended by a special committee of the Airdromes, Air Routes & Grounds Aids (AGA) Subcommittee of the Air Coordinating Committee. The *ad hoc* group has just completed a study of the adequacy of present standards and has recommended changes [B•T, Aug. 23], adopting its report last Tuesday.

In its first phase of the long-range inquiry, the group agreed "that marking and lighting would be adequate if the structure served by such aids was visually discernible at a distance of three miles when the visibility between the observer and the structure is three miles as determined in accordance with the directive given to the *ad hoc* group and are concurred in by the members of this group."

The *ad hoc* group recommended that present standards remain until new marking-lighting techniques are available. It favored adoption of present FCC requirements for hazard beacons on towers.

WTRI (TV) Stay Denied

REQUEST of ch. 41 WROW-TV Albany, N. Y., for temporary stay of the effectiveness of FCC's grant to ch. 35 WTRI (TV) Schenectady to change its principal community to Albany was turned down by Acting Chairman Robert E. Lee last week. Stay was asked pending action on WROW-TV's petition for reconsideration of the authorization to WTRI, which also allows the ch. 35 outlet to maintain its main studio outside of Albany. WROW-TV claims economic injury.

INTERSTATE TV'S "DOUGLAS FAIRBANKS PRESENTS" WINS BILLBOARD AWARD AS BEST SYNDICATED DRAMA SERIES!

**D. Fairbanks Noses
Out 'Favorite Story'**

In an exceedingly close race, Douglas Fairbanks Presents' won first place as the best non-network dramatic film series in The Billboard's Second Annual TV Awards. The series is now being distributed by the "Paramount Playhouse," and the second under its original title by Interstate TV. The votes, however, are for the latest version of the series which is now sponsored by Rheingold in four markets in the East and about eight markets on the West. Rheingold, incidentally, paid \$10,000 for the few Eastern markets. In the spot, only one point behind.

Republican Sessions Plan Election Campaign Moves

A SERIES of strategy sessions on election campaign activities will be held by the Republican National Committee in Cincinnati's Netherland Plaza Hotel beginning today (Monday) and lasting through Wednesday, committee headquarters announced in Washington last week.

Five subcommittees will conduct "workshop" executive sessions to determine overall recommendations for the fall election campaign. The GOP National Committee's campaign budget, as announced last spring, is \$3.9 million, of which radio and television will be the chief expense item, a spokesman said. BBDO is agency for the national committee.

Radio-tv aspects of the campaign will be planned by two of the subcommittees this week. They are the public relations unit, headed by Meade Alcorn, national committeeman from Connecticut, with the national committee's public relations director, James Bassett, as staff advisor; and the subcommittee on use and distribution of campaign materials, headed by John Feikens, Republican state chairman in Michigan, with James Austin, assistant public relations director of the national committee, as staff advisor.

Cherne Favors Televising Congressional Hearings

AN ARTICLE in the Aug. 22 *New York Times Magazine* generally favors televising of Congressional hearings, but frowns on televising of witnesses not inured to the hardships of the political arena.

The article, by Leo Cherne, executive director of the Research Institute of America, said that because of the Army-McCarthy hearings millions of Americans now have more insight into "the structure of our constitution and the reasons for it. The televising of other and more normal functions of Congress would serve still further to enlarge understanding of our government."

But on televising of witnesses, Mr. Cherne adds: "With the advent of television, the rights of private citizens propelled into the limelight need guards not now found in our judicial or legislative codes."

On the other hand, Mr. Cherne believed the public official has no right to evade the tv camera: "... His right of privacy, obviously, has been limited by his own decision, to begin with. In addition, his relationship to the public is one that automatically concedes broader inspection."

Fate of Overseas Study Uncertain Following Cut

PROSPECT was uncertain last week as to what will happen to Congress' plan to study the U. S. information program overseas with the goal of developing international telecommunications to abet U. S. foreign policy.

Funds to implement the plan were cut from under it the last week of Congress when Senate-House conferees failed to agree on an amendment to the supplemental appropriations bill which would have made available half the \$250,000 planned for the study and extended its date of duration for one year, to Dec. 31, 1955.

The Senate Foreign Relations Committee said last week it now is up to the White House to make funds available for the study, which

was provided for in Public Law 558 (formerly S J Res 96), signed by the President July 30 [AT DEADLINE, Aug. 2]. It calls for a nine-man commission to study the U. S. information program overseas, including the Voice of America.

At the White House last week, no word was available on any possible intention by the President to finance the plan from other funds.

The bill as originally sponsored by the Senate Foreign Relations Committee would have had the nine-man group study the whole overseas telecommunications situation, including NARCOM (North Atlantic Relay Communications System), a plan for relaying tv across the Atlantic. But the Senate Commerce Committee, jealous of what it considered an invasion of its own jurisdiction in the radio-tv field by the foreign relations group, got busy, and ranking Democratic Sen. Ed C. Johnson (Colo.) put in an amendment when it passed the Senate last year, restricting its application to the VOA and the U. S. overseas information program.

The House did not pass the bill until last month [B•T, July 26], thus giving but little time for completion of the study, which still is written in the new public law as effective only through Dec. 31, 1954.

Senate Commerce Committee Chairman John W. Bricker (R-Ohio) reiterated last month that his group is the only one in the Senate entitled to look into the radio-tv question [B•T, Aug. 9].

The Ohio Republican made the statement on the Senate floor because of a House Foreign Affairs Committee report, apparently written last year before the Johnson amendment, which accompanied House approval of the bill. The House report had cited NARCOM, which the nine-man commission is not authorized to study under PL 558.

FCC to Allocate Ch. 79 to Toledo

ALLOCATION of uhf ch. 79 to Toledo, Ohio, effective Sept. 20, has been announced by the FCC.

Proposed rule making to establish a commercial uhf station at Toledo was instituted by the FCC at the desire of Woodward Broadcasting Co., permittee of ch. 62 WCIO-TV Detroit. Woodward proposes to construct a new tv station on ch. 79. Woodward originally had wanted Toledo's educational reservation changed from ch. 30 to 79, but later modified its request to specify solely the allocation of ch. 79.

Toledo had been assigned only two vhf channels, 11 and 13, and one uhf assignment, ch. 30. WSPD-TV is operating on ch. 13 while ch. 7 is sought by seven applicants [B•T, July 12, 5].

Woodward, headed by Detroit department and drug store owner-operator, Max Osnos, bought the Detroit ch. 62 facility from the UAW-CIO Broadcasting Corp. of Michigan for \$100 [B•T, June 21].

WGMS Clear for Ch. 20

BID of WGMS Washington for a new tv station there on ch. 20 was retained in hearing status last fortnight by FCC Motions Comr. E. M. Webster who concurrently approved dismissal of a competitive application by WEAM Arlington, Va. WEAM withdrew because of the unfavorable outlook for uhf in a major vhf market [B•T, Aug. 16]. The WGMS bid now is in position for an initial decision by the hearing examiner.

McCaw Reports Stock Sold, Asks 'Show Cause' Dismissal

BROADCASTER J. Elroy McCaw asked FCC last fortnight to dismiss its show cause order to require him to reduce his radio holdings to the newly established maximum of seven since his interests now comply [B•T, Nov. 30, 1953, et seq.].

Reviewing disposition of his stock in recent months in KPOA Honolulu, KILA Hilo, Hawaii, and KLZ-AM-TV Denver, Mr. McCaw told the Commission he now has interests in KELA Centralia, KYAK Yakima, and KALE Richmond, all Wash.; KYA San Francisco; KORC Mineral Wells, Tex., and WINS New York. He reported his wife holds a minority interest in KAPA Raymond, Wash.

KMAC, KOMO Petitions Filed in Ch. 12 Contest

CONTEST between KMAC and KONO San Antonio for a new tv station there on ch. 12 became a battle of petitions before FCC last week as counter-pleadings were filed over enlargement of the issues relative to character qualifications of certain KONO principals.

KMAC asked the Commission to enlarge the issues to permit the examiner to probe alleged contradictions in the testimony of KONO witnesses concerning a credit investigation of KMAC financial backers. The investigation reportedly led to arrest of the private detective making the credit check. He was charged with impersonating an FCC official [B•T, July 3].

KONO's reply petition noted KMAC acknowledged the examiner has authority under the present issues to inquire into the alleged discrepancies of testimony, hence there is no need for enlargement. Reaffirming earlier statements that KONO did not know of the detective's alleged method of investigation, the KONO petition said KMAC agreed with the examiner that a credit check is not improper in a competitive tv case.

The ch. 12 hearing resumes Sept. 9 before examiner James D. Cunningham.

Commission Denies WJZM Protest Against WDXN

FCC has dismissed the Sections 309 (c) and 405 protest of WJZM Clarksville, Tenn., against the Commission's granting WDXN there a modification of permit to specify a particular transmitter site.

The original WDXN bid for new daytime station on 540 kc with 250 w power was filed on a site-to-be-determined basis, but in accordance with FCC requirements specifying an assumed site. In approving a specific transmitter location for WDXN no material change from the service area originally estimated resulted, the Commission order noted.

The WJZM protest was based on the assertion that it is "a party in interest" and will suffer economic injury because of lost advertising revenue "by the entry of WDXN into the Clarksville market" and by virtue of the multiple broadcast interests of Aaron R. Robinson, controlling stockholder of WDXN.

In addition to WDXN, Mr. Robinson owns a controlling interest in WDXI Jackson, WDXL Lexington, WENK Union City, WDXE Law-

renceburg and WTPR Paris, all in Tennessee.

The FCC denied the WJZM protest because it failed to show any injury from the Commission action in granting the transmitter site, the FCC noted. WJZM did not protest the original grant and the time within which it was subject to protest has expired, the Commission said.

Celler Criticizes Rebuke To Radio-Tv on Alcoholic Ads

THE House Commerce Committee's report in lieu of action on the Bryson bill on liquor advertising aimed directly at radio and television, has come in for sharply-worded criticism by Rep. Emanuel Celler (D-N. Y.).

The New York Congressman, who said the committee "ducked and dived around the issue," called the report discriminatory against radio and tv. The bill (HR 1227) would have prohibited advertising of liquor on radio, television and in newspapers and other media.

Waxing sarcastic, Rep. Celler said:

Now if I were a member of the radio and television industry, I would find myself questioning why was such request thrown at our industry and not at newspapers and magazines? The House report had singled out broadcasters for what it said was lack of cooperation in cutting down beer and wine commercials and requested that the industry report back by Jan. 1 what it is doing to 'cope with the problem' [B•T, Aug. 23].

Rep. Celler concluded:

... Here we have an attempt to intimidate the wine and beer industry, threaten the radio and television industry, and belittle the intelligence of temperate men and women by suggesting that the viewing of radio and television advertising of beer and wines is the first major step toward skid row.

Magnuson Hits FCC Loyalty Oath Plan

FCC's proposal to screen operator license holders for security purposes has drawn criticism from Sen. Warren G. Magnuson (D-Wash.).

The Washington State Democrat, who on behalf of himself and nine other Democrats and an Independent in the Senate has introduced a joint resolution asking for a commission on security in government and industry, made the criticism in a statement accompanying the measure's introduction.

Sen. Magnuson said the FCC's proposal to modify its rules to tighten communication security [B•T, July 26, June 21, 14] would in some cases not only duplicate security programs already in effect, but proposes to screen "what amounts to less than 10% of the people in yet unscreened fields."

"While doing this, the FCC also proposes to extend the security program to persons and activities that in no way, shape or form can be considered sensitive activities, and to persons not even in defense industry or communications," Sen. Magnuson said.

The Magnuson resolution (S J Res 182) asks for a 12-man commission appointed by the President from outstanding leaders, plus six non-voting advisory members, three selected from each House of Congress. It would study prevailing practices in U. S. government and industry on security, efficient functioning and labor-management relations, and report recommendations by next Jan. 15. It was referred to the Senate Judiciary Committee.

LEON LEVY AND ASSOCIATES CONSIDER BUYING CBS' 45% IN WTOP-AM-FM-TV

Dr. Levy would resign from the CBS board of directors and relinquish stock, if the transaction materializes. Washington sale along with possible transfers at Minneapolis and Pittsburgh would allow CBS to acquire 100% in two more tv stations.

DR. LEON LEVY, former president and co-owner of WCAU Philadelphia, is contemplating making an offer for purchase of the 45% interest in the properties held by CBS in Washington—

DR. LEVY

WTOP - AM - FM - TV. Dr. Levy was in Washington last Thursday and inspected the properties with President-General Manager John S. Hayes. The Washington Post Co., which owns 55%, has first refusal.

Dr. Levy, who has substantial stockholdings in CBS, reportedly is considering the Washington investment in conjunction with three associates, two of whom are in New York and one in Philadelphia. His brother, Isaac D. Levy, who was co-owner with him of WCAU and likewise has been identified with ownership of CBS virtually from its acquisition in 1928 by the Paley interests, reportedly is not associated with the group considering the WTOP minority purchase.

Philip Graham, president and publisher of

the Washington newspaper controlling WTOP Inc., has stated his company plans to buy the CBS minority if terms can be agreed upon.

Dr. Levy, who would be the primary investor, has not placed an evaluation on the WTOP properties.

The present market for properties having vhf tv is at an all-time peak. CBS paid \$6 million for its Chicago outlet and Westinghouse \$8.5 million for WPTZ (TV) Philadelphia and in excess of \$7 million (taking into account appreciated value of Westinghouse stock) for KPIX (TV) San Francisco. WTOP has a new \$2 million office building and plant.

Dr. Levy is a member of the CBS board of directors and, it is indicated, would resign from the board and divest himself of his substantial personal holdings if his group acquires the CBS minority interest. Mrs. Leon Levy is the sister of William S. Paley, CBS board chairman and principal stockholder.

Under the terms of the CBS contract with the Washington Post Co., the newspaper can acquire the CBS interest at the best outside *bona fide* offer made. WTOP-TV was formerly WOIC and was purchased in 1950 for \$1.4 million from General Teleradio, then a subsidiary of R. H. Macy & Co., New York.

That CBS had received outside offers for the WTOP properties and for its 47% minority holdings in WCCO-AM-TV Minneapolis was disclosed in B•T [Aug. 23]. A week earlier the report also had been published in B•T that the network would dispose of its minority interest in those two stations and possibly in KQV Pittsburgh, in which it holds 45%. Disposition of the Washington and Minneapolis properties would pave the way for CBS acquisition, either through original grant or purchase, of 100% ownership in two additional tv stations. It currently is in hearing before the FCC for ch. 11 in St. Louis and also has an application pending for ch. 5 in Boston.

Similar Contracts

Control of WCCO is held by Mid-Continent Radio-Television Inc., which owns 53% of the stock. Mid-Continent, in turn, is owned 50-50 by Northwest Publications Inc., Ridder controlled corporation, and Minnesota Tribune Co., of which William J. McNally is president. The CBS contract with Mid-Continent is similar to that with the Washington Post Co. in that Mid-Continent has first refusal. CBS has disclosed that a corporate group has evinced an interest in the Minneapolis properties.

WCCO-AM-TV, like WTOP, is regarded as among the most successful and efficiently operated companies in the broadcasting business. CBS is understood to place an even higher evaluation on the Minneapolis properties than on WTOP Inc.—in the area of \$10 million. CBS formerly owned 100% of WCCO but entered a merger arrangement with the Ridder-McNally group which was approved by the FCC in August 1952. No money was involved, with CBS relinquishing its control of WCCO, 50 kw clear channel station, for the 47% interest in the combined radio-tv facilities.

KQV falls in a different category as to CBS' disposition of its minority holdings. CBS last year acquired its 45% for \$235,000 and has a

Lots of Sales

TELEVISION can be a successful real estate salesman, as WCPO-TV Cincinnati verified when it helped the Ohio Valley Realty Corp. hang up a "sold out" sign on 273 housing lots after a six-week spot advertising promotion and set a 10-year sales record for the company. A similar campaign last year, employing newspapers and direct mail and a heavier advertising budget, required 16 weeks for a "sell out" of a similar housing site tract in the same area. WCPO-TV was given credit for 9 out of 10 land sales by A. B. Carter, general manager of the home site project. The campaign consisted of 20 spots, both humorous and informative, each week.

contractual arrangement whereby this interest can be returned to the principal stockholders in KQV Inc., at a predetermined figure.

In all three instances, however, CBS does not vote its minority holdings, but permits the majority stockholders to vote 100% of the stock under voting trust agreements.

Martin Named Gen. Mgr. For WMVT (TV), WCAX

STUART T. MARTIN, electronics consulting engineer and formerly with RCA and Sylvania Electric Products Co., has been named vice president and general manager of WMVT (TV)

MR. MARTIN

Montpelier and WCAX Burlington, Vt., C. P. Hasbrook, president of both stations, announced last week.

Mr. Martin has worked on the Montpelier ch. 3 project for the past two years, supervising construction of its tower on Mount Mansfield and of studios in Burlington. Earlier, he had

charge of the engineering and installation of WCAX's 5 kw transmitter and antenna system (620 kc).

Option Cardinal Road Games

ANHEUSER-BUSCH Inc., brewers of Budweiser and Michelob beer, have taken an option with WTVI (TV) St. Louis (Belleville, Ill.) for telecasts of the 1955 St. Louis Cardinal road games, it was announced last week by John D. Scheurer Jr., WTVI executive vice president and general manager.

Ch. 54 WTVI is telecasting the entire 77-game 1954 Cardinal road schedule and, Mr. Scheurer said, these telecasts have been supported by St. Louis' 25-county area in unprecedented numbers.

Hoag-Blair Final Preparations

HOAG-BLAIR Co., new firm which is slated to commence Wednesday (Sept. 1) as national representative of tv stations outside major markets [B•T, Aug. 16], has taken office space in Chrysler Bldg., 405 Lexington Ave., New York. President Robert Hoag also announced he will be available in Chicago this week for talks with station operators attending the NBC-TV and CBS Radio affiliates meetings.

WJNO-TV DEBUTS; FOLSOM OFFICIATES

WEST PALM BEACH, Fla., had its own Hollywood-type premiere Aug. 22 when ch. 5 WJNO-TV there was inaugurated with full 100 kw power by Frank M. Folsom, RCA president, in the presence of top advertising agency executives and with the participation of featured tv and recording artists.

Primary coverage from Vero Beach to the Miami area was reported by the NBC outlet, which represents an approximate \$450,000 investment. On hand were Al Paul Lefton, president of the Philadelphia and New York agency;

FRANK FOLSOM (r), president of RCA, congratulates William Cook, executive vice president of WJNO-TV and his son-in-law, at inauguration ceremonies.

Frank Silvernail, radio-tv chief of BBDO; Tom Fry, vice president, Philip Kenney, chief time-buyer and Larry Donino, timebuyer for the RCA account, all of Kenyon & Eckhardt; Sydney Eiges, NBC vice president in charge of press; Thomas E. Knode, NBC director of station relations, and Sidney Robards, manager, RCA Dept. of Information.

Others at Premiere

Artists participating in the two-hour program included Eddy Arnold, Vaughn Monroe, Dorothy Sarnoff, Lou Monte and Paul Gilbert. Jimmy Durante gave a film salute, along with Florida's Senators Spessard Holland and George Smathers and Rep. Dwight L. Rogers.

WJNO-TV is owned 50% by WJNO Inc., operating the am station, headed by George H. Buck; 21% by Theodore Granik, attorney and creator of *American Forum of the Air* and other programs, who is WJNO-TV board chairman, and 18% by William H. Cook, Palm Beach attorney and executive vice president of WJNO Inc. Mrs. Cook, secretary-treasurer, is the daughter of Mr. Folsom.

General manager is Walter L. Dennis, formerly with KVOO Tulsa, and one-time chief of the news bureau of NARTB Washington. Equipment is RCA throughout, including a 12-bay antenna.

The 549 ft. tower is designed to withstand wind velocities of 185 miles per hour. Operating schedule Monday through Friday begins at 10 a.m. with test pattern, and with regular commercial programming beginning at 3:45 p.m.

WALTER L. DENNIS, general manager and director of sales of WJNO-TV, goes on camera with the premiere program. Seated (front row, l to r): Al Paul Lefton, president of the Lefton agency; Frank Silvernail, BBDO; Tom Fry, Kenyon & Eckhardt; and Thomas E. Knode, NBC station relations director.

KOVR (TV) Stockton Sets Labor Day Debut

KOVR (TV) Stockton, Calif., ch. 13 station that claims San Francisco in its primary service area, will make its debut Sept. 6 from the stage of the California State Fair at Sacramento. Programming for the first week of operation will originate from the fair grounds.

KOVR's tower and antenna are located atop Mt. Diablo and stand 4,000 ft. above the valley floor. A. E. Joscelyn, former CBS executive, is general manager, and Joseph Fisher, formerly

with Free & Peters and ABC-TV, is general sales manager. Blair-TV is national representative.

Reports from other stations:

WTVD (TV) Durham, N. C., is now on test patterns and expects to begin regular programming in September, the station has reported. The ch. 11 outlet has received clear reception reports from central North Carolina and north-central Virginia, it reports. It will be affiliated with NBC and represented by Headley-Reed Tv Inc.

WTVW (TV) Milwaukee, due on the air Oct. 31, has appointed Edward Petry & Co. as

YOU, TOO, CAN HAVE A STAN FREEMAN

station representative, effective immediately. F. Gran is chairman of the board, L. F. Thurwachter is executive vice president and Tom Allen is business manager and director of the ch. 12 station.

KLTV (TV) Tyler, Tex., last week received its first delivery of RCA equipment and plans to be on the air in October, owner Lucille Lansing has announced. The ch. 7 station will be affiliated with ABC, the station said. A new building is being remodeled to house KLTV and KGKB, its radio affiliate.

Educational KETC (TV) St. Louis, operating on ch. 9, expects to begin programming Sept. 20, the Very Rev. Paul C. Reinert, S.J., acting chairman of the St. Louis educational tv commission, has announced. The opening show will preview the station's programs.

Reeves Buys Third of KMOD, Becomes General Manager

DON C. REEVES, general manager-chief engineer of KNGS Hanford, Calif., who has purchased one-third interest in KMOD Modesto, Calif., for \$21,000 subject to FCC approval [B•T, Aug. 16], assumes general managership of KMOD Wednesday, it was reported last week. He also becomes secretary-treasurer of Radio Modesto Inc., KMOD licensee.

MR. REEVES

John Griffin and Warren Giddings each retain one-third interest in KMOD and become president and vice president, respectively, of the ABC affiliate. John H. Schacht, former KMOD president and general manager, sold his 50% interest in the station to the licensee corporation for \$42,000. Part of this interest was issued to Mr. Reeves.

WOV, WHOM Participating In Italian Opera Campaign

A FOUR-WAY agreement has been reached by WOVI and WHOM New York, *Il Progresso Italo-Americano*, New York Italian-language daily, and the New York Center of Music and Drama with the purpose of making City Center a seat of Italian grand opera.

The plan was initiated in a series of discussions between Executive Vice President Ralph N. Weil and Programming Vice President Arnold Hartley, both of WOVI, and Henry Morgenthau III of the City Center board of directors. In subsequent stages it was developed with the aid of Fortune Pope, president of WHOM and publisher of *Il Progresso*; Charles Baltin, vice president of WHOM, and Dr. Joseph Rosenstock, general director of the New York City Opera Co.

In its forthcoming operatic season, City Center will put new stress on the Italian portion of its repertoire. WOVI, WHOM, and *Il Progresso* will conduct a continuous promotional campaign throughout the season, highlighted by a talent search open to all singers between the ages of 21 and 38 who have specialized in Italian operatic roles. WOVI is scheduling a weekly Italian-language opera preview program dealing with the opera being performed that week.

Mr. Pope meanwhile has accepted appointment as chairman of a citizens' working committee to cooperate with the board and management of the City Center on the plan.

New ALTEC 670 MICROPHONE

CARDIOID

RIBBON

PRESSURE

available via **GRAYBAR**

Performance . . . versatility . . . economy — are the features on which the Altec 670 welcomes comparison. Here's what the 670 offers:

- **SMOOTHER HIGH-FIDELITY RESPONSE . . .** Freedom from peaks eliminates "voice-music" switch.
- **CONTINUOUSLY ADJUSTABLE PATTERNS . . .** Cardioid, ribbon, and pressure response patterns at marked shutter positions. Continuous intermediate adjustment permits "tuning out" sources of undesirable noise by shifting null points.
- **WIDE-RANGE DIRECTIVITY . . .** Typical microphone has 10db front-to-back response ratio at 30 and 15,000 cycles. Average midrange discrimination in "C" position, 18db or better.
- **SMALLER SIZE . . .** Less interference with TV cameras and lights — only 7½" high, 3¾" deep, 2½" wide.
- **LIGHTER WEIGHT . . .** Weighing only 20 ounces is easily handled on light booms.
- **NEUTRAL GRAY FINISH . . .** Inconspicuous—minimizes light reflection.
- **LOW HUM PICKUP . . .** Lower hum pickup from stray magnetic fields.
- **ADJUSTABLE IMPEDANCE . . .** Easily accessible switch for 30/50 or 150/250 ohm impedance.
- **LOW PRICE . . .** The Altec 670 is the top-quality microphone that can't be matched in cost and/or performance. We invite your inquiry and comparison!

Full details concerning Altec Microphones are available through your nearby Graybar Broadcast Representative. See listing at right. Call Graybar first for assistance and suggestions concerning any of your broadcasting problems and requirements. Graybar Electric Company, Inc. Executive offices: Graybar Building, New York 17, N. Y.

FOR TOP PERFORMANCE IN MINIATURE SIZE

Tiny, but tough — the Altec "Lipstik" is one of the finest, most versatile microphones ever made. Omnidirectional pickup—5 ounce weight and 3 inch length make it perfect for TV. Easily concealed on performers. Inconspicuous in hand, floor-or-desk stand use.

Four Stations Report Start of Color Operations

FOUR tv stations have reported start of color operations, three beginning programming and the fourth color test bar transmissions.

WTMJ-TV Milwaukee originated its first network color program last week to the NBC-TV network on the *Home* program. A Wisconsin State fair on arts and crafts highlighted the telecast from the ch. 4 station.

WBTU (TV) Charlotte, N.C., last week began occasional colorcasts of local film and slide programs. The ch. 3 station also picked up its first network color program, CBS-TV's *The Big Payoff*.

KPTV (TV) Portland, Ore., operating on ch. 27, carried its first color program Aug. 11 when it aired the NBC-TV network telecast of the Army-RCA "Combat Television" demonstration from Ft. Meade, Md. KPTV will carry the NBC-TV color spectacular series, effective Sept. 12.

KRON-TV San Francisco, operating on ch. 4, sent out its first color test bar signal Aug. 12. The color test pattern will be transmitted daily for the next month, the station said.

A fifth station, WNEM-TV Bay City-Saginaw, Mich. expects to begin colorcasting on or about Sept. 26, according to an announcement by John H. Boone, general manager. The station plans to receive the NBC-TV lineup of fall color shows.

F. Sibley Moore Duties Broadened at WJR Detroit

F. SIBLEY MOORE, WJR Detroit vice president and director, will assume additional duties as operations manager, effective Sept. 1, it was announced last week by John F. Patt, president of WJR and WJRT (TV) Flint, Mich.

MR. MOORE

Mr. Moore, 35, was elected to the WJR board of directors in June 1951 and was named vice president in November 1952. He also served as assistant treasurer and vice president of the stations' licensee, the Goodwill Stations Inc. He has had previous programming and sales experience with WGAR Cleveland and with the WJR sales department.

Hamilton, Others Resign KPFA (FM) in Policy Dispute

WALLACE HAMILTON, public affairs director of KPFA (FM) and four other station officials resigned last week from the listener-sponsored fm radio station located in Berkeley.

This most recent flareup in a series, which have marked the station's operation since broadcasting a tape recorded discussion on marijuana, occurred shortly after Mr. Hamilton announced the broadcast of a sex discussion by teen-agers on the station.

The five men, Mr. Hamilton; William Trieste, program coordinator; Roy Keppler, promotion director; Watson Albert, production chief, and

Sold Unseen

PANDA PRINTS Inc., New York greeting card firm, finds the response to its radio announcement for its cards, which of course are not seen by the listener, "remarkable for its warmth and spontaneity." A first-week campaign on WQXR New York, aimed at the "middle-brow and high-brow," drew phone calls and letters applauding the commercials, which consist of skillful reading of verses taken from one of the cards designed by Rosalind Welcher, and ending with a dealer mention.

Bruce Harris, chief engineer, resigned after the executive board of the Pacifica Foundation, the body who owns the station, invited Lewis Hill, founder, to return as president.

The station's directors have been debating its policies for about two years. Recently two directors switched their votes to the Hill faction.

WBUF-TV Goes to 229 Kw

WBUF-TV Buffalo, uhf ch. 17 station which celebrated its first anniversary a fortnight ago, increased its radiated power Saturday from 17 to 229 kw. FCC Comr. Robert E. Lee was to throw the switch at 1 p.m. Rep. John R. Pillion (R-N. Y.) took part in the ceremonies.

Sherwin Grossman, president-general manager of WBUF-TV, said the project involved an expenditure of \$150,000, including a 12 kw GE transmitter and a GE antenna atop a 450-ft. tower. Uhf conversion-saturation now covers 40% of the area tv homes, he said, with the strengthened signal expected to add materially to homes served.

WBUF-TV continues to carry ABC-TV and DuMont programs.

Von Hagel to Direct WORD

PAUL von HAGEL, formerly associated with WNAV Annapolis and WITH Baltimore, Md., has been appointed general manager of WORD Spartanburg, S. C., according to an announcement by Moody McElveen, executive vice president of that NBC affiliate.

Simultaneously, Mr. McElveen announced the appointment of J. W. Kirkpatrick as commercial manager. WORD is represented nationally by Paul H. Raymer Co., New York.

GE Stations Names West

NAMING of Edwin Scott West as manager of finance of the General Electric Broadcasting Stations Dept., was announced last week by R. B. Hanna Jr., department manager.

Mr. West has been with the department since the beginning of this month after having been traveling auditor for General Electric since July 1951. He joined GE in 1947.

WAIT to Take Space

NEGOTIATIONS have been completed by WAIT Chicago for taking over ABC studio space in the Chicago Daily News Bldg. by Nov. 1, it was announced last week. The station will move its studios and executive personnel from Elmhurst, Ill., transmitter site, to the 26th floor of the building. WAIT currently maintains executive headquarters at 75 E. Wacker Drive.

ARTHUR HULL HAYES (standing, l), CBS vice president in San Francisco and general manager of KCBS there, celebrates with three of his staff members their fifth anniversary with the station. "Father" Hayes' five-year-olds are: Jim Grady (standing, r), alias Little Lord Fauntleroy, who is the voice of KCBS' *This Is San Francisco*; seated, Jane (Mary Jane) Todd, women's commentator, and Bill (Buster Brown) Weaver, who has two shows on the San Francisco station.

WOR-TV OFFERS REPEAT MOVIE PLAN

New York station's 'new concept' of tv selling features 30 top films each in 16 showings weekly and will cost participating sponsors \$125,000 for 30-week series.

"A NEW CONCEPT" of television selling was claimed last week by WOR-TV New York in announcing the signing of Liggett & Myers Tobacco Co. and Piel Bros. Brewing Co. for part sponsorships of *Million Dollar Movie*, a package of 30 feature films not on tv before.

Each film will be shown for one week, 16 times a week at 7:30-9 p.m. and at 10-11:30 p.m., plus Saturday and Sunday matinees at 4:30 p.m.). Participation in the package is open to a total of eight advertisers, each of whom gets a one-minute commercial and two billboards during each showing of each picture at a total cost of \$125,000 per advertiser for the 30-week period.

Other highlights of the plan as outlined in the announcement of the Liggett & Myers and Piel purchases, issued Tuesday by WOR-TV General Manager Gordon Gray and Sales Manager Charles Philips:

Commercials will be presented about 26 minutes apart, with each movie being interrupted only three times. Between two of the one-minute commercials a 50-second "trailer" of the following week's feature movie will be presented.

Advertisers are guaranteed a Pulse Inc. rating of 70—described as a rating never before

achieved by a commercial tv program in the market—for each week (this will be a cumulative rating, it was explained, representing the sum of the individual ratings of the 16 different showings).

Position of the advertisers' commercials will be rotated so that the sponsors have equal advantage. Each advertiser also gets a billboard at the beginning and the end of each showing.

The "most extensive advertising and promotion campaign in the history of WOR-TV" will be employed to build viewership, the announcement said, asserting that "the amount budgeted for newspaper and on-the-air promotion probably exceeds any expenditure ever made to promote a local program."

Two of WOR-TV's principal announcers will act as hosts on the programs, John St. Leger introducing the 7:30 p.m. shows and Frank McCarthy appearing as host for the 10 p.m. presentations.

Million Dollar Movie consists of 30 first-run features acquired by WOR-TV from the Film Div. of General Teleradio Inc., licensee of the WOR stations. The films include "Magic Town," featuring James Stewart and Jane Wyman; "A Double Life," with Ronald Colman and Shelley Winters; "Body and Soul," with John Garfield and Lilli Palmer; "Arch of Triumph," with Ingrid Bergman and Charles Boyer; "Miracle of the Bells," with Frank Sinatra; "One Touch of Venus," with Ava Gardner, and "Macbeth," with Orson Welles.

The *Million Dollar Movie* series will start Sept. 21. Cunningham & Walsh, New York, is agency for Liggett & Myers, which will use the show to promote Chesterfield and L&M cigarettes, while Young & Rubicam, New York, is agency for Piel Brewing.

KDKA Stages Presentations For N. Y. Agency Executives

THE STORY of KDKA Pittsburgh, the Pittsburgh market, and the power of the station as an advertising medium was told to more than 100 top agency executives and advertisers in a series of three presentations in New York last fortnight.

The presentation consisted of a 20-minute film, with taped narration by KDKA Sales Manager John Stilli, which was shown at three parties at the Stork Club.

The KDKA contingent included General Manager L. R. Rawlins, Sales Manager Stilli, Promotion Manager David Lewis, and Rege Cordic, disc m.c. Representatives of Westinghouse Broadcasting Co., the parent firm, also were on hand.

WABD (TV) Gross Up

MORE THAN \$2 million in gross billings has been signed by DuMont's WABD (TV) New York during the past fortnight, Norman Knight, station manager, reported last week. He said these signings capped a two-month drive which added 72 new contracts and, together with current business and renewals, assured the station of gross billings exceeding \$6 million for the year starting in September. WABD will have more advertisers and top agencies on its roster for the 1954-55 season than ever before in the station's history, Mr. Knight said.

STATION PEOPLE

Rod Gibson, associated with station representation firms in New York for the past several years, appointed national sales manager, WSTV-TV Steubenville, Ohio. He will headquarter in New York.

MR. GIBSON

Mike Thompson, formerly sales manager, WTIK Durham, N. C., to WTVD (TV) same city, in same capacity.

John W. Tinnea, assistant station director-program director, KWK St. Louis, named executive program director, KWK Inc. (KWK-AM-TV). **Russell C. Kaiser** promoted to program director, KWK.

Wally Mack appointed station manager, WBUY-AM-FM Lexington, N. C.

W. S. Morgan Jr., commercial manager, KGKO Dallas, Tex., appointed manager.

Edward Wallis, formerly director of sales promotion and publicity, WIP Philadelphia, to WPTZ (TV) same city, in similar capacity, effective early in September. Mr. Wallis succeeds **John J. Kelly**, transferred to WPTZ licensee Westinghouse Broadcasting Co.'s New York office.

MR. WALLIS

John W. Tinnea, assistant station director-program director, KWK St. Louis, named executive program director, KWK Inc. (KWK-AM-TV). **Russell C. Kaiser** promoted to program director, KWK.

Trent Christman, formerly with Gillham Adv. Agency, Salt Lake City, to KONA (TV) Honolulu, T. H., as program manager. **Gene Terrell**, production assistant, KNBH (TV) Hollywood, to KONA as promotion-publicity manager.

Colby Lewis, assistant program manager, WTMJ-TV Milwaukee, named director of production, WGBH-FM-TV Boston, noncommercial educational stations.

John Yeager Jr., station manager, KGFV Kearney, Neb., named sales representative, WOW Omaha.

Robert Brown, sales dept., KBTB (TV) Denver, promoted to local sales manager, succeeding **Mort Thorp**, who goes to I. A. Deline Paper Box Co., same city, in charge of sales.

Henry C. Cronin, assistant chief engineer, WHEN-TV Syracuse, N. Y., to WTVD (TV) Durham, N. C., expected to start operations in September, as technical director.

Bob Delaney, news and sports editor, WTAL Tallahassee, Fla., to WEAR-AM-TV Pensacola and WJDM (TV) Panama City, Fla., as state news director.

Jerold P. Merritt, engineering staff, WICS (TV) Springfield, Ill., promoted to assistant chief engineer.

Paul S. O'Brien, advertising sales staff, WXYZ Detroit, to WLIB New York, as account executive.

Lou Riepenhoff, public service and promotion director, WEMP Milwaukee, to WTVW (TV), same city, as public relations-promotion director.

MR. RIEPENHOFF

John Quinlan, formerly continuity-promotion director, KLPR-TV Oklahoma City, appointed promotion director, KGMB - AM - TV Honolulu, T. H.

Art Seidel, formerly assistant director, Prockter Film Enterprises, N. Y., named account executive, WTTM Trenton, N. J.

George E. Walsh returns to WHAS-AM-TV Louisville, Ky., as public events reporter.

Doris Matthews, Charles F. Mallory Adv. Agency, San Jose, Calif., to traffic dept., KEEN same city.

Cliff Pike, continuity director, KRVN Lexington, Neb., and **Freeman Hover** to KCSR Chadron, Neb., staff.

Isabell Logan to accounting dept., KYW Philadelphia; **Paul G. Ross Jr.** to station.

Billy Lee Holmes and **Phyllis Brown**, husband-and-wife entertainment team, WLS Chicago, to WLW and WLWT (TV) Cincinnati *Midwestern Hayride* program; **Kenny Price** and **Glenn Scott**, entertainers, to WLW.

KMTV (TV)'s Fifth

KMTV (TV) Omaha, Neb., is treating its local sports fans to a "Baseball Party" this Thursday in commemoration of the station's fifth anniversary, Owen Saddler, general manager, has reported. A 90-minute extravaganza featuring tv stars and famous sports figures will precede the baseball game between the Omaha Cardinals and the Sioux City Soos. Every seat in Omaha's Municipal Stadium has been purchased by KMTV for the day and two tickets for the affair will be sent free by the station to any sports fan upon request. Invitations to the party have been extended to members of baseball's Hall of Fame and to George Trautman, commissioner of minor league baseball.

Pete Conn, entertainer, to cast, WLWD (TV) Dayton, Ohio, program, *Bill Bailey Show*.

Lester W. Lindow, secretary and general manager, WFDF Flint, Mich., reports at Pentagon today (Mon.) for a short tour of active duty in radio and television branch, Information Div., Dept. of the Army, which he formerly headed. Mr. Lindow is a lieutenant colonel in the Army Reserve.

Robert J. Blum, sales manager, KEEN San Jose, Calif., appointed radio chairman of emergency infantile paralysis fund drive.

Francis Davis, weatherman, WFIL-TV Philadelphia, appointed to Committee on Radio and Television for American Meteorological Society.

3 WRITERS' GROUPS MERGE INTO WGA

New Writers Guild of America formed of Radio Writers Guild, Screen Writers Guild and the Television Writers Guild.

AS THREE separate radio-tv writers' groups joined hands last week, it was reported that the new, overall union, Writers Guild of America, will soon press for new contracts with networks, packagers and producers.

The labor groups merging into a single union are Radio Writers Guild, Screen Writers Guild and the Television Writers Guild (both Authors League of America and SWG units). In concurrent meetings held last week in New York and Hollywood, members voted to approve the constitution of the WGA.

According to union spokesmen, the combination of the three writers' groups will bring all radio, tv and screen writers into a single, nationwide union boasting some 2,000 members.

With the joint direction of the three unions assured, a number of labor contracts both on the East and West Coasts can be expected to be opened possibly as early as a few days from now.

Among these:

- A radio freelance writer contract now in effect with networks, packagers and producers. It was to have expired last May 15 but was extended to Sept. 15, 1954.
- A tv freelance writer contract with packagers of live tv programs. That pact expires Sept. 21, 1954. (A number of contracts with film packagers, perhaps as many as 120, will not be up for negotiation until about the end of 1955..)
- A staff writers pact with NBC on continuity and news; similar contract with ABC, now in negotiation; an agreement with CBS on news, which may be re-opened, and with CBS on the West Coast only on continuity and news.

TWA Squabble Looms

To complicate the picture, the new, merged union has been flirting with opening a full-scale jurisdictional squabble with Television Writers of America which only recently struck against the networks in New York and Hollywood.

TWA in 1953 won an NLRB-conducted election as bargaining agents for a number of writers. Reportedly, there now are moves both within TWA and "outside" to dissolve the organization; thus, WGA must decide whether it wishes to file a petition with NLRB asking for renewal action with freelance tv writers employed directly by ABC, CBS and NBC for network programs. (These are groups now represented by TWA.) At the same time, a consent election could be declared which would bypass an NLRB hearing on the matter with all parties including the employers agreeing to an im-

CBS-TV, SAG Sign

CONTRACT between CBS-TV and Screen Actors Guild, marking the network's possible entry into direct filming [B•T, Aug. 9], was signed in Hollywood Aug. 15, SAG officials revealed last week. As indicated earlier, among the provisions were exemption of news commentators from Guild jurisdiction, requested by CBS, and guaranteed employment to series actors, asked by SAG.

mediate election to determine the bargaining agent.

WGA leaders openly are hopeful that this jurisdictional matter can be solved quickly and thus pave the way for WGA to become "a truly industry-wide writers' union."

In New York, at a joint meeting of the TWG and RWG (eastern region), members voted 141 to 24 to approve the merger action, while in Hollywood, the SWG balloted 325 to 12 in favor and RWG approved it, 73 to 23.

An election of officers will be held next May, although interim officers may be elected late this October. Headquarters location of WGA still is undetermined. Next step in the merger trend is for WGA to affiliate with ALA which includes in its membership, writers of all fields, via a proposed Federation of American Writers.

Film Tv Writing Awards Format Approved by TWG

NEW recommendations governing annual tv film writing awards have been drawn up and approved by the Television Writers Group executive committee of Screen Writers Guild. The final awards are divided into three categories: best story; best story and teleplay by the same writer or writers; best teleplay.

Nominations will be made in four categories, comedy, drama, western-action and mystery-melodrama. A screening committee of 100 members will be selected. Best script in each category will be determined quarterly.

Final awards will be decided by a majority vote of all members active in tv, following a screening of all films which received the quarterly nomination.

Directors Sign Contract For Tv Film Production

THE first contract between Screen Directors Guild and major motion picture studios covering tv film production by their video subsidiaries has been signed by Columbia Pictures and Republic Pictures. Involved are Screen Gems Inc. and Herbert B. Leonard Productions (Columbia) and Studio City Television Productions and Hollywood Television Service (Republic).

Provisions, similar to those contained in the contract between SDG and the Alliance of Television Film Producers, call for a director's initial salary to cover first and second runs of a tv film with a flat fee of \$275 to cover third and all succeeding runs in a given city. Under terms of the contract, a producer may arrange in advance to pay a director his salary and re-run fee in a single transaction.

NABET Blocks NBC Filming

DESPITE NBC attempts to speed up formation of its own filming units by negotiating a new contract with the National Assn. of Broadcast Employees & Technicians, NABET has declined to discuss the film situation until the present contract is up for renewal the end of January. NABET, whose present contracts with both NBC and ABC contain film jurisdiction, does not intend to relinquish that jurisdiction, a NABET spokesman in Hollywood revealed. IATSE has the film bargaining contract with CBS, which has been negotiating a contract with Screen Actors Guild [B•T, Aug. 9] preparatory to the network's entry into active tv film production.

'ROUND THE CLOCK
NEWS

with
DON O'CONNOR

More news—more local—more often than any other Milwaukee station... that's the product of the WEMP news staff directed by Don O'Connor. Emphasis is on local news and community events, though national and world affairs are fully covered. That's another reason why Milwaukeeans prefer WEMP, the 24 hour a day music, news and sports station.

National and local advertisers, who have the facts, are buying WEMP, where you get up to twice the Milwaukee audience per dollar of any network station. Call Headley Reed—get the facts!

Only STEEL can do so many jobs so well

Bathtub for Apples. You've heard of a lot of interesting ways in which stainless steel is now used, and here's another: a bathtub made of stainless, where apples are carefully washed before being processed into baby foods. Stainless steel is unusually well-suited to jobs like this because of its high corrosion resistance and unique sanitary properties.

Here's the Newest Thing in vending machines . . . a mechanical marvel that will sell you a carton of fresh cold milk (or of chocolate or orange drink, for that matter) at the drop of a coin. Made of USS Steel, the machine is ideal for use in schools, factories, parks, hospitals and other similar locations.

This trade-mark is your guide to quality steel

To Baffle a Burglar or just to find a fuse when the lights go out, in any emergency. And steel helps to build such dependability into most flashlights. The flashlight itself is usually steel, and they're making "sealed-in-steel" flashlight batteries, too . . . with full steel protection top, bottom, and sides, to assure longer life and prevent corrosion of the flashlight.

How's the Wiring in Your Home? Adequate for today's power needs? Ready to supply "juice" for automatic washers and dryers, TV sets, summer air conditioning units? It's been estimated that each U. S. home uses more than twice as much power today as 10 years ago, that more than 3/4 of our homes are *under-wired* for today's needs. U. S. Steel manufactures electrical wire and cable of every kind to make your home wiring adequate and safe.

SEE THE UNITED STATES STEEL HOUR. It's a full-hour TV program presented every other week by United States Steel. Consult your local newspaper for time and station.

SALES SERVICE

Most stations merchandise, K & E survey finds.

MORE than three-fourths of the nation's tv stations offer some type of merchandising or promotional service to their advertisers, according to the second annual survey of tv station merchandising conducted by Kenyon & Eckhardt.

The K & E survey, conducted in June, shows 275 stations, 77% of those then on the air in the continental U. S., offer some sort of merchandising service. It also shows that if a station offers one merchandising service, the likelihood is that it offers a great variety of such services.

Air support, promoting a sponsor's program and/or products with announcements or during sustaining programs, is the service most commonly available, being offered by 99% of all stations answering the K & E questionnaires. Mailings to the trade or to consumers are made by 98% of the tv stations; 95% make trade calls, and 96% give some other advertising support.

Full results of the K & E survey, published in the 1954 TELECASTING YEARBOOK-MARKETBOOK, which is in the mails, report all merchandising services offered by each of the 275 stations together with information on whether the service is provided free, is charged for, or is furnished only to advertisers complying with some other condition stipulated by the station, such as the purchase of a minimum amount of station time.

The idea of preparing a full-scale study of station merchandising services was first proposed in the spring of 1953 by Hal Davis, vice president and director of promotion at K & E. Arrangements were made with B•T for publication of the results, which last year as this included them in the TELECASTING YEARBOOK-MARKETBOOK. (A K & E survey of merchandising services offered by radio stations last year was published by B•T as Part II of the Nov. 30, 1953, issue. K & E's 1954 radio station merchandising survey will be published by B•T this fall.)

The questionnaire was prepared by the K & E research department, under the supervision of G. Maxwell Ule, vice president and director of research. His staff also tabulated the stations' replies and prepared the summary table appearing on this page.

Mr. Ule said that there were three major objectives of the study:

1. To acquaint buyers of tv time with the merchandising and promotional services that each station will supply currently.
2. To acquaint sellers of tv time with what other stations are providing by way of merchandising and promotion.

TV STATION MERCHANDISING-PROMOTION SUMMARY

	(*) Per Cent Of Stations That Offer Some (275) Services	(*) Per Cent Of Stations Offering Service For Which A Minimum Purchase Of Air Time Is Required	(*) Per Cent Of Stations Offering Service For Which Both Network And Local Advertisers Are Eligible	(*) Per Cent Of Stations Offering Service That Charge The Advertiser For This Service

(*) The 100 per cent base includes stations that did not respond to the specified question.

HOW TO READ THIS TABLE:

THE TABLE presents a detailed summary of the survey's findings for all tv stations reporting. Illustrating its use, Mr. Ule explains:

"In the first column, the entry, 95% for trade calls indicates that 95% of the 275 stations reporting at least one merchandising service will make some calls on the trade. The entry of 92%, immediately after the first entry, shows that 92% of the 275 stations will solicit and/or place displays.

"In the second column, the entry, 39%, indicates that of all stations which report they solicit and/or place displays, 39% require a minimum purchase of air

time.

"In the third column, the first entry, 89%, means that 89% of the stations which report they solicit and/or place displays make this service available to both network and local advertisers (the word 'local' designates all non-network advertisers, national and regional spot clients as well as purely local advertisers). The remaining 11% are those who make their service available either to local advertisers only or to network advertisers only or did not specify which type of advertiser is eligible.

"In the last column, the first entry, 11%, means that 11% of the stations that report they solicit and/or place displays will charge for this service.

3. To summarize for the benefit of all concerned the extent to which stations are supplying merchandising and promotional services.

Questionnaires were mailed May 20 to all tv stations then on the air or scheduled to begin operations by June 1. Follow-up letters and questionnaires went out a month later. The return based on both mailings was about 80%.

Listed by Mr. Ule as among the more significant findings are the following:

1. Of all tv stations, 77% (275 stations) reported some merchandising or promotional services. The remaining 23% either had no such services or did not return the questionnaire.
2. The number of stations reporting mer-

chandising services (275) is twice the number reporting them in the 1953 survey (138).

3. Of these 275 stations, 95% make trade calls, including soliciting and placing displays, store checks and soliciting tie-in advertising; 98% provide trade mailings such as letters, post cards, broadsides or merchandising bulletins; 99% offer on-the-air support, including demonstrations, give-away prizes, product mentions, tune-in announcements, client participation in special programs and recorded personality interviews plugging the client's product. In addition, 87% will aid the client's representative in problems of distribution and 30% have a merchandising plan or agreement whereby certain retail outlets will give preferred space to a client's display material.

KIDS AND TV

New survey shows how children boost the family's hours before the tv set.

by James W. Seiler *

CHILDREN cry for it—television, that is.

And where the youngsters' demands are heard and heeded, the family is apt to spend more hours in front of the lighted screen than in homes where only adults are viewers.

The definite impact of children on television viewing habits of households is shown vividly in a national survey completed recently by the American Research Bureau Inc.

America's post-war boom in babies and the continuing high birth rate are having a profound effect in establishing the country's loyalty to television as a medium of entertainment, the ARB national sampling shows. The results of the study will prove especially significant to advertisers intent on finding the most effective medium for reaching both children and parents.

In the course of a national diary survey distributed throughout the U. S. and reflecting mid-winter viewing habits this year, ARB divided the television audience into four groups: households of one or two adults only, households with three or more adults, homes with adults and children six years of age or older, and homes with adults and children under six years of age.

When children are present in a home, there is a marked increase in television viewing by the entire family for all periods of the day, from sign-on to sign-off, the ARB sampling shows. In households where there is at least one pre-school child, morning viewing during a normal work week is more than twice as many hours as in homes where there are adults only. This might be expected, since mothers of small children ordinarily are at home during the morning hours. But the presence of children also has a corresponding effect on evening viewing, adding about three to four hours more per week before the television set as compared with families consisting of adults only.

When the total average viewing hours per week are taken into account, families in which there are pre-school children spend about 45% more time with television than do families consisting of one to two adults only. In terms of hours, ARB reports that this can be translated into 42.0 hours of viewing per week as compared with 28.9 hours.

Throughout the television day, the presence of children in a home is reflected in viewing hours. From sign-on until noon,

for example, the household with one or two adults and that with three or more adults showed 2.7 and 2.9 average viewing hours per week, respectively. But once the survey considers homes with adults plus children of six or over, and households with adults plus youngsters under six, these figures jump decidedly—to 3.7 and 5.7, respectively. If one considers that the advertiser may be catching the housewife's attention during a period just before she goes out to do the day's shopping, the figures take on added importance.

In the time segment from noon to 6 p.m., the ARB sampling again shows the pull toward greater television viewing in homes where there are children. The set which is watched by one or two adults only, and the one seen by three or more adults, gets 5.9 and 7.1 average viewing hours per week, respectively. Turning to the houses of adults plus children of six or over, and those with adults and children under six, these figures change materially to 9.4 and a surprising

12.1, respectively.

It is when the children's hours are over, from 6 p.m. to sign-off, that the presence of youngsters in the homes sampled by ARB weight the scales even more heavily in favor of increased television viewing. In this period, the general tendency of parents of younger children to seek their entertainment at home, and the probable widespread difficulty in finding responsible baby-sitters, gives tv a tremendous lift—24.2 average hours of viewing per week as compared with 20.3 for the family consisting of one or two adults. And the fact cannot be escaped that this free entertainment in one's own living room is a considerable boon to the young family's budget.

Length of television set ownership apparently plays no important role in determining the viewing habits of people in the groups surveyed. The adult-only families, for example, reported they had bought their sets an average of 30 months prior to the sampling. The families with children over six had set ownership averaging 33 months, while the households with tots under six said they had had their sets for about 31 months, on the average.

The ARB survey indicates the existence of a vast and growing television audience of parents and children, available throughout the day, which can be counted upon to be responsive to this medium. If the trend shown thus far continues in the years ahead, it seems fairly certain that along with the automobile, refrigerator, washing machine, telephone and electric light bulb, these families are going to consider the glowing picture tube of the television set an important and vital part of their daily living.

Detailed results of the tabulation are shown in the chart below.

* Mr. Seiler is director of the American Research Bureau Inc.

Install the PHILCO

◀ This Philco 16mm CineScanner and its companion, the 35mm model, provide the finest film reproduction in either color or monochrome.

Multiplexed arrangement of two 16mm CineScanner film units and automatic dual slide changer for four program sources in color.

CineScanner—superior for monochrome
... the only practical method for color!

PHILCO CORPORATION

CineScanner

and enjoy modern film telecasting!

- Smooth, Silent Operation — No Flutter
- Preview of all Program Sources
- Color and Monochrome, 16MM and 35MM Models

Once you've seen CineScanner operate—witnessed the clear, steady pictures and observed the smooth, silent performance—you will agree it's the only way to televise film—in *monochrome or color!*

There are good technical reasons why: The Philco CineScanner employs flying-spot scanning, a technique never equaled in producing high definition pictures. In CineScanner, there's no hot projection lamp to fail or burn the film. Only source of light is a long life, cathode-ray tube with dependable "cold" light harmless to film. CineScanner employs a special continuous-motion film transport mechanism designed by Philco and built by the Mitchell Camera Corporation of Glendale . . . no noisy, film-damaging intermittents in the CineScanner! Most important of all to color Broadcasters, CineScanner uses economical photo tubes instead of expensive camera tubes . . . *and there are no color registration problems in CineScanner!*

With the Philco CineScanner, you can start today in monochrome, convert tomorrow to color—with no obsolescence of equipment! Get full technical data on this new and greatly improved method of televising films and slides. Contact Philco, Dept. B•I today.

THE CURTAIN OF SILENCE

FRANK STANTON, ON THE AIR, URGES IT BE LIFTED BY CONGRESS

IN THE first editorial ever broadcast by a national network, CBS President Frank Stanton went on CBS Television and Radio last Thursday night to urge the right of the broadcast media to cover the Congressional hearings which start tomorrow (Tues.) on the resolution to censure Sen. Joseph R. McCarthy—and the right of the public to be informed through broadcast coverage.

Appearing on CBS-TV at 8-8:15 p.m. EDT and on CBS Radio at 10:15-10:30 p.m., Dr. Stanton made clear that "today's arguments against broadcasting coverage of legislative hearings just don't hold water," and called upon the public to "support our efforts to lift the curtain of silence" imposed by the committee in banning radio-tv coverage. Dr. Stanton also reported that Judge Harold R. Medina would present, at CBS's invitation, the opposing viewpoint in broadcasts at the same times on CBS-TV and CBS Radio next Thursday night (Sept. 2).

Text of the CBS editorial:

GOOD evening.

This is to be a CBS editorial.

I am Frank Stanton, president of the Columbia Broadcasting System, and I am speaking for CBS. In accord with our policy of fairness and balance in the discussion of public issues and at our invitation, Judge Harold R. Medina, who disagrees with our point of view, will appear one week from tonight at this same time over these facilities.

On next Tuesday, Aug. 31, in Washington, D. C., an historical event will take place: A special six-man committee of the Senate will open hearings on the resolution to censure Sen. McCarthy. This will be the first time in over two decades that the issue of censuring a senator will be before the Senate.

Reporters will be there. A small number of other people who happen to live in Washington or can afford to journey to our capital and can squeeze into the hearing room will be there.

But you of the radio and television audience will not be there. This is because it has been ruled that although the hearings are open, radio and television—and hence

you listeners and viewers—may not enter. You will be barred from hearing and seeing part or all of these proceedings in your own homes. This means that you can learn about these proceedings by reading what somebody has written about them or by listening to what somebody says about them.

That is why I am here this evening. We at CBS, and we think all broadcasters, believe that this prohibition hurts you. We believe that the ruling is wrong and raises some very fundamental issues.

Radio and television comprise the newest kind of journalism—electronic journalism, which is a vital part of the press and thus its freedom is guaranteed by the constitution. By bringing the governmental processes back from Washington to the people themselves, wherever they may be, electronic journalism is playing an important part in permitting a citizen to exercise his basic right to be informed—to know what is going on.

Radio and television, by letting people see and hear for themselves—by having enlarged the hearing room, so to speak—have greatly quickened the people's interest in, and knowledge of, the governmental processes. In that way, radio and television are contributing to a better government because as James Madison long ago said, "A popular government without popular information or the means of acquiring it, is but a prologue to a farce or a tragedy, or perhaps both."

Yet this rule which would keep you out of these hearings turns its back on the contributions which electronic journalism can make. It shuts off your radio speakers and darkens your television screens and commands "thou shall not hear or see."

This is a drastic prohibition. We believe that those who support it have a very heavy burden in trying to establish that the evils of radio and television coverage are so great that they justify keeping you from seeing your government in action. They have failed to establish that there are such evils.

We do not think that this ban arises from bad faith. We think rather that as far as legislative hearings are concerned, the ban comes because of confusion and misunderstanding arising out of the fact that radio and television coverage are still something

of a novelty. Legislators and others are not quite used to radio and television and have not yet learned to accept them for what they are.

This is no different historically from what happened to the press itself. The legislatures in the early days of American history did not open their debates to the public. In the first sessions of Congress the presence of newspaper reporters was either forbidden or allowed without official recognition.

It was not until 1794 that newspaper correspondents were admitted to the galleries of the Senate. Even as late as 1841, the Senate attempted to limit coverage of its proceedings to one official group of reporters, excluding all others.

I am sure that many of the same reasons were advanced then for keeping out newspaper reporters that are advanced now for keeping out radio and television.

I am sure that there were those who argued that the presence of newspaper reporters whose words were read by millions of people, created distractions, prevented the orderly conduct of business, and caused the legislators to think less about the business at hand than to think, literally, of "playing to the galleries."

Similarly, today's arguments against broadcasting coverage of legislative hearings just don't hold water.

The first argument is that radio and television encourage spectacles, create a circus atmosphere, cause legislators and other participants to misbehave and generally rob the hearings of a "judicial atmosphere."

Let us get the facts straight. These are not judicial court proceedings. These are proceedings of the legislators—our elected representatives—engaged in the public business of making laws directly affecting you and me. Issues as far reaching and as grave as this are most certainly our business.

After all, radio and television hear and see exactly what happens. They don't create spectacles or circuses. They don't compel people to show off or misbehave. They are the public's mirrors reflecting things exactly as they are. To blame radio and television for blemishes or excesses makes no more sense than to blame a mirror because you

The plans board retires into closed session • works up a preliminary program that runs into six figures • your medium is mentioned • a big contract hangs in the balance • the media director reaches for Standard Rate • and if you have a Service-Ad near your listing...

you are there

For the full story on the values 1,161 media get from their Service-Ads, see Standard Rate's own Service-Ad in the front of any edition of SRDS; or call a Standard Rate Service-Salesman.

N. Y. C.—Murray Hill 9-6620 • CHI.—Hollycourt 5-2400 • L. A.—Dunkirk 2-8576

Note: Six years of continuous research among advertisers and agencies has taught us that one of the most important uses of Service-Ads comes at those times when conference room doors are locked, challenges and suggestions come thick and fast, and somebody has to come up with answers—fast.

do not like the reflection which you see in it.

If legislators find it impossible to behave themselves or measure up to their obligations when the public is looking in, the remedy is not to bar the public. Once the public has had an opportunity to see and hear for itself, we think that we can count on the public to reach its own conclusion.

The second main argument against radio and television coverage is that physically they are obtrusive, noisy and disturbing and that they create a disorderly atmosphere in which it is hard to concentrate and hard to tell the truth.

Let us just examine that claim for a few moments.

First, there are already a number of distractions wholly apart from radio and television. Forget radio and television and consider what a witness at a legislative hearing faces. He must face the crowds in the hearing rooms, the dozens and sometimes hundreds of reporters coming in and out; he must face the microphones of the public address system, the questions of counsel and committee members, and the knowledge that what he says will be spread across the land for millions to read.

What Is Involved

Add radio and television to all this, and there is only one more element. But it is not an obtrusive one. Let me show you what is involved.

There are five different ways of covering legislative hearings for broadcasting purposes.

One way is by live radio coverage—that is, broadcasting the proceedings exactly as they occur and at the time they occur. This involves absolutely no additional equipment or personnel in the hearing room. The microphones which are used for the public address system are enough to pick up the sound for radio. Physically, there is absolutely no difference in a hearing room which is being covered by live radio broadcasting and one which is not.

Exactly the same is true of the second method of radio broadcasting—tape recording. Such broadcasts at a later time can air either the entire proceedings the way that they occurred or only the most interesting or important parts. The process is precisely the same except that wherever the telephone wires bring the sound, a tape recorder takes it down many miles from the hearing room.

Now about television: One way to cover a hearing by television is by live broadcast—that is, to use live television cameras in the hearing room and pick up the hearings as they occur. As in the case of radio, these hearings can be, and often are, covered by networks on a pooled basis so that a total of only two or at most three live cameras is necessary for all the networks.

Each camera has one cameraman. A single camera set-up, consisting of one cameraman and one camera, requires space about equal to the space needed by two newspaper reporters. By using special lenses the cameras can be located in the rear of the room and a partition or screen can shield the cameras so that the participants will hardly be aware of their presence.

There is no additional noise created by

A DEBATE ON RADIO-TV COVERAGE

BROADCAST coverage of government hearings should not be subject to an overall ban.

On this much Ralph W. Hardy, NARTB vice president, and Rudolph Halley, who gained national fame via tv as chief counsel of the Kefauver Crime Committee, were able to reach agreement in a debate on ABC Radio's *Town Hall Meeting of the Air* last Tuesday night. Otherwise they were largely at odds.

Mr. Hardy urged that radio and tv should have coverage rights equal to those of other media. Mr. Halley maintained that Congressional committees should have a right to limit radio-tv coverage and that a witness should be allowed to refuse to have his testimony broadcast or telecast.

Mr. Halley conceded, however, that "radio and tv have to cover public affairs so that the public can see and hear and know what's going on," and said he thought that "at the present stage" the committees and their witnesses should be allowed to determine whether they will be covered by radio-tv or not. He thought the day probably will come when witnesses will take tv coverage for granted.

Mr. Hardy described television as a "window into Washington" and maintained that the public will "never permit that window to be closed to them." Radio and television alone can make hearing rooms large enough to "accommodate America," he contended, adding that these media can be less obtrusive than others.

Further, he contended, radio and television should have the same right as other

competent news media to exercise the sole editorial judgement of what they cover and what they do not cover.

Mr. Halley claimed television in particular tends to focus on "the dramatic"; that it is a new medium in the news field and is still experimenting with techniques of coverage, and that "such experimentation should not take place during hearings as important to the general public and the principals as the Watkins Committee's" forthcoming sessions investigating charges against Sen. Joseph McCarthy (R-Wis.).

Mr. Halley also observed that sometime, in order to win a witness's confidence, a lawyer may make himself "appear dumb" to the witness—and added that he personally would hesitate to make himself seem dumb to an audience of perhaps 40 million people.

Though he felt the Watkins Committee should be allowed to bar radio-tv coverage of its sessions if it wishes, he also said, "it is equally important that the public see as it is that the instrument of radio-tv coverage be perfected."

Referring to the telecasting of the Kefauver hearings a few years ago, he said that these sessions "were a summation of hearings already held and were intended to show the public what the committee had accomplished." Thus, he indicated, they differed from hearings where the purpose is to gather the information in the first place.

Topic of the debate was: "Is Radio-Tv Exclusion From Government Hearings Justified?" Listeners were asked to write in, giving their views.

the presence of television cameras. And contrary to what is generally understood, there are no hot and glaring lights for live television coverage. Ordinary room lights found in the rooms where legislative hearings take place have been demonstrated to be sufficient. Thus, as far as live television coverage is concerned, there is no justification for a ban based on extra space, extra noise or extra lighting, because there are none.

The same is true for the second method of television coverage—what we call kine-scoping or television recording. This is accomplished by covering the hearings in their entirety as they occur with live cameras as I have just described. The pictures are then transmitted to New York where they appear on a picture tube from which in turn they are photographed on film.

At a later time, this television recording can then either be broadcast in its entirety or it can be edited to include only the most important parts for later broadcast.

Obviously, this method presents no more problems in the way of noise, lighting or space than does live coverage, since the

method of taking pictures in the hearing room is precisely the same.

And I would like to point out to those who say that this kind of television detracts from the decorum and dignity of the proceedings that the British Coronation and religious ceremonies inside churches have been televised in this way without disturbing the solemnity of the occasion.

Now we come to the third method of coverage for television broadcasting. This is the method which uses regular film cameras, not electronic television cameras, to make pictures for later broadcast. Here it is true that in the present state of the art—which we believe will be only temporary—some extra lights are necessary and there is some noise which comes from the operation of the film camera.

But let me make it perfectly clear first, that whatever disadvantages there are arising from this method can hardly be used as an excuse for prohibiting the first four methods, and second, in any event these difficulties involving film cameras are not anything which television has added. Broadcasters use the same film cameras which the newsreels have

How KBS Reaches 60 Million Pairs Of Ears!

Like the farmer said to the city slicker who bought his farm . . .

"you gotta love animals . . . be kind and gentle to 'em."

Hereupon he proceeded to smack the stubborn mule over the head with a two-by-four!

Seeing which the city slicker, shocked, said "but . . . you just said . . ."

"Yeah, I know . . . but in order to be kind and gentle to 'em, mister, first you gotta get their attention."

So it is with selling. You gotta be kind, gentle and persuasive with your sales message. But, brother . . . if they ain't listening . . . if you ain't got their attention, save your voice and your money, too!

many years. Newsreel cameras allowed to cover legislative hearings—before television came whatever distractions film cameras use, the congress seems to have them in the past.

during the last 15 months, CBS on some 85 different occasions congressional hearings by film but there was no outcry and no culty. If the disturbance caused by the news was as bad as some people would believe, it seems to me that I have been banned from legislative hearings long ago—yet their presence has been granted.

When we want to emphasize that the news coverage for broadcast necessarily carries with it the freedom of choice as to what method of radio or television coverage to use. The form of news coverage must depend on the circumstances. It would suggest that newspapers are deprived of the right to cover news proceedings simply because a few newspapers choose to print the news in a way which most others print only in a newspaper. All we ask is the same choice for news on television.

It is not the broadcaster's interest in news which concerns me chiefly this time. The larger issue raised by the committee ruling transcends personal interests.

In a complicated world in which we are faced with many difficult problems we must face and do our share. That is part of our privilege of citizenship.

The Need To Know

You and I are to help make this a more orderly, peaceful and happy world, we have the facts on which we can act. In a democracy our action against the uncertainties of the future is that we know what is going on, we are informed. It is the informed citizen who in the long run makes the wise choice and reaches the sensible conclusion.

Do not leave it to your own judgment. Do not be misled by the events which television has covered in their own way—on the hydrogen bomb, the political conventions, the Coronation of Queen Elizabeth and the Army hearings—have contributed to national awareness and understanding in the making. I believe they

can continue to play its rightful part and not be allowed to do so. We at CBS believe that in these times of communication which can bring light, stimulus and knowledge to all, men must be kept free and open to all views.

This is the reason that we at CBS ask for your support in our efforts to lift the curtain that has descended on the forthright news. We ask the committee to consider its ruling against radio news so that you, sitting in your homes, always may exercise one of your basic rights: The right to be in-

'EMANCIPATION' BROCHURE

NEW "EMANCIPATION PROCLAMATION" originating in New Orleans is announced in a brochure being sent to agency and advertising executives by uhf ch. 61 WJMR-TV New Orleans, to claim that a million viewers are no longer "chained" to one tv channel there. Declaring that UHF is more than just Ultra High Frequency, WJMR-TV says that it is also the Uninhibited Happy Feet of children; the Unquestionably High Flying of modern planes preferred to slower traveling models; the Unlimited Haul of Fish preferred to a single catch. So . . . WJMR-TV queries, why be limited when that 100 kw CBS-ABC-DuMont affiliated station offers a choice of programs? Whether the "HR" factor is defined as high ratings or human relations, the booklet claims, WJMR-TV is increasing in both departments. Cartoons and stories about station people, a description of facilities (which includes color equipment) and merchandising and promotion plans round out the illustrated promotion piece.

KYW FOOD PLAN

KYW Philadelphia is sending to advertisers and agencies a pamphlet describing its Feature Foods plan whereby a food product advertised over the station is guaranteed a minimum of 200 merchandising and check sessions in 300 stores and 100 check calls in chain stores to determine the status of the product in the buying area. Products are also guaranteed 100 one-week special displays in Supermarkets and 50 "bargain bar" store promotions besides having additional display material, shelf extenders, and "shelf talkers" distributed by Feature Foods staffers.

WET BUT LOYAL

DESPITE a heavy downpour of rain, nearly a thousand people turned out to attend a six-hour open house Aug. 11 to help KWRT Boonville, Miss., celebrate its first birthday, the station reports. KWRT, a 1 kw daytimer operating on 1370 kc, is owned and operated by William R. Tedrick.

WFMY-TV MARKET SURVEY

WFMY-TV Greensboro, N. C., is sending to advertisers and agencies a market survey titled "Let's Take a Good Look at the Sales Picture in North Carolina," billing itself as tops in coverage of the Piedmont area. Claiming the Greensboro-High Point community area to be tops in retail sales in North Carolina, the station states the purpose of the brochure as ". . . designed to show that through WFMY-TV the advertiser can reach more of the Prosperous Piedmont than through any other television station."

TV QUERIES ANSWERED

QUESTIONS of viewers about television were answered on *Let's Talk Tv*, a program aired recently by WBTV (TV) Charlotte, N. C. Kenneth I. Tredwell and J. Robert Covington, vice presidents of Jefferson Standard Broadcasting Co., licensee of WBTV, appeared on the program along with announcer Doug Mayes and answered such questions as "Why are so many repeat programs presented during the summer?" and "Why are some stations top power with 100 kw and others with 316?"

WBKB (TV) GOVERNMENT SERIES

DOCUMENTARY film series designed to acquaint the average citizen with all phases of state government has been launched by WBKB (TV) Chicago. Titled *Illinois Governments*,

Uranium Promotion

CURRENT "uranium boom," often referred to as the West's "second gold rush," is being used to promotional advantage by KSL Salt Lake City, Utah. That station has sent authentic uranium stock certificates, each representing 100 shares (one cent par value per share) in a Utah uranium operation, to over 500 agency and advertising executives. The certificates were accompanied by the following message: "KSL is the most radioactive advertising medium in the vast Mountain West market," as evidenced by recent Hooperatings.

the program comprises films produced by the U. of Illinois in cooperation with the Institute of Government and Public Affairs. The series began Aug. 15 and covers such topics as the Illinois general assembly, the executive branch, local judiciary, state courts, Chicago government and various sub-governments. Telecast each Sunday, 12 noon-12:15 p.m., the program features as moderator Prof. Royden Dangerfield, director of the government institute.

CARTB INTERVIEWS EDITORS

TAPED interviews with editors of Canadian weekly newspapers in convention at Toronto August 23-26 will be made by newsmen of the Canadian Association of Radio and Television Broadcasters for broadcast over local stations. The CARTB is sending representatives to the annual meeting of the Canadian Weekly Newspapers Assn. and planning to give the meeting full coverage for stations in the various localities where weekly newspapers are published.

CBC TO AIR FORUM PROGRAM

WIDE variety of topics are to be discussed on the weekly *Citizens' Forum* program over the Trans-Canada network this fall and winter. The Canadian Broadcasting Corp. has announced the 1954-55 program schedule carried by 35 CBC and independent stations Thursday evenings. Included are such topics as divorce, is civil defense obsolete? free enterprise in Canada, have we a free and responsible press? how important is the Commonwealth? are we satisfied with Canadian broadcasting? and teacher goes to school. The series starts Oct. 14 and runs to March 31.

CKVL BROCHURE

CKVL Verdun, Que., soon to go to 10 kw, has distributed to advertisers and agencies a four-page picture story of the station, its staff and activities. The station, located in a suburb of Montreal, has seven studios in its building, including a 400-seat theatre, as well as the CKVL-FM transmitter. Pictures show various control rooms, studios, mobile equipment, offices and the staff restaurant, how the station covers elections and public service operations.

WNHC-TV 'CRASH' COVERAGE

ALERTED by a plane crash story on the news ticker Jack Young, photographer at WNHC-TV New Haven, Conn., rounded up Frank Hogan, his assistant, Jim Harvey, an engineer with some sound equipment, and Brace Gilson, announcer, and took off for a 90-minute drive through the rain for Preston, Conn. Here the photographers split up to get different angles

for their shots of the still smoking ruins of a crashed plane, while Mr. Harvey set up the sound equipment and Mr. Gilson tried to line up witnesses for interviews. They finally got the story from a man whose house faced the crash site, took the film back to the station and got it into the 6:45 p.m. news program, and then sent clips to CBS for use in the Doug Edwards newscast at 7:30 p.m.

WKNX-AM-TV FILE FOLDER

WKNX-AM-TV Saginaw, Mich., is sending to advertisers and agencies its latest brochure in the form of a file folder for that station. The front and back covers advertise the tv and am outlets, respectively, and a copy of WKNX-TV's rate card No. 1 is printed on the inside front cover. The inside back cover shows a map of WKNX's coverage area.

'MR. PLUS' ON RADIO

FIRST page of each batch of news releases from MBS these days carries an item about the widespread distribution of radio sets, set off from the rest of the page with rules and headed, "Mr. Plus Asks:" Typical questions asked by Mr. Plus are: "Did you know that there are now more than 30 million automobiles equipped with radios?" "Did you know that more than one in five homes now has three to seven radio sets placed throughout the house?" "Did you know that more radio sets are purchased than any other electrical appliance made?"

CJON LUNCHEON BULLETINS

CJON St. John's, Newfoundland, has begun placing brief news bulletins on tables at service club luncheons because station management felt more young executives could be reached during the daytime hours. The bulletins contain local and national news which happened within an hour of the luncheon club meeting and ends with a reminder about a special CJON program that evening.

SIMULATED TV SCREENS

KVAL-TV Eugene, Ore., reports that an easel-type sign simulating a tv screen has been distributed to television dealers in the area and has not only met with widespread dealer approval, but, according to the station, the signs have been an aid in stimulating immediate set sales. Inserts listing the outstanding programs for each night of the week are provided for the make-believe screens.

WRAD FAN CLUB PROMOTION

WRAD Radford, Va., has organized what is said to be the largest Eddie Fisher Fan Club in the U. S. and the first started by a radio station. The club recently celebrated Mr. Fisher's birthday with a station-sponsored party, which filled a large city auditorium. Records and photographs, autographed by Mr. Fisher for the occasion were given away and large birthday cakes were donated by local merchants. Features of the celebration were pantomimes of their namesake's records, guessing games and a contest to select the girl who could most easily pass as Mr. Fisher's sister. The station reports great audience response to the promotion and inquiries from other stations on how to inaugurate similar clubs.

RAY BOLGER SHOW PROMOTION

AS PART of a multi-million dollar sales campaign by Lehn & Fink Products Corp., N. Y. (cosmetics), sponsor of the new *Ray Bolger Show* (ABC-TV, Fri., 8:30-9 p.m. EDT), the company will launch a \$100,000 "Ray Bolger Retailer Display Program" on Sept. 7, ten days

NOW...save space—save costs

with the rust

TV studio lighting CONTROL PANEL

with
multiple
remote
control!

Here is the most recent development in TV lighting control — ideal for new or expanding stations.

The Rust Studio Lighting Control Panel is a compact, versatile unit, which furnishes six pre-set combinations of 40 lighting circuits from one or more control points.

Six pre-set control positions each accommodate from 1 to 40 circuits. Six master control switches on lighting panel may be paralleled with as many other remotely located control units as desired with a small thirteen-conductor cable.

Low-voltage control circuits are completely isolated from power circuits. The unit may be flush mounted in studio or control-room wall, requiring a minimum of valuable space and costly high-current wiring.

SPECIFICATIONS

Forty 20 ampere, 120 volt circuits normally supplied for 120/208 volt, four-wire distribution system. Six pre-set selections plus one local control. Remote control switching unit. Outside dimensions, main unit: 38 1/4" high, 28 1/2" wide, 4 1/2" deep. Shipping weight: 280 lbs.

PRICE*
\$890.00

*F.O.B. Manchester, N. H. complete with one remote control unit.

the rust industrial company, inc.

608 WILLOW STREET, MANCHESTER, N. H.

before premiere of the tv show. Some 10,000 animated counter displays on the new program are being distributed to druggists throughout the country. Additionally, a special movie made by Mr. Bolger and Edward Plaunt, president of Lehn & Fink, will be shown at a series of the company's regional sales meetings.

WICS (TV)'S FIRST REMOTE

WICS (TV) Springfield, Ill., Aug. 6 aired its first live remote telecast, the first of a series of weekly programs direct from the 1954 Illinois State Fair. The station also arranged a "See Yourself on Television" closed circuit feature for visitors to the exhibit and announced the schedule of shows to originate at Television-Radio Hall on the fairgrounds.

KEEN COVERS FAIR

SPECIAL remote studio for direct broadcasts from all parts of the Santa Clara County Fair, Sept. 13-19, will be constructed at the fair grounds by KEEN San Jose, Calif., for the seventh consecutive year. Highlight of the week's broadcasts will be *Stars of the Future* amateur hour, from a \$50,000 portable stage on the fairgrounds.

CARRIES CAPITAL CONTEST

LIVE play-by-play coverage of the Babe Ruth League world series in Washington was provided by WHAR Clarksburg, W. Va. Bob Toothman of that station handled the play-by-play with Bill Gold, *Washington Post-Times Herald* columnist, doing the color.

GERMAN TELEVISION PRODUCTION UP

Great strides are seen in West German set manufacturing as sales curve rises along with viewer interest. Fm radio stations are planned in Switzerland and Holland to lick coverage problems.

WEST GERMAN tv set manufacturers expect something like a tv boom for the rest of the year.

During the first half of 1954, a total of 36,840 tv sets were manufactured in West Germany. In the opinion of manufacturers, demand will increase within the next few months at a rate never experienced before. They expect to turn out at least 120,000 tv sets for the rest of this year.

A line of new tv set models will be put on the West German market within weeks. Set buying is expected to concentrate on 15-inch tube models selling presently at a retail price of around \$150. Previous buying, however, concentrated on the 18-inch models.

German manufacturers are convinced that the demand will shift to small-tube sets as new groups of buyers who cannot afford the bigger sets move in. They point to the fact that the medium and lower income groups in the country are an almost untouched market.

The biggest promotion tv has had so far in West Germany was Eurovision sports shows, according to a survey conducted by North West German Radio. World Soccer Championship final game reached a total audience of two million in West Germany alone. With less than 80,000 sets in operation there, that means that every tv set in the country was crowded by 25 persons.

Tv set manufacturers hope to sell to this two million audience when the West German television stations put more sports programs in first place programming.

The number of tv set licenses meantime is skyrocketing to new highs. Total is now 1,000% compared with the total of 10 months ago. By August 1 there were 40,980 licensed sets. Another estimated 40,000 are operated illegally, without a license.

Following statistics indicate a growing percentage of exported sets aside of huge total gains.

German tv sets	total manufactured	exported
1951	401	-
1952	4,664	109
1953	52,583	3,433
first half of 1954	36,840	7,400

More reports on long-distance tv reception are evident. A set owner in Osnabrueck, West Germany, has reported reception of a 90-minute show originating in Leningrad, Soviet Russia. A set retailer in Sweden reported a case of long-distance tv reception over more than 1,300 miles. He photographed (via his tv set) shows transmitted by an Italian television station and programs broadcast by the Leningrad, Soviet Russia, tv station. In both cases ordinary home tv models were used.

Swiss Radio has approved construction of 12 new vhf fm radio stations throughout Switzerland. The move came after complaints about bad reception conditions showed that about 150,000 Swiss radio listeners (11% of total audience) live in areas with a too low field strength.

Latest French statistics put the number of radio sets in use at a total of 8,428,638 (20% of total population).

In Holland, construction of a vhf fm radio

network is being planned by the government. Completion of the network will take three years. First three stations will be built in Hulsberg, Hengelo and Hoogezand. Network is said to be added to the present radio network to get better receiving conditions throughout the country. Another plan of the Dutch government provides for construction of new shortwave transmitters for the international service.

UER, European Radio Union, the member nations of which staged the Eurovision network recently, has approved a plan for a new tv hookup from September 1954 to January 1955. According to European tv officials, many technical difficulties must be overcome to put technical quality of European international programs at a level that has been reached by the different national networks in Europe.

Main problem still is transformation of signals into the respective technical system in use in different European countries. France uses a 819-line system, Britain 405 lines and the other European countries adopted 625 lines. Line transformers presently used are still a source of trouble.

Canadian Agencies Bill \$28 Million in Radio, Tv

RADIO-TV billings through Canada's 88 advertising agencies last year totaled about \$28,000,000, according to a report of the Dominion Bureau of Statistics, Ottawa. Radio and tv billings were up 1.1% to a total of 18.7% of the \$144,339,308 handled by the agencies.

Gross revenue to the 88 agencies from commissionable billings totaled \$21,591,718 in 1953. Last year there were 2,880 persons employed by Canadian advertising agencies with a payroll of \$13,630,975.

Practically all sizes of agencies increased their percentage of radio-tv billing in 1953, according to the report. Thirteen agencies doing less than \$100,000 last year did 24% of their business in radio-tv accounts (15.4% in 1952); 32 agencies in the \$100,000-\$499,999 group did 15.7% in 1953 (16.9% in 1952); 11 in the \$500,000-\$999,999 category handled 17.8% in 1953 (14.3% in 1952); 16 in the \$1,000,000-\$2,499,999 bracket handled 16.3% last year (18.4% in 1952); nine in the \$2,500,000-\$4,999,999 group increased billings to 21.2% in 1953 (19.1% in 1952), and seven agencies doing \$5,000,000 and over billed over 18.6% in 1953 radio-tv-accounts against 17% in 1952.

BBC Goes to 16mm

BRITISH BROADCASTING Corp. film producers currently are replacing 35mm equipment with 16mm equipment, Dick Sheppard, film supervisor of S. W. Caldwell Ltd., Toronto film importers, reported on his return from a three-week trip to Great Britain. The conversion is of special interest to Canadian tv station operators who use only 16mm film and to whom BBC film is being made available. BBC film people are making the move, Sheppard states, to lower production costs and standardize British equipment with that in use in North America.

CKBB SEEKS CH. 3 AT BARRIE, ONT.

APPLICATION for a tv license has been made by CKBB Barrie, Ont., and four applications for new broadcasting stations also will be heard at the September 21 meeting of the Canadian Broadcasting Corp. board of governors at the Chateau Laurier Hotel, Ottawa.

Ralph Snelgrove, owner of CKBB, has applied for ch. 3 with 14 kw video and 7 kw audio power. Company operating the tv station would be known as Ralph Snelgrove Television Ltd.

Broadcasting station license has been applied for by Bathurst Broadcasting Co. Ltd., Bathurst, N. B., for 250 w on 1400 kc. Albert A. Bruner has applied for a daytime station at Leamington, Ont., with 250 w on 710 kc.

Two applicants for a new broadcasting station at Saulte Ste. Marie, deferred from the previous meeting of the CBC board, will be heard again. They are John Lionel Cohen and Carmen Primo Greco. Both seek 250 w stations on 1400 kc.

CJOC Lethbridge is requesting increase in power from 5 kw on 1220 kc to 10 kw daytime and 5 kw nighttime on 1220 kc. CJBR Rimouski has requested power increase from 5 kw to 10 kw on 900 kc. CKPC-FM Brantford wants to change frequency from 94.7 mc to 92.1 mc.

Emergency transmitter licenses are being asked for by CKRD Red Deer, CHNC New Carlisle and CKOM Saskatoon. A large number of stations have requested permission to make share transfers.

CKLW-TV Staff Named, Includes S. C. Ritchie

S. CAMPBELL RITCHIE, for several years program director of CKLW Windsor, Ont., has been appointed director of operations for CKLW and CKLW-TV, which is planning to debut in early September, it was announced last week by J. E. (Ted) Campeau, president.

Mr. Campeau announced several other appointments. Arthur MacColl, film director at WJBK-TV Detroit for 2½ years, assumes that position with CKLW-TV. Don Sharon will be his assistant. Bruce Chick, continuity director for radio, is now tv traffic director. Don Grant, assistant chief photographer for the *Windsor Daily News* for 15 years, has been named news photographer.

Three tv directors have been appointed: Al Venning, Charles Broadhead and Bernard Holland. Frank Quinn, formerly of Chrysler Corp., has been assigned to tv production. Charles Knight will be art director and Giles

McMahon will devote a large part of his time to program promotion.

John Gordon has transferred from chief announcer to program director of radio. Margaret Marshall will be in charge of CKLW traffic and continuity. Art Turnbull, staff announcer for the past 12 years, has assumed new responsibilities as director of production facilities.

Canadian Political Tv Study Planned in Fall

WHAT PART Canadian television will play in politics is to be discussed at a meeting of Canada's political parties with the Canadian Broadcasting Corp. at Ottawa this fall. With Canadian tv only two years old, political parties have not yet used the medium extensively.

At the 1953 general federal elections there were only two stations in operation. By the end of 1954 there will be close to 25 stations on the air across Canada. It is expected that a formula similar to that used on radio broadcast stations will be developed, which gives the various major political parties free time based on their standing in the Canadian House of Commons.

At election times CBC stations do not sell time to candidates, while independent stations are permitted to do so. It is not known yet if CBC will continue this rule on tv, inasmuch as tv costs are much higher than radio. Only political telecasts to date have been at the 1954 Toronto civic elections, when city-wide candidates were given an opportunity to air their platforms at one free program period.

Canadian Tv Set Sales Continue Upward Climb

SALES of television receivers in Canada during June were 22,343 sets, bringing the total sales of the first half of the year to 181,233 sets valued at \$65,084,060, according to figures of the Radio-Television Manufacturers Assn. of Canada. This compares to sales of 125,140 receivers for the first half of 1953.

Factory production of tv receivers for the first half of the year amounted to 211,480 sets compared to 167,853 in the first half of 1953. Canadian tv factories plan to build another 104,343 tv receivers in the next three months, according to the association report.

Distribution of sales for the first half of 1954 shows 84,808 sets sold in the province of Ontario, 61,977 in Quebec province, 18,600 in British Columbia, 10,109 in the three prairie provinces, and 5,739 in the four Atlantic Coast provinces.

CHCH-TV Revises Rates

CHCH-TV Hamilton, Ont. (ch. 11), has released a new rate card, effective Sept. 15, with Class A one hour starting at \$400. One minute spots Class A are \$90. No frequency discounts are given for periods of less than 15 minutes. In staff changes, S. J. Bibby has been appointed assistant manager, J. R. Peters commercial manager, Russ Eastcott program manager, and Tom Sutton executive production director. Ken Soble, owner of CHML Hamilton, is general manager.

Colgate Merchandising Awards to WMT, Others

WMT Cedar Rapids won the \$500 first prize in Colgate-Palmolive Co.'s radio-tv station merchandising contest, the company has announced. The station contest was held in conjunction with Palmolive soap's search for the "most beautiful" American schoolgirl.

C-P cited Jim Bowermaster, promotion manager at WMT, and also awarded cash prizes to the soap firm's representatives who worked with the winning station.

Runner-up prize of \$250 went to WSAZ-AM-TV Huntington, W. Va. (Charles W. Dinkins, promotion manager).

Third prize of \$150 was presented to WTVJ (TV) Miami, Fla., of which Lynn Morrow is merchandising manager.

Awards of \$100 each were given to KHQA-TV and WTAD Quincy, Ill.; KGW Portland, Ore.; WNEM-TV Bay City, Mich. Other prizes of \$50 each went to KOA-AM-TV Denver, KSL-TV Salt Lake City, WCCO-TV Minneapolis, KELO-AM-TV Sioux Falls and WHEN-TV Syracuse.

Honor to Brennan

LIBBY BRENNAN of WILK-TV Wilkes-Barre, Pa., is the recipient of a special resolution adopted by the Wyoming Valley Community Chest's board of directors honoring her community interest program, *Libby at Large*. Andrew Hourigan Jr., chairman of the 1953 Chest fund drive, made the presentation. Miss Brennan is woman's editor of WILK-TV.

ABOVE: Jim Bowermaster (2d from l), WMT Cedar Rapids promotion manager, receives the first prize of \$500 from James V. Volmer (2d from r), C-P district supervisor. Looking on are Ray Elder (l), C-P local representative, and William B. Quarton, WMT general manager. AT RIGHT: Charles W. Dinkins (l), WSAZ-AM-TV Huntington, W. Va., promotion manager receives from John Chalek, Colgate-Palmolive Co.'s Cincinnati district manager the second prize of \$250 for promoting C-P's contest to find America's most beautiful schoolgirl.

AT&T PLANS NETWORK COLOR SERVICE IN 95 CITIES BY THE END OF 1954

Currently service is being rendered in 66 cities. Most of principal routes are to be color-equipped by November. It's expected that the yearend goal will bring color service to at least the 187 stations that now receive network service.

NETWORK color television as well as black-and-white is now being fed to about 96 stations in 66 U. S. cities and the totals are expected to reach approximately 125 stations in some 95 cities by the end of this year, AT&T's Long Lines Dept. reported last week.

Ralph L. Helmreich, Long Lines director of operations, estimated the company would have most of its principal routes equipped for color by November.

The 66 cities to which color programs can now be transmitted contain a total of 146 network outlets. In the 95 cities where color is expected to be available by year's end, there currently are 187 stations that receive network service. Several other stations and cities are expected to start getting color service early in January.

While the AT&T figures show color can be sent to 66 cities, it has no way of estimating the number of stations able to receive these signals and put them on the air via color-equipped transmitters. According to surveys by the major networks, about 50 stations are now equipped to carry color, with the number increasing each month.

Of the 59,000 channel miles of tv facilities now in service, approximately 31,000 have been re-engineered and re-equipped to carry color as well as black-and-white, the announcement said. The transformation requires new equipment for transmission, testing and monitoring, plus additional specially trained employes to set up and maintain the channels.

The Long Lines Department noted that the first public colorcast from coast to coast was carried last Jan. 1 when the Tournament of Roses Parade in Pasadena was fed to stations in 18 cities. This year also marks the 25th anniversary of the first public demonstration of color tv, the announcement added, pointing out that on June 27, 1929, a group of newsmen gathered in Bell Telephone Labs in New York to see a colorcast of an American flag flying in the breeze.

AT&T's list of the 66 cities that can now receive network color programs include:

- Ames, Iowa; Atlanta; Austin, Tex.; Baltimore; Bangor, Me.; Birmingham, Ala.; Bloomington, Ind.; Boston; Buffalo; Charlotte, N. C.; Chicago; Cincinnati; Cleveland; Columbus, Ohio; Dallas; Davenport, Iowa; Dayton, Ohio; Denver; Detroit; Ft. Worth; Fresno, Calif.; Grand Rapids, Mich.; Hampton, Va.; Harrisburg, Pa.; Houston; Huntington, W. Va.; Hutchinson, Kan.; Indianapolis; Jackson, Miss.; Johnstown, Pa.; Kansas City, Mo.; Lancaster, Pa.; Los Angeles; Louisville; Memphis; Milwaukee; Minneapolis; Monroe, La.; Nashville; New Orleans; New York; Norfolk, Va.; Oklahoma City; Omaha; Peoria, Ill.; Philadelphia; Portland, Ore.; Providence; Richmond, Va.; St. Louis; St. Paul; Salt Lake City; San Antonio, Tex.; San Francisco; Schenectady; Seattle; South Bend, Ind.; Syracuse; Toledo; Tulsa; Utica, N. Y.; Washington; Wilmington, Del.; Winston-Salem, N. C.; Youngstown, Ohio; Rock Island, Ill.

Other cities expected to be capable of getting network color by Dec. 31 include:

- Bethlehem, Pa.; Binghamton, N. Y.; Champaign, Ill.; Columbia, S. C.; Des Moines; Erie, Pa.; Fort Wayne, Ind.; Galveston; Jacksonville, Fla.; Knoxville; Lansing, Mich.; Lynchburg, Va.; Macon, Ga.; Pine Bluff (Little Rock); Quincy, Ill.; Portland, Me.; Roanoke, Va.; Rochester, N. Y.;

Saginaw; San Diego; Sioux City; Springfield, Mass.; Tacoma; Topeka; Waterloo; West Hartford, Conn., and Wheeling.

Networks Offer Time For Democratic Rebuttal

A DEMOCRATIC National Committee spokesman said last week his party has been offered half-hour periods on ABC Radio, ABC-TV, Mutual, NBC Radio and NBC-TV to state the Democratic position on the accomplishments or shortcomings of the 83d Congress.

Democrats requested the time from all networks last Tuesday following President Eisenhower's review the day before on all radio and tv networks of the Republican administration's achievements.

The Democratic spokesman said the time probably will be used this week or next to give views of the minority party and that probably three speakers will give the Democratic side on ABC, MBS and NBC. He said he hoped the NBC part would be simulcast.

CBS and DuMont turned down the Democratic National Committee's request last week, both on similar grounds, CBS stating: "CBS is not granting time, in line with its fixed policy of not doing so when the President speaks in

his official capacity as President of the United States."

But the Democratic committee spokesman said Thursday negotiations have been reopened with CBS. CBS, he said, "misses the point" when it assumes the Democrats want to answer the President. The committee earlier had said it was asking for time "in view of the partisan nature" of the President's speech.

The Democratic spokesman said DuMont has indicated it will consider his party's request for time. No new negotiations have taken place since the earlier DuMont refusal, however, he said.

ABC Radio at first had offered Democrats the 9-9:30 p.m. period last Friday, but this plan was canceled, the Democratic spokesman said.

AFFILIATION agreement with ABC-TV is signed by WCNY-TV Carthage (Watertown), N. Y., new ch. 7 station scheduled to debut Sept. 27. L to r: Jim Higgins, assistant manager of WWNY Watertown, owned by the Brockway Co., WCNY-TV licensee; John B. Johnson, stations' president, and Louis Saiff Jr., general manager of the radio-tv-newspaper company. WCNY-TV is also affiliated with CBS-TV.

NBC-TV Plans Documentary To Describe Nuclear Energy

AN HOUR-LONG documentary-type show, titled *Three, Two, One—Zero*, will be presented Sept. 13 at 8 p.m. EDT by NBC-TV to tell the story of nuclear energy. The title comes from the rhythmic counting of the seconds that precedes each test blast of a nuclear device.

The program, entirely on film, will be produced with the technical assistance of the Atomic Energy Commission and other high government officials and will be prepared by the NBC-TV unit which worked on the network's *Victory at Sea* series. Henry Salomon Jr., who produced *Victory*, also will produce the atomic bomb documentary and, with Richard Hanser, will write the script. Robert Russell Bennett is the composer of an official orchestral score and Alexander Scourby will narrate.

The documentary, NBC-TV said, will use film footage available in the U. S., as well as from Russia, Japan and elsewhere and will include a selection of shots taken from 52 different nuclear plants.

WTVN-TV, ABC-TV BREAK AFFILIATION

Demand for increased payments to the network is cited by the station for negotiations stalemate. ABC-TV charged WTVN-TV with refusing to offer the network the 'free hours' the contract calls for.

STALEMATED in negotiations for a new affiliation contract, ABC-TV and WTVN-TV Columbus, Ohio, parted company upon termination of their old contract at midnight last Tuesday.

WTVN-TV already had notified ABC-TV advertisers and their agencies of the impasse and offered to continue carrying their programs on a feed from ABC, or, if ABC refused to feed, to carry them on a spot basis.

ABC-TV officials reported late last week that they were "taking care of all our advertisers" via WLWC (TV) or WBNS-TV, both in Columbus, and would not feed programs to WTVN-TV. A WTVN-TV authority meanwhile said it was set that General Mills will continue to sponsor *Lone Ranger*, half-hour film show, on WTVN-TV and that other sponsored ABC-TV shows might be held.

The parting appeared wholly amicable. Both sides made plain that no animosity was involved, but merely a failure to come to terms.

WTVN-TV's wire to advertisers and agencies cited "the network's demand for vastly increased payments by the station to the network." ABC authorities said they had offered WTVN-TV a "standard basic affiliation contract" and that WTVN-TV had turned it down. The station was represented as refusing to give the network "free hours"—the standard contract calls for 22 such free hours a month—but WTVN-TV was said to contend it knew of instances where ABC-TV affiliates did not give the network 22 free hours and that WTVN-TV did not feel it should go along if any other stations get exceptions.

Both Will Talk

Both sides indicated they would not be opposed to resuming negotiations but neither appeared willing to back down from the position it had held during the discussions.

Text of the WTVN-TV telegram to ABC-TV advertisers and agencies, signed by J. Walter McGough, general manager:

"WTVN-TV Columbus, Ohio, has endeavored to work out with ABC renewal of its basic affiliation contract to commence Aug. 25, 1954. Because of the network's demand for vastly increased payments by the station to the network, it has been impossible to arrive at a new contract.

"We believe you will want to assure the continuation of your program in Columbus after Aug. 24. WTVN-TV continues to be available to ABC network for clearance for your program. However, ABC approval will be required. If the network declines to continue service, your time period is available on a spot basis. Please direct inquiries to Ken Church (executive vice president of the station) at Katz (WTVN representative), New York, telephone Plaza 9-4460."

WTVN-TV, licensed to WTVN Inc. and associated in ownership with WKRC-AM-TV Cincinnati, is on ch. 6. WLWC (TV) is on ch. 4 and WBNS-TV is on ch. 10. Only other tv station authorized in Columbus is WOSU-TV, noncommercial educational outlet not yet on the air.

Monroe for RCA

VAUGHN MONROE, singer, band-leader and recording artist, starts a new career in September when he becomes the commercial "spokesman" for RCA on all its network radio and tv programs. RCA, through Kenyon & Eckhardt, New York, has assigned Mr. Monroe to do the commercials on the new Sid Caesar show and the Leland Hayward 90-minute color spectaculars.

CBS Appoints Koop For Both Radio and Tv

APPOINTMENT of Theodore F. Koop as director of CBS News and Public Affairs in Washington was announced last week in a further move in the consolidation of the news and public affairs departments of CBS Radio and CBS-TV into a single unit [B•T, Aug. 23, 16].

Sig Mickelson, who heads the re-integrated radio-tv news and public affairs operations as a vice president of CBS Inc., announced the appointment and said Mr. Koop would assume his expanded duties upon return from a European vacation. In the past Mr. Koop has been director of Washington news and public affairs broadcasts for CBS Radio only.

He joined the staff of CBS News in Washington in 1948. He was with Associated Press from 1928 to 1941, later was on the editorial staff of the National Geographic Society, and during the war was an assistant director of the Office of Censorship. He recently completed a term as president of the National Press Club, the first radio-tv man to hold that post.

MR. KOOP

Spanish Language Group Forms Sombrero Network

FORMATION of the Sombrero Network, composed of seven Spanish-language stations in the Southwest, was announced last week by Richard O'Connell, Sombrero national representative.

Key station of the network is KCOR San Antonio. Other stations are KWKW Pasadena, Calif.; KGBT Harlingen, KCCT Corpus Christi, KTXN Austin, all Texas; KABQ Albuquerque, and XEDF Nuevo Laredo, Mexico.

A "package-price" service to regional and national advertisers will be offered, according to Mr. O'Connell, who has offices in New York, Los Angeles and San Francisco.

Three Take 'Garry Moore'

THREE new sponsors signed for *Garry Moore Show* on CBS-TV (Mon.-Thurs., 10-10:30 a.m. EDT; Fri., 10-11:30 a.m.), continuing the show's "sold-out" status. They are: Yardley of London Inc., for the Friday 10:30-10:45 a.m. segment, starting Oct. 1; Economics Labs, for the Friday 10:15-10:30 period, effective Sept. 19, and Miles Labs for the Tuesday 10-10:15 a.m. segment, starting Sept. 28. Agencies: N. W. Ayer & Son for Yardley; Scheidler, Beck & Werner for Economics Labs, and Geoffrey Wade Adv. for Miles Labs.

MR. DAMM

MR. WHEELER

MR. EVANS

MR. COY

MR. REINSCH

HEILWEIL TO HEAD NBC MERCHANDISING

EXPANSION of NBC merchandising activities and the appointment of Murray Heilweil as new head of the merchandising department were announced last week by George H. Frey, NBC vice president in charge of television network sales.

Mr. Heilweil, who has been manager of the merchandising department, succeeds Fred N. Dodge as its head. Mr. Dodge is leaving NBC to become advertising manager of *True* magazine.

The extension of the department's activities will encompass a comprehensive service for advertisers on NBC-TV's participating programs—*Today*, *Home* and *Tonight*.

Mr. Frey said "this is a logical extension of the network's 'magazine concept' formula of participation programs, which is to increase the scope of television by making it more useful to more advertisers and a greater range of products." He noted that NBC's merchandising service also is still available to any NBC network advertiser, and that there will be no change in the structural setup of the department.

NBC recently created a Participating Programs Dept. embracing the three magazine concept programs. Mr. Heilweil will report to Matthew J. Culligan, sales manager of this department, which is headed by Richard A. R. Pinkham.

NETWORK PEOPLE

John P. Altemus, special assistant to sales manager, WCAU-TV Philadelphia, appointed account executive, for ABC-TV's WABC-TV New York.

Virginia Miller, society editor, *Hollywood Citizen-News*, to Don Lee Broadcasting System, that city, as log editor.

Jane Westover, formerly food editor, *Long Beach Independent-Press Telegram*, and **Don Jones**, staff correspondent, United Press Assn., L. A., to NBC, Hollywood, as publicists.

Lowell Jackson, WAKR-TV Akron, Ohio, to radio network sales staff, ABC, Chicago.

Bob Hall, formerly with Avery-Knodel Inc., Hollywood, to ABC Radio sales staff, same city.

Pat Patrick, 40, who portrayed Ercil Twing on CBS Radio *Edgar Bergen-Charlie McCarthy Show*, died Aug. 19.

NBC AFFILIATE PANEL PLANS RADIO STUDY

A five-man committee has been named to appraise the standing of network radio. Members: Wayne Coy, Walter Damm, Ralph Evans, J. Leonard Reinsch, Edwin Wheeler.

NETWORK RADIO's place in the changing national scene will be appraised by a special NBC Radio Affiliates Study Committee, according to Robert D. Swezey, WDSU New Orleans, chairman of the NBC radio affiliates executive committee.

A five-man group of affiliate representatives will direct the study, authorized June 28 at the NBC Radio affiliates meeting held in New York [B•T, July 5]. Members are Wayne Coy, KOB Albuquerque; Walter J. Damm, WTMJ Milwaukee; Ralph Evans, WHO Des Moines; J. Leonard Reinsch, WSB Atlanta, and Edwin K. Wheeler, WWJ Detroit. The committee will name its own chairman.

Mr. Swezey said the study group "will make a full and projected inquiry into the patterns and economics of radio network broadcasting and their adaptability to changing conditions." The committee has been promised the full support of the network in retaining professional assistance needed for the project.

"Efforts of this kind have been made before," Mr. Swezey said, "but I do not believe the whole climate of the radio industry and the relationship of the network and its affiliates have ever been more favorable for the accomplishment of a thoroughly objective analysis

and determined action along any corrective lines indicated by the analysis. Too many study committees merely fan the breeze and shovel water. We really expect this one to accomplish something."

Bendick to 'Today'

ROBERT L. BENDICK, former executive vice president of Cinerama Productions and previously director of news and special events for CBS-TV, has joined NBC and will produce NBC-TV's *Today* series (Mon.-Fri., 7-9 a.m. EDT and CDT). As producer of *Today* he succeeds Mort Werner, recently promoted to executive producer of NBC-TV's new Participating Programs Dept., which embraces all of the network's magazine concept programs.

'Lewis' Adds Two Sponsors

TWO NEW sponsors of quarter-hour periods of CBS-TV's *Robert Q. Lewis Show* (Mon.-Fri., 2-3 p.m. EDT) were announced by William H. Hylan, vice president in charge of network sales. Sales were to Miles Labs (for Alka Seltzer) and Doeskins Products Inc. Miles, through Geoffrey Wade Adv., will pick up the Tuesday, 2-2:15 p.m. slot beginning Sept. 28, and Doeskin, through Grey Adv., signed for the same segment on Friday, beginning Sept. 17.

Two Canada Tvs Join CBS-TV

CKCK-TV Regina, Sask., and CBWT (TV) Winnipeg, Man., have joined CBS-TV as secondary affiliates, Herbert V. Akerberg, CBS-TV station relations vice president, announced last week. CKCK-TV, on ch. 2, is independently owned but represented by the Canadian Broadcasting Corp. CBWT, on ch. 4, is owned and operated by CBC.

WSAU-TV Wausau, Wis., owned by the Wisconsin Valley Television Corp., approves an agreement to become a primary interconnected CBS-TV affiliate. The ch. 7 station expects to begin programming in early fall. L to r: Richard D. Dudley, assistant general manager; George T. Frechette, general manager, and James Harelson, program manager.

Webster Presides At Electronic Show

START of WESCON (Western Electronic Show and Convention) was marked at Los Angeles airport by FCC Commissioner E. M. Webster, who was handed a Dick Tracy-sized miniature radio receiver as he stepped from the plane and heard city officials, miles away, send welcome messages by microwave.

Over 20,000 electronic engineers and scientists looked at exhibits of 600 manufacturers during the three day convention last week, jointly sponsored by West Coast Electronic Manufacturers Assn., and San Francisco and Los Angeles chapters of the Institute of Radio Engineers. Over 2,500 registrants heard latest developments in such fields as broadcast and tv receivers, electronic tubes, vehicular communication and electronic devices (including transistors).

Commissioner Webster presided over vehicular communication sessions. He said that with 5 million such units on air now and increasing, control poses major problem to FCC, especially with present limited frequencies.

Exhibits of interest to radio-tv industry included an all-transistor portable radio demonstrated by Raytheon Manufacturing Co., which runs over 100 hours on four flashlight batteries.

Eitel-McCullough Inc., San Bruno, Calif., showed a new radial beam power tetrode of metal-ceramic construction, which permits simplified, less expensive and more efficient am-tv transmitter construction.

Gates Radio Co., Quincy, Ill., showed a "yard" am-tv audio control console, compact

PAUL L. CHAMBERLAIN (l), general manager of General Electric Co.'s broadcast equipment product department, presents three shares of company common stock each to three GE engineers who invented devices on which patents have been filed. The engineers, who were awarded the stock in line with a company policy to encourage such effort, are (l to r): John W. Downie, whose invention may be used to align all types of tv transmitters, and Hugh Martin and Max Diehl, who collaborated on an invention for color tv.

unit employing printed wiring and plug-in monitor amplifier units for each speaker.

Andrew Corp., Chicago, demonstrated new seven-eighths-inch diameter flexible heliarc cable, combining high flexibility with high transmission efficiency, for station use.

Lambda-Pacific Engineering Inc., Van Nuys, Calif., displayed type 6000 uhf booster, soon to be installed in Portland and Yakima areas, which increases station coverage area.

Dage Electronics Corp., Beech, Ind., showed new remote control tv camera unit, with pan, tilt, focusing, turret and iris mechanisms completely activated by servo controls.

Stromberg-Carlson Co. Cuts Color Tv to \$495

ANOTHER tv set manufacturer, Stromberg-Carlson Co., has announced a 50% cut in its color receiver line, following the lead of Emerson and RCA [B*T, Aug. 16, 9].

C. J. Hunt, general manager of Stromberg-Carlson's radio-tv division, said the firm's Model K-1, 15-inch color tv receiver now carries a new list price of \$495. The model's former list price was \$995. The drastic reduction matches that of RCA which is retailing its color set at the same price. Emerson's 15-inch receiver is being sold at \$695.

Mr. Hunt said distributor and net costs are being reduced with factory rebates to distributors who in turn can rebate their dealers on existing inventory.

'205' Tube to Be Premiered

CBS-COLUMBIA, manufacturing subsidiary of CBS Inc., will hold a premiere demonstration of its new large-screen color tv receivers, incorporating the CBS-Colortron "205" tube, at the Drake Hotel in Chicago today (Monday).

CBS showed off its new 19-inch color tv tube coincident with its Aug. 22 colorcast of *Toast of the Town* (also see IN REVIEW), and the consensus of those in the invited audience that saw *Toast* on the large set was that its performance, if short of perfect, was certainly satisfactory. Flesh tones at times tended to be reddish, but in general the colors were stable throughout.

440 MC TRANSISTOR DEVELOPED BY BELL

TV SETS powered by tiny transistors instead of a large array of vacuum tubes are brought nearer to reality by the announcement of Bell Telephone Labs of a transistor which will operate at 440 million cycles, higher in frequency than any previously known transistor. The new transistor was revealed Friday by its inventor, Dr. J. M. Early, in a talk before the Western Electronics Show and convention at Los Angeles.

Use of the new transistor in tv cable repeaters, portable radios and elsewhere was foreseen by Bell scientists, who noted that this uhf device, called an "intrinsic barrier" transistor, can increase an electrical signal a thousandfold, with frequencies as high as 3,000 megacycles theoretically possible.

Majestic to Introduce German Hi-Fi Equipment

U. S. broadcasters are "missing a good bet" by not broadcasting better quality fm, Leonard Ashbach, board chairman of Majestic International Corp., Chicago, said last week in New York at his firm's showing of a new line of German-manufactured radio receivers.

The new radio line, featuring ultra-high fidelity, multi-band short wave and radio-phonograph sets is to be introduced to the U. S. market by Majestic, subsidiary of The Wilcox-Gay Corp., as a result of an agreement with Grundig Radio GMBH of Fuerth Bay in West Germany. U. S. name will be "Grundig-Majestic International."

Mr. Ashbach asserted tv's advancement in the U. S. "has stifled any major attempts to produce ultra-high fidelity, short wave and fm radio and we have found from our world-wide explorations that European manufacturers are the most advanced scientifically, to produce this superior audio equipment."

The Grundig-International line has 13 models from a 22-ounce radio at \$29.95 to a hi-fi combination at \$1,000.

DO YOU NEED COMPETENT HELP?

Is there a TV station that does not need additional competent help? Not according to what station managers tell us. So we have established a personnel department to help out. We offer you qualified graduates who will make competent workers in any of the following fields:

- Announcers
- Writers
- Camera Assistants
- Boom Operators
- Floor Directors
- Make-up Artists
- Film Editors
- Salesmen

Remember, our service is FREE. We are not an employment agency. We simply supply you with graduates from our school who have been screened for ability and willingness to work. Write John Birrel, Personnel Director, for complete background data.

NORTHWEST RADIO & TELEVISION SCHOOL

Portland 9, Oregon

Halpin Sees Big Demand For Color Tv Receivers

THE DEMAND for color tv sets, following their mass introduction, "should far outstrip the industry's ability to produce them" and should bring stability and profit to the entire tv set industry, Dan D. Halpin, general sales manager, tv receiver division, Allen B. DuMont Labs, said in an address prepared for presentation Saturday before the Texas Radio & Television Service Clinic and Electronic Fair at the Adolphus Hotel in Dallas.

Mr. Halpin foresaw "a strong market for black-and-white receivers during the remainder of this year," when he expected only about 20,000 color sets to be produced, "with production and sales leveling off somewhat as production on color receivers is increased."

DuM. Telecruiser to Bogota

A complete DuMont Telecruiser, valued at about \$100,000, has been shipped to Colombia, S. A., John Morrissey, manager of transmitter sales, international division of Allen B. DuMont Labs, announced last week. The Telecruiser is part of a \$300,000 order of tv broadcasting equipment which is being sent to Bogota for Colombia's first tv station. Plans are for the Colombian government, sole sponsor of tv there, to develop a national tv network. The Bogota station went on the air last June. DuMont already has shipped other equipment there.

MANUFACTURING PEOPLE

T. Stanton Fremont, appliance manager for distributing branches, Admiral Corp., Chicago, appointed appliance sales manager for company.

Charles W. Hosterman, manager, Sylvania Electric Products Inc., radio tube div., Shawnee, Okla., appointed assistant general manager, electronics div., Woburn, Mass.

MR. HOSTERMAN

Howard C. Briggs, vice president; **Carlton Wasmansdorff**, director of engineering; **Gilbert Hafner**, director of manufacturing; and **John A. Rhoads Jr.**, chief electrical engineer; all of laboratory div., Hoffman Radio Corp., L. A., named executive vice president, vice president in charge of engineering, vice president of manufacturing and director of engineering, respectively.

Fritz A. Franke, communications product engineer, Hallicrafters Co., Chicago, and newly-elected president of Armed Forces Communications Assn., Chicago chapter, appointed chairman of special SC-25 Committee of Radio Technical Commission of Marine Services, advisory body to government agencies.

Justin R. Typher, field engineer, Micamold Radio Corp., Brooklyn, to Allen B. DuMont Labs, Clifton, N. J., as manager, government contracts div., Washington.

Arthur E. Welch appointed sales promotion manager, Sentinel Radio Corp., Evanston, Ill.

KWAX (FM) Eugene, Ore.—Oregon State Bd. of Education granted mod. of CP for noncommercial educational fm station to change to ch. 216 (91.1 mc). Granted Aug. 19; announced Aug. 24.

Ownership Changes . . .

ACTIONS BY FCC

WFMF (FM) Chicago, Ill.—WFMF Inc. granted assignment of license to Functional Music Inc. No consideration involved as both are subsidiaries of Field Enterprises Inc. Granted Aug. 17; announced Aug. 24.

WXGI Richmond, Va.—Radio Va. Inc. granted voluntary assignment of control by Douglas H. Robertson through acquisition of 23% interest

from his wife Catherine O. Robertson. Mr. Robertson now owns 51%. Granted Aug. 18; announced Aug. 24.

WCAX Burlington, Vt.—WCAX Bcstg. Corp. granted voluntary assignment of license to wholly owned subsidiary WCAX Radio Inc. No consideration involved as C. P. Hasbrook is sole owner. WCAX Bcstg. will remain permittee of WMTV (TV) Montpelier, Vt. Granted Aug. 17; announced Aug. 24.

WCAX Burlington, Vt.—WCAX Radio Inc. granted voluntary transfer of control to C. P. Hasbrook. No consideration involved as Mr. Hasbrook is sole owner. Granted Aug. 17; announced Aug. 24.

APPLICATIONS

KGIW Alomosa, Colo.—E. L. Allen seeks involuntary assignment of license to Delbert Lloyd Allen, administrator of the estate of E. L. Allen, deceased. Filed Aug. 17.

WDBF Delray Beach, Fla.—Delray Bcstg. Corp. seeks voluntary transfer of control through sale of all stock for \$60,000 to WSRB Inc., operator of WSRB-AM-FM Cleveland Heights, Ohio. Principals include President-Treasurer Samuel R. Sague (90%); Vice President Betty W. Sague, and Secretary George P. Buckford (10%). Filed Aug. 17.

WTAN Clearwater, Fla.—Clearwater Radio Bcstrs. Inc. seeks voluntary assignment of license to WTAN Inc. for \$106,000. Principals include President William G. Wells (55%), 80% owner WMOA Marietta, Ohio, and 1/3 owner WNCO Waterbury, Conn.; Vice President H. D. Parker (25%), general manager and 11% stockholder WTAN, and Secretary-Treasurer Mary B. Wells (20%). Filed Aug. 17.

WGMA Hollywood, Fla.—Circle Bcstg. Corp. seeks voluntary assignment of license to South Jersey Bcstg. Co. for \$25,000 and assumption of certain obligations for approximately \$9,000. South Jersey Bcstg. is owner of WKDN-AM-TV Camden, N. J. Principals include President-Treasurer Ranulf Compton (34%) Vice Presidents Florence Compton (20%), William Ranulf Compton (14%), and Douglas M. Compton (14%), and Secretary Alice True Giffen (14%). Filed Aug. 13.

WPON Pontiac, Mich.—James Gerity Jr. seeks voluntary assignment of CP to Gerity Bcstg. Co. No consideration is involved as Mr. Gerity is sole stockholder of Gerity Bcstg. Filed Aug. 20.

KEYD-AM-TV Minneapolis, Minn.—Family Bcstg. Corp. seeks voluntary transfer of control to Minneapolis Tower Co. through sale of 30,000 shares of stock for \$300,000. Principals include Chairman of Board William M. Baker; President Leslie Park; Secretary A. S. Trux; Treasurer James J. Murphy, and Baker Properties Inc. (75.13%). There are more than 20 other stockholders holding less than 3%. Filed Aug. 20.

KXOK St. Louis, Mo.—KXOK Inc. seeks voluntary assignment of license to KXOK Bcstg. Inc. for \$300,000. Principals include Elzey M. Roberts Jr. (75%) and Chester L. Thomas (25%), general manager of KXOK. Sale was necessitated by FCC condition to grant of KWK-TV. Filed Aug. 13.

KWK-AM-TV St. Louis, Mo.—KWK Inc. seeks voluntary transfer of control to Robert T. Convey, voting trustee; Globe-Democrat Pub. Co., KXOK Inc. and KSTP Inc. Transfer is to effectuate merger agreement for the ch. 4 facility and will realign ownership as follows: Robert T. Convey and associates (28%); Globe-Democrat (23%); KSTP-AM-TV Minneapolis-St. Paul (23%); KXOK Inc. (23%), and St. Louis residents of Missouri Valley Tv Co. (3%). Filed Aug. 13.

WNNC Newton, N. C.—John C. Greene Jr. & R. H. Whiteside d/b as Southern Broadcasting Co. seek voluntary assignment to Newton-Conover Bcstg. Co. for \$7,500. Principals include President Earl Reid Holder (59%), former 1/3 owner WNNC and 20% owner WLOK Lincolnton, N. C., and Secretary-Treasurer Robert M. Dellinger (39%), department store manager. Filed Aug. 19.

WHIZ Zanesville, Ohio—Clay Littick, et al., d/b as Southeastern Ohio Tv System seeks assignment of CP to new partnership under same name. Partnership is composed of The Zanesville Pub. Co. (63%); Southeastern Ohio Bcstg. System Inc. (20%); Ernest B. Graham (11%); and Clarence A. Graham (6%). There is no substantial change in ownership as Mr. Littick is 87.5% owner of Zanesville Pub. Co., which in turn owns 60% of Southeastern Ohio Bcstg. Filed Aug. 19.

WCRE Cheraw, S. C.—Chesterfield Bcstrs. Inc. seeks voluntary assignment of license to Three States Bcstg. Co. for \$21,500. Three States Bcstg. is operator of WHJC Mateswan, W. Va. Principals include President Fred Morningsting (16 2/3%); Vice President Donna Bjork (16 2/3%), and Secretary-Treasurer Fred A. Staples (16 2/3%). Filed Aug. 16.

WCDT Winchester, Tenn.—Arthur D. Smith Jr. seeks voluntary assignment of license to Royce E. Richards, Ernest F. Richards Sr., Ernest F. Richards Jr. d/b as Franklin County Bcstg. Co. for \$40,000 plus assumption of approximately \$5,790 in liabilities. Principals include President Royce E. Richards (1/2), secretary-treasurer-20% owner WMMT McMinnville, Tenn.; Ernest F. Richards Sr. (1/2), dentist, and Ernest F. Richards Jr. (1/2), WMMT program director-announcer. Filed Aug. 23.

KMLW Marlin, Tex.—Hugh M. McBeath Jr. & Charles E. Reagen d/b as Falls County Public Service seek voluntary assignment of license to KMLW Inc. Partners each retain 49% interest with 1% interest sold to Messrs. Duane W. Ramsey and Jerry Hughes each. Filed Aug. 16.

REMOTE for \$75.00

Entirely new—the Gates SA - 134 amplifier may be used as a remote amplifier, preamplifier, line amplifier or isolation amplifier. Already hundreds in use.

A quality product through and through and priced low because of mass production. Stock availability.

THE GATES RADIO COMPANY, Quincy, Ill., U.S.A.

Hearing Cases . . .

INITIAL DECISIONS

Binghamton, N. Y.—New tv, ch. 40. FCC hearing examiner William G. Butts issued initial decision looking toward grant of the application of Southern Tier Radio Service Inc. for CP for new tv station on ch. 40 in Binghamton, N. Y. and denial of the competing application of Otaway Stations Inc., Endicott, N. Y. Action Aug. 25.

Ft. Worth, Tex.—New tv, ch. 11. FCC hearing examiner Annie Neal Hunting issued initial decision looking toward grant of the application of Texas State Network Inc., for CP for new tv station on ch. 11 in Ft. Worth, Tex. Action Aug. 23.

OTHER ACTIONS

KCSJ Pueblo, Colo.—By order the Commission extended to Sept. 24 the effective date of dismissal of applications of The Star Broadcasting Co. for mod. of license and for renewal of license of station KCSJ, Pueblo, Colo., pending determination of questions raised in petitions filed by KCSJ. Action Aug. 18.

Albany, N. Y.—By order denied request by Hudson Valley Bcstg. Co., permittee of station WROW-TV, ch. 41, Albany, N. Y., for a temporary stay of the effectiveness of Commission action July 7 granting the application of Van Curler Bcstg. Corp. for mod. of CP of tv station WTRI (TV), ch. 35, Schenectady, N. Y., to change principal community to Albany, N. Y., and to maintain main studio outside Albany, pending disposition by the Commission of WROW-TV's petition to reconsider grant and designate application for hearing. Action Aug. 24.

Ft. Worth, Tex.—Ch. 11 proceeding. FCC Comr. E. M. Webster granted petition of Ft. Worth Tv Co. insofar as it requests dismissal of its tv bid for ch. 11, and the same was dismissed with prejudice and retained in hearing competitive bid of Texas State Network. Action Aug. 20.

NARBA Notifications . . .

FCC has issued the following changes, proposed changes and corrections in the assignments of foreign broadcast stations following notification by the respective countries pursuant to provisions of the North American Regional Broadcasting Agreement. Listing includes call letters, location, power, hours of operation, class of station and commencement date.

Tv Stations on the Air With Market Set Count And Reports of Grantees' Target Dates

Editor's note: This directory is weekly status report of (1) stations that are operating as commercial and educational outlets and (2) grantees. Triangle (▶) indicates stations now on air with regular programming. Each is listed in the city where it is licensed. Stations, vhf or uhf, report respective set estimates of their coverage areas. Where estimates differ among stations in same city, separate figures are shown for each as claimed. Set estimates are from the station. Further queries about them should be directed to that source. Total U. S. sets in use is unduplicated B-T estimate. Stations not preceded by triangle (▶) are grantees, not yet operating.

W·H·E·N

Romulus has found a new way to tame wolves — just expose 'em to Channel 8 and they roll right over, gentle as kittens.

Four legs or two, not even a wolf can retain his baser instincts once he comes under the mellowing influence of WHEN-TV. And the folks of Romulus, N. Y., a wolf-free town upstate, are in a mood to build temples and erect statues to the glory that is WHEN-TV. It's their favorite oracle.

If your problem is the wolf at the door and your business is selling, let the oracle speak for you.

I'M JOE FLOYD...

I belong to a family of
BIG SPENDERS

They're the folks who make up the rich four-state money belt,* of which Sioux Falls is the hub. They're good spenders—and always have been—simply because they have the wherewithal to spend (way above the national average). They like better things . . . and they look and listen to KELO (TV and Radio) to tell them what those better things are. Want to meet these brand-buying folks over a store counter? KELO will introduce you to them—convincingly!

* Husky sections of South Dakota, Minnesota, Iowa, Nebraska

Channel 11 - Sioux Falls, S. D.

Total stations on air in U. S. and possessions: 393; total cities with stations on air; 264. Both totals include XEJ-TV Juarez and XETV (TV) Tijuana, Mexico, as well as educational outlets that are operating. Total sets in use 32,135,250. * Indicates educational stations. † Cities NOT interconnected to receive network service.

(a) Figure does not include 331,448 sets which WBEH-TV Buffalo reports it serves in Canada. (b) Number of sets not currently reported by WHAS-TV Louisville, Ky. Last report was 205,544 on July 10, 1952. (c) President Gilmore N. Nunn announced that construction of WLPF-TV has been temporarily suspended [B-T, Feb. 22]. CP has not been surrendered. (d) The following stations have suspended regular operations, but have not turned in CP's: WKAB-TV Mobile, Ala.; KBID-TV Fresno, Calif.; KDZA-TV Pueblo, Colo.; WRAY-TV Princeton, Ind.; WKLO-TV Louisville, Ky.; KFAZ (TV) Monroe, La.; WBKZ (TV) Battle Creek, Mich.; WFTV (TV) Duluth, Minn.; WCOC-TV Meridian, Miss.; KACY (TV) Festus, Mo.; KSTM-TV St. Louis; KUON (TV) Lincoln, Neb.; WFPG-TV Atlantic City, N. J.; WECT (TV) Elmira, N. Y.; WIFE (TV) Dayton, Ohio; WCHA-TV Chambersburg, Pa.; WKJF-TV Pittsburgh, Pa.; KNUZ-TV Houston, Tex. (e) Shreveport Tv Co. has received initial decision favoring it for ch. 12, which is currently operated by Interim Tv Corp. [KSLA (TV)].

Cameras and Crews for Studio or Remote Use

Need extra equipment for local promotions, telethons, special event coverage? We have complete camera chains and trained crews ready to go anywhere and handle largest or smallest jobs. Reasonable daily rates—complete equipment furnished from lights to cameraman. Examples of jobs we have done furnished on request.

CLOSED CIRCUIT WORK

We have equipment to handle all types of closed circuit jobs, from in-store promotions to coast-to-coast hook-ups. Lots of experience and reams of good ideas. We'll pay commissions to your station for leads or handle it through you.

On and Off the Agenda in Chicago

CHICAGO this week becomes the hub of top-level broadcast activity. When NBC-TV and CBS Radio independently scheduled their sessions they doubtless had in mind family gatherings that would avoid the controversial and the spectacular. But the turn in events, notably surrounding the new Bricker investigation, probably will alter planned agendas.

In addition, virtually concurrent meetings have been scheduled to formalize the organization of the new Television Bureau of Advertising Inc. as the all-industry sales promotion project, and the proposed new Quality Radio Group to sell nighttime taped programs on a cooperative basis. Both projects appear to be set to go, and there should be no hitches because they're both meritorious.

Fireworks are not expected at either of the network sessions. Certainly this is no time to stimulate any. The sessions should be strictly business, looking toward means of better selling and programming in what will become the color era. This poses new equations for both radio and tv, and new rate questions for tv.

The opportunity should not be overlooked, however, to appraise the legislative picture and the bearing it could have upon all broadcasting. The harm that could be done by a reckless, headline hunting Bricker inquiry is practically limitless. We fail to see how any good can come of it. The emphasis should be on homework during the recess with Congressional delegations, not alone on the Bricker inquisition, but also on such legislative thrusts as the Bryson Bill to ban beer and wine advertising, and the discrimination implicit in the barring of microphones and cameras from Congressional Committee hearings.

The Bricker Enigma

WHAT will be accomplished by the Bricker investigation of all things broadcasting is as much of an enigma as the purpose of the inquiry itself. If past inquiries in this field are any criteria, the answer will be exactly nothing, except for an abysmal waste of time and money by private groups as well as government.

How far the inquiry will go will depend in large measure upon what the staff produces between Sept. 1 and the time the new Congress convenes in January. With strong personalities like former FCC Comr. Robert F. Jones and his old adversary, former Assistant General Counsel Harry Plotkin, in the counsel roles, almost anything can happen. Mr. Jones is designated to "head" the investigation in the deftly worded announcement of Chairman Bricker. That places him in the role of "majority" or Republican counsel.

Mr. Plotkin's status, not yet formally announced because he is on vacation until after Labor Day, must then be that of "minority" or Democratic counsel. By the very nature of the assignments, Messrs. Jones and Plotkin will represent opposing viewpoints.

There are many strange overtones and contradictions in this alignment. The GOP, pledged to cooperation with private enterprise, is embarking upon an inquisition which seems to do violence to the party's intent. And the Democrats, who had been criticized because of undue interference with business during their incumbency, are thrust into a position in defense of the pursuits Mr. Bricker insists upon investigating.

If the networks are the primary target, no legislation is needed. The FCC has the authority, under the chain-monopoly rules, to move. The FCC hasn't because the Bureau of the Budget has been unwilling to authorize the funds for a study.

The chances are that Mr. Bricker, and some of his Senatorial colleagues, are not so much interested in network licensing as they are in finding some means to curb network commentators. The politician thinks in terms of elections. Radio, and latterly television, have become the most potent means of reaching the electorate. The politician's interest thus is manifest.

But this whole investigation picture could change by fall. A swing of a few Senate seats from the Republican to the Democratic side would shift control to the Democrats. Mr. Bricker would not be chairman of the Senate Commerce Committee. The gavel would go to young, communications-wise Warren Magnuson of Washington. Would Sen. Magnuson want a witch-hunt into broadcasting? We're disposed to think he would not. Senate chair-

Drawn for BROADCASTING • TELECASTING by G. C. TROOP

"This is going to be good!"

men, it should be noted, are absolute rulers of their committees' destinies.

We hope there will be no hitch in naming Mr. Plotkin. Since he left the FCC three years ago to enter private practice, he has been exposed to the non-regulatory side of broadcasting. He has learned that business men too are interested in providing a public service, because that constitutes good business. Mr. Plotkin's ability and integrity are not questioned. He has worked as avidly for his private clients as he did for his government "client."

From now until January, the story of the Bricker committee intent should unfold. A GOP reversal in November could end it all. But that is only a remote possibility. Meanwhile, it is to be hoped that the committee staff will not make a circus out of the preliminary study, and that there will be no attempt to upset that which exists. To do this would not only upset a basic and essential pursuit in our economy but also would do a great public disservice.

Markets on the March

EVERY business enterprise stops at intervals to take stock. America's entrepreneurs want to know where they are and where they have been. Then they are in a position to plan where they are going.

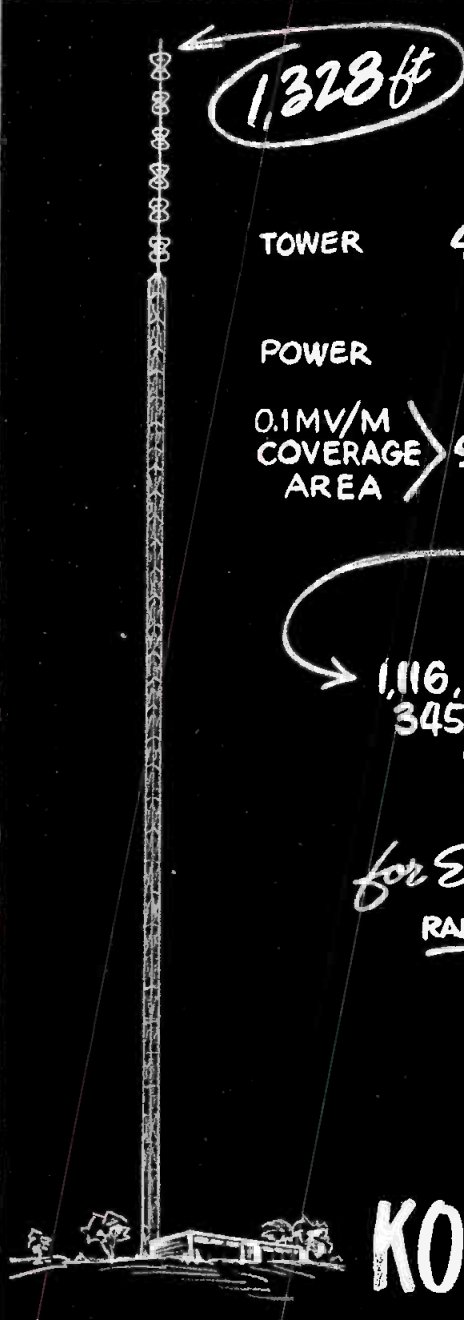

Heretofore, the government has wisely conducted a stock-taking of business and industry on roughly a five-year schedule. For a modest sum the Census Bureau has been able to take a national inventory of business, manufacturing and mining. This information has guided both government and business in planning, forming the basic material used in reaching important decisions.

After baffling Congressional neglect for which no logical reason could be ascribed, \$8.4 million was appropriated by Congress just before adjournment for the quinquennial inventory of business and manufacturing. The enabling law had been on the books since the last session but the necessary funds were not appropriated until the last minute. The fund is roughly a third of the sum originally asked but the census will be conducted on a mail basis, requiring the addition of about 1,000 workers at the Census Bureau.

Latest available census data on America's commerce range from 7 to 15 years old. In an economy keyed to mass production, efficient selling through advertising and quick turnover, this antiquity of statistical resources is intolerable.

The new data will cover 1954 operations and should be completed by the end of 1955, provided business and manufacturing firms cooperate by promptly returning questionnaires. Broadcasters will have a chance to expedite the statistical processes by joining the business fraternity in cooperating with the Census Bureau.
