# A decade shedding light on crystal engineering

2008 marks the tenth year of publication for *CrystEngComm*. In the last decade the journal has established itself as a leader in its field, bringing you fast breaking research on all aspects of crystal engineering including properties, polymorphism, target materials and new or improved techniques and methods.

With extremely fast publication times (typically within 8 weeks of receipt), fully interactive graphic features, a rigorous peer review procedure and an impact factor of 3.729,\* *CrystEngComm* has plenty to offer both authors and readers. Make it your first choice.

Illuminating only the best research. Trust *CrystEngComm*
