NEIGHBOURING GROUP PARTICIPATION By Brian Capon . . . . .	45

LONDON :  
THE CHEMICAL SOCIETY

*Price to non-Fellows 40/- per annum*

QUARTERLY REVIEWS contains articles by recognised authorities on selected topics from general, physical, inorganic, and organic chemistry. The Journal and Annual Reports interest primarily the research worker: Quarterly Reviews is designed for a wider range of readers. It is intended that each review article shall be of interest to chemists generally and not only to workers in the particular field being reviewed.

The submission of reviews for publication is welcomed, but intending authors are advised to write in the first place to the Editor, The Chemical Society, Burlington House, Piccadilly, London, W.1. Such preliminary communications should be accompanied by an outline of the ground to be covered rather than by the completed manuscript.
