

NOW YOU CAN SEARCH RSC JOURNALS ONLINE

The main primary journals published by the Royal Society of Chemistry (RSC) are now searchable online via **CHEMICAL JOURNALS ONLINE (CJO)** – a family of new online files produced by the American Chemical Society and available through STN International.

The RSC journals file (**CJRSC**) includes Chemical Communications, Dalton Transactions, Faraday Transactions (I* & II), Perkin Transactions (I & II), The Analyst, Journal of Chemical Research,* Journal of Analytical Atomic Spectrometry, Faraday Discussions.
*Available from 1988

CJRSC may be searched alone or in conjunction with other components of the **CJO** database which includes ACS journals and polymer journals published by Wiley.

The unique Crossover facility from STN enables you to perform the same search on **CJRSC** and **CAS ONLINE** thereby combining the breadth of coverage of Chemical Abstracts with the depth of coverage of RSC journals.

Online access to the RSC journals provides you with a convenient, rapid and economical means of keeping up with the latest significant research in the chemical sciences.

For further details please complete and return the form below to: The Royal Society of Chemistry, Sales & Promotion Department, University Park, Nottingham NG7 2RD.

Please send me further details of CJRSC.
