

Corrigendum

Lignan Biosynthesis in Forsythia Species

Toshiaki Umezawa, Laurence B. Davin, Etsuo Yamamoto, David G. I. Kingston and Norman G. Lewis

J. Chem. Soc., Chem. Commun., 1990, 1405.

Page 1406, line 29 should read: Mes = 4-morpholineethanesulphonic acid.

Sentences beginning end of line 32 should read: The resulting pinoresinol **6** was then isolated, following a standard HPLC purification procedure.¹⁹ The enantiomeric purity . . .
