

SUBJECT INDEX - VOLUME 70

Acetochlor	
adsorption on organoclay	1104
Acid Blue	
adsorption on furnace slag	1112
Air	
Cd, Cr, Pb in air during incinerator demolition	1165
isocyanates in polyurethane foam	328
metals in candle smoke	182
ozone in Zagreb air, Croatia	343
POP in municipal waste smoke particles	174
quality in Lucknow City, India	166
VOC from steel industry, Brazil	957
Alachlor	
effect on cyanobacteria	1052
Aluminum	
from cooking utensils & yogurt containers	437
Ammonia	
toxicity to snail	1006
Amphetamine	
effect on soil enzymes	824
Arochlor 1254	
lymphoproliferative response in rat	97
Arsenic	
levels in dentists	629
organoarsenical cytogenetic effects on cells	300
Atrazine	
acute effect on coral photosynthesis	541
earthworm weights	477
histological effects on Zebra mussel	688
Asbestos	
near cement factory	1170
Azadirachtin	
effect on intestinal aerobic bacteria	1205
toxicity to crayfish	131
Azo Dye	
toxicity to aquatic organisms	753
Azoxystrobin	
in wastewater, Germany	891
Beta-cyfluthrin	
residues in cabbage & cauliflower	1136
residues in tomato	1143
Bioassay	
bacteria for fish pesticide exposure	85
chlorophyll a as indicator for zinc stress	90
chlorophyll a for algae	606
<i>Daphnia</i> feeding for microcystin	861

ELISA for dioxins in human milk	636
limitation of cosolvents for hydrophobic compounds	1
metPLATE for metal mixtures	557
microalgae for linear alkylbenzene sulfonate toxicity	242
microplate cell cytotoxicity	1083
<i>Neurospora crassa</i> for mutagens	22
nuclear anomalies in fish for water mutagens	1071
plants for drinking water genotoxicity	847
soil sorption coefficients for aromatics	513
validity test for estrogenic activity	226
<i>Vibrio harveyi</i> for mutagenicity	1065
Brevetoxin	
human exposure	161
Brodifacoum	
Raptors, NY, USA	34
Bromate	
in bread, Nigeria	443
Butyltin	
in Beijing reservoir, P. R. China	219
Cadmium	
accumulation & phytotoxicity	566
burrowing behavior & toxicity in bivalve	713
in sediments, Kenya	1220
intake in isopod	1028
response of Salicaceae	576
uptake & elimination in <i>Rana</i>	78
Carbaryl	
accumulation in catfish organs	1013
protein metabolism of snail	146
Carbofuran	
in fruit & vegetables, India	783
in water chestnut	789
toxicity to teleost	1259
Cerium	
leaching in a soil column	46
Chitosan Diethyl Phosphate	
toxicity to bacteria, <i>Daphnia</i> & trout	153
Chlorpyrifos	
in model ecosystem	883
toxicity to <i>Oreochromis mossambicus</i>	985
Chromium	
biochemical profile of carp	118
Chromium	
effect on muscle biochemistry	106
effects in <i>Euglena gracilis</i>	1045
interaction with Fe on aquatic plant	696

Copper	
effect on respiration, reproduction & biochemistry, water flea	112
intake in isopod	1028
metallothionein-like proteins as exposure marker	233
phytoremediation	462
release from tableware	905
Copper Sulfate	
toxicity to copepod	1017
Cyanoacetic acid	
QSAR to <i>Tetrahymena</i>	549
Cybil	
hemotoxicity to rat	839
Cyclodextrin	
solubilization of pesticides	998
DDT	
lack of contamination in Passerines	769
Deltamethrin	
acute toxicity to catfish	296
Dichlorobenzothiazole	
in textile effluent	54
Dimethoate	
protein metabolism of snail	146
toxicity to <i>Daphnia magna</i>	1264
toxicity to wild mice & five rodent species	138
Dimethylarsinic acid	
cytogenetic effects	300
Dimethylformamide	
in river water, Niigata, Japan	876
Dioxane	
in river water, Niigata, Japan	876
Dioxin	
excretion enhancement by dietary fiber	359
in dugongs, Thailand	198
method for human milk	1121
monthly blood levels in humans	660
polychlorinated dioxins in human milk, P. R. China	189
Diphenyl Diselenide	
deposition in mouse liver, kidney & brain	470
Effluent	
paper mill effect on feral winter flounder	401
sugar industry toxicity to fish	739
treatment of distillery effluent	268
Endosulfan	
effect on hematology & serum biochemistry, carp	993
reproductive toxicity	285
toxicity to grass shrimp	533

Estrogen	
validity test for screening assay	226
Ethoprophos	
degradation in soil	520
Ethylene glycol	
effect on Medaka development	600
in groundwater from deicing	868
Exposure	
air quality in Lucknow City, India	166
Al from cooking	437
As & Hg in dentists	629
brevetoxin during algal bloom	161
bromate in bread, Nigeria	443
chlorpyrifos on turf grass, transfer coefficient	644
drinking water near Chernobyl accident	847
fruit wash residue reduction	213
human mancozeb exposure	336
metals in candle smoke	182
Mn as exposure tracer	415
model for fabric pesticide penetration	652
nitrogen oxides, Taiwan	430
organic contaminants street dust, P. R. China	422
phenolic variation in wild tomato accessions	9
soil metal bioaccessibility	927
validity text for estrogenic activity	226
Fenvalerate	
effect on microorganism distribution	1059
hemotoxicity to rat	839
Fipronil	
toxicity to crustaceans	746
toxicity to grass shrimp	533
Fluoride	
removal from waste water, Egypt	262
Formaldehyde	
interaction with humic substances	761
Fumonisin	
and fungal species in corn, Mexico	668
Furan	
dibenzofurans in human milk, P. R. China	189
in dudongs, Thailand	198
Genapol OX-80	
toxicity to crayfish	131
Glyphosate	
formulation toxicity to fish	731
malformed tadpoles	612

HCH	
degradation in soil	775
effect on microorganism distribution	1059
Heavy Metal	
alteration in muscle biochemistry	106
As, Cd, Cr, Cu, Pb, Zn in mine tailings, Korea	942
bioavailability from superfund site, Puerto Rico	927
bioavailability in soils, Shenyang, P. R. China	935
Cd & Zn toxicity to bivalve	713
Cd accumulation & phytotoxicity	566
Cd, Cr, Pb in air during incinerator demolition	1165
Cd, Cu, Ni, Zn mixture toxicity to sea urchin	592
Cd, Cu, Fe, Pb, Zn & metallothionein proteins	619
Cd uptake & elimination in <i>Rana</i>	78
Cr & biochemical profile of carp	118
Cu & biochemistry of water flea	112
Cr & Fe interaction on aquatic plant	696
Cu metallothionein-like proteins for exposure marker	233
Cu, Ni, Pb phytoremediation	462
Cu release from tableware	905
effects in <i>Euglena gracilis</i>	1045
Hg & respiratory surface changes in catfish	705
Hg & Se in tern eggs, Spain	71
Hg in water & sediment, gold mine	379
Hg prediction from choriantantoic membrane Hg	1242
in candle smoke	182
in feathers & blood, night herons, Chesapeake & Delaware Bays, USA	385
in hamster tissues from agricultural area, Germany	509
in human bones	1089
in lichens & mosses, Turkey	502
in oyster culture sediments, Mexico	1235
in private groundwater, Canada	447
in sea urchin from salmon farms, Canada	948
in sediment, India	372
in sediments, Bahia de Chetumal, Mexico	1228
in sediments, Kenya	1220
in soil, Shenyang, P. R. China	935
life stage accumulation dependence, otter	278
metals & elements in soybean on fly ash soil	817
new extraction method for macroalgae	809
Ni accumulation & depuration by crayfish	308
Pb & ascorbic acid protective role	1189
Pb in dentine & children, Canada	409
Pb in gasoline & goat blood lead	1178
Pb in sediments, Mexico	1213
Salicaceae response to Cd	576
toxicity & soil metal fractions	557

speciation in wetland sediments	800
trace metals in Marabou stork feathers	792
Zn effect on uptake in alfalfa plants	1036
Zn effects on catfish embryos & larvae	1022
Herbicide	
adsorption of acetochlor on clay	1104
earthworm weights	477
effect on cyanobacteria	1052
glyphosate & malformed tadpoles	612
glyphosate formulation toxicity to fish	731
irgarol & atrazine effect on coral photosynthesis	541
QSAR of alkylthioureas to <i>Tetrahymena pyriformis</i>	1251
Human	
Al from cooking utensils	437
As & Hg in dentists	629
chlorpyrifos turf grass transfer coefficient	644
chromosomal aberrations in uranium miners	322
comparison of organochlorines in breast fat & serum	920
consumer risk, beta-cyfluthrin	1136
Cu release from tableware	905
dioxins & furans in human milk, P. R. China	189
drinking water near Chernobyl accident	847
elements in bones, disease	1089
ELISA for dioxins in milk	636
exposure to brevetoxin	161
fruit wash residue reduction	213
lead in dentine & children, Canada	409
mancozeb exposure	336
method for dioxin in milk	1121
microplate mammalian cytotoxicity assay	1083
model for fabric pesticide penetration	652
monthly blood dioxin levels	660
nitrogen oxide levels in taxi drivers & residents, Taiwan	430
organic contaminants in street dust, P. R. China	422
organochlorine pesticides in milk, P. R. China	193
PAHs adjacent to highways, Beijing, P. R. China	972
PCBs & organochlorines in milk, Czech Republic	913
PCBs in milk, Taiwan	1097
PCBs in milk, Turkey	41
radiotherapy effects on plasma toxicants	17
VOCs from steel industry, Brazil	957
Imidacloprid	
residue in tomato	1143
Iprodione	
persistence in mustard	586
Iron	
interaction with Cr on aquatic plant	696

Isocyanates	
in polyurethane foams	328
Lanthanum	
leaching in a soil column	46
Lead	
ascorbic acid protective role in mice	1189
Cd, Cu, Pb, Zn in sediments, Kenya	1220
in dentine & children, Canada	409
in gasoline & goat blood	1178
phytoremediation	462
Malathion	
toxicity to crayfish	131
Mancozeb	
human exposure	336
Manganese	
use as exposure tracer	415
Mercury	
in sediments, Mexico	1213
in tern eggs, Spain	71
in water & sediment from gold mine	379
levels in dentists	629
life stage accumulation dependence, otter	278
prediction from Hg in chorioallantoic membrane	1242
respiratory surface changes in catfish	705
Metallothionein Proteins	
natural occurrence in fish	619
Metamitron	
in wastewater, Germany	891
Metasystox	
accumulation in catfish organs	1013
Methyl Parathion	
w/cyclodextrin, toxicity to <i>Rana tigrina</i>	998
Methytin	
in Beijing reservoir, P. R. China	219
Metolachlor	
earthworm weights	477
Microcystin	
<i>Daphnia</i> feeding bioassay for toxicity	861
Molinate	
toxicity to aquatic organisms	723
Monocyclic aromatic hydrocarbons	
effect on freshwater invertebrates	124
Mutagen	
nuclear anomalies in fish as indicator	1071
pesticides in <i>Neurospora crassa</i>	22
<i>Vibrio harveyi</i> for bioassay	1065

Mycotoxin	
fumonisins & fungi in corn, Mexico	668
Neodymium	
leaching in a soil column	46
Nickel	
accumulation & depuration by crayfish	308
phytoremediation	462
Nitrate	
in aquifer, Texas, USA	674
in private groundwater, Canada	447
toxicity to snail	1006
Nitric Oxide	
in taxi drivers & residents, Taiwan	430
Nonylphenol	
biodegradation in water & sludge	527
degradation in sludge & solid waste	248
effect on apoptosis	898
in Delaware River estuary, USA	978
sexual maturation in <i>Daphnia magna</i>	315
Oil	
PAH biliary elimination in bass	394
photodegradation in water	1128
tar on beaches, UAE	680
Organochlorine	
comparison of human breast fat & blood serum	920
HCH degradation in soil	775
in aquatic ecosystem, Egypt	1158
in edible fish, Brazil	1151
in human milk, Czech Republic	913
in human milk, P. R. China	193
in water & fish, Himalayan region	485
in water Guanting Reservoir, P. R. China	351
lack of contamination in Passerines	769
Organophosphorus	
in fruit & vegetables, India	783
OP remediation by engineered enzyme	455
phosphoramidate disposition in rat tissues	1197
Osseous	
elements in human tissue	1089
Oxitetracycline	
effect on aquatic plant	290
Ozone	
in Zagreb air, Croatia	343
PAH	
adjacent to highways, Beijing, P. R. China	972

biliary elimination in bass	394
from wetland sediment, India	964
in fish, Arabian Gulf	205
Pan Masala	
effect on mouse sperm morphology	1184
PCB	
in dudongs, Thailand	198
in edible fish, Brazil	1151
in human milk, Czech Republic	913
in human milk, Taiwan	1097
in human milk, Turkey	41
in Mexican soils	63
lymphoproliferative response in rat	97
PCP	
toxicity to copepod	1017
Phenol	
foliar phenol content in tomato	9
QSAR for <i>Vibrio fischeri</i>	832
Phthalate	
yeast degradation of phthalic acid esters	255
POP	
in smoke particles from municipal waste	174
Potassium Chromate	
toxicity to copepod	1017
Praseodymium	
leaching in a soil column	46
Propylene glycol	
effect on Medaka development	600
Propylene glycol	
in groundwater & soil from deicing	868
QSAR	
alkylthioureas to <i>Tetrahymena pyriformis</i>	1251
cyanoacetic acid to <i>Tetrahymena</i>	549
for aromatic compounds to <i>Vibrio fischeri</i>	832
Radionuclide	
in lichens & mosses, Turkey	502
Radiotherapy	
effect on plasma toxicants	17
Remediation	
adsorption of acid blue on slag	1112
<i>Alcaligenes</i> spp for pyrethroids, OPs	367
elements in soybean on fly ash soil	817
OP pollutants by engineered enzyme	455
PCBs in Mexican soils	63
phthalic acid ester degradation by yeast	255

removal of Zn and F from wastewater, Egypt	262
sorption of aromatics onto clay	513
treatment of distillery effluent	268
Rodenticides	
raptors, NY, USA	34
Sediment	
heavy metals, India	372
toxicity Florida, USA ecosystems	494
Selenium	
in tern eggs, Spain	71
Sodium Chloride	
<i>Ceriodaphnia dubia</i> sensitivity	1247
Sulfachlorpuridazine	
effect on aquatic plant	290
Sumithion	
biodisposition in rat	1197
Toxic Unit Concept	
pesticides in wastewater	891
Trichlorfon	
toxicity to crayfish	131
2,4-D	
effect on cyanobacteria	1052
Uranium	
chromosomal aberrations in miners, India	322
Warfarin	
raptors, NY, USA	34
Water	
atrazine histological effects on Zebra mussel	688
carbofuran toxicity to teleost	1259
Cd, Cu, Ni, Zn mixture toxicity to sea urchin	592
chitosan diethyl phosphate toxicity to fish	153
chlorophyll a for algae	606
chlorpyrifos in model ecosystem	893
dichlorobenzothiazole in textile effluent	54
dioxane & dimethylformamide in river water	876
DMSO toxicity to <i>Daphnia magna</i>	1264
fiponil toxicity to crustaceans	746
fish nuclear anomalies for mutagens	1071
genotoxicity of Tunisian littoral sites	854
glyphosate & malformed tadpoles	612
glyphosate formulation toxicity to fish	731
heavy metal speciation in wetland sediment	800
heavy metals in urchins from salmon farms, Canada	948
metals in oyster culture sediments, Mexico	1235

metals in sediments, Mexico	1228
methyltins & butyltin in reservoir, P. R. China	219
microalgae for linear alkylbenzene sulfonate toxicity	242
molinate toxicity to aquatic organisms	723
monocyclic aromatic hydrocarbons & invertebrates	124
NaCl sensitivity of <i>Ceriodaphnia dubia</i>	1247
new metal extraction method for macroalgae	809
nitrate in Texas, USA aquifer	674
nonylphenol degradation in sludge & solid waste	248
nonylphenol degradation in water & sludge	527
nonylphenol in Delaware River estuary, USA	978
organochlorines in aquatic ecosystem, Egypt	1158
organochlorines in water & fish, Himalayan region	485
organochlorine pesticides, Guanting Reservoir, P. R. China	351
PAHs in fish, Arabian Gulf	205
PAHs in wetland sediment, India	964
Pb in sediments, Mexico	1213
pesticides in wastewater, Germany	891
photodegradation of diesel oil	1128
pulp & paper mill effluent effects on flounder	401
quality of private groundwater, Canada	447
sediment toxicity Florida, USA ecosystems	494
sugar industry toxicity to fish	739
tar on beaches, UAE	680
toxicity of azo dye to aquatic organisms	753
Zinc	
burrowing behavior & toxicity in bivalve	713
chlorophyll a as stress indicator	90
effect on catfish embryos & larvae	1022
effect on metal uptake in alfalfa plants	1036
intake in isopod	1028
removal from wastewater, Egypt	262
