Analysis of Slow Hyperpolarizing Potentials in Frog Taste Cells Induced by Glossopharyngeal Nerve Stimulation

Toshihide Sato, Yukio Okada and Kazuo Toda

Chemical Senses, 29, 651–657, 2004

Regrettably, the naming of a chemical, oxalate salt, described in Materials and methods, Results and Figures 4 and 5, was incomplete. The correct name is L-703,606 oxalate salt.
