Pharmacokinetics, antibiotic activity and there distribution of FTS23 in SCC VII tumor-bearing mice

In: Cancer Chemother Pharmacol (1998) 42: 300–306

In the above article the terms “gut” (or intestinal mucosa) and “marrow” (or bone marrow) were transposed on four pages:

On p. 300 in the Abstract;
on p. 302 in the text between Fig. 1 and Fig. 2;
on p. 303 in the legend to Fig. 3;
on p. 304 in the last paragraph.

On p. 305, left column, second paragraph, line 10, and in the last paragraph, line 6, the term ‘consistent’ should read ‘inconsistent’.
