

Acknowledgement to Reviewers

The aim of **Cancer Chemotherapy and Pharmacology** is the communication of significant research documented by accurate, unambiguous data that are presented in an easily readable form. The style and quality of the journal depend to a great extent on the referees, who provide the authors with valuable criticism on the content and form of the papers submitted. These time-consuming services are provided without financial reward and are greatly appreciated. Therefore, we gratefully acknowledge the contributions of:

Alberts, D.	Gaver, R. C.	Letterest, C.	Schwartz, S.
Allan, S. G.	Gescher, A.	Levin, V.	Seago, A.
