

RSC JOURNALS GO *Electronic* FROM 1997

From 1 January, all 12 of the RSC's primary journals will be available for subscription via the internet. They will be accessible through the CatchWord system, which is page-based and retains the integrity and clarity of the printed version in the electronic media. Access to data is either via the contents pages, or by searching for key words within issues (every word in a paper is searchable). Papers can be displayed, printed and saved for future reference.
