Design, Synthesis, and Delivery Properties of Novel Guanidine-Containing Molecular Transporters Built on Dimeric Inositol Scaffolds

Chem. Eur. J., 2007, 13

DOI: 10.1002/chem.200600898

In the paper by S.-K. Chung et al., a mistake was made in structure **16** of Scheme 2. The structure should have been *scyllo*- instead of *myo*-inositol, and the correct structure is depicted below. The authors apologize for this oversight.
