

# A step ahead

Publishing  
the most topical  
organometallic and  
inorganic chemistry  
research.  
Faster!

"We are all VERY impressed with the rapidity with which this communication has been processed and typeset – six days!"

Professor Michael I Bruce,  
University of Adelaide, Australia

*Dalton Transactions*, the leading European and one of the world's most respected international organometallic and inorganic chemistry journals, embraces all aspects of the chemistry of inorganic and organometallic compounds including bioinorganic chemistry and materials chemistry.

The first general inorganic chemistry journal to publish weekly issues, *Dalton Transactions* prides itself on making the best organometallic and inorganic chemistry research available, fast! With typical online publication times of only 75 days from receipt for full papers and 35 days for communications, *Dalton Transactions* is the fastest in the field. What's more, an immediacy index of 0.89\* ranks the journal as the most topical in general inorganic chemistry.

An impact factor of 3.012\*, a variety of article types, no page charges, and additional innovative features such as html enhancement with our new award-winning *Project Prospect* ([www.projectprospect.org](http://www.projectprospect.org)), mean the benefits to authors and readers just go on and on. # Make an impact

**ChemComm, a leading weekly international journal for the publication of communications on important new developments, supplies a vibrant blend of high quality research from across the chemical sciences.**

With rapid publication times, a rigorous peer review process and an impact factor of **4.426\***, *ChemComm* has high visibility (indexed in MEDLINE) and is the perfect choice for work that commands universal respect.

Offering the flexibility of a 3 page communication limit and additional unique features such as html enhancement with our new *Project Prospect* ([www.projectprospect.org](http://www.projectprospect.org)), *ChemComm* celebrates more than 40 years of publishing excellence with a service that's out of this world.
