MENDELEEV COMMUNICATIONS

Mendeleev Communications is a unique publication providing rapid access to the extensive chemical research activities of an important and fascinating world region – the Commonwealth of Independent States. **It is not a translation journal; all material is published directly in English and is therefore as up-to-date as possible.**

Mendeleev Communications is a joint publishing venture between The Royal Society of Chemistry and The Russian Academy of Sciences. It contains preliminary accounts of novel and significant results of wide general appeal or exceptional specialist interest on any branch of chemistry. Most papers are submitted from the CIS but some come from other parts of the world. **Mendeleev Communications** acts as both a means and a stimulus for international dialogue.

Mendeleev Communications:

- ★ Has proved so successful that it is now published six times per annum
- ★ Is not a translation journal
- ★ Publishes rapidly – within 12 weeks of receipt of papers in the UK
- ★ Will accept high quality papers on all topics of chemistry
- ★ Offers a unique insight into the research activities of the CIS

Joint Editors-in-Chief:

H M Frey, University of Reading, UK
O M Nefedov, Vice-President of the Russian Academy of Sciences, Moscow, Russian Federation

UK Staff Editor: Andrew Wilkinson, Royal Society of Chemistry, Cambridge, UK
