Professor T. Don Tilley

US Associate Editor for inorganic, organometallic and materials chemistry

Don Tilley is Professor of Chemistry at the University of California, Berkeley. His research involves synthetic, structural and reactivity studies in organometallic systems. Metal-mediated routes to new polymers, and molecular approaches to the designed construction of advanced solid state materials and heterogeneous catalysts are also being developed.

Happy to receive papers on important developments in inorganic, organometallic and materials chemistry, Professor Tilley can be contacted via chemcomm@berkeley.edu
