

Corrigenda

Asymmetric Epoxidation Catalysed by an Iron 'binap Capped' Porphyrin

James P. Collman, Xumu Zhang, Virgil J. Lee and John I. Brauman

J. Chem. Soc., Chem. Commun., 1992, 1647.

The correct definition for binap in this paper is 1,1'-bi(2-naphthol).

Polyethyleneimine and Macrocyclic Polyamine Silica Gels Acting as Carbon Dioxide Absorbents

Tetsuo Tsuda and Tsuyoshi Fujiwara

J. Chem. Soc., Chem. Commun., 1992, 1659.

The correct structures for compounds **2e** and **2f** are shown below.
