## CALL FOR PAPERS

The Younger Chemists Committee are organising a Pre-Doctoral Symposium as part of the RSC's Autumn Meeting, to be held at The University of Glasgow from 6-9th September 1994. There will be four parallel sessions for oral presentations, plus a poster session, reflecting the themes adopted by the following Divisional symposia at the Autumn Meeting:-

- |                              |  |
|------------------------------|--|
| <b>Analytical:-</b>          | Analytical Challenges in Toxicology and Pollution.   |
| <b>Dalton:-</b>              | Diversity in Co-ordination Chemistry   |
| <b>Faraday &amp; Macro:-</b> | Reactions and Mechanisms for Fine Chemicals in Heterogeneous Catalysis.<br>The Organic and Physical Chemistry of Macromolecules. |
| <b>Perkin:-</b>              | Organic Chemistry: Synthesis and Mechanisms.   |

Postgraduate and young industrial chemists, aged under 30, are invited to submit abstracts for consideration as oral or poster presentations. Participants whose contributions are accepted will not be expected to pay the registration fee of £20. Papers covering topics not included in the theme of the Autumn Meeting are equally welcome for consideration.

Anyone wishing to contribute a paper or poster, should submit a title and abstract (ca. 100 words) **as soon as possible** to:-
