Reactions of Chlorodithioformates and Thiophosgene with Metal Thiosulphonates

By HOLGER C. HANSEN and ALEXANDER SENNING

J. Chem. Soc., Chem. Comm., 1979, 1135.

On p. 1136, the last sentence should read: Of the possible mechanistic pathways in reaction (10) step (10) \rightarrow (11) is known,⁷ but (11) could also be formed directly from (8) and (2), with CS₂ and Cl⁻ being lost simultaneously.
