

RSC Database and Current Awareness Products

- Abstracted from high quality sources
- Easy to use search functions
- Clearly displayed results
- Spanning the chemical sciences

for quick and easy searching

Graphical Databases

present search results in both text and graphical form. Titles include *Catalysts & Catalysed Reactions*, *Methods in Organic Synthesis* and *Natural Product Updates*.

Specialist Databases

review both academic and industrial literature on a wide range of hard to reach and unique information. Titles include *Chemical Hazards in Industry* and *Laboratory Hazards Bulletin*.

Analytical Abstracts

is the first stop for analytical scientists. Offering coverage on all areas of analytical and bioanalytical science. With a fresh new look, including improved search and results features, *Analytical Abstracts* offers an excellent online service.

Take the global perspective

Chemistry World, the award-winning monthly magazine from the Royal Society of Chemistry, has something for everyone with daily online news, articles on all aspects of the chemical sciences, job vacancies and award-winning columnists.

Named Best monthly and business professional magazine of the year at the 2006 PPA Magazine Awards, *Chemistry World* reflects the ubiquitous importance of the chemical sciences in the world today, providing a more complete picture and informed opinion on the issues that matter.

Daily web updates and e-mail alerts give the magazine a strong online presence that enhances and expands on the monthly print issue. Plus, with the *Chemistry World* Podcast and Blog, there's a chance to go interactive.

Organic & Biomolecular Chemistry...

OBC has achieved tremendous success since the first issue was published in January 2003. Can any other 'young' journal boast such highly cited papers, published quickly after independent peer review to such exacting standards?

- Now one of the leading journals in the field, impact factor 2.874*
- Short publication times – average 21 days from acceptance for papers, and 13 days for communications
- Enhanced HTML articles – hyperlinked compound information, ontology terms linked to definitions and related articles, links to IUPAC Gold Book terms, and more . . .
