

Meeting announcements

The SOMPS
(Service d'Oncologie Médicale Pitié-Salpêtrière),
presents the

**Fourth International Congress on Anti-Cancer Chemotherapy
(Neo-adjuvant, Adjuvant and Experimental)**
which will take place in Paris at
the Palais des Congrès on February 2nd, 3rd, 4th and 5th, 1993.

It follows the Third International Congress on Neoadjuvant Chemotherapy which was
attended by 3600 persons in February 1991.

It will encompass all fields of chemotherapy from fundamental research to clinical
applications ; e.i. neoadjuvant, adjuvant and palliative chemotherapy, circumvention of
resistance, locoregional approaches ...

It will also embrace new developments in the fields of cytokines and receptors, growth factors
hormonotherapy and all forms of cancer treatments.
