Professor Andrew Evans

US Associate Editor for organic chemistry, *ChemComm*

ChemComm is the leading international journal for the publication of communications on important new developments in the chemical sciences.

Each one of ChemComm's US Associate Editors is happy to receive submissions from the Americas in their subject area.

Professor Evans is Professor of Organic and Organometallic Chemistry at Indiana University, a position he has held since 2001. His research group is engaged in the exploration and development of reactive intermediates for the expeditious synthesis of complex biologically important natural products.

Call for papers!

Professor Evans is pleased to receive papers on important developments in organic chemistry. Submit today at www.rsc.org/resource

Why publish in ChemComm:

- Impact factor: 3.997
- Rapid publication – typically 60 days (from receipt to publication)
- Now: weekly publication
- 3 page communications – providing authors with the flexibility to develop their results and discussion
- 40 years publishing excellent research
- High visibility – indexed in MEDLINE
- 'Hot papers' are highlighted – helping authors to promote their work
- FREE colour where scientifically necessary
- FREE inclusion in Chemical Biology Virtual Journal
