

Drawing disciplines together

New Journal of Chemistry is the place to publish new and emerging work in the chemical sciences. Selecting only original and significant work of high quality, *NJC* publishes full papers, letters, opinions and perspectives embracing multidisciplinary work of broad general appeal. Owned and published by learned societies, the journal offers a multitude of benefits to both authors and readers, including fast times to publication and html enhancement with the award-winning *RSC Project Prospect* (www.projectprospect.org).

Organic & Biomolecular Chemistry...

OBC has achieved tremendous success since the first issue was published in January 2003. Can any other 'young' journal boast such highly cited papers, published quickly after independent peer review to such exacting standards?

- Now one of the leading journals in the field, impact factor 2.874*
- Short publication times – average 21 days from acceptance for papers, and 13 days for communications
- Enhanced HTML articles – hyperlinked compound information, ontology terms linked to definitions and related articles, links to IUPAC Gold Book terms, and more . . .
