

Corrigendum**Manipulation of the Nuclear Overhauser Effect by the Use of a Viscous Solvent:
the Solution Conformation of the Antibiotic Echinomycin**

By MICHAEL P. WILLIAMSON and DUDLEY H. WILLIAMS

J. Chem. Soc., Chem. Commun., 1981, 165.

On p. 166, the footnote should read 'For slowly tumbling molecules, spin diffusion begins to be important. This has been considered and does not compromise the present conclusions. In this type of work, although $\omega\tau_c > 1$, it is important that $\omega\tau_c \gg 1$.'

**Products of the Reaction of Carbon Monoxide with $[\text{Os}_6(\text{CO})_{18}]$; X-Ray
Crystal Structure of $[\text{Os}_5(\text{CO})_{19}]$** By DAVID H. FARRAR, BRIAN F. G. JOHNSON, JACK LEWIS, J. NICOLA NICHOLLS, PAUL R. RAITHEY, and
MARIA J. ROSALES*J. Chem. Soc., Chem. Commun.*, 1981, 273.

On p. 273, the last two sentences of the footnote should read as follows.
'The atomic co-ordinates for this work are available on request from Prof. Dr. G. Bergerhoff, Institut für Anorganische Chemie, Universität, Gerhard-Domagk-Str. 1, D-5300 Bonn 1, W. Germany. Any request should be accompanied by the full literature citation for this communication.'
