

Meeting announcement

9th NCI-EORTC symposium on new drugs in cancer therapy

12–15 March, 1996
Amsterdam, The Netherlands

The series of NCI-EORTC Symposia on New drugs in Cancer Therapy has been receiving increasing appreciation and recognition.

This bi-annual 'Amsterdam new drug meeting' is now perceived by many as one of the most exciting conferences in the field of new anticancer drug development.

It is therefore a pleasure to announce that preparations for the next NCI-EORTC Symposium have been initiated.

The Organizing Committee invites you to reserve March 12-15, 1996 for the 9th NCI-EORTC Symposium on New Drugs in Cancer Therapy. You are also requested to return the attached reply card to ensure mailing of further announcements and information.
