Call for Papers

Molecular BioSystems is a high quality chemical biology journal with a particular focus at the interface between chemistry and the -omic sciences and systems biology.

Why not join the list of prestigious authors by submitting your work to **Molecular BioSystems**?

Visit the website now for full author guidelines and examples of published papers.

Authors benefit from:

- A first class professional service
- Rapid times to publication
- High visibility, plus free inclusion in the Chemical Biology Virtual Journal
- No page charges, with free colour where scientifically justified
- Free electronic reprints (pdf)
- Electronic submission and manuscript tracking

Main research areas include:

- Chemical biology
- Systems biology
- Proteomics and genomics
- Cellular processes
- Metabolism
