

Announcement

First Announcement and Call for Papers International Symposium on Plant Polymeric Carbohydrates Berlin, Germany, 1–3 July 1992

A three-day symposium in the biennial series of meetings on Plant Polymeric Carbohydrates will be held at the Technical University of Berlin in July 1992, during the week preceding the XVth International Carbohydrate Symposium to be held in Paris, France, from 5–10 July, 1992.

The symposium is being organised jointly by the Technical University of Berlin and the Federal Centre of Cereal, Potato and Lipid Research Detmold.

The programme will cover both fundamental and commercially applied aspects of polymeric carbohydrates of conventional and novel plant material for utilisation in foods, malting and brewing, animal feed, and other industries.

The following topics on polymeric carbohydrates:

- Biosynthesis,
- Extraction and purification,
- Chemical and enzymic conversion,
- Rheology,
- Industrial uses, and
- Nutritional aspects

will be covered by papers presented by invited speakers and by poster presentations.
