Keystone Symposia of Potential Interest to Carbohydrate Chemists

The 1993 Keystone Symposia on Molecular and Cellular Biology will include:

(1) A meeting on *Cell Adhesion Mechanisms in Leukocyte Traffic*, organized by Michael Gallatin, to take place at Keystone, Colorado (USA), January 24–31, 1993.

(2) A meeting on *Carbohydrate Ligands and Their Protein Receptors: Biological Function and Molecular Interaction*, organized by Roger A. Lain, to take place at Keystone, Colorado (USA), January 24–31, 1993.

Requests for programs and information should be sent to: Keystone Symposia, Drawer 1630, Silverthorne, CO 80498, USA. Telephone 303 262 1230; FAX 303 262 1525.

Eighth European Symposium on Organic Chemistry, Barcelona, Spain, August 29–September 3, 1993

The Eighth European Symposium on Organic Chemistry will be held in Barcelona on August 29 to September 3, 1993. The Symposium will consist of oral presentations and poster sessions.

Topics will include Synthetic Organic Chemistry, Physical and Bioorganic Chemistry.
