JOURNAL**

JOURNAL OF MATERIALS CHEMISTRY

An interdisciplinary journal dealing with the synthesis, structures, properties and applications of materials, particularly those associated with advanced technology

- A new international journal to be published in 1991
- Broad subject coverage recognizing the interdisciplinary nature of materials chemistry
- Rapid publication of papers – approximately four months from acceptance
- An International Advisory Editorial Board consisting of some of the world's leading authorities on materials chemistry
- Will contain full-length papers, short communications, occasional review articles, books reviews and details of forthcoming conferences
- Bimonthly publication

MENDELEEV COMMUNICATIONS

**Preliminary Accounts of Important New Work
in Chemistry from the USSR and Elsewhere**

- A prestigious new journal to be launched in January 1991
- The result of a collaborative venture between The Academy of Sciences of the USSR and The Royal Society of Chemistry
- Similar in scope and content to its highly successful 'sister' publication – Chemical Communications
- Primary publication in English of original Soviet Chemistry
- Two stages of rigorous refereeing to maintain the highest possible standards
- Rapid publication of papers – within three months of receipt in the UK
- News section containing details of forthcoming international conferences, letters, and information about The Academy of Sciences of the USSR

NEW PUBLICATIONS

Supervision of Technical Staff: An Introduction for Line Supervisors

by R. Weston, *Leicester Polytechnic*

D.C. Norton, *Ex-Chief Technician, Bromley College of Technology*

M. Grimshaw, *North East Surrey College of Technology*

This unique book forms an introduction to supervisory skills for line supervisors employed in scientific, educational, medical and industrial laboratories. Unlike other publications on supervision it is written specifically for supervisors working in laboratories and concentrates on the specific skills associated with the control of staff in scientific laboratories.

The authors have considerable experience as laboratory supervisors and in teaching technical staff, and have included practical examples from their own and their colleagues' experience, so that readers can gain from the problems faced by others.

Highly recommended

Softcover x + 242 pages ISBN: 0 85186 423 6 (1989) Price: £15.95

ROYAL SOCIETY OF CHEMISTRY

NEW PUBLICATIONS

Safe Practices in Chemical Laboratories

This booklet is the successor to the Society's 'Guide to Safe Practices in Chemical Laboratories'. Like its predecessor the new booklet points out relevant statutory requirements and provides general guidance on which specific in-house procedures can be based. The new booklet contains a Foreword by HM Chief Inspector of Factories.

Safe Practices in Chemical Laboratories takes account of recent technical and legislative developments affecting health and safety in chemical laboratories. In particular the Control of Substances Hazardous to Health Regulations 1988 (COSHH) will have profound implications for many laboratories and users are strongly recommended to read the new booklet in conjunction with the Society's publication '*COSHH in Laboratories*'.

Softcover Approx 50 pp ISBN 0 85186 309 4 (1989) Price £10.00
