# Faraday & Faraday Discussions & Symposia

*Faraday Discussions* take place twice a year and are designed to cover the broad aspects of physicochemical topics, thereby encouraging scientists of different disciplines to contribute their varied viewpoints to a common theme.

Three recent *Discussions* are:

## No. 72 Selectivity in Heterogeneous Catalysis

Faraday Discussions  
of the  
Chemical Society  
No. 72  
*Selectivity in
