Drawing disciplines together

New Journal of Chemistry is the place to publish new and emerging work in the chemical sciences. Selecting only original and significant work of high quality, *NJC* publishes full papers, letters, opinions and perspectives embracing multidisciplinary work of broad general appeal. Owned and published by learned societies, the journal offers a multitude of benefits to both authors and readers, including fast times to publication and html enhancement with the award-winning *RSC Project Prospect* (www.projectprospect.org).
