

Corrigenda

Total Synthesis of the Tumour-inhibitory Alkaloids Thalycarpine and Hernandaline

By S. MORRIS KUPCHAN and ANDRIS J. LIEPA

Chem. Comm., 1971, 599.On p. 600, l.h.s., the compound name should read: (+)- α -bromocamphor- π -sulphonate salt.**Model Compounds for Metal-Protein Interaction: Crystal Structures of Four Silver(II) Complexes with Glycine, Glycylglycine, and Imidazole**

By C. B. ACLAND and H. C. FREEMAN

Chem. Comm., 1971, 1016.

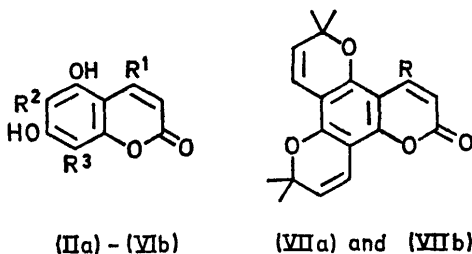

The title should read: Model Compounds for Metal-Protein Interaction: Crystal Structures of Four Silver(I) Complexes with Glycine, Glycylglycine, and Imidazole.

Synthesis of Some Dimethylpyrano- and 3-Methylbut-2-enyl-4-phenyl- and -4-n-propyl-coumarins

By D. E. GAMES and N. J. HASKINS

Chem. Comm., 1971, 1005.

On p. 1005, formulae (IIa)–(VIb) and (VIIa) and (VIIb) should read:

**Reactions of Phosphorus Compounds: Reaction of Phosphoranes with Carbonyl Reagents to produce Olefins *via* Vinylphosphonium Salt Intermediates**

By E. E. SCHWEIZER, D. M. CROUSE, T. MINAMI, and A. T. WEHMAN

Chem. Comm., 1971, 1000.

On p. 1000, r.h.s., structure (11) should be:
