

# METHODS IN ORGANIC SYNTHESIS

*Keep up-to-date with developments in this vital area!*

**Methods in Organic Synthesis (MOS)** is now established as a major reference source designed to meet the requirements of synthetic organic chemists.

Each monthly issue contains about 200 items including titles, bibliographic details and reaction schemes. Text is included when additional information is required. There are five indexes in every issue: an Author Index, and a Subject Index split into four sections (Product, Reaction, Reactant and Reagent).

**22320** A general formation of quinone imines and quinone imine acetals: an efficient synthesis of 5-oxygenated indoles

Y. Kita\*, H. Tohma, M. Inagaki, K. Hatanaka

*Heterocycles*, 1992, **33**(2), 503-506

ISSN 0265-4245 12 issues per annum

Annual Subscription 1993

EC £190

USA \$420

Rest of World £210

# CHEMICAL SAFETY DATA SHEETS

NEW  
ADDITION  
TO SERIES

Would you know what to do in an emergency such as a chemical spill or explosion?

Are you up-to-date with the procedures necessary for the safe handling of hazardous chemicals?

The **Chemical Safety Data Sheets** series provides the information you need to quickly and accurately assess the risks associated with a chemical and how to prevent accidents. The data sheets are clearly and systematically presented to provide an ideal reference format for fast scanning and assessment. Each volume covers a particular group of chemicals; the latest addition to the series is concerned with Flammable Chemicals.

**NEW...**

## Volume 5 – Flammable Chemicals

This volume consists of 80 alphabetically arranged data sheets on flammable chemicals, selected from the UK Health and Safety Commission 'Authorised and Approved List'. It provides up-to-date information on the full range of hazards likely to be encountered by their use and the appropriate safety measures to be taken.

Softcover

Approx 300 pages

ISBN 0 85186 411 2

Price £54.95

Also available:

### Volume 1 – Solvents

Softcover

350 pages

ISBN 0 85186 903 3 (1989)

Price £49.95

### Volume 2 – Main Group Metals and their Compounds

Softcover

439 pages

ISBN 0 85186 913 0 (1990)

Price £49.95

### Volume 3 – Corrosives and Irritants

Softcover

300 pages

ISBN 0 85186 923 8 (1990)

Price £49.95

### Volume 4 – Toxic Chemicals

#### Part a (A–L)

Softcover

350 pages

ISBN 0 85186 311 6 (1991)

Price £49.95

#### Part b (M–Z)

Softcover

350 pages

ISBN 0 85186 321 3 (1991)

Price £49.95

Special Package Price

Complete Package Volumes 1–5 £249.00

The **Chemical Safety Data Sheets** series is:

- ★ Full of vital information on health hazards and safety measures
- ★ Fully indexed – synonyms, trade names and CAS Registry Numbers ensure quick location of a data sheet
- ★ Practical and easy to use with a uniform presentation
- ★ Attractive with a readable format

And in addition:

- ★ Saves time spent searching for up-to-date information on the hazards of working with a chemical and the precautions required
- ★ Is relevant to a wide range of applications of chemicals in the laboratory and industry
- ★ Aids in-depth study through its extensive reference system
- ★ Is prepared by an independent organisation, not a pressure group

**Chemical Safety Data Sheets** are essential for everyone concerned with safety. They have proved to be of benefit to employees in the chemical industry, laboratory managers, environmental health officers, hospitals, safety organisations, fire brigades, trade unions and local authorities.
