

Corrigenda

Asymmetric Synthesis of Aziridine-2-carboxylic Acid and the Formation of Chiral Serine

By KAORU HADA and ISAO NAKAMURA

J.C.S. Chem. Comm., 1978, 522.

The date of receipt of this article should read 18th October 1977.

Microwave Spectrum and Conformation of Glycine

By RONALD D. BROWN, PETER D. GODFREY, JOHN W. V. STOREY, and MARIE-PAULE BASSEZ

J.C.S. Chem. Comm., 1978, 547.On p. 547, third entry in Table I should read $\delta_{18} \leftarrow \tau_{17}$ 50757.3.**Unexpected Regioselective Nucleophilic Addition to 3-(4,4-Dimethyloxazolin-2-yl)pyridine:
Formation of Stable 1,4-Dihydropyridines**

By CHOO SEUG GIAM and ALBERT E. HAUCK

J.C.S. Chem. Comm., 1978, 615.

Owing to an intermittent error in the n.m.r. spectrometer used for the work reported in this communication, the data in the Table on p. 616 are in error. The correct data are as follows:

TABLE
Chemical shifts (δ) of dihydropyridine-ring protons in CDCl_3 at 100 MHz

Compound (III)	H-1	H-2	H-4	H-5	H-6
a	5.75	7.08	4.74	4.94	6.18
b	6.50	6.79	3.32	4.58	5.88
c	6.56	6.85	3.33	4.55	5.92
d	5.81	7.09	3.22	4.73	6.16
