

Organic & Biomolecular Chemistry...

OBC has achieved tremendous success since the first issue was published in January 2003. Can any other 'young' journal boast such highly cited papers, published quickly after independent peer review to such exacting standards?

- Now one of the leading journals in the field, impact factor 3.167*
- Short publication times – average 21 days from acceptance for papers, and 13 days for communications
- Enhanced HTML articles – hyperlinked compound information, ontology terms linked to definitions and related articles, links to IUPAC Gold Book terms, and more . . .

Integrative Biology

Quantitative biosciences from nano to macro

Launching January 2009

Integrative Biology provides a unique venue for elucidating biological processes, mechanisms and phenomena through quantitative enabling technologies at the convergence of biology with physics, chemistry, engineering, imaging and informatics.

The latest issue will be freely available online. Institutional online access to all 2009/10 content will be available following registration at www.rsc.org/ibiology_registration
