

### Corrigenda

#### Synthesis of New Phthalimidines and 3,4-Dihydroisocarbostyrils: New Method involving an Unusual Cyclohydration

By I. T. BARNISH, C. L. MAO, R. L. GAY, and C. R. HAUSER

*Chem. Comm.*, 1968, 564.

Title, *for* Cyclohydration *read* Cyclodehydration.

Delete superscript 1 in title, and in line 1, *for* <sup>2</sup> *read* <sup>1</sup>, and in line 2, *for* <sup>3</sup> *read* <sup>2</sup>.

#### The Absolute Configuration of Sulfoxides: Mass Spectra of 3 $\beta$ -Hydroxy-20-thia-17( $\alpha$ and $\beta$ )-pregn-5-ene Oxides

By R. M. DODSON, P. T. CAHILL, and V. C. NELSON

*Chem. Comm.*, 1968, 620.

On p. 621, the formula (I.S) should have a =O attached to the r.h.s. of the sulphur atom.

#### Mechanism of the Reaction of Methanesulphonylnitrene with Benzene

By R. A. ABRAMOVITCH and V. UMA

*Chem Comm.*, 1968, 797.

On p. 798, insert an equilibrium arrow between formulae (III) and (II); in structure (VII), add a positive charge in bottom right corner of the benzene ring.
