

# HAVE YOU SEEN THE *NEW* CHEMICAL SOCIETY REVIEWS?

- ★ Double the number of articles – 8 per issue
- ★ Wider appeal – interdisciplinary reviews of universal interest
- ★ Attractive new A4 format and use of colour
- ★ International outlook reflected by scope of commissioned articles and editorial board
- ★ Key reference lists for directed further reading

**Chemical Society Reviews**, recognizing the importance of interdisciplinary collaboration in scientific research, contains overviews of a wide range of current topics in the discipline of chemistry. The reviews provide introductions to significant areas of modern chemistry so that their import and application to adjacent fields can be readily assessed.

**Chemical Society Reviews** is essential for advanced undergraduates and post-graduates wishing to build up a sound chemical knowledge and to identify a career path or research direction. It is also invaluable to chemists with broad subject interests and scientists in related disciplines who realise the merit of keeping up-to-date with the latest advances in chemistry.

#### Subscription details:

Published quarterly      ISSN 0306-0012  
1992 subscription rates: EC £72  
   USA \$158  
   Canada £85 plus GST  
   Rest of World £81

**Extend your horizons – subscribe to the NEW Chemical Society Reviews – you can't afford not to.**

NEW EDITION

RESEARCH CHEMICALS

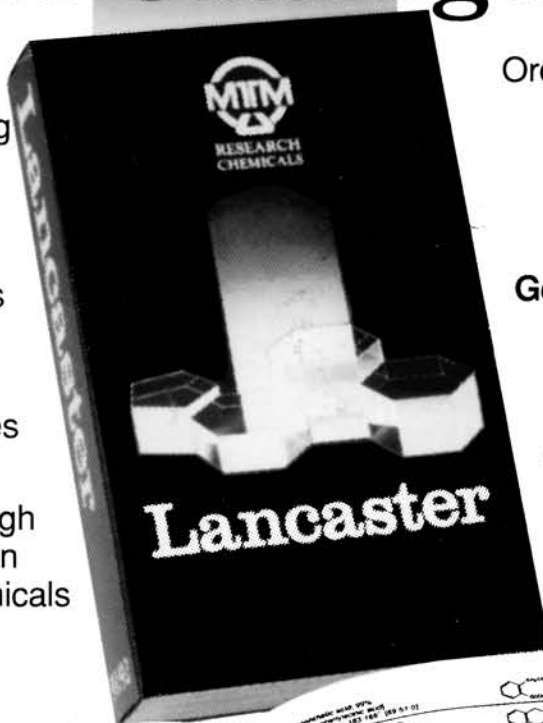

SEND NOW!

# Lancaster Catalogue 91/92

A new edition comprising:

- 12,000 products, including 3,500 new listings
- Over 3,000 items not in other major catalogues
- Structures for all products
- Thousands of literature references
- Detailed reaction schemes
- Competitive pricing

Accessible expertise and high levels of in-house production make MTM Research Chemicals the quality choice for R&D chemists.
